> ANNUAL REPORT 2016-17 BSRM STEELS LIMITED

PREFACE

BUILDING A SAFER NATION

Bangladesh, a small nation is growing bigger by the minute. Today, our economy is growing at a consistent, blistering rate of more than 6 percent. This makes us one of the fastest growing economies in the world. In fact, we are slated to become one of the largest economies in the 21st century.

For an instance, we have a population of 26.4 million female agricultural workers. That's 3 times greater than the total population of Switzerland. On the other hand, Bangladeshis now have a life expectancy of 3.4 years longer than the people of India, despite the Indians being, on average, twice as rich. The most remarkable growth is achieved by our RMG sector. From a ragged nation, we have grown into a country that clothes the world's population. We are the second largest apparel exporter in the world. Moreover, our workers build economies across the world today.

The foundation of this success was not built in a day. It is being built every day. By everyday Bangladeshis. All around us, we see and hear the visible examples of a growing nation until we probe deeper, listen harder.

It's clear to conclude that we are a growing nation but we are growing with insecurities. We can only achieve our full potential after we have attained our basic needs of safety. It is only when people feel safe that they can fly. They can move fast.

For Bangladeshis to have a better life... it is vital for them to have a safer Bangladesh. This is why we exist. This is the purpose of BSRM- to build a safer nation, to build a better nation. Because we at BSRM believe that only when people are safe, can they live a better life.

LETTER OF TRANSMITTAL

Date: August 31, 2017

All Valued Shareholders Bangladesh Securities and Exchange Commission Registrar of Joint Stock Companies & Firms Dhaka Stock Exchange Ltd. Chittagong Stock Exchange Ltd.

Dear Sir(s)

Annual Report for the period from January 01, 2016 to June 30, 2016 and for the year ended June 30, 2017

We are pleased to enclose a copy of the Annual Report of **BSRM Steels Limited** together with the Audited Financial Statements, Consolidated Financial Statements, Auditors' Report thereon and Report of the Board of Directors for the period from January 01, 2016 to June 30, 2016 and for the year ended June 30, 2017 for your information and records.

Yours sincerely,

h٩

Shekhar Ranjan Kar FCA Group CFO & Company Secretary

FOOD AUTONOMY FORTIFIED, BUT FOOD SAFETY UNACHIEVED

Bangladesh has made substantial progress in enhancing food security by increasing production of food grains, particularly rice. Rice currently accounts for 71% of the gross cropped area and for 94% of food grain production of the country. Fish & Fisheries, our second largest export commodity after RMG, earned US\$630 million in 2013-14. In 2014-15, vegetables worth US\$100 million and fruits worth US\$38.4 million were exported abroad.

Although Bangladesh ranks 5th as an aquaculture producing country, food adulteration, excessive use of pesticides and hazardous preservatives have slowed down our progress towards achieving food safety. As food safety is one of life's basic needs, BSRM sincerely wishes to address this matter so that people can live a better life.

OUR VISION

WE AT BSRM GROUP ASPIRE TO...

- Maintain our leadership position in the steel industry by producing the best quality steel products, continuously enhancing customer satisfaction, and becoming a reliable business partner of our customers and suppliers.
- Be an employer of choice, with focus on nurturing talent and developing future leaders of the organization.
- Protect the interest of our shareholders through sustainable growth and value creation.
- Preserve the trust of all our stakeholders by adopting ethical business practices.
- Support the society through Corporate Social Responsibility initiatives.

OUR VALUES

Sustainable Growth

Consistent improvement in the quality of products and services, efficiency of processes and profitability of business; continuously anticipating and responding to the changing business and environmental needs using innovation; sharing knowledge and experience within the organization.

Quality

Create products and services valued by our customers; constantly improving our processes through innovation and adopting best practices; reducing wastage; minimizing costs; investing in systems and technology & developing our people to build a highly capable workforce.

Reliability

Be the preferred business partner of our customers and suppliers by offering quality products; providing our best and timely service before, during and after the business transactions and honoring all our commitments despite challenges.

Trust

Preserve the faith and goodwill of all our stakeholders – customers, shareholders, suppliers, employees, regulatory bodies and society by adopting ethical and transparent business practices, being fair and honest in all our dealings and building robust governance and risk management processes.

Leadership

Be a role model, setting benchmarks through our products, processes and people; constantly moving ahead of the competition by differentiating our products, innovating our processes, increasing our market-share and nurturing talent to develop leaders within the organization.

Social Responsibility

Acknowledge and fulfill our obligations towards the society by undertaking initiatives for the general uplifting of the society, building capability and making facilities available to the underprivileged.

Customer Satisfaction

Delight our external and internal customers at every stage of our interaction with them by truly understanding their needs, offering them our best products and services, treating them with respect and actively seeking and acting on their feedback.

CODE OF CONDUCT

BSRM ALWAYS ADOPTS BEST ETHICAL AND TRANSPARENT BUSINESS PRACTICES TO BE FAIR AND HONEST IN ALL IT'S DEALINGS.

WE ALWAYS ACKNOWLEDGE AND FULFILL OUR OBLIGATIONS TOWARDS THE SOCIETY AND OFFER OUR BEST SERVICES TO OUR CUSTOMERS AND TREAT THEM WITH RESPECT AND HONOR.

ACCESS TO DRINKING WATER INCREASED, SO DID THE HAZARDS OF UNSAFE WATER

The nation's access to improved sources of water supply increased from 77% in 1990 to 81% in 2010. In 2015, 87% of the population had access to 'improved' water; the figure was identical in both rural and urban areas.

As of 2015, however, around 21 million people still lacked access to 'improved' drinking water. Other than recurring epidemics of waterborne diseases, the ground water level has also been dropping day by day. Climate change is likely to further increase both river and groundwater salinity by 2050, exacerbating the shortages of drinking water and irrigation in coastal areas. This will adversely affect the livelihoods of at least 2.9 million poor people, in a region where 2.5 million people are already struggling due to water shortages. BSRM encourages the consumption of purified surface water to ensure that all of us achieve drinking water safety.

BSRM GROUP'S MILESTONES...

1952	The BSRM saga began with the first steel re-rolling mills to emerge in the then East Bengal.
1984	Introduced high strength cold twisted steel bars (TORSTEEL) to the construction industry.
1987	Introduced high strength Deformed reinforcing steel bars conforming to ASTM 615 Grade 60 for the construction industry.
1996	Commissioned the then largest billet making plant in the country - Meghna Engineering Works Limited, now known as Steel Melting Works (SMW) unit of Bangladesh Steel Re-Rolling Mills Ltd.
2006	Introduced micro reinforcement wires, below 8mm, for low cost rural construction.
2008	BSRM Steels Limited commenced production of internationally recognized Grade 500 steel bars branded as "Xtreme500W" conforming to ISO 6935-2.
2009	Entrance in the Capital Market - Shares of BSRM Steels Limited, the flagship company of BSRM Group was listed with the country's premier bourses Dhaka Stock Exchange (DSE) Ltd. and Chittagong Stock Exchange (CSE) Ltd. on 18 January 2009. Market Capitalization as on 30 June 2017 is Tk. 29,974 million. The public shareholding including institutional investors is 29.13%.
2010	BSRM Iron and Steel Co. Ltd. largest billet making plant in the country started commercial production on June 01, 2010.
2012	Production capacity of BSRM Steels Limited enhanced to 600,000 MT per year.
2013	A syndicated term loan of US\$ 40 million and BDT 5,908 million, raised by a consortium of 25 banks and financial institutions for BSRM Steel Mills Limited. It is the largest ever syndicated loan facility arranged for a private company in Bangladesh. The Plant produces high quality M S Billets.
2014	 Oracle e-BS -12 went GO LIVE on 1ST March 2014. Oracle Financials, Costing, Purchasing, Manufacturing, EAM, Inventory & order management are now integrated on a single platform which ensure the accuracy, accountability and reliability of the Group.
2015	 Enhanced capacity of BSRM Steels Limited from 600,000 MT to 700,000 MT per annum. Announced a new product namely "BSRM Maxima" Increased capacity of Bangladesh Steel Re-Rolling Mills from 120,000 MT to 450,000 MT per annum which will be the first and largest merchant mill in Bangladesh. Listing of Bangladesh Steel Re-Rolling Mills Limited with the stock exchanges (DSE & CSE). Start of trial production of world's largest induction furnace based billet casting project –"BSRM Steel Mills Limited".
2016-17	 BSRM Steel Mills Limited, a largest billet making plant in the country started commercial production in June 2016. Ultima & EPOXY coated bars - CENTURA are introduced in the market. Start to set up a new melting plant at Sonapahar, Mirsarai, Chittagong under BSRM Steels Limited with a capacity of 430,000 MT. For first time sales of BSRM has crossed ONE MILLION M. ton

WEAVING THE COUNTRY'S PROGRESS, RMG SECTOR DESERVES SAFER WORKPLACE

The readymade garments sector is a multi-billion-dollar manufacturing and export industry. Since 2004, Bangladesh has averaged a GDP growth of 6.5%, fueled by its exports of readymade garments. In fact by 2016, Bangladesh's economy was the second fastest growing major economy in the world. Of the estimated 4 million people employed in RMG sector, about 50 percent of them are women from rural areas. These women now have the chance to be financially independent, and have a voice in their family as they can now contribute financially.

Lately however, the RMG industry is facing challenges to ensure workplace safety. Recent catastrophes have resulted in different local and global initiatives to address these challenges. BSRM strongly believes that this major revenue generating sector of Bangladesh deserves 100% workplace safety. For only when people are safe, can they live better lives.

AWARDS & RECOGNITIONS

ICAB National Awards for Best Presented Annual Report 2012, 2013 & 2015

AWARDS & RECOGNITIONS

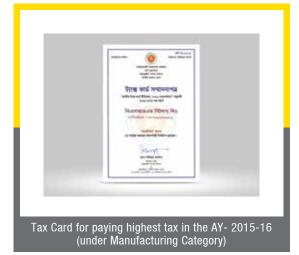

Export Award from Honorable Prime Minister

President's Award for Industrial Development 2014

D & B Corporate Awards 2010 & 2012

Best Enterprise of the year 2010

AWARDS & RECOGNITIONS

Best Electricity Consumer Award 2015

Mercantile Bank Excellence Award 2015

Japan Bangladesh Chamber of Commerce & Industry (JBCCI) Award 2014

OUR CITIES ARE RISING, SAFETY ASPECTS OF CONSTRUCTIONS ARE NOT

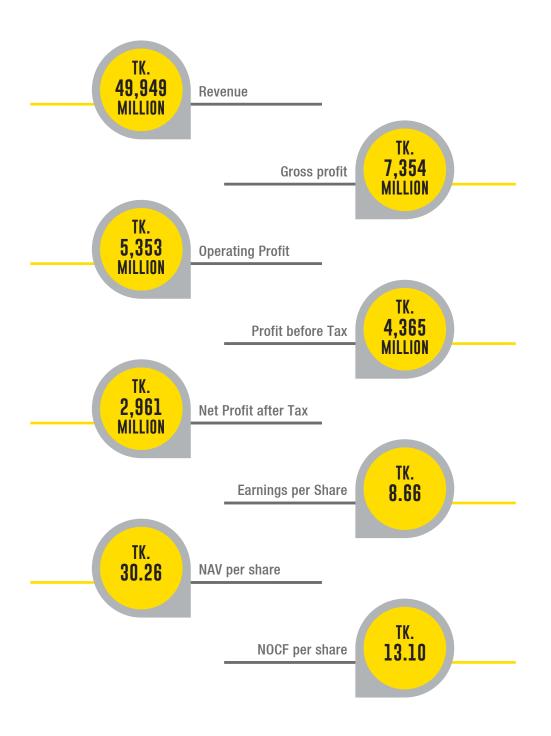

Bangladesh's construction sector has been experiencing steady growth. The sector grew at 8.63 percent in 2014-15, compared to 8.08 percent in 2013-14. Real estate now contributes around 7% to the GDP, and employs around 1 lakh skilled people. This translates to one thing – a rapidly growing sector that could easily become one of the most profitable revenue earners for Bangladesh.

Like a ticking bomb, this booming sector poses grave safety risks. Using low quality materials, not following building codes and lack of safety code implementation makes structures weak and reduces their lifespan significantly. This callousness may lead to loss of life and assets. Hence the proper authorities should pay serious attention to avoid any unfortunate event. If our construction materials are not safe enough, then we can't ensure longevity and safety of a building; because only when we are safe, we can live a better life.

PERFORMANCE AT A GLANCE FOR 2016-17

JANUARY'2016 TO JUNE' 2017

STRUCTURES BUILT AT THE FASTEST PACE, CONSTRUCTION WORKERS' SAFETY REMAINS LESS

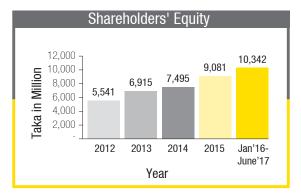

The country is growing vertically and horizontally at a pace like never before. On the other side, though the number of accidents declined in this sector over time, construction safety is yet to be fully achieved.

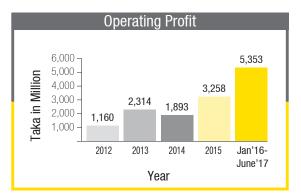

About 3.5 million people work in our construction industry, according to the construction workers union and REHAB. Over the past decade, nearly 1,200 construction workers died in their workplaces, but the authorities paid little attention to this problem. Although the national building code requires and specifies several safety procedures and precaution measures for all workers and employees, few of these regulations are properly followed. Most of the construction workers toil in an unsafe work environment and regularly risk their lives and many suffer injuries. As workers' safety has been prioritized by the GOB and REHAB in recent years, BSRM hopes to see ultimate safety in construction sector in coming days.

ECONOMIC VALUE ADDED (EVA)

Economic value added attempts to capture the true economic profit of a company. It is also provides a measurement of a company's economic success (or failure) over a period of time.

	Amount in '000			
Calculation of EVA	2016-17	2015		
Net Operating profit after Tax (NOPAT)	4,014,547	2,443,449		
Total Capital Employed	12,311,522	10,516,644		
Cost of Capital in %	10.00%	11.00%		
Cost of Capital (COC)	1,231,152	1,156,831		
EVA = NOPAT - COC	2,783,395	1,286,618		

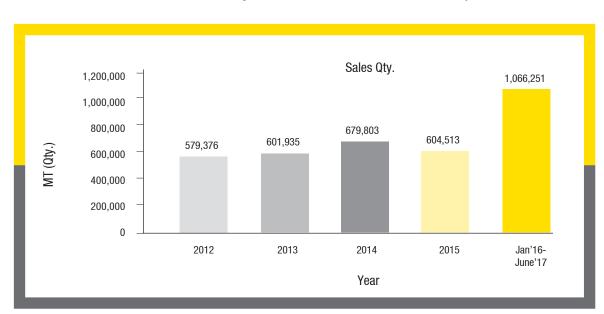

The positive number of EVA reveals that the Company is more than covered its cost of capital.

PRODUCTS AND MARKETS

Founded in 1952, BSRM Group broadened its business to produce advanced technology based steel products in Bangladesh. BSRM Steels Limited is the flagship company of BSRM Group. It is a high grade steel manufacturing company. The main product of BSRM Steels is Xtreme500W which is only **EMF tested** and **Fatigue tested ductile rod** in Bangladesh.

