BSRM
building a safer nation

PREFACE

BUILDING A RESILIENT NATION

True development cannot sustain without being people and environment friendly. Bangladesh caters to numerous sustainable initiatives in different sectors of development widely appreciated and acknowledged by everyone. BSRM, being the leading steel producer of Bangladesh, believes in sustainable development which will be resilient in its outcome.

In line with government's sustainable development projects, BSRM steps forward with their Annual Tree Plantation program and Zero-Emission and Effluent Treatment facilities to cope with the resilience of our national spirit of sustainable progress. Taking all these initiatives into consideration, the future of Bangladesh looks brighter and safer than ever before.

LETTER OF TRANSMITTAL

Date: 31st August, 2017

Valued Shareholders of Bangladesh Steel Re-Rolling Mills Limited
Bangladesh Securities and Exchange Commission
Registrar of Joint Stock Companies & Firms
Dhaka Stock Exchange Ltd.
Chittagong Stock Exchange Ltd.

Annual Report for the period of 18 months from 1st January, 2016 to 30th June, 2017.

Dear Sir (s)

We are pleased to enclose herewith a copy of the Annual Report of Bangladesh Steel Re-Rolling Mills Limited together with the Audited Financial Statements, Report of the Board of Directors and Auditors' Reports thereon for the period from 1st January, 2016 to 30th June, 2017 for your information and records.

Sincerely yours,

Shekhar Ranjan Kar FCA
Group CFO & Company Secretary

CORROSION-RESISTANT STEEL

Corrosion eats up 3.1%–3.5% of the total GDP of a country. To reduce the economic loss due to corrosion and increase longevity of structures, BSRM has developed a new type of advanced steel named BSRM Centura. This Fusion Bonded Epoxy Coated (FBEC) Rebar fights against the natural process of oxidization and is highly suitable for huge structures, roads and bridges, especially in coastal areas where salinity is higher. By developing a sustainable product, BSRM is contributing to build a resilient nation.

WHO ARE WE?

Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD) is the oldest Steel re-rolling mill in Bangladesh. More than 60 years earlier we started our journey with four manual rolling mills. It was first steel mill in Bangladesh.

Now Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD) is the biggest merchant steel re-rolling mill in Bangladesh. This mill is capable of producing high quality Reinforcing Steel and steel sections such as Channels and Angle. BSRMLTD has increased its capacity from 120,000 M. Ton to 450,000 M.Ton and started its commercial operation from December 09, 2015.

BSRMLTD has another unit Steel Melting Works (SMW) which is producing Billets for in-house consumption to produce steel reinforcements and sections. This unit is capable of producing 145,000 M.Ton M.S Billet per annum.

BSRMLTD has significant investment in the equity of BSRM Steels Limited and BSRM Steel Mills Limited. Presently, Bangladesh Steel Re-Rolling Mills Limited is holding 31.19% shares of BSRM Steels Limited and 44.97% shares of BSRM Steel Mills Limited.

LED LIGHT

Lights are one of the key electrical appliances used in modern days. For Bangladesh, 30% of the total electricity produced is consumed by Lights. Energy Efficient LED Lights give us the required lumen by consuming fewer watts, ensuring up to 80% of energy saving compared to the equivalent output of conventional Lights.

OVERALL STRATEGIC OBJECTIVES

- To Produce High Quality Products
- To Reduce the Cost of Production
- To Optimize Production Capacity
- To Ensure Maximum Satisfaction of the Customer
- To Recruit and Development Workforce
- To Ensure Adequate Corporate Governance

The nation has seen a giant leap in Solar Power Sector.
Government has illuminated 12% of the total population through financing the installation
over 4.1 million Solar Home System and 25 Solar Mini grid projects.

BSRM VISION

WE AT BSRM GROUP ASPIRE TO...

- Maintain our leadership position in the steel industry by producing the best quality steel products, continuously enhancing customer satisfaction and becoming a reliable business partner of our customers and suppliers.
- Be an employer of choice, with focus on nurturing talent and developing future leaders of the organization.
- Protect the interest of our shareholders through sustainable growth and value creation.
- Preserve the trust of all our stakeholders by adopting ethical business practices.
- Support the society through Corporate Social Responsibility initiatives.

BSRM VALUES

Sustainable Growth: Consistent improvement in the quality of products and services, efficiency of processes and profitability of business; continuously anticipating and responding to the changing business and environmental needs using innovation; sharing knowledge and experience within the organization.

Quality: Create products and services valued by our customers; constantly improving our processes through innovation and adopting best practices; reducing wastage; minimizing costs; investing in systems & technology and developing our people to build a highly capable workforce.

Reliability: Be the preferred business partner of our customers and suppliers by offering quality products; providing our best and timely service before, during and after the business transactions and honoring all our commitments despite challenges.

Trust: Preserve the faith and goodwill of all our stakeholders – Customers, shareholders, suppliers, employees, regulatory bodies and society by-adopting ethical and transparent business practices, being fair and honest in all our dealings and building robust governance and risk management processes.

Leadership: Be a role model, setting benchmarks through our products, processes and people; constantly moving ahead of competition by differentiating our products, innovating our processes, increasing our market share and nurturing talent to develop leaders within the organization.

Social responsibility: Acknowledge and fulfill our obligations towards the society by undertaking initiatives for the general uplifting of the society, building capability and making facilities available to the underprivileged.

Customer Satisfaction: Delight our external and internal customers at every stage of our interaction with them by truly understanding their needs, offering them our best products and services, treating them with respect and actively seeking and acting on their feedback.

WINDMILL

The power generation capacity from windmills in our coastal areas shows a brighter path for the future. Currently, the estimated annual energy outputs from these coastal windmills are about 200 MWh–230 MWh from a 250 KW windmill station.

CODE OF CONDUCT

BSRM always
adopts best, ethical and
transparent business practices
to be fair and honest in
all our dealings.

We always acknowledge and
fulfill our obligations towards the
Society and offer our best
services to our customers and treat
them with respect and honor.

●

Around 45% of Bangladesh's workforce is employed in agriculture. Bangladesh spends \$900 million per year for 1 million tons of diesel to power its irrigation systems. Solar-powered pumps are a reliable irrigation alternative for farmers, as solar technology helps reduce cost of production and protect the environment.

BSRM GROUP'S MILESTONES

1952	The BSRM saga began with the first steel re-rolling mills to emerge in the then East Bengal.
1984	Introduced high strength cold twisted steel bars (TORSTEEL) to the construction industry.
1987	Introduced high strength deformed reinforcing steel bars conforming to ASTM 615 Grade 60 for the construction industry.
1996	Commissioned the then largest billet making plant in the country - Meghna Engineering Works Limited, now known as Steel Melting Works (SMW) unit of Bangladesh Steel Re-Rolling Mills Ltd.
2006	Introduced micro reinforcement wires, below 8mm for low cost rural construction.
2008	BSRM Steels Limited commenced production of internationally recognized Grade 500 steel bars branded as "Xtreme500W" conforming to ISO 6935-2.
2009	Entrance in the Capital Market-shares of BSRM Steels Limited, the flagship company of BSRM Group was listed with the country's premier bourses Dhaka Stock Exchange (DSE) Ltd. and Chittagong Stock Exchange (CSE) Ltd. on 18 th January 2009. Market Capitalization as on 30 th June 2017 is Tk. 29,974 million. The public shareholding including institutional investors is 29.13%.
2010	BSRM Iron and Steel Co. Ltd. largest billet making plant in the country started commercial production on June 01, 2010.
2012	Production capacity of BSRM Steels Limited enhanced to 600,000 MT per year.
2013	A syndicated term loan of US\$ 40 million and BDT 5,908 million, raised by a consortium of 25 banks and financial institutions for BSRM Steel Mills Limited. It is the largest ever syndicated loan facility arranged for a private company in Bangladesh.
2014	Oracle e-BP -12 went GO LIVE on 1 st March 2014. Oracle Financials, Costing, Purchasing, Manufacturing, EAM, Inventory & order management are now integrated on a single platform which ensure the accuracy, accountability and reliability of the Group.
2015	Capacity of BSRM Steels Limited enhanced from 600,000 MT to 700,000 MT per annum. Announced a new product " BSRM Maxima ". Capacity of Bangladesh Steel Re-Rolling Mills increased from 120,000 MT to 450,000 MT per annum which will be the first and largest merchant mill in Bangladesh. Listing of Bangladesh Steel Re-Rolling Mills Limited with the stock exchanges (DSE & CSE). Starting trial production of world's largest induction furnace based billet casting project –"BSRM Steel Mills Limited".
2016-17	For the first time in the history of BSRM Group, sales of MS Products has crossed one million M.Ton in the year of 2016 BSRM Steel Mills Limited, a largest billet making plant in the country started commercial production in June 2016. " BSRM Ultima " a landmark innovation of BSRM is introduced first time in Bangladesh. EPOXY coated bars for corrosion free structure " CENTURA " is introduced.
WHAT'S NEXT?	Another melting unit with capacity of 430,000 M. Ton for producing billets is under construction at Sonapahar, Mirsharai, Chittagong.

IMPROVED COOK STOVE

89% of our total population uses solid fuel for everyday cooking. Household Air Pollution (HAP), caused by conventional cook stoves, affects 138 million people in Bangladesh and contributes to 78,000 premature deaths every year. Improved Cook Stoves reduce fuel use by 30–60%, resulting in fewer greenhouse gas and black carbon emissions and reducing impacts on forests and biodiversity. Government is working to enable five million households to adopt these cooking solutions by 2017.

ACCOLADES FOR BSRM GROUP OF COMPANIES

----------------------	------------	----------------------	------------

ECONOMIC VALUE ADDED (EVA)

Economic value added attempts to capture the true economic profit of a company. It is also provides a measurement of a company's economic success (or failure) over a period of time.

Calculation of EVA

Net Operating profit after Tax (NOPAT)

Total Capital Employed

Cost of Capital in %

Cost of Capital (COC)

EVA = NOPAT - COC

Amount in '000
Jan'16- June'17
2,722,259
14,443,787
10.00%
1,444,379
1,277,880

The positive number of EVA reveals that the Company is more than covered its cost of capital.

PRODUCTS & MARKETS

Market of BSRM Products and challenges:

BSRM produces high-quality steel in Bangladesh. High strength concrete reinforcing bars conforming to ISO 6935-2 Grade 500W, under the Xtreme500W trade-name. The bars are rolled in sizes ranging from 8mm to 40mm in diameter. The Mill is also capable of producing High-Strength Angle in sizes from 25mmx25mm to 100mmx100mm and channel 100mmx50mmx5mm and 75mmx40mmx4mm both conforming to ASTM A-572 Grade 50 and ISO 630 Grade 345. It has started producing all the above MS Products and it will be able to meet 16% demand of the country.

Last year, BSRM introduced another new product in its portfolio “Centura” which is Fusion Bonded Epoxy Coated Reinforcement or FBECR. This product is globally recognized for protection from seawater corrosion. For the first time in Bangladesh, FBECR will make it possible to construct large coastal power plants, deep sea ports and urban settlements in the coastal belts of the country.

BSRM Centura is a tried and proven product and conforms to all international standards ASTM 775, I.S. 13620, BDS ISO 14654.

There are many factors that are helping the Bangladeshi steel market to grow:

- Individual Home Builder, by far the largest.
- Investment in the communication sectors in bridges and culverts.
- Foreign Direct Investment due to favorable business climate.
- Investment in the Power sector.
- Real Estate sector sales.
- Export to neighboring countries.
- Majority of people still live in thatched houses, as living standards improve there will be a steady transformation to reinforced concrete homes and per capita steel consumption will rise.

However, there are also some challenges that the company must overcome to remain as the industry leader:

- Volatile market price of billets.
- Power and Gas crisis.
- Inefficient distribution channel.
- High borrowing cost and exchange rate risk.
- Difficulties in optimizing use of plants and people for above reason.
- Political unrest.

Bangladesh Steel Re-Rolling Mills Limited has invested 31.19% in BSRM Steels Limited and 44.97% in BSRM Steel Mills Limited. BSRM Steel Mills Limited will produce billets with a capacity of 862,000 M.Ton per annum. BSRM Ltd will be free from volatile billet price fluctuation risk and will be able to supply its product at a competitive price.

BSRM has appointed 780 dealers to sell its products throughout the country. Internal and external training of the salespersons have been planned to increase their efficiency.

Standing from left:
Mr. Zohair Taherali, Mrs. Sabeen Aameir, Mr. Alihussain Akberali FCA, Mr. Aameir Alihussain & Mr. Mono Ranjan Dey FCA

BOARD OF DIRECTORS

MR. ALIHUSSAIN AKBERALI FCA Chairman

Mr. Alihussain Akberali, FCA is involved with the Company as a director since 1980. He was born in 1949 as 3rd son of Late Akberali Alibhai Africawala who was also one of the pioneer in steel business in Bangladesh.