QUALITY is the measure of something as measured against agreed standards. It means conforming to specifications. **RELIABILITY** has two related definitions. One is the state of being dependable. The other is consistency – that is, the degree to which something yields the same or compatible result time after time. **RELIABILITY** is a function of the design; **QUALITY** is a result of the manufacturing. Therefore, we can state while the **Tensile Test** is the measure of Quality of the steel, the **Fatigue Test** is the measure of **Reliability** of Steel.

Market performance

BSRM is the market leader in the national steel industry. Net sales for 2016-17 (18 months) were 1,066,251 MT with value in Taka 4,994.87 Crore. The Chart shows sales growth of BSRM Steels Limited for the last Five years.

Product-wise performance

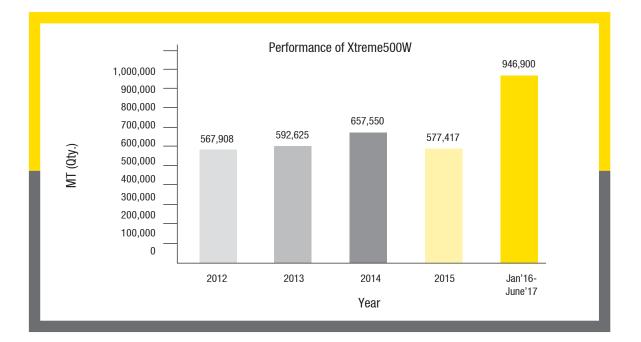

A. Xtreme 500W

Why Xtreme 500W....

According to European Steel Code EN 10002, **Elongation at Maximum Force (EMF)** test is mandatory to measure the ductility of steel. Bangladesh Standard BDS:ISO:6935-2 of 2009 also requires EMF in Steel. **Fatigue tests** are conducted with the object of determining the number of cyclic loadings a steel can endure, within a stress range. BSRM Steels products were subjected to 5 million cyclic load reversals which was tested in UK. At present in Bangladesh BSRM is the only company to ensure **EMF** and **Fatigue Test** in steel.

Xtreme500W also demonstrated superior yield strength and ductility compared to the traditional Grade 60 rebar. This reduced the quantity of steel consumed in any building by 15%.

Today our journey has been vindicated by the overwhelming support of our loyal and dear customers who have put faith in our products. Following Graph shows the last 5 year's performance of our branded product Xtreme 500W:

Unique Feature of Xtreme 500W

- 1. High design yield strength of 500 Mpa (72500psi) (Min)
- 2. Requires 15% less steel in construction compared to Grade 60 rebar's available in the market.
- 3. The bars have superior ductility and can be safely bent without cracking.
- 4. All bar sizes are rolled to a very close tolerance (possible on a DANIELI computerized rolling mill) so that customers get more meters of steel per ton more value for money without having to sacrifice structural integrity.
- 5. De-scaled bars have better bonding with concrete and less wastage at site. Estimated savings: 0.5%
- 6. Xtreme bars are safely weld-able under field conditions. Another 0.5% to 1.5% of steel is saved by avoiding large splices if the steel is welded. Our Xtreme 500W was tested for weldability by a global electrode manufacturer, in Bangladesh, Linde. They have published a brochure to promote the unique welding features of Xtreme500W, a rare honor for the company.
- 7. The bars are needle-straight, thanks to the Danieli QTB process no need for straightening on the construction site.

Landmark Infrastructure where Xtreme 500W was used:

As the premier reinforcing steel bar and only EMF tested ductile rod of the country, Xtreme 500W has put its indelible stamp on the infrastructure projects of the country. It has emerged as the rebar of choice among international contractors in high value projects where the reliability and quality of construction materials are of paramount importance. BSRM is proud to be associated with some of the largest and most visible projects of the country. These are:

- Padma Multipurpose Bridge
- Maghbazar Mouchak Flyover
- Boirab Railway Bridge

- Boirab Asugonj Power Plant
- Double line project of Chittagong Railway.
- The pride of Dhaka, the 9.6 kilometer Gulistan-Jatrabari fly-over (Mayor Mohammad Hanif Flyover)
- Saidabad Water Treatment Plant Phase-II
- Hatirjheel Integrated Development Project
- Zillur Rahman Flyover (Mirpur-Airport & Banani)
- Dhaka Elevated Express way project
- Pyra thermal power plant
- Lebukhali Bridge

B. Other Products

BSRM also manufactures the traditional Grade 60/420 and bars for customers who are comfortable in using the older steel grades.

BSRM Steels Ltd. has preserved the winning streak in its Product Innovation.

This year it rolled out new Grade reinforcing steel conforming to the U.S. standard ASTM 706 Grade 80. The Grade 80 reinforcement can replace the old ASTM A-615 Grade 60 steel specified in all Government Agency design specifications. The new Grade 80 will be more economical as it will require 20% less steel in construction. It will be safer as well as the new Grade 80 has much higher elongation than the older Grade 60. The higher strength steel further provides 'congestion relief' in Bridge piers which ensures better concrete compaction, thus making it ever safer. The new Grade 80 is usage is prescribed in the ACI Code of 2014 and the BNBC 2015. The new Grade 80 will be marketed under the Brand name **Maxima**.

The country's growing infrastructure regarding new Bridges, Flyovers, and Rail Roads will provide ample scope for Grade 80 applications.

The company further launched in February 2016 ASTM 706 Grade 60 reinforcing steel. This new Grade 60 is for the design of Special Moment Resisting Frames (SMRF) for earthquake resistant structures. It has extra high elongation which enables the design of R.C. Buildings in which selected components of the Building are allowed to 'fail' by developing 'plastic hinges'. This design approach prevents catastrophic 'sandwich' collapse of buildings in the event of an earthquake. The use of ASTM Grade 706 Grade 60 steel has been advocated in the latest ACI Code of 2014 and BNBC 2015. The new Grade 60 will be marketed by BSRM under the Brand name **Ultima**.

The country's Key Point Installation (KPI) will be the primary users of Ultima. Hospitals, schools, airports, Fire Brigades will all need Special Moment Resisting Frames to survive large earthquakes.

PROGRESS IS IMPORTANT, So is the safety of natural Environment

Bangladesh is on track to become a middle income country by 2021, which is a key stated national policy objective. The economy is transforming from agriculture-based to a mix of light industry – such as readymade garments, service industry and in some cases, heavy industry. Growth rate is over 6% per annum.

However, this rapid economic development has not been without cost. Apart from major social changes such as rural depopulation and internal migration, environmental problems such as degradation of natural resources and air and water pollution are the visible impacts of this rapid development. Moreover, ours is one of those countries which are at high risk from the effects of climate change. As Bangladesh chooses pathways to development, it is important to keep track of the potential impacts of our decisions on the environment, in order to build a safer nation.

NOTICE OF THE 15th Annual general meeting

Notice is hereby given that the 15th Annual General Meeting of shareholders of **BSRM Steels Limited** will be held on **Thursday, September 28, 2017 at 9:30 am** at the Institution of Engineers of Bangladesh, Chittagong Center, S. - Shareholders are requested to update their **12 digit ETIN** information through their respective Depository Participant (DP) before the AGM date.
- The Annual Report 2016-17 and Proxy Form are available at the Company's Website www.bsrm.com.

DISTANCES BETWEEN PLACES REDUCED, ROAD SAFETY YET TO BE ACHIEVED

Bangladesh has seen remarkable progress in the expansion of roads and highways. Thousands of kilometers of roads have been expanded and innumerable small & big bridges have been constructed in the last two decades.

Now, our roads are 21,000 km long in total, but road safety is at an all-time low. A total of 3,412 people were killed and 8,572 others injured in 2,998 road accidents in 2016 alone. Accidental death rates in developing countries are at least 50 times higher than in developed countries. Despite all the fear, however, recent advances have been made in road safety. BSRM believes that being safe on our roads depends greatly on the commitment and efforts of the Government and other relevant organizations, to lead the change to a safer nation.

GROWING At a 6% gdp rate, Personal safety Is not all the Way there yet

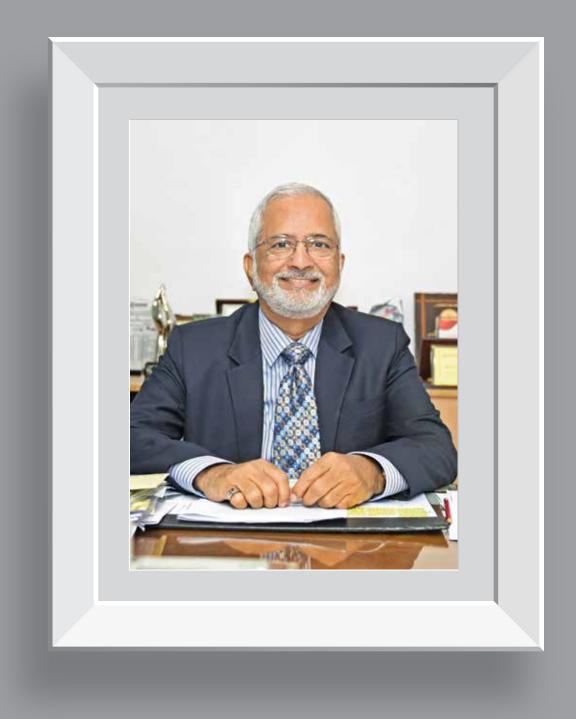

Being a small country, Bangladesh is growing bigger by the minute. Today, our economy is growing at a consistent, yet exponential rate that makes us one of the largest economies in the 21st century. But the lack of proper safety measures at a personal level is stopping us from enjoying a better life.

Bangladesh is currently ranked 118th in terms of personal safety in the Global Safety Index. This is quite alarming; it clearly shows that the nation is growing insecure due to different types of accidents, personal attacks, muggings and hijackings. These incidents have been controlled and decreased in recent years, as the government has prioritized individual safety as a vital issue, and has undertaken great initiatives in law and order system to provide ultimate safety to the people. At BSRM, we also believe that we can only achieve our full potential after we have attained the basic needs of safety.

CORPORATE STRUCTURE

ALIHUSSAIN AKBERALI FCA, CHAIRMAN

MESSAGE FROM THE CHAIRMAN

Dear Shareholders,

Assalamualikum.

It is my pleasure to welcome you to the 15th AGM of your company- **BSRM Steels Limited**. The Annual Report, containing Directors' Report and the audited financial statements for the 18th months accounting period ended on June 30, 2017 have been sent to you earlier, and with your permission I take them as read.

Financial performance:

Company's operational and financial result were very impressive. I have summarized below some operational and financial results:

Particulars	Unit	Jan'16 to June'17
Production	M. ton	1,043,318
Sales	M. ton	1,066,251
Capacity Utilization	%	99.36%
Revenue	BDT Tk. Million	49,948.75
Gross Profit	BDT Tk. Million	7,353.60
Net Profit after Tax	BDT Tk. Million	2,961.35
Final Dividend Declared		Total 35%

All the numbers mentioned above show that the Company is growing and doing well. We hope it will perform even better in the days to come.

Bangladesh Economy:

The profitability and prosperity of BSRM Group depends on the growth of Bangladesh Economy. World Bank forecasted that the GDP of Bangladesh for next couple of years will be around 6.8%, which is much more impressive than other emerging economies in Asia. Obviously economic growth will demand more high quality steel products for civil construction. New study shows that the average steel consumption in Bangladesh is 25 Kg which may double by 2022. Government of Bangladesh has adopted various investment friendly policies to woo foreign investors. Moreover, some giant projects such as Padma Multi-Purpose Bridge, Rooppur Nuclear Power Plant, Dhaka Metro Rail etc. creates demand for quality steel. We are supplying specialized steel for Padma bridge construction. Recently we have entered into an agreement to supply rods for Rooppur Nuclear Power Plant. As various civil constructions are underway, demand for our products is increasing.

Sustainability:

We are trying to offer competitive price for our products for sustainability and growth of the Company. By this time, we have undertaken to set up a billet producing plant under this Company with a capacity of 4,30,000 M.T. This will protect the company from volatile billet prices.

The inadequate infrastructural support hinders our business growth. Shortage of gas supply, road communication and poor seaport service sometimes creates obstacle for our operations. However, we are happy to see that Government has taken sincere efforts to mitigate all those problems, especially for Chittagong port.

Social Welfare:

Our group has set up a separate wing to coordinate and follow up CSR related activities. Some of the latest CSR programs are mentioned below:

- Vocational Training Chittagong
- Supporting Free Education at Burhani BSRM School Chittagong
- Strengthening Women's Ability for Productive New Opportunities (SWAPNO) Kurigram & Satkhira
- BSRM Foundation Medical Center Mirsarai
- Keep Smiling, Cleft lip/Palate Kids Sylhet
- Forest Conservation Fatikchari, Chittagong

Conclusion:

Now 3,000 permanent employees are working in our group. In addition to that, there are several thousand casual workers who are also involved with our business. The board is grateful to them for their dedication and continued support.

Over the years we got enormous support and co-operation from our shareholders. We are extremely grateful for their trust in us.

I would like to convey my sincere thanks to our valued customers, bankers, officials of all government bodies for their outstanding support, guidance and co-operation.

Finally, I would like to convey my appreciation to my fellow directors for their support and co-operation.

We would like to remind you that we are committed to do the best for all our stake holders.