Mr. Alihussain Akberali is the most experienced industrialists and a seasoned business entrepreneur in Bangladesh and always eager to harness any unexploited opportunity in the industry. He has recognized as CIP from large scale industry sector for number of times. He is a Chartered Accountant and a fellow member of the Institute of Chartered Accountant of Bangladesh. He is a member of Audit Committee of the Company.

He is also engaged in various social activities like Rotary Club, Ma-O-Shishu Hospital, Chirayata Shanti Society, Patient Welfare Committee of Chittagong Medical College and Hospital and founder of a School at Nasirabad, Chittagong which imparts free education to more than 350 underprivileged students.

MR. AAMEIR ALIHUSSAIN Managing Director

Mr. Aameir Alihussain completed his graduation in Economics from McGill University, Canada and then MBA from renowned LUMS University. He has joined his family business in 2001 and aims to set high industry standards for the performance of the Company. He is active in the day to day operation of the Company as Managing Director. ●

Containing only 11.2 percent of forested areas out of the total, Bangladesh is among the countries with the least forests in Asia. Between 1990 and 2010, the country lost 3.5% of its forests. Along with government initiatives, some responsible companies have started tree plantation to save the people and the environment. BSRM is one of the leading companies who has been planting trees in different places for years.

ORGANOGRAM

ORGANIC FARMING

Organic agriculture is considered to be a suitable production area to ensure harmonization between human welfare and sustainable development. In recent years, some organizations, cooperative farms and individual farmers have become interested in organic farming, as organic products have a large export potential. The local market is also important, since many consumers are concerned with food quality and food safety and eager to purchase with premium price.

BIOGAS

An average household needs about 3 tons of biomass per year for cooking in Bangladesh. Supply of such a large quantity of biomass can place high pressure on the forest. It also causes indoor air pollution, as biomass smoke is considered to be a major source of public health hazards. Biogas is a clean energy that reduces carbon emissions because it is smokeless and very good for the environment. Government has a plan to construct 100,000 biogas plants by the end of 2018.

NOTICE OF THE 55TH ANNUAL GENERAL MEETING

Notice is hereby given that the 55th Annual General Meeting of shareholders of **Bangladesh Steel Re-Rolling Mills Limited** will be held on **Thursday, September 28, 2017 at 12:00 PM** at the Institution of Engineers of Bangladesh, Chittagong Center, S. S. Khaled Road, Chittagong to transact the following business and to adopt necessary resolutions:

1. To receive, consider and adopt the Audited Financial Statements of the Company for the period from 1st January 2016 to 30th June 2016 and for the year ended 30th June 2017 together with the Directors' Report and the Auditors' Report thereon.
2. To re-elect the Director(s) of the company.
3. To declare and approve Dividend for the year ended 30th June 2017.
4. To appoint Auditors and fix their remuneration.

Chittagong
27th August, 2017

By order of the Board

Shekhar Ranjan Kar FCA

- Shareholders are requested to update their 12 digit ETIN information through their respective Depository Participant (DP) before the AGM date.
- The Annual Report 2016-17 and Proxy Form are available at the Company's Website www.bsrm.com.

ALIHUSSAIN AKBERALI FCA
CHAIRMAN

CHAIRMAN'S COMMUNIQUE

Dear Shareholders,

Assalamualaikum.

It is my great pleasure and privilege to welcome you all at the 55th Annual General Meeting of the Company. The period from January 2016 to June 2017 was very vital for BSRM Group. The new plant of BSRM Ltd started commercial production in December 2015 and the biggest melting plant of the group, BSRM Steel Mills Limited, has also started commercial production in June 2016. I am glad to let you know that both these plants are doing well and could achieved the production target in 2016-17.

Financial Performance:

Particulars	Unit	Jan'16 to June'17
Production	M. Ton	683,870
Sales	M. Ton	676,749
Capacity Utilization	%	101%
Revenue	BDT Tk.Million	33,171.12
Gross Profit	BDT Tk.Million	4,577.64
Net Profit after Tax	BDT Tk.Million	1,345.17
Final Dividend Declared	10% Cash & 10% Stock	20% (Total)

Industry outlook:

Bangladesh is one of Asia's leading emerging steel markets. The expected average GDP growth in Bangladesh in the next 5-6 years is 6.8%, which will be significantly higher than that of many other emerging economy. As Steel is a basic raw material for infrastructural development and multiple other uses, its demand will grow in line with the country's economic and infrastructural development. You must be well informed that despite various obstacles and economic down trend in the developed world, the economy of Bangladesh is doing well. The government of Bangladesh has taken some prudent decisions for industrial development and to attract foreign direct investment. This is ultimately creating demand for quality steel products to build infrastructure. Moreover, now people are more concerned about safety and durability of the civil construction. This also creates demand for our products. Some study shows that within next five years, demand for steel products in Bangladesh will increase significantly.

Corporate Social Responsibility (CSR):

BSRM Group is also involved in various social welfare activities. To integrate social responsibility into core business decisions, BSRM integrates CSR at every step of the business process. Some significant programs are appended below:

- Vocational Training – Chittagong
- Supporting Free Education at Burhani BSRM School – Chittagong
- Strengthening Women's Ability for Productive New Opportunities (SWAPNO) – Kurigram & Satkhira
- BSRM Foundation Medical Center – Mirsarai
- Keep Smiling, Cleft lip/Palate Kids – Sylhet
- Forest Conservation – Fatikchari, Chittagong

Conclusion:

I would like to take this opportunity to thank our Company's stakeholders, especially our valued customers, employees and suppliers, Regulatory Authorities, bankers and financial institutions for their continued faith and trust.

I thank all my colleagues on the Board for helping me in creating good governance culture across the organization and fulfilling the responsibilities of Board.

I would like to place on record the sincerity, hard work, commitment and dedication of the entire management team. I seek your continued support in making the Company more sustainable.

On this occasion I would once again like to express my gratitude to all of our valued Shareholders for their continued support in our shared mission of contributing to growth of our country.