Allah Hafiz,

Sincerely yours,

Clehmard

Alihussain Akberali FCA Chairman

সভাপতির বক্তব্য

প্রিয় শেয়ারহোল্ডারবৃন্দ,

আসসালামু আলাইকুম।

বিএসআরএম স্টিলস্ লিমিটেড-এর ১৫তম বার্ষিক সাধারণ সভায় আপনাদের স্বাগত জানাতে পেরে আমি অত্যন্ত আনন্দিত। আমি আশা করি পরিচালকমন্ডলীর প্রতিবেদন এবং ৩০ জুন ২০১৭ তারিখে সমাগু ১৮ মাসের নিরীক্ষা প্রতিবেদনসহ বার্ষিক প্রতিবেদন আপনারা ইতোমধ্যে পেয়েছেন, আপনাদের অনুমতিক্রমে আমি তা পঠিত বলে ধরে নিয়েছি।

আর্থিক ফলাফল পর্যালোচনা :

কোম্পানির কার্যকরী ও আর্থিক ফলাফল খুবই চমকপ্রদ ছিল। নিম্নে সংক্ষিপ্তাকারে তা তুলে ধরলাম:

বিবরণ	পরিমাপের একক	জানুয়ারি ২০১৬ <i>–</i> জুন ২০১৭
উৎপাদন	মে. টন	20,80,02F
বিক্রয়	মে. টন	১০,৬৬,২৫১
উৎপাদন ক্ষমতার ব্যবহার	%	৯৯.৩৬%
বিক্রয়	মিলিয়ন টাকা	8२,२8৮. १ ৫
মোট আয়	মিলিয়ন টাকা	ঀ,৩৫৩.৬০
কর-পরবর্তী নীট আয়	মিলিয়ন টাকা	২,৯৬১.৩৫
ঘোষিত চূড়ান্ত লভ্যাংশ		মোট ৩৫%

উপরোন্নিখিত সকল সংখ্যাগুলো কোম্পানির অগ্রগতি এবং বিস্ময়কর সফলতা প্রকাশ করছে। আমরা আশা করছি, এ ধারাবাহিকতা ভবিষ্যতেও বজায় থাকবে এবং আরো ভাল করবে।

বাংলাদেশের অর্থনীতি:

বিএসআরএম গ্রুপের সমৃদ্ধি ও প্রবৃদ্ধি বাংলাদেশের অর্থনীতির বিকাশের উপর নির্ভর করে। বিশ্ব ব্যাংকের পূর্বাভাসে আগামী কয়েক বছরে বাংলাদেশের অর্থনৈতিক প্রবৃদ্ধি দাঁড়াবে ৬.৮০ শতাংশে, যা কিনা এশিয়ার অন্যান্য দেশের তুলনায় খুবই আকর্ষণীয়। অর্থনৈতিক প্রবৃদ্ধি অবকাঠামোগত উনুয়নে মানসম্পন্ন ইস্পাতের চাহিদা বৃদ্ধি করবে। নতুন গবেষণায় দেখা যায় যে ২০২২ সাল নাগাদ বাংলাদেশে ইস্পাতের গড় ব্যবহার ২৫ কেজি হতে বৃদ্ধি পেয়ে দ্বিগুণ হবে। বিদেশী বিনিয়োগকারীদের আকর্ষণের জন্য বাংলাদেশে সরকার বেশ কিছু নীতি গ্রহণ করেছে। তাছাড়া কিছু বৃহৎপ্রকল্প বর্তমানে রয়েছে যেমন পদ্মা বহুমুখী সেতু, রূপপুর পারমাণবিক বিদ্যুৎপ্রকল্প, ঢাকা মেট্রো রেল প্রকল্প বর্তায়ে নি বেম দিশ্ব বির্ধাণ হবে। রড সরবরাহ করছি। সম্প্রতি আমরা রূপপুর পারমাণবিক বিদ্যুৎপ্রকল্পে রড সরবরাহের জন্য চুক্তি সম্পাদন করেছি। এছাড়া অনেকগুলো উনুয়ন প্রকল্প চক্ষে বর্তমাদের রডের চাহিদা বৃদ্ধি করবে।

অগ্রগতির পথে আমাদের পদক্ষেপসমূহ:

বাজারে টিকে থাকা এবং অগ্রগতির জন্য আমরা প্রতিনিয়ত আমাদের পণ্যের মূল্য যুক্তিসংগত পর্যায়ে রাখার চেষ্টা করি। ইতোমধ্যে আমরা ৪৩০,০০০ মে. টন উৎপাদন ক্ষমতাসম্পনু বিলেট প্রান্ট স্থাপনের সিদ্ধান্ত নিয়েছি। যা বিলেটের মূল্যের তারতম্য হ্রাস করবে।

অপর্যাপ্ত অবকাঠামো ব্যবসায়ের অগ্রণতিকে বাধাগ্রস্ত করে। গ্যাস সরবরাহ, যাতায়াত ব্যবস্থা, সমুদ্র বন্দরের মানসম্পনু সেবার অভাব আমাদের অগ্রণতিতে বড় বাধা। আমরা আনন্দিত যে বর্তমান সরকার চট্টগ্রাম বন্দরের সমস্যাগুলো সমাধানে আন্তরিক প্রচেষ্টা চালিয়ে যাচ্ছে।

সমাজ কল্যাণ:

প্রতিষ্ঠান হিসেবে বিএসআরএমগ্রুপ সবসময় স্বচ্ছতা, পণ্যের গুণগতমান ও কর্পোরেট গভারনেঙ্গ অনুসরণের চেষ্টা করে। আমরা দৃঢ়ভাবে বিশ্বাস করি যে আমাদের ব্যবসায়িক উদ্দেশ্য গুধুমাত্র মুনাফা অর্জনের মধ্যেই সীমাবদ্ধ নয়, বিভিনু সামাজিক প্রয়োজনের প্রতিও আমরা সক্রিয়। এই উদ্দেশ্যকে সামনে রেখে বিএসআরএম গ্রুপ সামাজিক দায়িতু সূচারু রূপে পালনের জন্য আলাদা সিএসআর বিভাগ গঠন করেছে। সর্বশেষ সিএসআর গ্রোগ্রামগুলো নিচে তুলে ধরা হল:

- বৃত্তিমূলক কারিগরী প্রশিক্ষণ, চউগ্রাম
- বিনামূল্যে শিক্ষা- বুরহানি বিএসআরএম স্কুল, চউগ্রাম
- বিএসআরএম ফাউন্ডেশন মেডিকেল সেন্টার, মিরসরাই
- ঠোঁট কাটা/তালু কাটা রোগির চিকিৎসা
- চউগ্রামের ফটিকছড়িতে বন সংরক্ষণ প্রকল্প

বর্তমানে বিএসআরএম গ্রুপের প্রায় ৩,০০০ কর্মীবাহিনী রয়েছে। একই সাথে কয়েক হাজার অনিয়মিত কর্মী, ঠিকাদার, সরবরাহকারী ও অন্যান্য স্টেকহোন্ডারগণ প্রত্যক্ষ বা পরোক্ষভাবে আমাদের সাথে জড়িত। আমি আমাদের কর্মীবাহিনীকে তাঁদের কঠোর পরিশ্রম ও নিরলস কর্মোদ্যমের জন্য আন্তরিক ধন্যবাদ জানাচ্ছি।

আমরা সম্মানিত শেয়ারহোন্ডারবৃন্দদের কাছে প্রচুর সহযোগিতা পেয়েছি। এজন্য আমরা কৃতজ্ঞ। আমি ব্যাংক, আমাদের সম্মানিত ক্রেতাদের এবং সরকারের বিভিন্ন বিভাগের সহযোগিতার জন্য আন্তরিক ধন্যবাদ জানাচ্ছি।

পরিশেষে আমি আমার সম্মানিত পরিচালকমন্ডলীগণকে তাদের পরিপূর্ণ সহযোগিতার জন্য কৃতজ্ঞতা প্রকাশ করছি।

আমরা আবারো স্মরণ করিয়ে দিতে চাই, আমরা আমাদের সম্মানিত শেয়ারহোন্ডারদের জন্য ভালো কাজ করতে প্রতিশ্রুতিবদ্ধ।

আন্নাহ হাফিজ,

Culumard

আলীহোসাইন আকবরআলী এফসিএ চেয়ারম্যান

AAMEIR ALIHUSSAIN, MANAGING DIRECTOR

FROM THE DESK OF MANAGING DIRECTOR

Dear Shareholders,

It is my pleasure in extending all of you a warm welcome to our 15th Annual General Meeting.

The Annual Report for the period of 18 months which ended on 30th June, 2017 along with the Directors' Report and the audited financial statements of the Company, has been circulated to you.

I am pleased to report that the Company has recorded Tk. 2.96 Billion as profit in the period January 2016 to June 2017. In 2016, the total sales crossed one million Tons which is a landmark in the history of the BSRM Group. In the period January 2016 to June 2016, the Gross Profit Ratio was 18.04%, which declined in the subsequent months due to increase of raw material prices and imposition of higher import tax on raw materials by the Government.

However, we hope that the Company as well as the BSRM Group will do better in this year, as BSRM Steel Mills Limited has re-started optimal production, after revamping. Efficiency of this unit is steadily increasing. To avoid outside dependency for billets and risk of a volatile situation in the international market, we have already started setting up a new billet producing plant. This new plant will produce 430,000 M. Ton billets. The merger with BISCO, a billet manufacturing unit, is at a final stage. Setting up new billet plant and merger of subsidiary company will increase the productivity and profitability of the Company.

You will be happy to know that we are supplying specialized reinforcing steel for construction of Padma Multi-Purpose Bridge and Roopur Nuclear Power plant and new Kanchpur Meghna Gumti bridges. We are now a proud partner in **"Building a Safer Nation"**.

To cater to customer demands, we have introduced three new products- Maxima, Ultima and Centura. These are specialized reinforcing steel which can ensure the quality and safety of civil construction.

During the last couple of years, the economy of Bangladesh is doing very well. The Government of Bangladesh has a Vision to turn the country into a "Middle Income Country" by 2021. A number of medium and large scale infrastructure projects have been undertaken to realize this goal. With the economic boom, demand for quality steel is also rising. We are supplying top quality steels for these national projects. It ensures the quality, safety and durability of all these infrastructures. In this way, our Company plays an important role in "Building a Safer Nation".

Dear Shareholders, we are relentlessly trying to be more and more efficient and to maximize the net worth of the shareholders. Thank you all for your trust on us.

I would like to congratulate our team and our workforces for their commitments, hard work and dedication. Without their active support, we would have never realized our objectives.

Finally I am expressing my deep gratitude to the members of the Board of Directors, our bankers, our dealers and customers, shareholders, officials of National Board of Revenue, Civil and Army Administration, RJSC, BSEC, CDBL and the Dhaka Stock Exchange Limited and The Chittagong Stock Exchange Limited. Their guidance, advice, co-operation and good wishes enabled us to achieve our goal.

Thanking you,

Aameir Alihussain Managing Director

ব্যবস্থাপনা পরিচালকের পক্ষ থেকে

প্রিয় শেয়ারহোল্ডারবৃন্দ,

বিএসআরএম স্টিলস্ লিমিটেড-এর ১৫তম বার্ষিক সাধারণ সভায় আপনাদের স্বাগত জানাতে পেরে আমি অত্যন্ত আনন্দিত। পরিচালকমন্ডলীর প্রতিবেদন এবং ৩০ জুন ২০১৭ তারিখে সমাপ্ত ১৮ মাসের নিরীক্ষা প্রতিবেদনসহ বার্ষিক প্রতিবেদন আপনাদের মাঝে ইতোমধ্যে পৌঁছানো হয়েছে।

আমি অত্যন্ত আনন্দের সাথে আপনাদের জানাচ্ছি যে, আপনাদের কোম্পানি বিগত জানুয়ারি ২০১৬ হতে জুন ২০১৭ পর্যন্ত সমাপ্ত বৎসরে ২.৯৬ বিলিয়ন টাকা মুনাফা করেছে। ২০১৬ সালে আমরা ১ মিলিয়ন টন রড বিক্রয় করেছি, যা কিনা বিএসআরএম গ্রুপের ইতিহাসে প্রথম। জানুয়ারি ২০১৬ হতে জুন ২০১৬ পর্যন্ত মোট লাভের অনুপাত ছিল ১৮.০৪%, কাঁচা মালের মূল্য বৃদ্ধি এবং কাঁচা মালের উপর অতিরিক্ত শুন্ধারোপের ফলে যা কিনা পরবর্তীতে কমতে থাকে।

যাই হোক, আমরা আশা করি যে বিএসআরএম স্টিল মিলস্ লিমিটেডের যথাযথ উৎপাদন শুরু হওয়ার সাথে সাথে কোম্পানির তথা বিএসআরএম গ্রুপ আরও ভাল করবে। বিএসআরএম স্টিল মিলস্ লিমিটেডের উৎপাদন বেড়ে চলেছে। বিলেটের আন্তর্জাতিক বাজারে অস্থিতিশীল মূল্যের ঝুঁকি এবং পরনির্ভরতা হ্রাসে আমরা ইতোমধ্যে ৪৩০,০০০ মে. টন উৎপাদন ক্ষমতাসম্পন্ন আরো একটি বিলেট প্লান্ট স্থাপনের প্রক্রিয়া শুরু করেছি। অপর একটি বিলেট উৎপাদনকারী প্রতিষ্ঠান বিএসআরএম আয়রন অ্যান্ড স্টিল কোম্পানি লিমিটেড (বিসকো)-এর সাথে একত্রিকরণের প্রক্রিয়া শেষ পর্যায়ে রয়েছে। নতুন বিলেট প্লান্ট স্থাপন এবং সাবসিডিয়ারি কোম্পানির সাথে একত্রিত হলে কোম্পানির উৎপাদন ও মুনাফা উভয়ই বৃদ্ধি পাবে। আপনারা জেনে খুশি হবেন যে আপনাদের কোম্পানি পদ্মা বহুমুখী সেতু, রূপপুর পারমাণবিক বিদ্যুৎ প্রকল্প, নতুন কাঁচপুর-মেঘনা-গোমতি সেতুর জন্য বিশেষায়িত রড সরবরাহ করছে। একটি নিরাপদ জাতি গঠনে অংশীদার হতে পেরে আমরা গর্বিত।

ক্রেতার চাহিদা পূরণে আমরা ইতিমধ্যে 'MAXIMA, ULTIMA এবং CENTURA' নামে নতুন পণ্য নিয়ে এসেছি। এ রডগুলো অবকাঠামো কাজে গুণগতমান ও নিরাপত্তা নিশ্চিত করে।

বিগত কয়েক বছরে বাংলাদেশের অর্থনীতি বেশ উনুত হয়েছে। বর্তমান সরকার ২০২১ সাল নাগাদ দেশকে একটি মধ্য আয়ের দেশে রূপান্তরিত করতে কাজ করে যাচ্ছে। এছাড়া অনেকগুলো উনুয়ন প্রকল্প চলছে যা আমাদের রডের চাহিদা বৃদ্ধি করবে।

প্রিয় শেয়ারহোন্ডারবৃন্দ, আমরা শেয়ারহোন্ডারদের স্বার্থ রক্ষার্থে এবং সম্পদ বৃদ্ধির জন্য নিরবচ্ছিনুভাবে কাজ করে যাচ্ছি। আমাদের উপর আস্থা রাখার জন্য আমরা আপনাদের প্রতি কৃতজ্ঞতা প্রকাশ করছি।

আমি আমাদের কর্মীবাহিনীকে তাঁদের কঠোর পরিশ্রম ও নিরলস কর্মোদ্যমের জন্য আন্তরিক ধন্যবাদ জানাচ্ছি। যাদের সহযোগিতা না পেলে আমাদের স্বপু বাস্তবায়ন হতো না।

পরিশেষে আমি পরিচালনা পরিষদের সকল সদস্য, শেয়ারহোন্ডার, ব্যাংক, ঢাকা স্টক এক্সচেঞ্জ লিমিটেড, চিটাগাং স্টক এক্সচেঞ্জ লিমিটেড, বাংলাদেশ সিকিউরিটিজ অ্যান্ড এক্সচেঞ্জ কমিশন, রেজিস্ট্রার অব জয়েন্ট স্টক কোম্পানিজ অ্যান্ড ফার্মস, কর কর্তৃপক্ষ এবং একইসাথে বিশেষ করে আমাদের সম্মানিত ক্রেতাদের ও ডিলারদের প্রতি কৃতজ্ঞতা প্রকাশ করছি, যাদের পরিপূর্ণ সহযোগিতা ও দিক্নির্দেশনা না পেলে আমাদের স্বণ্ন বান্তবায়ন হতো না।

ধন্যবাদ,

আমীর আলীহোসাইন ব্যবস্থাপনা পরিচালক

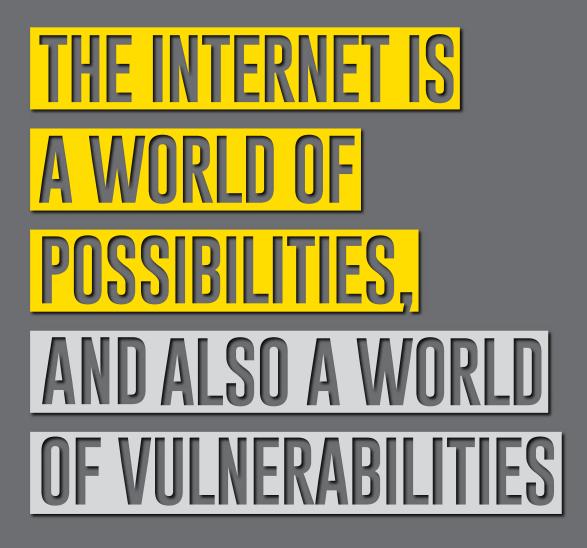

ÔNLY WHEN You're safe, can you defy gravity

At home or on the road, on a bright day or a dark night, staying safe is what really matters. Only when you're safe, can you live a better life. This is the conviction that has driven BSRM for the last 65 years to produce the safest steel for homes and bridges.