Allah Hafiz

Sincerely yours,

Alihussain Akberali, FCA

Chairman

সভাপতির বক্তব্য

প্রিয় শেয়ারহোল্ডারবৃন্দ,

আসসালামু আলাইকুম।

বিএসআরএম লিমিটেড-এর ৫৫তম বার্ষিক সাধারণ সভায় আপনাদের স্বাগত জানাতে পেরে আমি অত্যন্ত আনন্দিত। জানুয়ারি ২০১৬ থেকে জুন ২০১৭ পর্যন্ত সময়টি বিএসআরএম গ্রুপের জন্য অতি গুরুত্বপূর্ণ ছিল। ২০১৫ সালের ডিসেম্বর মাসে বিএসআরএম লিমিটেড-এর নতুন প্লান্ট এবং জুন ২০১৬-তে বিএসআরএম গ্রুপের সর্ববৃহৎ মেক্টিং শপ-এর বাণিজ্যিক উৎপাদন শুরু হয়। আমি অত্যন্ত আনন্দের সাথে জানাচ্ছি যে, উভয় প্লান্টই ২০১৬-১৭ আর্থিক বৎসরে খুবই ভাল করেছে এবং উৎপাদন লক্ষ্যমাত্রা অর্জনে সক্ষম হয়েছে।

আর্থিক ফলাফল পর্যালোচনা:

বিবরণ	পরিমাপের একক	জানুয়ারি ২০১৬ - জুন ২০১৭
উৎপাদন	মে. টন	৬৮৩,৮৭০
বিক্রয়	মে. টন	৬৭৬,৭৪৯
উৎপাদন ক্ষমতার ব্যবহার	%	১০১%
বিক্রয়	মিলিয়ন টাকা	৩৩,১৭১.১২
মোট আয়	মিলিয়ন টাকা	৪,৫৭৭.৬৪
কর-পরবর্তী নীট আয়	মিলিয়ন টাকা	১,৩৪৫.১৭
ঘোষিত চূড়ান্ত লভ্যাংশ	১০% নগদ ১০% স্টক	মোট ২০%

বাংলাদেশে ইস্পাত শিল্পের ভবিষ্যৎ:

বাংলাদেশের ইস্পাতের বাজার এশিয়ার দেশগুলোর মধ্যে অন্যতম। আগামী ৫-৬ বছরে বাংলাদেশের অর্থনৈতিক প্রবৃদ্ধি দাঁড়াবে ৬.৮০ শতাংশে, যা এশিয়ার অন্যান্য দেশের তুলনায় খুবই আকর্ষণীয়। অর্থনৈতিক প্রবৃদ্ধি অবকাঠামোগত উন্নয়নে মানসম্পন্ন ইস্পাতের চাহিদা বৃদ্ধি করবে। আপনারা অবগত আছেন যে উন্নত বিশ্বের বিভিন্ন প্রকার ঝাঁপা ও অর্থনৈতিক মন্দাবস্থা স্বত্বেও উন্নয়নশীল দেশ হিসেবে বাংলাদেশের অর্থনীতিতে বেশ ভাল অবস্থা বিরাজ করেছে। বর্তমান সরকার শিল্প উন্নয়নে ব্যাপক পদক্ষেপ গ্রহণ করেছে। বিদেশী বিনিয়োগকারীদের আকর্ষণের জন্য বাংলাদেশ সরকার বেশ কিছু নীতি গ্রহণ করেছে। যা কিনা ইস্পাতের ব্যবহারকে বহুলাংশে প্রভাবিত করবে। বর্তমানে অবকাঠামোগত উন্নয়নে মানসম্পন্ন ইস্পাতের ব্যবহার বহুলাংশে বৃদ্ধি পেয়েছে, যা বিএসআরএম-এর রডের চাহিদা বৃদ্ধি করবে। কিছু গবেষণায় দেখা যায় আগামী ৫ বছরে দেশে রডের চাহিদা বহুগুণে বৃদ্ধি পাবে।

বিএসআরএম গ্রুপ বিভিন্ন সামাজিক উন্নয়নমূলক কাজের সাথে জড়িত। সামাজিক দায়বদ্ধতাকে মূল ব্যবসায়ের অংশ হিসেবে গণ্য করে বিএসআরএম তার ব্যবসায়িক সিদ্ধান্তগুলো নিয়ে থাকে। বিএসআরএম কর্তৃক গৃহীত সর্বশেষ কিছু সিএসআর কার্যক্রম নিচে তুলে ধরা হল:

- বৃত্তিমূলক কারিগরী প্রশিক্ষণ, চট্টগ্রাম
- বিনামূল্যে শিক্ষা- বুরহানি বিএসআরএম স্কুল, চট্টগ্রাম
- বিএসআরএম ফাউন্ডেশন মেডিকেল সেন্টার, মিরাসরাই
- ঠোট কাটা/তালু কাটা রোগের চিকিৎসা
- চট্টগ্রামের ফটিকছড়িতে বন সংরক্ষণ প্রকল্প

আমি কোম্পানির সাথে জড়িত স্টেকহোল্ডারগণ, বিশেষ করে আমাদের সম্মানিত ক্রেতাগণ, কর্মচারীবৃন্দ এবং সরবরাহকারী, নিয়ন্ত্রক কর্তৃপক্ষ, ব্যাংক এবং আর্থিক প্রতিষ্ঠানকে আমাদের উপর আস্থা ও বিশ্বাস রাখার জন্য ধন্যবাদ জানাচ্ছি।

পরিশেষে আমি আমার সম্মানিত পরিচালকমণ্ডলীগণকে তাদের পরিপূর্ণ সহযোগিতার জন্য কৃতজ্ঞতা প্রকাশ করছি।

আমি আমাদের পুরো ব্যবস্থাপনা টিমের সততা, কঠোর পরিশ্রম ও নিরলস প্রচেষ্টার কথা স্মরণ করছি। স্থিতিশীল ব্যবসার জন্য আমি তাদের পূর্ণ সহযোগিতা আশা করছি।

আমি আরো আমাদের সম্মানিত শেয়ারহোল্ডারদের সহযোগিতার কথা এবং কোম্পানির অগ্রগতিতে তাদের অবদানের কথা স্মরণ করছি।

আব্বাহ হাফিজ

আলীহোসাইন আব্বাস আলী এফসিএ
চেয়ারম্যান

AAMEIR ALIHUSSAIN
MANAGING DIRECTOR

MANAGING DIRECTOR'S ROUND UP

Dear Shareholders,

I welcome you all in the 55th Annual General Meeting of Bangladesh Steel Re-Rolling Mills Limited. It gives me immense pleasure to present before you the achievement of the Company for the 18 months Period from January 2016 to June 2017.

You are already informed that the Company has started its commercial production after BMRE in December 2016, with a capacity of 450,000 M. Ton. During this period the plant performance of both rolling and steel melting works were very impressive. Both units achieved 100% efficiency. During last 18 months the company has produced 683,870 M. Ton MS finished goods and sold 676,749 M. Ton finished goods. The Gross profit ratio was 14%. However, the Earning per share has declined due to decrease in share of profit of associates. During January 2016 to June 2017 (18 months) the share of Profit of associates was Tk. 489.71 Million which was Tk. 1205.66 Million for July 2015 to June 2016 (12 months) period.

We have introduced "Centura", the country's first fusion bonded epoxy coated rebar in November, 2016. This is specifically useful for coastal areas as it has anti-rusting features. The structures built with BSRM Centura will have a much longer life and reduce maintenance costs.