So that we can all build a safer nation.

Starting in the early 1990s, internet usage in Bangladesh has evolved at a rapid pace. Government's various initiatives to build a Digital Bangladesh have impacted the growth of users. As of July 2016, number of internet subscribers have reached 63.915 million. Bangladesh is now one of the top 20 IT outsourcing destinations in the world. Usage of social media, scope of public expression, online education, progression in small & medium-scale businesses etc. have noticeably improved with the growth of internet.

But these endless possibilities of the internet comes with its own drawbacks. The vulnerabilities include exposure to malicious software & websites, hacking, phishing, identity theft, cyber-bullying, sexual harassment and more. The GOB has taken Cyber Security seriously and ICT policies have been developed to safeguard the people, organizations and financial transactions on the web. Only proper implementation of those policies can ensure true Cyber Safety of a better nation.

DIRECTORS' REPORT

Dear Shareholders,

Assalamualikum.

I am glad to welcome you all at the 15th Annual General Meeting (AGM) of BSRM Steels Limited. This report covers the period of 18 months from January 1, 2016 to June 30,2017. The report has been prepared in compliance with the Companies Act 1994 and Bangladesh Securities and Exchange Commission Notification No: SEC/CMRRCD/2006/158/ 143/Admin/44, dated: August 07, 2012.

Review of 2016-17:

Industry out Look and Possible future development:

In spite of world worldwide slow economic growth the Bangladesh Economy is doing well. The GDP growth is around 7%. World Bank predict that the average growth of GDP will be around 6.8% for next few years. Bangladesh Government is trying to reach "Middle Income Country" status by 2021. Bangladesh Government aims to build a durable and sustainable energy, power and transportation infrastructure in order to be a prosperous nation by 2030. However, inflation in food price, early flood in the some parts of Bangladesh, slow export growth, falling remittance and poor investment growth creates challenges for the economic development of Bangladesh. Record low fuel price, however, gives some comfort to the economy.

The steel market in Bangladesh shows increasing demand for prime quality steel for civil construction. Currently market demand is BD Tk. 300 Billion. The demand for per capita steel in Bangladesh is 17Kg against world average of 217 Kg. Some studies show that per capital steel consumption will reach to 25 Kg by 2022. The growth in demand in steel is mostly driven by government spending. Some landmark projects have been under taken by the government.

We are pleased to inform you that, our Company is supplying specialized steel to the Padma Multi- purpose bridge project. Recently we have entered agreement for supplying steels for Rooppur Nuclear Power plant. Moreover, people are more quality and safety conscious. Resultantly, demand for quality steel like BSRM product is rising.

Operational and Financial Performance:

Some operational and financial data is given below for better understanding of the overall performance of the Company:

Particulars	July'16 to June'17	Jan'16 to Jun'16	2015	2014	2013	2012
	(12 months)	(6 months)				
Installed Capacity (M. Ton)	700,000	700,000	700,000	600,000	600,000	600,000
Production (M. Ton)	681,064	362,254	602,832	623,918	630,305	580,147
Capacity Utilization (%)	97.30	103.50	99.50	104	105	97

Financial and quantitative performance of the company is given below in the tabular form:

The first six months from January to June 2016 was not favorable for company's profitability. During this period Company incurred loss of Tk. 59.06 Million. Subsequently in July 2016 to June 2016, the Company earned net profit after tax of Tk. 58.46 Million. The net loss during this 18 months' period was Tk. 0.60 million. This volatility of profitability was largely due to scrap price and billet price fluctuations in the international market.

The Company filed a petition to the Honorable High Court division of Supreme Court for merger with BSRM Steels Limited. The hearing has completed and if merger scheme has been approved by the Honorable high court then the Company will be merged with BSRM Steels Limited.

Operation of Associate Companies:

BSRM Steel Mills Limited

The only associates of the Company is BSRM Steel Mills Limited where your Company has invested one billion and holding 25.35% of equity. This associates has been commissioned in June ,2016. Equipped with the world's largest induction furnace, the plant is capable to produce 862,500 M. Ton prime quality billets. The billet will be used for internal consumption of BSRM Group. You must be informed that, due to volatile price fluctuation of billets in the world market, the profitability of the rolling plants are badly hampered. The new plant will help us to protect the Company against volatile price fluctuation. We are pleased to inform you that, now the plant has achieved 88% efficiency in July, 2017.

The Company has earned gross profit of Tk. 1,432. 95 Million for the year ended June,2017. However, it could not earn net profit after tax as the finance cost of the company is too high due to substantial project term loan and provision for deferred tax has been made as per Bangladesh Accounting Standard. When the term loan and deferred tax will be settled with in few years, then the Company will be a reliable source for earnings for BSRM Steels Limited. Moreover, this billet plant will help BSRM Steels Limited to continue uninterrupted production by supplying quality billets at a fair price.

Segment wise or product wise performance:

BSRM Xtreme500W was the first high strength steel in Grade 500 Yield Strength category introduced in to the Bangladesh construction market in 2008. BSRM Xtreme 500W rapidly gained market share and is the undisputed market leader in this category.

The housing sector and infrastructure projects in the country rely on Grade 500 steel. Independent Home Builders (IHB) throughout the country, rely on Xtreme 500W, which they buy from the company's network of over 700 Dealers. Corporate customers, such as real estate developers, do business directly with BSRM. Large infrastructure projects such as Flyovers in Dhaka and Chittagong also use BSRM Xtreme 500W.

Besides Xtreme500W the company also manufactures Grade 420D steel to meet the requirements of certain Govt. projects in the power sector. The company has decided to brand the Grade 420D as 'Ultima'.

Campaign

To create and retain the Top of Mind (ToM) awareness among retail customers, IHB, BSRM regularly launches an extensive marketing campaign to create market awareness of the superior attributes of its products. In 2015 the campaign was '10 in 10'. This campaign focused on the fact that to qualify as Grade 500 steel the ten most important attributes of the steel have to be tested. Xtreme 500W is the only steel which passes the '10 in 10' test. This was one of the most successful campaigns of the company in raising consumer awareness about steel quality.

Company produces various sizes of Xtreme 500W product in one production center. Detailed product wise performances are as follows:

Droducto	Production (N		Sales (M. Ton)	
Products	Jan, 16 to June17	2015	Jan, 16 to June17	2015
Xtreme 500W	946,900	577,417	971,124	571,629
Others	96,418	25,415	95,127	32,884
Total	1,043,318	602,832	1,066,251	604,513

Risks & Concerns:

Risk assessment and mitigation is an integral part of any business. The Board of Directors are regularly monitoring, assessing and identifying potential risk and threats to our profitability and sustainable growth. Our Risk Management capabilities are supported by a strong management structure, information system, regular analysis of market, economic scenario and robust policies to cope with the challenges.

Cost of Goods Sold	28,444,663,016	14,150,488,526	42,595,151,542	27,947,447,147
Gross Profit	4,238,908,930	3,114,694,122	7,353,603,052	4,368,653,415
Net Profit	1,648,035,691	1,313,318,100	2,961,353,791	2,081,877,163

COST OF GOODS SOLD (COGS)

Cost of goods sold (COGS for short) is the expense a company incurred in order to manufacture, create, or sell a product. It includes the purchase price of the raw material as well as the expenses of turning it into a finished product.

COGS vary directly with sales and production; the more items we sell or make, the more stock or components we need to buy.

During the reporting period Billet price has increased drastically and that's why cost of production was increased compared with the last operating periods.

GROSS PROFIT MARGIN RATIO

Gross profit is the difference between sales and the cost of goods sold.

Gross Profit = Sales - Cost of Goods Sold

The gross profit margin is one indicator of the financial health of a business. Larger gross profit margins are better for business – the higher the percentage, the more the business retains of each Taka of sales for other expenses and net profit.

Gross Profit Margin % = (Gross Profit ÷ Sales) x 100

Due to increase the cost of production of all finished goods, Gross profit was decreased compared with the last operating periods.

NET PROFIT MARGIN RATIO

Net Profit is calculated by subtracting expenses including Tax and WPPF from the gross profit, showing what the business has earned (or lost) in a given period of time.

Net Profit = Gross Profit - Expenses with Tax & WPP&WF

Net Profit of the company in the year 2016-17 has decreased compared to last operating periods due to increase the Cost of Goods Sold.

RISK FACTORS AND CONCERNS

ANNEXURE - 2

1. Business Risks

a) Risks associated with sourcing of Raw Materials

At present BSRM Steels Limited is partly dependent for its basic raw materials - MS Billets on the international market. In the case of billet price fluctuation in the international market, the company's profitability is affected.

Since the production capacity of our Company increased to 700,000 M. Ton per annum, secured supply chain for MS Billets should get top priority.

BSRM Iron and Steel Co. Ltd. (BISCO), a subsidiary Company of BSRM Steels Limited can meet 25% of its billet demand by supplying 220,000 M. Ton MS Billet per annum.

On the other hand BSRM Steel Mills Limited, an associate company of BSRM Steels Limited can meet 65% of its billet demand by supplying approx. 500,000 MT Billet per annum.

BSRM Steels Limited is going to establish its Melting Unit with a capacity of 430,000 MT per annum at Mirshorai, Chittagong which will reduce dependency on imports and local purchase. The plant will start its commercial production on or before 2019.

b) Risks associated with Power Supply

Presently the primary constraint on the economic development of Bangladesh is the shortage of power for which new industrial investments proposal from home and aboard have failed to materialize.

For ensuring uninterrupted power supply BSRM Group has made a deal with PGCB and installed a substation for tapping power from the 230 KV national grids. Moreover, now more than 10,000 MW power can be produced in Bangladesh. The government is also planning for setting up some big power stations. There is another regular risk of having an adequate and regular supply of gas. The Company is also aware of such risks and its mitigation through the alternative supply of fuel.

2. Market Risks

Like other industry, trade, and commerce, we are also exposed to market risks arising from adverse changes in:

- Interest Rate;
- Currency Rate (foreign exchange rates);
- · Competition, and
- Economic conditions

To manage these risks, we undertake various risks specific measures and strategies.

Interest Rates

Interest rate risk refers to the risk that increases in money market rates will have an adverse impact on consolidated net financial income.

The business of BSRM Steels Limited requires huge working capital. Although the company closely monitors and manages requirement of capital investment, the actual capital requirement may deviate from the projected one due to factors beyond its control, thus potentially affecting the borrowing costs. However, now interest rate on working capital and term loan has come down which gives some benefits to the management.

Prudent financial management and active negotiation with the lenders and timely collection from customers are few of significant steps to reducing funding cost.

Foreign Exchange Fluctuations

Foreign currency risk is the risk of changes in exchange rates that adversely affect the company's earnings, equity, and competitiveness.

We are hugely involved with Foreign Trade i.e. Import & Export and thus we are also exposed to Foreign Currency Risks. Exchange rate gains or losses related to foreign currency transactions are recognized as transaction gains and losses in our income statement as incurred. We also maintain foreign currency account in which export collection in exchange is directly deposited to meet foreign currency payment requirement. In the year 2016-17 company has not been affected due to Foreign Currency fluctuation.

Competition and Economic conditions

Competition refers to the risks of decreasing present market share caused by new entrants. We try to mitigate this risk through active brand management and customer relationship and by ensuring supply of quality product.

As we are continuously in attempts to explore any untapped opportunity and also to adopt customer's needs, we believe we would be able to cope with any situation in the industry we are working.

3. Technology Related Risks

Highly automated and competitive types of machinery are available with the Company for the manufacture of various steel products. The Company has so far been one of the pioneers in Bangladesh in setting up mills with State of the Art European Technology for further processing of the input materials. The Company also implemented Oracle e-Business Suite to integrate the operation of basic functions namely, Finance and Accounts, Sales and Marketing, Supply Chain, Inventory, Maintenance, and Manufacturing.

4. Environmental Risks

Since the Company setting up its Mill with environmental friendly State of the Art European Technology, furthermore, the Company takes measures to ensure a pollution-free environment, which is compatible with the environmental regulations of Bangladesh regarding both noise and atmospheric emission. Water used in the mill is recycled and hence does not pollute the environment.

REMUNERATION PAID TO DIRECTORS In Jan, 2016– June, 2017

ANNEXURE - 3

Members of the Board of Directors were entitled and paid as follows:

Name	Position	Attendance Fees	Remuneration	Total Paid
Mr. Alihussain Akberali FCA	Chairman	46,000	38,700,000	38,746,000

EXPORTING AGRO PRODUCTS GREATLY, AGRONOMIC SAFETY IS YET TO BE ENSURED

We have a population of 26.4 million 'female agricultural workers' i.e. three times greater than the total population of Switzerland. This may be an inspiring example of an agriculturally independent nation, but there are alarming issues in this sector.

After the green revolution, conventional agriculture became heavily dependent on chemical fertilizers and pesticides, which cause major problems to human health and the environment. Hence, the most urgent step is the application of bio-products in order to ensure better and safer environment, without any reduction in yield of crops. To ensure safety in the agricultural sector, the government should develop appropriate policies, product standardizations and support programs. BSRM believes that agro safety is the backbone of a safer nation, and consciously addresses this issue so that people can eat safe and thus live better lives.

CORPORATE SOCIAL RESPONSIBILITIES

BSRM CSR VISION

To integrate social responsibility into BSRM core business decisions, we want to have CSR at every steps of the heart of our Business process.

We envision CSR strategy that demonstrates BSRM intent for Caring, Supporting, and Returning to society where we anchored our business decades ago – this is how we define CSR and search and support interventions encompassing this scope.

BSRM CSR PRINCIPLES

BSRM commits resources to the extent that it can reasonably afford, not in one-off philanthropic project, rather in a set of strategically planned efforts consistent with BSRM's own corporate strengths and complementary to Programmes offered by the Government, to sustain and improve a healthy and prosperous environment, and improve the quality of life of the people living in poverty.