BSRM Steel Mills Limited, the associate of BSRM Limited, has started commercial production in June 2016. It is gradually reaching the optimal production level. This 862,500 M. Ton Capacity billet plant will ensure uninterrupted prime quality billet supply to the rolling plants of the group. BSRM Steel Mills Limited has earned gross profit Tk. 1,432 Million during the year ended June 30, 2017. Due to finance cost of long term loan and recognition of deferred tax liability, BSRM Steel Mills Limited had to register loss of Tk. 890.93 Million. A portion of loss, Tk. 400.62 Million had to be recognised in the books of BSRM Ltd as per Bangladesh Accounting Standards. As a result, the earning per share of the Company reduced. After full repayment of long term loan and deferred tax recognition, this associate will earn significant profit for BSRM Ltd and resultantly the EPS of BSRM Ltd will increase.

BSRM Ltd is the biggest merchant rolling mill in Bangladesh producing MS Rod, Channel, Angle etc. We are continuously trying to achieve maximum efficiency. Our technical team is eagerly trying to adopt best technologies, best practices. As a result, we could attain 100% efficiency. As its captain, I wish all the best to our dedicated management team and work forces for their outstanding achievements.

Bangladesh is emerging as the economic tiger in this region of South Asia. For many countries, Bangladesh is the safe and reliable destination for investment, specially government's investment friendly policies encouraging many foreign investors. These investments will surely increase demands for prime quality construction steel. Demand for high quality steel is also fuelled by a number of mega civil construction projects, undertaken by both private and public sectors. We are supplying a lot of our products to those mega projects, which will maximise the wealth of our shareholders.

Lastly I would like to express my gratitude to our honoured shareholders, valued customers, bankers, officials of Registrar of Joint Stock Companies and Firms, Bangladesh Securities and Exchange Commission, Dhaka and Chittagong Stock Exchanges Ltd, National Board of Revenue and other departments of the Government. We derive our strength from this support and are confident of achieving new milestones in future.

Sincerely yours,

Aameir Alihussain

Managing Director

ব্যবস্থাপনা পরিচালকের বক্তব্য

প্রিয় শেয়ারহোল্ডারবৃন্দ

বাংলাদেশ স্টিল রি-রোলিং মিলস্ লিমিটেড-এর ৫৫তম বার্ষিক সাধারণ সভায় আপনাদের সকলকে স্বাগত জানাচ্ছি। জানুয়ারি ২০১৬ হতে ৩০ জুন ২০১৭ তারিখে সমাপ্ত ১৮ মাসের অর্জন আপনাদের সামনে উপস্থাপন করতে পেরে আমি অত্যন্ত আনন্দিত।

আপনারা ইতোমধ্যে জেনেছেন যে, আপনাদের কোম্পানি বিএমআরই সফলভাবে শেষ করে ৪৫০,০০০ মে. টন উৎপাদনক্ষমতা নিয়ে ডিসেম্বর ২০১৫তে পুনরায় বাণিজ্যিক উৎপাদন শুরু করেছে। উক্ত ১৮ মাসে রোলিং এবং মেল্টিং উভয় প্লান্টই তাদের লক্ষ্য অর্জনে পুরোপুরি সফল হয়েছে। বিগত ১৮ মাসে কোম্পানি ৬৮৩,৮৭০ মে. টন রড উৎপাদন করেছে এবং বিক্রয় ছিল ৬৭৬,৭৪৯ মে. টন। কোম্পানির মোট লাভের অনুপাত ১৪% হওয়া স্বত্বেও অ্যাসোসিয়েট কোম্পানির মুনাফা হ্রাসের ফলে শেয়ার প্রতি আয় ছিল কমতির দিকে। জানুয়ারি ২০১৬ হতে জুন ২০১৭ তারিখে সমাপ্ত ১৮ মাসের অ্যাসোসিয়েট কোম্পানির মুনাফা ছিল ৪৮৯.৭১ মিলিয়ন, যা পূর্ববর্তী ১২ মাস জুলাই ২০১৫ হতে জুন ২০১৬তে ছিল ১২০৫.৬৬ মিলিয়ন।

নভেম্বর ২০১৬তে আমরা বাংলাদেশে প্রথমবারের মতো ফিউশন বন্ডেড Epoxy Coated রি-বার “CENTURA” নামে নতুন পণ্য নিয়ে এসেছি। অ্যান্টি রাস্টিং ক্ষমতাসম্পন্ন এ রডগুলো উপকূলীয় এলাকায় ব্যবহারের জন্য বিশেষভাবে তৈরী। এ রড ব্যবহার করে কোন অবকাঠামো নির্মাণ করা হলে তা অন্য যেকোন রডের তুলনায় দীর্ঘস্থায়ী হয় এবং মেরামতের খরচ বাঁচায়।

বিএসআরএম লিমিটেড-এর অ্যাসোসিয়েট কোম্পানি বিএসআরএম স্টিল মিলস্ লিমিটেড জুন ২০১৬ হতে বাণিজ্যিক উৎপাদন শুরু করেছে। এ প্রতিষ্ঠানটি ধীরে ধীরে তার উৎপাদন লক্ষ্যমাত্রার দিকে এগিয়ে যাচ্ছে। ৮৬২,৫০০ মে. টন উৎপাদন ক্ষমতাসম্পন্ন এ প্লান্ট বিএসআরএম গ্রুপের রোলিং মিলগুলোর বিলেটের যোগান নিশ্চিত করবে। ৩০ জুন ২০১৭ সমাপ্ত বৎসরে বিএসআরএম স্টিল মিলস্ লিমিটেড-এর মোট লাভ দাঁড়ায় ১,৪৩২ মিলিয়ন টাকায়। দীর্ঘমেয়াদী ঋণের সুদ এবং বিলম্বিত আয়কর সঞ্চিতির জন্য বিএসআরএম স্টিল মিলস্ লিমিটেড-এর ক্ষতির পরিমাণ ৮৯০.৯৩ মিলিয়ন টাকায় দাঁড়ায়। বাংলাদেশ হিসাব মান অনুসারে এ ক্ষতির মধ্যে ৪০০.৬২ মিলিয়ন টাকা বিএসআরএম লিমিটেড-এর হিসেবে অন্তর্ভুক্ত হবে। যার ফলশ্রুতিতে কোম্পানির শেয়ার প্রতি আয় হ্রাস পায়। দীর্ঘমেয়াদী ঋণ পরিশোধ এবং বিলম্বিত আয়কর সঞ্চিতির পর এ অ্যাসোসিয়েট কোম্পানি প্রচুর মুনাফা অর্জন করবে এবং বিএসআরএম লিমিটেড-এর শেয়ার প্রতি আয় বৃদ্ধি পাবে।