BSRM Group of Companies is involved with the CSR activities over the years. Some major project, under taken are as follows:

- SUPPORTING FREE EDUCATION, BURHANI BSRM SCHOOL, CHITTAGONG (APRIL 2006)
- LIVELIHOOD PROGRAM FOR WOMEN, SHITAKUNDA, CHITTAGONG (JUNE 2013)
- SHAHEED MINAR, CHITTAGONG (SEPTEMBER 2013)
- BSRM TRAINING CENTER FOR WOMEN, DURGAPUR, JESSORE (SEPTEMBER 2013)
- PREVENT DEFORESTATION, SHITAKUNDA (SEPTEMBER 2013)
- SOLAR HOUSE SYSTEM (SHS), JAINTAPUR, SYLHET (JUNE 2014)
- THE DAILY STAR SPELLING BEE CHAMPS 21 (APRIL 2014)
- POVERTY REDUCTION PROGRAM IN URBAN AREA, CHITTAGONG (JULY 2014)
- PROMOTE HIGHER EDUCATION (AUGUST 2014)
- CONSERVATION OF ENVIRONMENT, KEPZ CHITTAGONG (OCTOBER 2014)
- LIVELIHOOD PROJECT IN SALINE WATER AREA MONGLA, KHULNA (NOVEMBER 2014)
- WATER TREATMENT PLANT DACOBE, KHULNA (MARCH 2015)
- SAVE FOREST, BANSHKHALI CHITTAGONG (MARCH 2015)
- INFANT CARE PROGRAM FOR RMG WORKERS (APRIL 2015)
- WATER FOR COASTAL AREA, SOUTH, BANGLADESH (MAY 2015)

- SOLAR POWER WATER PUMP, JAINTAPUR, SYLHET (MAY 2015)
- BSRM-ZCF CLUBFOOT CURE, CHITTAGONG DIVISION (SEPTEMBER, 2015)
- ENHANCE READING HABIT AND KNOWLEDGE (NOVEMBER 1, 2015)
- AUTISM TREATMENT & LIVELIHOOD SUPPORT (NOVEMBER 2015)
- BSRM-CRP VOCATIONAL TRAINING FOR PERSONS WITH DISABILITY (PWD), SAVAR (DECEMBER 2015)
- BSRM-NDP LIVELIHOOD PROGRAMS IN CHARS OF SIRAJGONJ (DECEMBER 2015).

The program under taken during the year 2016 are as follows:

Vocational Training Center, Chittagong:

Under this project poor, neglected orphans, destitute, street boys irrespective of caste and creed are trained in order to rehabilitate them professionally in technical trades of their interest.

Strengthening Women's Ability for Productive New Opportunities (SWAPNO) – Kurigram and Satkhira.

UNDP-BSRM Group joined hands to support ultra poor women. BSRM Group Chairman Alihussain Akberali FCA and Mr. Nick signed the agreement on behalf of their respective organization.

BSRM Foundation Medical Center, Mirsarai:

BSRM has set up a Diagnostic Center at Mirsherai, Zorargonj, Chittagong. Expects to provide Out Door patient (ODP)services to about 5000 families living around Mirsarai, Sitakunda vicinity and for all employees of BSRM Group and their families living in that area. BSRM Foundation Medical Center (BFMC) launched "tele-medicine" service using Information and Communication Technology (ICT) to serve the patients of Mirsherai.

Supporting Handicapped Sitakunda and Kurigram:

BSRM Group has partnered with Handicap International in Bangladesh (HI) who has been working in Bangladesh with the aim to advance the long-term rights and social inclusion of people with disabilities.

Conservation of Nature Mirsherai, Chittagong:

To support landless, displaced and forest and hill dependent people, BSRM has extended "Interst free revolving fund" to some NGO under "Matching Fund Scheme" to support 200 families in 4 union of Mirsherai.

Keep smile cleft lip/palate kids - Sylhet

Cleft lip and cleft palate are birth defects and when a child is born with this defect in poverty stricken family, they cannot afford surgical help. Smile train INC, USA, BSRM Group and Syed Nuruddin Ahmed Development Foundation signed tripartite agreement to contribute funds, on a cost sharing basis for this program in Sylhet. In the first year, 400 children will be getting free treatment of which BSRM will sponsor 55 surgeries.

Forest Conservation, Fatikchari, Chittagong:

BSRM and HCMO joined hands to support expanding tree plantation and livelihood activity at landscape households to restore and maintain the forests at both buffer and core zone of Hazarikhail, Barierdhala and its constituent biodiversity in the best possible condition.

Financial support for renovation work of the existing CMH complex, Chittagong

BSRM Group extended financial support to combined Medical Hospital Complex, Cantonment Chittagong for the repair and renovation work of Junior Commissioned Officer's Ward located at CMH. The modernization included establishment of quality and appropriate diagnostic facilities for the families of middle and lower middle class of military and civilians who receive medical supports from CMH.

Bangladesh Institute of Governance & Management (formerly The Civil Service College), Dhaka

BIGM is a center of excellence for providing post graduate studies to the mid-level public servants as well as executives in the private sector to upgrade their knowledge and efficiency to make meaningful contribution to the economic development and good governance of the Country.

Under BSRM CSR focus area 'education', the group extended financial assistance to BIGM to build a "room" in their new premises to support BIGM's endeavor for expanding the academic facility for providing quality education to the serving executives.

MOTHER & Child Mortality Rate Reduced, But Nutritional Safety Still Hindered

Bangladesh has made the most significant progress in reducing mother & child mortality rate. In 2010, the UN recognized the country for its exemplary progress towards Millennium Development Goal (MDG4) in child mortality, and for being on-track to achieve the maternal mortality reduction goals of MDG5. In November 2013, Lancet, a British medical journal, described Bangladesh as an example of 'good health at low cost'.

While Bangladesh has significantly reduced child and maternal mortality, the country still remains among the 10 countries with the highest prevalence of malnutrition. According to Bangladesh Demographic and Health Survey (BDHS) 2014, 36.1% of children under 5 are considered to be stunted. For a safer future and healthier nation, our mothers and children must be healthy.

SUSTAINABLE GROWTH

SUSTAINABLE GROWTH - Green Environment, Human Resource and Information Technology Development

To keep our human resources safe and sound and the environment clean, we have taken number of measures. We always give priority to maintain work place safe, secure and ensure the green environment for all of our employees as well as for our country.

Green Environment....

In BSRM Steels Limited we are using world class Water Treatment Plant (WTP) for recycling the water for reusing and to keep the environment free from pollution.

The Company has also commissioned Air Pollution Control (APC) system in BSRM Iron & Steel Co Ltd. (BISCO) to keep the air free from Pollution. In the same way, we are going to implement a rain water harvesting project for our new billet casting plant at Mirershorai. It will have marvelous positive impact on the environment.

As recognition of your effort to keep the environment clean and greener, we were awarded the "Divisional Environmental Award" by Poribesh Odhidaptar.

Human Resources Function....

Our people, our asset.

Success isn't possible without a great team. At BSRM Group of Companies, nurturing and supporting human talent is of utmost priority to us. We believe sustainable growth is only possible if we foster teamwork, develop talent, enhance leadership capability, and maximize the potential of our human capital.

We focus on our valued people to optimize their creativity and performance by ensuring a safe and congenial working environment, cohesive corporate culture, appropriate training, reward and recognition, and various employee benefits schemes. Hiring the right person for the right job is the first step in our efforts to maintain a strong, capable, and independent workforce.

Being an **Employer of choice**, we aspire to align our people with our Vision and Values and make them a key factor for success in business transformation and change process. We are committed to achieve excellence in every step of our operation through different functions, projects, and initiatives. We work strategically with all stakeholders to provide leadership and guidance in the development, implementation, and equitable administration of policies and procedures, thus fostering a positive working environment.

Talent Acquisition is a stringent process of recruitment, selection, and strategy to attract qualified potential candidates who are committed to achieve the organizational goals. A well-designed competency based questionnaire is used to conduct Interviews and we make maximum effort to ensure a bias free, independent, and fair hiring process.

In order to nurture talents, we, at BSRM, believe that institutionalizing a learning culture positively helps safety, sustainability, quality, and productivity of the organization. Our **Training and Development** activities are systematic, organized, and ensure that individual training needs are well defined, understood, and catered to. Frequent trainings, local and abroad, are provided to ensure adequate developmental opportunities to all our people.

The safety of our people is of paramount importance, and our **Health, Safety, and Environment (HSE)** policies are created and implemented to maintain a safe working environment for every stakeholder. We are committed to establish a culture of HSE **excellence in our organization**.

A well-designed Succession Planning policy is used to assess, develop, and retain a talent pool in order to ensure a continuity of leadership for all critical/significant positions. A robust succession planning process helps skilled talent to gain experience and competencies so that they can move upward into vacant positions.

Our people deserve the best of us, and hence we focus on our **Benefit Policy** to ensure that our talent receives benefits and allowances such as Festival Bonuses, Provident Fund, Gratuity, Salary Advance, Interest free Company Loan for Car Scheme, Children Education Scheme, Employee Education Scheme, Employee Children Education Achievement Award for distinct academic results, Domiciliary Scheme, Executive Health Check-up Scheme, Hospitalization Scheme, Maternity Benefits Scheme, Wedding Gifts, WPPF, Pilgrimage Leave, etc.

Rewards and Recognitions are given to recognize employees for their excellence in service, loyalty, ideas, dedication to the vision and values of the group, and their contribution to change management. Our achievements are communicated through "Xtreme Talk", our corporate newsletter, so that we can all rejoice in the success of our people.

We pride on being an **Equal Opportunity Employer** and **our Code of Conduct** provides clear guidelines that allow us to build a working environment that is productive, enjoyable, safe, and free from harassment and discrimination. People who work for us belong to our family and are an integral contributing factor in the determination of our policies and procedures.

We work together, and we achieve together.

Information Technology....

BSRM Group was founded more than 60 years before and continuing its rapid growth more so in the past decade. In such complex rapid growing scenario IT based business friendly solution is the only way to handle all the data.

BSRM IT through Management foresight managed to keep up with this fast & complex growth as an organized entity and began to systematically address the challenges. Today IT as a strategic partner in business enablement plans, controls, and manages all IT based business issues in a very constructive, productive & controlled manner with periodic reporting & monitoring.

BSRM IT is managing the total network of BSRM Group including server management, managing and upgrading Oracle eBS, developing in-house software integrating with Oracle eBS and providing several levels of supports to end user.

Last year BSRM IT has focused on ERP up-gradation by modifying and creating various Customization, personalization, reports etc. Last year BSRM IT also provided almost in-house maintenance of ERP, took several initiatives to expand technology, enabled services for the external and internal customers, sales promoter and provide business solution to internal department. The key objective behind these initiatives was to make the information more available, fast & easily accessible to the stakeholders.

Next year BSRM IT will focus on implementation of Business Intelligence (BI) as well as support. BSRM IT also planned to increase employee efficiency by developing various Android Apps and Software System.

At home or on the road, on a bright day or a dark night, staying safe is what really matters. Only when you're safe, can you live a better life. This is the conviction that has driven BSRM for the last 65 years to produce the safest steel for homes and bridges.

So that we can all build a safer nation.

building a safer nation

LIVESTOCK PLAYS VITAL ROLE, HEALTH-SAFETY IS NOT ACHIEVED AT ALL

Livestock is a key component of the agricultural economy of Bangladesh. The contribution of the livestock sector to overall GDP has been provisionally estimated at 1.78% for 2013-14. In 2012-13, it was 1.84% and in 2011-12, it was 2.5%. Its share of agricultural GDP in 2013-14 was 14.08%. Livestock serves an essential role as a source of protein, employment generation, and provision of food security.

Despite all important roles for poverty reduction, diseases and the epidemiological scenario puts livestock at risk. Bangladesh is prone to natural disasters and the livestock population is the first to be affected, as transportation of feed and fodder to the affected areas becomes difficult. In order to tackle this situation effectively, it is vital that sustainable development and climate policy are integrated taking livestock into consideration; so that we can ensure their safety for a better nation.

REGULATORY COMPLIANCE REPORT

CORPORATE GOVERNANCE REPORT

We take pride in doing the right things the right way – and are committed to the highest standards and practices of corporate governance, professionalism as well as business integrity, accountability, transparency and ethics in our quest and commitment at all levels to the continuous enhancement of stakeholders value as evident that we have awarded several times by ICSB for the best practices of corporate governance in our organization. Good Governance is the cornerstone of sustainability and creation of long term value – both inherently underlying the structures and work processes of BSRM Steels Limited in its history of being a pioneer in the industries, we operate in and in turn one of the best steel industry in Bangladesh. Corporate Government refers to the structures and processes for the direction and control of companies. Sound corporate governance is a fundamental part of the culture of the company and ensures long term success. Corporate governance concerns the relationships among the management, Board of Directors, controlling shareholders, minority shareholders and other stakeholders. Good corporate governance contributes to sustainable economic development by enhancing the performance of companies. The Board of Directors of BSRM Steels Limited is firmly committed to upholding principles of sound corporate governance. The main objective of corporate governance is creation of lasting value for stakeholders. Transparency in business transaction and disclosure of information to regulatory bodies as part of its legal obligations constitute sound corporate governance. Good corporate governance also means conformity to sound ethical principles and a code of conduct in business dealings.

Board of Directors

Board of Directors is the representative and trustee of the shareholders of the company. The Board of directors of BSRM Steels Limited comprises of five members including Chairman, Managing Director and the board also has one independent director in compliance with the corporate Governance Guidelines of BSEC. The Directors possess a wide range of experience, expertise and specialized skills to assist in decision-making and leading the Company for the benefit of its shareholders. Board of Directors is performing the responsibilities, among others, setting the company's strategic objectives, providing leadership, supervision and safeguarding shareholders' interest.

Selection and appointment of new Directors

Directors should ensure that the Company is properly managed to protect and enhance shareholder value and to meet the Company's obligations to shareholders, to the industry and to the law. In carrying out this duty, the Board should always be mindful of the need for establishing a Board that enhances the efficient and effective running of the Company. In relation to the selection and appointment of new Directors (if any), the existing Board of Directors has the following duties and responsibilities:

- Regularly review the size and composition of the Board and the mix of expertise, skills, experience and perspectives that may be desirable to permit the Board to execute its functions.
- Identify any competencies not adequately represented and agree to the process necessary to be assured that a candidate nominated by the board members/shareholders with those competencies is selected.
- Ensure that the Board maintains at least 5 Directors, with an independent Director and have a reputable standing in the industry

The Directors are appointed by the shareholders in the Annual General Meeting (AGM). Casual vacancies, if any, are filled by the Board in accordance with the stipulations of the Companies Act, 1994 and the Articles of the Company.

Retirement and re-election of Directors

As per the Articles of Association of the Company, one-third of the Directors are required to retire from the Board every year, comprising those who have been in the office the longest since their last election. A retiring Director shall be eligible for re-election.

Qualification of Board members

The Board of Directors of BSRM Steels Limited consists of members who possess a wide variety of knowledge and experience in different arena of corporate world. This ensures that together, they formulate the right policy for the development of the business. Two of the Directors in the Board are Chartered Accountants with elevated experience across key positions of finance and accounts, and who normally provides guidance in matters applicable to accounting and auditing-related issues to ensure compliance and reliable financial reporting. Respective qualification of Directors is appended in Directors' profile on page no 31 of this annual report.