বিএসআরএম লিমিটেড বাংলাদেশে বাণিজ্যিকভাবে রড, চ্যানেল, অ্যাঙ্গেল উৎপাদনকারী সর্ববৃহৎ প্রতিষ্ঠান। আমরা সর্বদা সর্বোচ্চ কর্মক্ষমতা অর্জনে সচেষ্ট। আমাদের টেকনিক্যাল টিম সর্বদা সর্বশেষ প্রযুক্তির সাথে তাল মিলিয়ে চলার চেষ্টা করে। যার ফলশ্রুতিতে আমরা শতভাগ কর্মক্ষমতা অর্জন করে থাকি। আমি এর অধিনায়ক হিসেবে টিমের সকল সদস্য এবং কর্মীবাহিনীকে জানাচ্ছি শুভকামনা।

দক্ষিণ এশীয় অঞ্চলের দেশগুলোর মধ্যে Economic Tiger হিসেবে বাংলাদেশ উদীয়মান হচ্ছে। অনেক দেশের মধ্যে বাংলাদেশ বিনিয়োগের জন্য একটি নিরাপদ এবং নির্ভরযোগ্য স্থান। বিশেষ করে বর্তমান সরকারের বিনিয়োগবান্ধব নীতিমালা বিদেশী বিনিয়োগকারীদের বিনিয়োগে আকৃষ্ট করেছে। এ ধরনের বিনিয়োগবান্ধব পরিবেশ সত্যিই মানসম্পন্ন রডের চাহিদা বৃদ্ধি করবে। সরকারী, বেসরকারী পর্যায়ে গৃহীত বিভিন্ন মেগা প্রকল্প রডের চাহিদাকে বহুগুণে বৃদ্ধি করবে। আমরা এ ধরনের অনেকগুলো মেগা প্রকল্পে রডের যোগান দিয়ে যাচ্ছি, যা আমাদের সম্মানিত শেয়ারহোল্ডারদের সম্পদ বৃদ্ধিতে সহায়ক হবে।

পরিশেষে আমি সম্মানিত শেয়ারহোল্ডার, সম্মানিত ক্রেতাসাধারণ, ব্যাংক, রেজিস্ট্রার অব জয়েন্ট স্টক কোম্পানিজ অ্যান্ড ফার্মস, বাংলাদেশ সিকিউরিটিজ অ্যান্ড এক্সচেঞ্জ কমিশন, ঢাকা স্টক এক্সচেঞ্জ লিমিটেড, চিটাগাং স্টক এক্সচেঞ্জ লিমিটেড, কর-কর্তৃপক্ষ, সরকারী অন্যান্য সংস্থাসহ সকলের প্রতি কৃতজ্ঞতা প্রকাশ করছি। সকলের সমর্থনকে শক্তিতে রূপান্তরিত করে ভবিষ্যতে নতুন মাইলফলক অর্জন করার আশাবাদ ব্যক্ত করছি।

আমীর আলীহোসাইন
ব্যবস্থাপনা পরিচালক

Floating farming is an age-old technique of crop cultivation in the Southern floodplains of our country. Locally known as Dhap, floating garden platforms are constructed to grow vegetables and other crops. With numerous social, economic, agricultural and ecological benefits, floating farming is the major livelihood option for about 60–90% of the locals; it ensures a sustainable utilization of agro biodiversity, natural resources and multiple uses of land through environmental-friendly means.

DIRECTORS' REPORT

Dear Shareholders,

I am pleased to present before you the Directors' Report of Bangladesh Steel Re-Rolling Mills Limited for the period of 18 months from January, 2016 to June 2017 and I welcome you all at the 55th Annual General Meeting of the Company.

This report have been prepared to meet the requirements of the Companies Act 1994 and Bangladesh Securities and Exchange Commission Notification NO: SEC/CMRRCD/2006/158/143/Admin/44, Dated August 07, 2012.

Economic Scenario and Steel Industry in Bangladesh:

The socio-political situation of Bangladesh was largely peaceful and quite during the reporting period of 18 months. It is very positive for the economic development of Bangladesh. In the recent years fuel price in the international market was record low. It also had positive impact on Bangladesh economic growth. The GDP growth of Bangladesh will be 6.80% for the year 2016 to 2018 as forecasted by World Bank. Bangladesh Government is hopeful in meeting the economic target of reaching Middle Income Country status by 2021. But presently the economy of Bangladesh is facing the challenges due to slow export growth, falling remittances, rising inflation and recent floods in some parts of the country. Despite these adversities the growth of Bangladesh economy is impressive.

A nation's infrastructure is built on steel. The economic development in Bangladesh increases the demand for prime quality steel for civil construction. Construction of large river crossing bridges, coal and nuclear power plants and deep sea ports increases demand for quality steels. Moreover, demands for prime quality steels are fueled by number of projects undertaken by the private sectors. Due to rapid growth and stable economy, Bangladesh has emerged as the potential destination for direct investment by foreign countries like China, Malaysia, UAE, India etc. The Governments' investment friendly policies also attracted some potential large investors.

Now people of Bangladesh are more quality conscious and due to risk of earthquakes in Bangladesh, the demand for prime quality steel products for civil construction is rising.

Currently average per capita steel consumption in Bangladesh is 25 kg against average world consumption of 217 kg. It appears that, there is a bright future for steel market in Bangladesh.

Review of 2016-17:

Operational performance Review:

You have already been informed that, after BMRE the Company has started its commercial production in December, 2015. The year 2016 was very vital for BSRM Ltd because the ultimate performance of the new plant was evident this year. It is the largest merchant steel rolling mill in Bangladesh which is capable of producing Channel, Angle, MS Bar, MS Rod etc. By the grace of Almighty the Company has attained its full efficiency. The total production in the last 18 months was 683,870 M. ton.

The Company has a billet producing plant, namely Steel Melting Works (SMW). The operational performance of this unit was also impressive.

Rolling Unit

Financial performance:

We noted remarkable positive financial performance for last 18 months. (January 16 to June 17). During the last 18 months the gross profit ratio was 14%. It is the highest Gross Profit Ratio in last couple of years. However the Net Profit Ratio and Earning per share declined during the year ended June 30, 2017 because the share of profit of associate companies has declined to Tk.130.36 Million as compared to 1205.66 Million for the year ended June 30, 2016. The reason for this decline has been discussed in the section of Associate Company.

Earnings Per share for the year ended 30 June 2017 was Tk. 3.88 which was Tk. 3.02 for the year ended June 30, 2016. However Net Asset Value per share as on June 30, 2017 stood 55.75 per share which was Tk. 52.84 as on June 30, 2016

Associate Companies:

BSRM Ltd has the following two associate Companies:

- BSRM Steels Limited.
- BSRM Steel Mills Limited.

BSRM Steels Limited:

Bangladesh Steel Re-Rolling Mills Limited is holding 31.19% shares of the Company. Both the operating and financial performance of the Company were as expected. The Company attained 99.30% efficiency. Total production for the period from January, 2016 to June, 2017 was 10,43,380 M. Ton.

To cater to the market demand for specialized reinforcing steel we have introduced BSRM Ultima and BSRM Maxima.

The Company is now supplying specialized steel for Padma Bridge construction. We have already entered into an agreement to supply steel for Rooppur Nuclear power plant project.

During this period the Company has earned Net Profit after tax of Tk. 2,961.35 Million. Earnings per share for 18 months was Tk. 8.66 and Net Asset Value per share was Tk. 30.26 per share. The Company has declared 20% interim dividend in cash and now declared 15% cash dividend.

BSRM Steel Mills Limited

Bangladesh Steel Re-Rolling Mills Limited is holding 44.97% shares in BSRM Steel Mills Limited. It is the world largest induction furnace based steel melting plant. This billet producing plant started commercial production in June, 2017. The operating performance of this company is satisfactory. During July 16 to June 17, the Company has produced 588,536 M. Ton MS Billets. It utilized 68.23% capacity of the plant. Its production efficiency is gradually increasing. Hope in the next year the plant will produce at its rated capacity.

The Company has earned Tk. 1,432.95 Million Gross profit for the year ended on July 30, 2017. In spite of that the Company had to incur Net loss after Tax Tk. 890.93 Million due to significant finance cost for payment of interest on long term loan and recognition of deferred tax as per Bangladesh Accounting standards. The amount of deferred tax charged was Tk. 715.24 Million. After paying off the long term loan and adjustment of deferred tax, this associate company will become one of the cash cow for BSRM Ltd.

Moreover, the billet produced by this company, protect rolling units of BSRM Group from the adverse effect of billet price fluctuation in the international market.

New Products: BSRM Centura

We have introduced “Centura”, the country's first fusion bonded epoxy coated re bar in November, 2016. This is specifically useful for coastal area as it has anti corrosion features. The structures built with BSRM Centura will have a longer life and reduced maintenance cost. We hope this steel will provide safer and long lasting civil infrastructures in our coastal area.

Campaign:

To create and retain the Top of Mind (ToM) awareness among retail customers, IHB, BSRM regularly launches an extensive marketing campaign to create market awareness of the superior attributes of its products. In 2015 the campaign was '10 in 10'. This campaign focused on the fact that to qualify as Grade 500 steel the ten most important attributes of the steel have to be tested. Xtreme500W is the only steel which passes the '10 in 10' test. This was one of the most successful campaigns of the company in raising consumer awareness about steel quality.

Products	Production & Procured (M. Ton)			Sales (M. Ton)		
	2016-17 Jul-Jun (12 Months)	2016 Jan-Jun (6 Months)	2015	2016-17	2016 Jan-Jun (6 Months)	2015

COST OF GOODS SOLD (COGS)

Cost of goods sold (COGS) is the expense a company incurred in order to manufacture, create, or sell a product. It includes the purchase price of the raw material as well as the expenses of turning it into a finished product.

COGS vary directly with sales and production, the more items we sell or make, the more stock or components we need to buy.

GROSS PROFIT MARGIN RATIO

Gross profit is the difference between sales and the cost of goods sold.

Gross Profit = Sales – Cost of Goods Sold

The gross profit margin is one indicator of the financial health of a business. Larger gross profit margins are better for business – the higher the percentage, the more the business retains of each Taka of sales for other expenses and net profit.

Gross Profit Margin % = (Gross Profit ÷ Sales) x 100

During the year 2016-17 Gross Profit Margin was 13.71% against 12.46% in 2015-16. Gross profit has increased as the company has started commercial production in this year and the price of Raw material was cheaper in this year.

NET PROFIT MARGIN RATIO

Net Profit is calculated by subtracting expenses including Tax and WPP & WF from the gross profit, showing what the business has earned (or lost) in a given period of time.

Net Profit = Gross Profit – Expenses with Tax & WPP & WF

The Net profit Margin Ratio is 3.23% against 9.05% in the 2015-16. In this year Net profit ratio declined because share of profit from associated declined to 130.36 million from 1205.60 million in the last year.

RISK FACTORS AND CONCERNS

ANNEXURE-2

1. Business Risks

a) Risks associated with sourcing of Raw Materials

Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD) was heavily dependent for its basic raw materials-MS Billets on international market up to June 2016. In case of billet price fluctuation in the international market, the company suffered and its profitability was also affected. To meet the challenge, a separate company “BSRM Steel Mills Limited” has commissioned in June 2016 to produce 862,000 M.Ton MS billet per year which significantly reduces outside dependency. Steel Melting Unit of BSRMLTD can also supply 145,000 M.Ton Billet per year.

2. Market Risks

Like other industry, trade and commerce, we are also exposed to market risks arising from adverse changes in:

- Interest Rate;
- Currency Rate (foreign exchange rates);
- Competition, and
- Economic conditions

To manage these risks, we undertake various risks specific measures and strategies.

Interest Rates

Interest rate risk refers to the risk that increases in money market rates will have adverse impact on consolidated net financial income.

The business of BSRMLTD requires huge working capital. Although the company closely monitors and manages requirement of capital investment, the actual capital requirement may deviate from the projected one due to factors beyond its control, thus potentially affecting the borrowing costs.

Prudent financial management and strong negotiation with the lenders and timely collection from customers are few of major steps to reducing funding cost.

Foreign Exchange Fluctuations

Foreign currency risk is the risk of changes in exchange rates that adversely affect the company's earnings, equity and competitiveness. The company is involved in Foreign Trade, for example, Import & Export and thus exposed to Foreign Currency Risks. Exchange rate gains or losses related to foreign currency transactions are recognized as transaction gains and losses in the income statement as incurred. The company also maintain foreign currency account in which local export collection in foreign currency are directly deposited to meet foreign exchange payment requirement.

Competition and Economic conditions

Competition refers to the risks of decreasing present market share caused by new entrants.

The company mitigates this risk through brand management and customer relations and by ensuring quality product.

BSRM continuously attempts to explore any untapped opportunity and also to adopt customer's needs. We believe we would be able to cope with any situation in the industry we are working.