The Role of the Board

The Board is responsible for the overall governance conduct and implementation of sound business strategies within the Company and has the powers and duties afforded within the milieu of relevant laws / regulations of the country, regulatory authorities, and professional institutes. In addition, the Board of Directors, both individually and collectively, strive to comply with best practices on environmental, health, safety and ethical standards whilst ensuring that the interest of all stakeholder groups are considered when taking decision.

Audit Committee

BSRM Steels Limited has an Audit Committee as a sub-committee of the Board of Directors. This committee is assisting the Board of Directors in ensuring that the financial statements reflect true and fair view of the state of affairs of the company and in ensuring a good monitoring system within the business. This committee is responsible to the Board of Directors and its duties and responsibilities are clearly set forth in writing. Audit Committee is reconstituted as per the quidelines of BSEC.

Audit Committee holds regular meetings on the following major issues:

- to review the financial statements (consolidated and separate) and reporting process and monitor the choice of accounting policies and principles;
- to review the business risk management;
- to review the internal audit assessment;
- to ensure the good corporate practices.

A separate report of the audit committee is included in the annual report.

Chairman of the Board and Managing Director

In BSRM Steels Limited, Chairman and Managing Director are two separate individuals selected from the Board of Directors. Both are performing defined responsibilities and focusing on the strategic value addition of the company. Managing director is performing the role of Chief Executive.

Directors' report to Shareholders

Board of Directors report on the performance, annual achievements and status of the company's activities to the shareholders. They are also conveying the future plan and outlook of the industry and company in their report.

Chief Financial Officer, Company Secretary and Head of Internal Audit

Company has appointed two qualified Professional Accountants designated as Chief Financial Officer and Company Secretary. The CFO & Company Secretary regularly advise and assist the Board on financial strategy and compliance issues of the regulatory bodies. Chief Financial Officer and Company Secretary are also attending Board Meetings as per Corporate Governance notification of the BSEC. Company's internal audit department is also headed by a Head of Internal Audit-a qualified Chartered Accountant having professional expertise and long experiences in the field of internal audit.

Board of Directors clearly defined respective roles, responsibilities and duties of the CFO, Company Secretary and Head of Internal Audit.

Internal Audit and Control

BSRM Steels Limited established an Internal Audit Department consisting of professional and knowledgeable employees. Internal Audit Department directly reports to the Board of Directors.

Internal Audit department regularly conducts their audit based on a yearly Internal Audit Plan and checks, verifies and reviews the compliance of Internal Control Procedure and other regulatory requirements.

External Auditors

External Auditors of BSRM Steels Limited is appointed in every Annual General Meeting (AGM) by the Shareholders of the company as per Company Act 1994. Company also conforms to the requirement of Bangladesh Securities and Exchange Commission in appointing external auditors. External Auditors are not engaged to perform any of the tasks other than external /statutory audit.

Subsidiary Company

Board of the Directors of BSRM Iron & Steel Co. Ltd. - Subsidiary Company of BSRM Steels Limited is also constituted in line with the guidelines of BSEC as per Corporate Governance Notification. Independent Director of holding company has also been director of subsidiary company. Minutes of the Board of directors' meeting of subsidiary company are reviewed by the Board of holding company. The Audit Committee of the BSRM Steels limited (holding company) also reviews the financial statements of the subsidiary company.

Key Management Committee

There are other sub-committees to the Board of Directors to assist the Board of Directors in making and formulating company's strategic objectives and policies namely Management Committee & Executive Committee. These committee members sit regularly for discussing and reviewing the activities of the company.

WATER TRANSPORT IS THE EASIEST AND CHEAPEST, YET NOT THE SAFEST

Bangladesh is a nation of rivers. Thus, waterways are one of the most convenient and cheapest modes of transport for both goods and passengers; yet river transport accidents are a daily occurrence.

According to sources in the Department of Shipping, in the last 40 years at least 4,420 people died, 520 were injured and 400 remain missing in more than 550 passenger launch accidents. The death rate is alarming. Government has recently undertaken different initiatives and laws to minimize river accidents and to save lives. We at BSRM also believe that only when people are safe, they can live better lives.

Independent auditor's report to the shareholders of BSRM Steels Limited

Report on the Financial Statements

We have audited the accompanying financial statements of BSRM Steels Limited ("the Company") which comprise the statement of financial position as at 30 June 2017, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period (eighteen months) then ended, and a summary of significant accounting policies and other explanatory information and all related consolidated financial statements of BSRM Steels Limited, and its subsidiary and associate (together referred to as "the group").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Bangladesh Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The financial statements of the Company's subsidiary, BSRM Iron and Steel Company Ltd. (BISCO), was not audited by us. The financial statements of BISCO shows total assets of Taka 6,720,804,320 as on 30 June 2017 and total revenue of Taka 11,935,783,943 for the eighteen months period then ended. Basu Banerjee Nath & Co., Chartered Accountants has audited the Financial Statements of BISCO and expressed an unqualified opinion. Our opinion, in so far as it relates to the amounts included in respect of the company's subsidiary, is based on the audited financial statements and reports issued by the subsidiary's auditor.

Opinion

In our opinion, the financial statements including consolidated financial statements give a true and fair view of the financial position of the company and of the group as at 30 June 2017, and of their financial performance and cash flows for the period (eighteen months) then ended in accordance with Bangladesh Financial Reporting Standards.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and Securities and Exchange Rules 1987, we also report the following:

we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;

in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;

the statement of financial position, and the statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account; and the expenditure incurred was for the purposes of the Company's business.

REPORT &

AUDITORS'

Report 2016-171 087

Annual

1.00 Reporting entity

1.01 Legal form of the entity

BSRM Steels Limited (hereinafter referred to as 'BSL', 'the company' or 'the Parent') was incorporated on 20 July, 2002, vide the certificate C-No. 4392 of 2002 as a Private Limited Company in Bangladesh under Companies Act 1994. The company was converted to a Public Limited Company on 20 December 2006. The Company is listed with Dhaka Stock Exchange (DSE) and Chittagong Stock Exchange (CSE) as a publicly quoted company. Trading of the shares of the company started in two stock exchanges from 18 January 2009.

The company has set up its rolling mill at 4 Fouzderhat Industrial Estate, Latifpur, Sitakunda, Chittagong and commenced commercial production from 1 April 2008. The registered office of the company is situated at Ali Mansion, 1207/1099, Sadarghat Road, Chittagong, Bangladesh.

1.02 Nature of the business

The main objective of the company is to manufacture M.S. products by setting up rolling and re-rolling mills and marketing the same.

1.03 BSRM Iron & Steel Co. Limited- subsidiary

BSL acquired 95% equity interest in BSRM Iron & Steel Co. Limited (BISCO) i.e. 104,500,000 Ordinary Shares of Tk. 10 each on 10 November 2010 in exchange of 104,500,000 Ordinary Shares of Tk. 10 each of BSRM Steels Limited.

BISCO was incorporated on 13 April 2005 as a Private Limited Company and was subsequently converted to a Public Limited Company on 15 March 2011. The principal activity of BISCO is to manufacture and sell M.S. Billets. It commenced commercial production from 1 June 2010. The Financial Statements of this subsidiary company is included in the Consolidated Financial Statements according to BFRS 10 - "Consolidated Financial Statements".

1.04 BSRM Steel Mills Limited- associate

BSRM Steel Mills Limited (BSML) was incorporated on 16 April 2008 as a Private Limited Company and was subsequently converted to a Public Limited Company on 12 November 2013. The main objective of BSML is to manufacture and sell M.S. Billets. Paid up Capital of BSML is Tk. 394.43 Crore divided into 39.44 Crore Ordinary Shares of Tk. 10 each. BSRM Steels Limited has acquired 100,000,000 nos. of Ordinary Shares of Tk. 10 each of BSML i.e., 25.35% (25.35% in 2015). BSML commenced commercial production on 16 June 2016.

2.00 Basis of accounting

2.01 Statement of compliance

These Financial Statements have been prepared on a going concern basis following accrual basis of accounting except for Cash Flow Statement in accordance with the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh (ICAB) as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs).

2.02 Basis of reporting

These financial statements are prepared and presented for external users by the company in accordance with identified financial reporting framework. Presentation has been made in compliance with the requirements of BAS 1: "Presentation of Financial Statements".

2.03 Other regulatory compliances

The group entities are also required to comply with the following major laws and regulations along with the Companies Act 1994:

- i) The Income Tax Ordinance, 1984
- ii) The Income Tax Rules, 1984
- iii) The Value Added Tax Act, 1991
- iv) The Value Added Tax Rules, 1991
- v) The Customs Act, 1969
- vi) Bangladesh Labour Law 2006
- vii) The Securities and Exchange Ordinance, 1969
- viii) The Securities and Exchange Rules, 1987

2.04 Basis of measurement

These Financial Statements have been prepared on going concern basis under the historical cost convention except for some classes of Property, Plant and Equipment which are measured at revalued amount.

2.05 Going concern

The group entities have adequate resources to continue its operation in foreseeable future. For this reason the directors continue to adopt going concern basis in preparing the Financial Statements. The current revenue generations and resources of the group provide sufficient fund to meet the present requirements of its existing business and operations.

2.06 Reporting period

The financial statements of the company and the consolidated financial statements of the group cover eighteen months from 01 January 2016 to 30 June 2017. Until 31 December 2015, financial year of the company and the group was from 01 January to 31 December. Consequent to changes brought in by Finance Act 2015, the company has changed its financial year end to 30 June to comply with the Act.

2.07 Authorization for issue

These financial statements have been authorized for issue by the Board of Directors on 12 August 2017.

2.08 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of the financial statements as at and for the period ended 30 June 2017 are consistent with those policies and methods except depreciation method adopted in preparing the financial statements for the year ended 31 December 2015.

2.09 Comparative information

Comparative information has been disclosed in respect of 2015 in accordance with BAS-1: Presentation of financial statements, for all numeric information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period's financial statements. Prior year's figures have been rearranged wherever considered necessary to ensure comparability with the current period.

As the year end has been changed to 30 June from 31 December to comply with the Finance Act, these financial statements cover eighteen months whereas the comparative information cover twelve months. Hence, the comparative information are not entirely comparable.

2.10 Functional and presentation currency

These Financial Statements are prepared in Bangladesh Taka, which is the company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer.

3.00 Use of estimates and judgements

The preparation of the Financial Statements in conformity with BAS and BFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Judgements, Assumptions and estimation uncertainties

Information about judgements made in applying accounting policies and assumptions and estimation uncertainties that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 13.00 Property, plant and equipment
- Note 15.00 Intangible assets
- Note 18.00 Inventories
- Note 19.00 Trade and other receivables
- Note 25.00 Provision for gratuity
- Note 26.00 Current tax liability
- Note 27.00 Deferred tax liability
- Note 33.00 Other liabilities
- Note 35.00 Contingent liabilities

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Significant valuation issues are reported to the Group's Audit Committee.

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

	In Taka	Note	July'16-June'17	Jan'16-June'16	Jan'16-June'17	Jan'15-Dec'15
	Profit attributable to the ordinary shareholders (Taka)		1,648,035,691	1,313,318,100	2,961,353,791	2,081,877,163
	Weighted Average no. of shares outstanding during the year (Nos.)		341,775,000	341,775,000	341,775,000	341,775,000
	Basic EPS (Taka)		4.82	3.84	8.66	6.09

Earnings per share (EPS) has been computed by dividing the net profit after tax (NPAT) by the weighted average number of ordinary shares outstanding on the reporting date as per BAS-33: Earnings Per Share. No diluted EPS was required to be calculated for the year since there was no scope for dilution.

12.a Consolidated earnings per share (CEPS)

13.02 Revaluation of property, plant and equipment

Land and factory building of the Company was revalued by Rahman Rahman Huq, Chartered Accountants with assistance from Asian Surveyors Ltd., 28 Dilkhusha C/A, Dhaka as at 31 May 2012. These assets were revalued using the market value approach for land and depreciated replacement cost approach for factory building. As per revaluation report, the revaluation surplus stood at Tk. 2,329,019,189. This revaluation has been recognized in the books of the Company in 2012.

Total 401.43 decimals land situated at Fouzdarhat, Boalkhali, Kumira and land purchased from Modern Karilin Silk Mills Ltd. were registered in the name of the company but yet to be mutated and were not considered for revaluation.

13.03 Changes in accounting estimates

Management has reviewed the useful lives and pattern of usage of property, plant and equipments, and accordingly depreciation method of PPE has been changed from reducing balance method to straight line method and depreciation rates have also been changed. The effect of the change on actual and expected depreciation expense of the Group was as follows:

In Taka	2016-17	2017-18	2018-19	2019-20	2020-21
Increase in depreciation					
expense	57,115,080	111,163,494	117,235,842	130,996,245	137,544,557

14.00 Details of under construction assets (Capital work in progress) See accounting policy in note 43.04.

AUDITORS' REPORT & FINANCIALS 2016-17

Report 2016-17 | **104**

BSRM Steels Limited has acquired 95% equity interest in BSRM Iron and Steel Co. Limited (104,500,000 Ordinary Shares of Tk. 10 each) on 10 November 2010 in exchange of 104,500,000 Ordinary Shares of Tk. 10 each in BSRM Steels Limited. An amount of Tk. 1,045,000,000 being face value of shares issued against acquisition of this subsidiary has been shown as investment in subsidiary at cost as per BAS 27. BSRM Steels Limited and BSRM Iron & Steel Co. Ltd. are being operated under common control.

16.02 Investment in associate company- BSRM Steel Mills Limited

BSRM Steels Limited has 25.35% equity interest in BSRM Steel Mills Limited (BSML) i.e. 100,000,000 Ordinary Shares of Tk. 10 each. BSML has been considered as an equity accounted investee of the company and has been accounted for according to BAS 28: Investments in Associates and Joint Ventures. Reporting date of BSML is 30 June.

26.01 The company, following decision of the Board of Directors in its Meeting held on 7 March, 2012 filed a Writ Petition on 22 March, 2012 before the High Court Division of Supreme Court of Bangladesh challenging the legality of Section 16CCC of Income Tax Ordinance 1984 imposing minimum income tax of 0.50% (currently 0.60%) of the gross receipts of the company regardless of profit or loss as per financial statements. Accordingly, the High Court issued a Rule Nisi calling the Government Authorities to show cause as to why Section 16CCC of the Income Tax Ordinance 1984 should not be declared to be illegal and of no legal effect and pending hearing of the Rule restrained the Government Authorities from charging minimum tax under the said Section. In view of above, no provision for income tax up to 2012 envisaged u/s 16CCC was made in the financial statements. Subsequently, the decision of Honourable High Court division has gone against the company and provision for minimum tax liability against previous years has been provided in the period of six months ended on June 30, 2016.

Reconciliation of effective tax rate

26.a

40.00 Proposed merger

AUDITORS' REPORT & FINANCIALS 2016-17

Report 2016-171126

As per decision of Extra Ordinary General Meeting (EGM) of shareholders held on 30 March 2016, the company is going to be merged with its subsidiary BSRM Iron & Steel Co. Ltd. subject to getting approvals from Honorable High Court Division of the Supreme Court of Bangladesh and concerned regulatory authorities.

41.00 Financial risk management

Bangladesh Financial Reporting Standard BFRS 7- Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the Group's policies for controlling risks and exposures.

The company management has overall responsibility for the establishment and oversight of the Company's risk management framework. The company's management policies are established to identify and analyze the risks faced by the Company to set appropriate risk limits and controls and to monitor risks and adherence to limit. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. The Company has exposure to the following risks from its use of financial instruments:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

41.01 Credit risk

Credit risk is the risk of a financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables and investments.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts receivable are related to sale of steels (MS Rod and allied products).

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

a) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

In Taka	Note	30 June 17	30 June 16	31-Dec-15

		3,083,992,846	2,358,853,172	2,015,372,386

41.02 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to Liquidity risk

The followings are the contractual maturities of financial liabilities:

41.03 Market risk

AUDITORS' REPORT & FINANCIALS 2016-17

Report 2016-17 | **128**

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

41.03.01 Currency risk exposure and its management

The company is exposed to currency risk on sales, purchases, borrowings and payables that are denominated in a currency other than the functional currencies of the company. To manage this exposure, the company has adopted direct risk reduction methods based on matching receipts and payments on assets and liabilities.

The Company is exposed to foreign currency risk relating to purchases and other transactions which are denominated in foreign currencies. As at 30 June 2017, the Company was exposed to foreign currency risk in respect of financial liabilities denominated in the following currencies:

Foreign currency denominated assets: - - 13,649 1,110,367 Cash and cash equivalents - - 1,766,678 137,094,185 Trade and other receivables - - 1,780,326.9 138,204,552	Exposure to currency risk 30.06.2017	<u>GBP</u>		EURO	USD	<u>Taka</u>

Sensitivity analysis

A reasonably possible strengthening (weakening) of the foreign currencies against BD Taka at the reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

41.03.02 Transaction risk

Transaction risk is the risk that the company will incur exchange losses when the accounting results are translated into the home currency.

41.03.03 Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the company.

41.03.04 Interest risk

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to re-pay debts as they fall due and to minimize the risks surrounding interest payments and receipts.

Exposure to interest rate risk

The interest rate profile of the company's interest- bearing financial instruments as reported to the management of the company is as follows.

Fixed- rate instruments

43.00 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The specific accounting policies selected and applied by the company's management for significant transactions and events that have material effect within the framework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the period and were also consistent with those used in earlier years.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the BAS-1 "Presentation of Financial Statements". The recommendations of BAS-1 relating to the format of financial statements were also taken into full consideration for fair presentation.

Set out below is an index of the significant accounting policies, the details of which are available on the following:

- 43.01 Basis of consolidation and disclosure of interest in other entities
- 43.02 Consistency
- 43.03 Property, Plant and Equipment
- 43.04 Capital Work-In-Progress
- 43.05 Intangible Assets
- 43.06 Inventories
- 43.07 Transactions in Foreign Currencies
- 43.08 Investment in Associate
- 43.09 Financial Assets
- 43.10 Financial Liabilities
- 43.11 Impairment
- 43.12 Cash Flow Statement
- 43.13 Provisions, Contingent Liabilities and Contingent Assets
- 43.14 Borrowing Costs
- 43.15 Taxation
- 43.16 Share Capital
- 43.17 Employee Benefits
- 43.18 Revenue Recognition
- 43.19 Finance Income and Costs
- 43.20 Other Operating Income
- 43.21 Earnings Per Share (EPS)
- 43.22 Duty Drawback
- 43.23 Measurement of Fair Values
- 43.24 Events After the Reporting Period
- 43.25 Comparative Information
- 43.26 Leases
- 43.27 Standards adopted but not yet effective

43.01 Basis of consolidation and disclosure of interest in other entities

Subsidiary is an enterprise controlled by the parent entity. Control exists when an investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The financial statements of subsidiary are included in the consolidated financial statements from the date that control commences until the date that control ceases. The consolidated financial statements have been prepared in accordance with BFRS 10 "Consolidated Financial Statements".

BISCO is a subsidiary company of BSL. The Company has made 95% equity investment in this subsidiary. BSL is exposed to and has rights, to variable returns from the subsidiary and also has the ability to affect those returns through its power over BISCO.

The Financial Statements of the subsidiary company are incorporated on a line by line basis and the investment held by the parent is eliminated against the corresponding share capital of subsidiary in the consolidated financial statements. The accounting policies of subsidiary have been changed when it is necessary to align them with the policies adopted by BSRM Steels Limited (Parent entity).

The group eliminates intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intra-group transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full).

Non-controlling interests

The group presents non-controlling interests in its consolidated statement of financial position within equity, separately from the equity of the owners of the parent.

The group attributes the profit or loss and each component of other comprehensive income to the owners of the parent and to the non-controlling interests. The proportion allocated to the parent and non-controlling interests are determined on the basis of present ownership interests.

43.02 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of Financial Statements for the period/year are consistent with those policies and methods adopted in preparing the Financial Statements for the previous period/year.

43.03 Property, Plant and Equipment

43.03.01 Recognition and Measurement

Property, Plant and Equipment are stated at cost less accumulated depreciation except Land & land development and Factory Building which are carried at revalued amount, being fair values at the date of revaluation less subsequent accumulated depreciation and subsequent impairment losses, if any.

Cost includes expenditures that are directly attributable to the acquisition of an asset. The cost of selfconstructed / installed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to the working condition for its intended use and the cost of dismantling and removing an item and restoring the site on which they are located.

When parts of an item of Property, Plant and Equipment have different useful lives, they are accounted for as separate items (major components) of Property, Plant and Equipment.

43.03.02 Subsequent Costs

The cost of replacing part of an item of Property, Plant and Equipment is recognized in the carrying amount of the item, if it is probable that the future benefit embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day to day servicing of Property, Plant and Equipment are recognized in profit and loss as incurred.

43.03.03 Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other property, plant and equipment, depreciation is recognized in statement of profit or loss and other comprehensive income on straight line method over the estimated useful lives of property, plant and equipment.

Depreciation is charged on addition when it is ready for use and no depreciation is charged in the month of disposal. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. The depreciation charge for each period is recognized as an expense unless it is included in the carrying amount of another asset.

The principal annual rates and allocation basis under reducing balance method were as follows:

Category of Assets	Useful lives (years)
Plant and Machinery	7-25
Motor Vehicle	6-15
Furniture and Fixtures	5
Office Equipment	5
Factory Buildings	20
Roads and Pavements	20
Computer & IT equipment	5

Depreciation methods, useful lives and residual values are reassessed at the reporting dates. Management has reviewed and revised the depreciation method from reducing balance method to straight line method and estimated useful lives of assets in the 222nd meeting of the Board of Directors held on 26 January 2017 effective from January 2017.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

43.04 Capital Work-In-Progress

Property, Plant and Equipment under construction/acquisition is accounted for and measured at cost as capital work-in-progress until construction/acquisition is completed and it is ready for use.

43.05 Intangible Assets

43.05.01 Recognition and measurement

Intangible Assets that are acquired by the company and have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses, if any. Intangible Assets are recognized when all the conditions for recognition as per BAS 38: "Intangible Assets" are met. The cost of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

43.05.02 Subsequent Costs

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in profit or loss as incurred.

43.05.03 Amortization

Amortization is recognized in profit or loss on a straight line basis over the estimated useful lives of intangible assets, from the date that they are available for use. The estimated useful lives and rates of amortization are as follows:

Category of Assets	<u>Useful lives</u>
Trade Marks	20 years
Oracle eBS software	10 years

43.06 Inventories

Nature of inventories

Inventories comprise Raw Materials (Billets and Melting Scrap), Packing Materials, Consumable Stores, Fuel and Lubricants & Finished Goods (MS Rods/Billets) etc.

Valuation of the inventories

Inventories are measured at lower of cost and net realizable value. The cost of inventories includes expenditure incurred in acquiring these inventories and bringing them to their existing location and condition in accordance with BAS-2 "Inventories".

Category	Valuation
Finished Goods	Finished goods are valued at cost or net realizable value whichever is lower.
Raw Materials	Raw materials are valued at cost or net realizable value whichever is lower.
Store items	Based on weighted average method.

Weighted average cost method has been used to determine the cost of inventories.

43.07 Transactions in Foreign Currencies

Foreign currency transactions are recorded at the applicable rates of exchange ruling on the date of transactions. Monetary assets & liabilities, if any, denominated in foreign currencies at the Statement of Financial Position date are translated at the applicable rates of exchange ruling at that date and the related exchange differences are recognized as finance income or cost in the Statement of Profit or Loss and Other Comprehensive Income respectively.

43.08 Investment in Associate

The company's investment in associates is accounted for in the Financial Statements using the Equity Method in accordance with BAS 28: 'Investment in Associates & Joint Ventures'. Significant influence over an investee (associate) BSRM Steel Mills Limited is presumed to exist in accordance with BAS 28.5-28.9. Investment in an associate is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition. The investor's share of investee's profit or loss is recognized in the investor's profit or loss. Adjustment after the date of acquisition to the carrying amount has been made for changes in the investor's proportionate interest in the investee that arising from the revaluation of property, plant & equipment and from foreign currency translation differences. The investor's share of those changes is recognized in other comprehensive income of the investor.

The excess of company's share of net assets' value of associate over cost of investment is recognized in profit or loss as share of associate's profit or loss during acquisition period as per provision of BAS-28.

43.09 Financial Assets

The group initially recognizes loans and receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the trade date, which is the date the group becomes a party to the contractual provisions of the instrument.

The group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

Financial assets include Short Term Investments; Trade and Other Receivables; Advances, Deposits and Prepayments; Loan to Related Companies and Cash and Bank balances etc.

43.09.01 Trade and Other Receivables

Trade and other receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition, these are carried at cost less impairment losses, if any, due to un-collectability of any amount so recognized.

Provisions for bad or doubtful debts are shown in other liabilities. Provision for doubtful debts is made based on the company policy. Bad debts are written off considering the status of individual debtors.

43.09.02 Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as Property, Plant and Equipment, Inventory or Expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit or loss.

43.09.03 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

43.10 Financial Liabilities

The group recognizes all financial liabilities on the trade date which is the date the group becomes a party to the contractual provisions of the instrument. The group derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired. Financial liabilities comprise Trade Creditors and other financial obligations.

43.10.01 Trade and Other Payables

The group recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

43.11 Impairment

43.11.01 Financial Assets

Financial assets are impaired if objective evidence indicates that a loss event has occurred after initial recognition of the assets and that the loss event had a negative effect on the estimated future cash flows of that assets that can be estimated reliably.

Financial assets not classified as fair value through profit or loss, loans, receivables and investment in an equity accounted investee are assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

2016-17 | 135

43.11.02 Non Financial Assets

The carrying amounts of the group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the recoverable amount of the asset is estimated. An impairment loss is recognized if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

43.12 Cash Flow Statement

Statement of Cash Flows is prepared principally in accordance with BAS 7 (Cash Flow Statement) and the cash flow from operating activities have been presented under direct method.

43.13 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized in the Statement of Financial Position when the group has a legal or contractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingencies arising from claims, litigations, assessments, fine, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Contingent assets are not recognized in the financial statements.

43.14 Borrowing Costs

Interest and other costs incurred by the group in connection with the borrowing of funds are recognized as expense in the period in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per BAS 23 "Borrowing Costs".

43.15 Taxation

43.15.01 Current Tax

The group has been maintaining provision for taxation using rates enacted at the reporting date as per Income Tax Ordinance, 1984. The applicable rates are 25% for the company and currently the tax rate applicable for BISCO is 35%.

43.15.02 Deferred Tax

Deferred tax liabilities are the amount of income taxes payable in the future periods in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future periods in respect of deductible temporary differences. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences arising between the carrying values of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantially enacted at the Statement of Financial Position date. The impact of changes on the account in the deferred tax assets and liabilities has also been recognized in the statement of profit or loss and other comprehensive income as per BAS-12 "Income Taxes".

Deferred tax on revaluation surplus of land and land development has not been recognized in the Financial Statements on the ground that income tax payable at source on capital gain during registration of sale of land is generally borne by the buyer. Hence possibility of having income tax implication on land is very remote.

43.16 Share Capital

AUDITORS' REPORT & FINANCIALS 2016-17

Report 2016-17 | 136

Paid-up-capital represents total amount contributed by the shareholders and bonus shares issued by the company to the ordinary shareholders. Incremental costs directly attributable to the issue of ordinary shares are recognized as expenses as and when incurred. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders rank after all other shareholders. Creditors are fully entitled to any proceeds of liquidation before all shareholders.

43.17 Employee Benefits

The group maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

43.17.01 Defined Contribution Plan

The group maintains a recognized provident fund for all eligible permanent employees in which both employee and employer contributes 10% of basic pay. The said fund is managed by the Board of Trustees.

43.17.02 Defined Benefit Plan

The group maintains an unfunded gratuity scheme and provision in respect of which is made annually for the employees. Gratuity payable at the end of each year is determined on the basis of following rules and regulations of the company.

Service length	Payment basis
Less than five (5) years For five (5) years and more	Nil Two (2) times of last month's basic salary multiplied by year of service.

43.17.03 Workers' Profit Participation and Welfare Funds

The company also recognizes a provision for Workers' Profit Participation and Welfare Funds @ 5% of net profit before tax as per Bangladesh Labour Law 2006.

43.18 Revenue Recognition

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and rebates, if any. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably and there is no continuing management involvement with the goods. Sales revenue is recognized when the goods are delivered.

43.19 Finance Income and Costs

43.19.01 Finance Income

Interest income from bank deposits and loan to related-companies is recognized in the profit or loss on accrual basis following specific rate of interest in agreement with banks and related companies.

43.19.02 Finance Costs

Interest expenses except expenses related to acquisition/construction of assets, incurred during the year are charged to Statement of Profit or Loss and Other Comprehensive Income on accrual basis.

43.20 Other Operating Income

Other operating income includes interest income on delayed receipts from customers, gain / (loss) on sale of fixed assets and miscellaneous receipts. Other operating income is recognized as revenue income as and when realized.

43.21 Earnings Per Share (EPS)

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard BAS-33 "Earnings per Share" which has been reported on the face of Statement of Profit or Loss and Other Comprehensive Income.

43.21.01 Basis of Earnings

This represents profit for the year attributable to ordinary shareholders and Non- Controlling shareholders. As there were no preference shares requiring returns or dividends, the net profit after tax for the year has been considered as fully attributable to the ordinary shareholders.

43.21.02 Basic Earnings Per Share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

43.21.03 Diluted Earnings Per Share

Diluted earnings per share is required to be calculated for the year when scope for dilution exists.

43.22 Duty Drawback

Duty drawback claimed on export sales is adjusted against cost of imported raw materials.

2016-17 | **137**

43.23 Measurement of Fair Values

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Property, plant and equipment

The fair value of items of property, plant and equipment has been determined based on the depreciated replacement cost method and net realizable value method as applicable.

Equity and debt securities

Fair values of tradable equity and debt securities are determined by reference to their quoted closing price in active market at the reporting date which are categorized under 'Level 1' of the fair value hierarchy.

43.24 Events After the Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

43.25 Comparative Information

Comparative information is disclosed in respect of the prior period/year in accordance with BAS-1: Presentation of Financial Statements, for all numeric information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period's/year's financial statements. Prior period's/year's figures is rearranged wherever considered necessary to ensure comparability with the current period.

43.26 Leases

At inception of an arrangement, the company determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the entity separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values.

43.26.01 Finance Lease

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payments made under finance lease are apportioned between the finance expense and the reduction of outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant rate of interest on the remaining balance of the liability.

43.26.02 Operating lease

Leases that are not finance lease are considered as operating leases and the leased assets are not recognised in the company's Statement of Financial Position. Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.

43.27 Standards adopted but not yet effective

The Institute of Chartered Accountants of Bangladesh (ICAB) has adopted following new standards and amendments to standards. All previously adopted reporting standards are consistently applied by the Company to the extent relevant for the Company.

New standards	Summary of the requirements	Possible impact on
BFRS 9 Financial Instruments	BFRS 9, published in July 2014, replaces the existing guidance in BAS 39 Financial Instruments: Recognition and Measurement. BFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from BAS 39. BFRS 9 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.	The Company is assessing the potential impact on its financial statements resulting from the application of BFRS 9.
BFRS 15 Revenue from Contracts with Customers	BFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including BAS 18 Revenue, BAS 11 Construction Contracts and BFRIC 13 Customer Loyalty Programmes. BFRS 15 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.	The Company is assessing the potential impact on its financial statements resulting from the application of BERS 15

Auditors

The Company's Auditors M/s Basu Banerjee Nath & Co. Chartered Accountants, retire and are eligible for reappointment. Boards of Directors recommend their appointment for the ensuing year/ till merger.

Outlook for 2017-18

The atmosphere of economy and business was good in 2016-17. We did not see any major natural calamities and political unrest during 2016-17. Steel industry is an established and growing industry in Bangladesh. We expect a huge demand of quality steel this year for construction of various mega projects in our country. Predominantly based in the port city of Chittagong, the industry has emerged as a major contributor to the national economy. Our company is striving hard tomaintainsustainable growth of the company by adopting and investing in the state-of-the-art technology and management practices. We give top priority to fairness, righteousness, and equitable opportunities to all of our employees, stakeholders, regulators and agencies of the government on the basis of legal/social orders, professionalism, corporate social responsibility, humanism and business ethics combined with morality. We assure you that we shall leave no stone unturned to continue with our standards of these virtues without any compromise.

Events after the date of Financial Position

There is no subsequent event after the date of the Financial Position and till the date of this report which could affect the ability of the users of these financial statements to make an appropriate evaluation.

Gratitude

The Board of Directors record with deep appreciation to all the employees, shareholders, Government Agencies, Bank and Financial institutions, Consumers, Suppliers and other service Agencies for performing their respective roles in their best manner which help us to run our business smoothly and efficiently.

Thanking you all.

By order of the board

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF BSRM Iron & Steel Co. Ltd.

Report on the Financial Statements:

We have audited the accompanying financial statements of **BSRM Iron & Steel Co. Ltd.** which are comprised of the Statement of financial position as of June 30, 2017, Statement of profit or loss & other comprehensive income, Statement of Changes in Equity and Statement of Cash flows for the year ended June 30, 2017 and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements:

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRSs) and for such internal control a management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility:

Our responsibility is to express an expert opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Scope:

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion:

Auditors' Report and Financials 2016-17 of Subs

2016-171**142**

In our opinion, the financial statements of the company prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), including Bangladesh Accounting Standards (BASs) give a true and fair view of the state of the Company's affairs as of June 30, 2017 and the results of its financial performance, Statement of cash flows and Statement of Changes in Equity for the year then ended.

Report on other Legal and Regulatory Requirements:

In our opinion, the Financial Statements comply with the applicable sections of the Companies Act 1994 and other applicable laws and regulations.

- a) Our examination and checking of records, relevant books of accounts, registers, schedules and financial statements were sufficient to enable us to form an informed and assessed opinion on the authenticity and accuracy of the financial statements.
- b) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof.
- c) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books.
- d) The company's Statement of financial position, Statement of profit or loss & other comprehensive income dealt with by this report are in agreement from our examination of those books.

Chittagong, August 07, 2017.

BSRM Iron & Steel Co. Ltd. A Summary of Significant Accounting Policies and Other Explanatory Information FOR THE YEAR ENDED JUNE 30, 2017

01 Legal form of Enterprise

The company was incorporated as a private Limited Company on April 13, 2005, vide certificate of incorporation No. CH-5415 of 2005 under the Companies Act, (No-XVIII), 1994. The Company was converted into a **Public Limited Company** on March 15, 2011. The Company's Registered and Corporate Office is situated at Ali Mansion, Sadarghat Road, Chittagong. It is a subsidiary company of BSRM Steels Limited. The shares of the Company are not quoted for public issue for the public subscription.

01.01 Nature of the business

The principal activities of the company are manufacturing different quality of M.S. Billets and sell the same to steel rolling mills. The company had set up its automatic steel melting plant at 202-205 Nasirabad Industrial Area, Baizid Bostami Road, Chittagong and commenced commercial production from June 01, 2010.

02 Basis of Preparation

02.01 Application of Standards

The following BFRSs and BASs are applicable for the financial statements of the company for the year under audit:

- The following BFRSs and BASs are applicable for the financial statement BAS 1 Presentation of Financial Statements BAS 2 Inventories BAS 7 Statement of Cash Flows BAS 8 Accounting policies, Changes in Accounting Estimates and Errors BAS 10 Events after the Reporting Period BAS 10 Events after the Reporting Period BAS 12 Income Taxes BAS 16 Property, Plant and Equipment BAS 17 Leases BAS 18 Revenue BAS 19 Employee Benefits BAS 21 The Effects of Changes in Foreign Exchange Rates BAS 23 Borrowing Costs BAS 24 Related Party Disclosures BAS 33 Earning Per Share
- BAS 37 Provisions, Contingent Liabilities and Assets
- BAS 38 Intangible Assets

02.02 Statement of compliance

The financial statements have been prepared in compliance with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs).

02.03 Basis of measurement

These financial statements have been prepared on a going concern basis under historical cost convention.

02.04 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and assumptions are reviewed on an on going basis.

02.05 Reporting period

The financial statements of the company cover one year from July 01, 2016 to June 30, 2017. Previously the Company followed financial year January to December but as per requirement of IT Ordinance 1984 prepared financial statements for a period of six months form January 01, 2016 to June 30, 2016 to maintain financial year July to June to make uniformity for all.

03 Significant Accounting Policies

The accounting policies set out below have been applied consistently to all the years presented in these financial statements.

03.01 Foreign currency

Transactions in foreign currency are translated at the rates ruling on the dates advices are received. Monetary assets and liabilities denominated in foreign currencies are retranslated at rates ruling at the reporting date. All exchange differences are charged/credited to statement of profit or loss account and other comprehensive income by being absorbed in the respective date of income & expenditure.

03.02 Property, Plant & Equipment

03.02.01 Recognition and measurement

Property, Plant & Equipment except land & land development are stated at cost less accumulated depreciation.

Cost includes expenditures that are directly attributable to the acquisition of the assets. The cost of self constructed *l*installed assets includes the cost of materials and direct labour and any other costs directly attributable to bringing the assets to the working condition for its intended use and the cost of dismantling and removing the items and restoring the site on which they are located.

When parts of an items of Property, Plant & Equipment have different useful lives, they are accounted for as separate items (major components) of Property, Plant & Equipment.

KPMG Bangladesh (Rahman Rahman Huq, Chartered Accountants), 102 Agrabad C/A, Chittagong, has been engaged by the company to estimate fair market value of the land at different locations in Bangladesh as at 31st May 2012. Rahman Rahman Huq also engaged qualified surveyors named Asian surveyors Ltd, 28 Dilkhusha C/A, Dhaka 1000, for veryfing the land and it's market price.

The valuation had been conducted using the market value method as this is the most commonly used and appropriate for valuation of lands under prevailing circumstances. In the process of valuation, Information from the Land brokers and other related sources, price factors of similar land in the locality, published mouza rates, recent rate of transfer of land in this area have been considered.

As per valuation report the net revaluation gain stood TK. **524,195,793** (Note No. 14). This Revaluaton gain has been recognized in these Financial Statements.

03.02.02 Subsequent costs

The cost of replacing parts of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future benefit embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day to day servicing of property, plant and equipment are recognized in the statement of profit or loss account and other comprehensive income

03.02.03 Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other Property, Plant & Equipment, depreciation is recognized in the statement of profit or loss account and other comprehensive income on diminishing balance method over the estimated useful lives of Property, Plant & Equipment. Depreciation is charged on addition from the month of acquisition/addition (date of service) and no depreciation is charged in the month of disposal. The depreciation method used reflects the pattern in which the assets economic benefits are consumed by the entity. The depreciation charge for each year should be recognized as an expense unless it is included in the carrying amount of another asset. The principal annual rates are as follows.

Name of the Assets	Depreciation Rates (%)	Allocation
Plant & Machinery	7.50%	
Motor Vehicles	20%	Depreciations are charged on
Furniture & Fixture	20%	location basis
Office Equipment	20%	7
Factory Building	5%	7
Roads & Pavements	10%	7
IT Equipment	20%	

Depreciation on all assets have been charged in straight line method instead of reducing balance method w.e.f., from 1st January 2017 under our audit.

03.02.04 Capital work in progress

Property, plant and equipments under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is completed and measured at cost.

03.03 Inventories

Inventories are valued at the lower of cost and estimated net realizable value (NRV). The cost of inventories is valued at weighted average method and includes expenditures for acquiring the inventories and bringing them to their existing location and condition in accordance with BAS-2. Net realizable value (NRV) is the estimated selling price in the ordinary course of business less the estimated cost of completion and selling expenses. When inventories are used, the carrying amount of those inventories is recognized in the year in which the related revenue is recognized. Inventories comprise Raw Materials (Heavy Melting steel scarp, Shredded scarp & Sponge Iron), Store items, Finished goods etc.

03.04 Trade receivables

Trade & other receivables are recognized at cost which is the fair value of the consideration given.

03.05 Advance, deposits & prepayments

Advance are initially measured at cost. After initial recognition, advance are carried at cost less deductions, adjustments or charges to other account heads, such as, property, plant and equipment, inventory or expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to the statement of profit or loss account and other comprehensive income.

03.06 Cash & Cash Equivalents

Cash and cash equivalents comprise of cash in hand and cash at bank, which are available for use of the Company without any restriction.

03.07 Impairment

Financial Assets

Financial Assets are impaired if objective evidence indicates that a loss event has occured after initial recognition or the assets and that the loss event had a negative effect on the estimated future cash flows of that assets that can be estimated reliably.

Non-financial Assets

The carrying amount of the company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

03.08 Employees benefit schemes

A contributory provident fund has been introduced and the fund has obtained recognition from tax authority on 13.04.2011. The provident Fund starts its operation from July 01, 2011. Both employees & company contribute equally (10% of basic salary).

Appropriate Provision has been made for Workers' Profit Participation Fund and Workers' Welfare Fund as per provisions of law.

03.09 Earnings per Share

Basic Earnings:

This represents profit for the year ended attributable to ordinary shareholders. As there is no preference dividend, noncontrolling interest or extra ordinary items, the net profit after tax for the year has been considered fully attributable to the ordinary shareholders (refer to note-31 of the financial statements).

Diluted Earnings per share:

No diluted earnings per share is required to be calculated for the year as there is no scope for dilution during the year under audit.

03.10 Provisions

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefit will be required to settle the obligation.

03.11 Finance income and expense

Interest income has been recognised on cash basis. Interest expenses incurred during the year has been charged to the statement of profit or loss account and other comprehensive income..

03.12 Contingencies

Contingencies arising from claims, litigation, assessment, fines, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

03.13 Income tax expenses

Current tax:

The company in terms of decision of the board of directors in its meeting held on March 07,2012 filed a Writ petition on August 06,2012 before the High Court Division of Supreme Court of Bangladesh challenging the legality of Section 16CCC of Income Tax Ordinance 1984 associated with imposing of minimum tax on Gross Receipts of the company irrespective of profit or loss of the company as per accounts. As a result High Court issued a Rule Nisi calling the Government Authorities to show cause as to why Section 16CCC of the Income Tax Ordinance 1984 should not be declared illegal. Honorable High Court Division of Supreme Court finally discharged the rule regarding our appeal on imposition of Minimum Tax and gave verdict in favour of government. Accordingly, provision of Minimum Tax has been accounted for as applicable for the aforesaid assessment years. Provision for Income Tax for current financial year ended June 30, 2017 has been made as per relevent section 82c of IT Ordinance 1984.

Deferred tax:

The Company has adopted deferred tax accounting policy as required in BAS-12 (Income taxes). Accordingly deferred tax assets/ liabilities is accounted for on all temporary timing differences arising from the tax base of the assets and liabilities and their carrying value for financial reporting purpose.

t 2016-17 | **151**

03.14 Comparative Information and Rearrangement thereof

In accordance with the provisions of BAS-34, Comparative information has been disclosed for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year's financial statements.

Figures for the year 2015 and 01-01-2016 to 30-06-2016 have been rearranged wherever considered necessary to ensure comparability with the current year.

03.15 Revenue Recognition

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net off returns and allowances, Value Added Tax etc.

03.16 Financial Instruments

Non-derivative financial instruments comprise cash & cash equivalents, advance from customers, trade payables, trade receivables and share capital etc.

Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, bank balances.

Trade receivables

Trade receivables are recognised at fair value.

Advance from customers

Advance from customers are recognised at fair value at the date of transactions.

Trade payables and other liabilities

Trade payables and other liabilities are recognized at fair value on the date of transactions. The company derecognizes a financial liabilities when its contractual obligations are discharged, cancelled or expired.

Share capital

Ordinary share are classified as equity.

03.17 Employee Benefits

The company maintains both defined contribution plan i.e Provident Fund and defined benefit plan i.e. Gratuity.

03.18 Proposed Merger

The shareholders of the company has approved in their 6th Extra Ordinary General Meeting held on March 29, 2016 for merger of the company with BSRM Steels Limited under the provision of section 228 and 229 of Companies Act 1994 by transferring all Assets and Liabilities of the company to BSRM Steels Limited subject to the approval of Honourable High Court Division of Supreme Court of Bangladesh.

Annual

WATER BODIES, THE VEINS OF OUR NATION, BUT NOW FACING MASS DESTRUCTION

Water is the most precious resource for Bangladesh. Our society, culture and economy have grown and flourished centered around this resource. Not only do the water bodies act as drinking water reservoirs, there are many consumptive uses such as agriculture and industry, and many non-consumptive uses such as fisheries and navigation. According to projections for 2015, the proportion of total water demands is estimated to be: instream- 56%, agriculture- 32%, environment- 9% and water supply- 3%; thus, consumptive use is 44%.

As time goes on, however, the natural and artificial water reservoirs have been subjected to pollution, forceful possession and filling up. In recent years, the water bodies are being forcefully possessed, filled-in and polluted both by government and other entities. BSRM believes that it's high time to be aware and ensure water body safety, and that conservation of water is vital for sustainable development.