3. Operational Risks

There are several processes involved in steel production and disruptions in one process may have serious effects in other process streams. There is risk that operational downtime caused by factors such as transport problems or process disruptions will become very costly. These risks are mitigated by optimizing raw materials inventories and finished goods inventories.

There is another regular risk of having adequate and regular supply of Gas, Power for production. Your Company is also aware of such risks and its mitigation through alternative supply of fuel.

REMUNERATION PAID TO DIRECTORS IN 2016-17

ANNEXURE-3

Members of the board of directors were entitled and paid as follows:

Name	2016-17 Jul-Jun (12 Months)				2016 Jan-Jun (6 Months)		
	Position	Attendance Fee	Gross Remuneration	Total Paid	Attendance Fee	Gross Remuneration	Total Paid

Biomass Briquette, a dense form of bio-fuel, has gained a large following in Bangladesh as an alternate cooking fuel. Research has shown that the potential benefits of using briquettes includes 50% reduction of annual household fuel consumption. Use of one kg of briquette fuel over an equal amount of non-sustainable firewood saves almost 1.81 kg of CO₂.

CORPORATE SOCIAL RESPONSIBILITIES

BSRM CSR VISION

To integrate social responsibility into BSRM core business decisions, we want to have CSR at every steps of the heart of our Business process.

We envision CSR strategy that demonstrates BSRM intent for Caring, Supporting, and Returning to society where we anchored our business decades ago – this is how we define CSR and search and support interventions encompassing this scope.

BSRM CSR PRINCIPLES

BSRM commits resources to the extent that it can reasonably afford, not in one-off philanthropic project, rather in a set of strategically planned efforts consistent with BSRM's own corporate strengths and complementary to Programmes offered by the Government, to sustain and improve a healthy and prosperous environment, and improve the quality of life of the people living in poverty.

BSRM Group of Companies is involved with the CSR activities over the years. Some major projects under taken are as follows:

- SUPPORTING FREE EDUCATION, BURHANI BSRM SCHOOL, CHITTAGONG (APRIL 2006)
- LIVELIHOOD PROGRAM FOR WOMEN, SHITAKUNDA, CHITTAGONG (JUNE 2013)
- SHAHEED MINAR, CHITTAGONG (SEPTEMBER 2013)
- BSRM TRAINING CENTER FOR WOMEN, DURGAPUR, JESSORE (SEPTEMBER 2013)
- PREVENT DEFORESTATION, SHITAKUNDA (SEPTEMBER 2013)
- SOLAR HOUSE SYSTEM (SHS), JAINTAPUR, SYLHET (JUNE 2014)
- THE DAILY STAR SPELLING BEE CHAMPS 21 (APRIL 2014)
- POVERTY REDUCTION PROGRAM IN URBAN AREA, CHITTAGONG (JULY 2014)
- PROMOTE HIGHER EDUCATION (AUGUST 2014)
- CONSERVATION OF ENVIRONMENT, KEPZ CHITTAGONG (OCTOBER 2014)
- LIVELIHOOD PROJECT IN SALINE WATER AREA MONGLA, KHULNA (NOVEMBER 2014)
- WATER TREATMENT PLANT DACOBE, KHULNA (MARCH 2015)
- SAVE FOREST, BANSHKHALI CHITTAGONG (MARCH 2015)
- INFANT CARE PROGRAM FOR RMG WORKERS (APRIL 2015)
- WATER FOR COASTAL AREA, SOUTH, BANGLADESH (MAY 2015)

- SOLAR POWER WATER PUMP, JAINTAPUR, SYLHET (MAY 2015)
- BSRM-ZCF CLUBFOOT CURE, CHITTAGONG DIVISION (SEPTEMBER, 2015)
- ENHANCE READING HABIT AND KNOWLEDGE (NOVEMBER 1, 2015)
- AUTISM TREATMENT & LIVELIHOOD SUPPORT (NOVEMBER 2015)
- BSRM-CRP VOCATIONAL TRAINING FOR PERSONS WITH DISABILITY (PWD), SAVAR (DECEMBER 2015)
- BSRM-NDP LIVELIHOOD PROGRAMS IN CHARS OF SIRAJGONJ (DECEMBER 2015).

The program under taken during the year 2016 are as follows:

Vocational Training Center, Chittagong:

Under this project poor, neglected orphans, destitute , street boys irrespective of caste and creed are trained in order to rehabilitate them professionally in technical trades of their interest.

Strengthening Women's Ability for Productive New Opportunities (SWAPNO) – Kurigram and Satkhira

UNDP-BSRM Group joined hands to support ultra poor women. BSRM Group Chairman Alihussain Akberali FCA and Mr. Nick signed the agreement on behalf of their respective organization.

BSRM Foundation Medical Center, Mirsarai:

BSRM has set up a Diagnostic Center at Mirshera, Zorargonj, Chittagong. Expects to provide Out Door patient (ODP) services to about 5000 families living around Mirsarai, Sitakunda vicinity and for all employees of BSRM Group and their families living in that area. BSRM Foundation Medical Center (BFMC) launched “tele-medicine” service using Information and Communication Technology (ICT) to serve the patients of Mirshera.

Supporting Handicapped Sitakunda and Kurigram:

BSRM Group has partnered with Handicap International in Bangladesh (HI) who has been working in Bangladesh with the aim to advance the long-term rights and social inclusion of people with disabilities.

Conservation of Nature Mirshera, Chittagong:

To support landless , displaced and forest and hill dependent people , BSRM has extended “Interest free revolving fund” to some NGO under “Matching Fund Scheme” to support 200 families in 4 union of Mirshera.

Keep smile cleft lip/palate kids - Sylhet

Cleft lip and cleft palate are birth defects and when a child is born with this defect in poverty stricken family, they cannot afford surgical help. Smile train INC, USA, BSRM Group and Syed Nuruddin Ahmed Development Foundation signed tripartite agreement to contribute funds , on a cost sharing basis for this program in Sylhet. In the first year, 400 children will be getting free treatment of which BSRM will sponsor 55 surgeries.

Forest Conservation, Fatikchari, Chittagong:

BSRM and HCMO joined hands to support expanding tree plantation and livelihood activity at landscape households to restore and maintain the forests at both buffer and core zone of Hazarikhail, Bariardhala and its constituent biodiversity in the best possible condition.

Financial support for renovation work of the existing CMH complex, Chittagong

BSRM Group extended financial support to combined Medical Hospital Complex, Cantonment Chittagong for the repair and renovation work of Junior Commissioned Officer's Ward located at CMH. The modernization included establishment of quality and appropriate diagnostic facilities for the families of middle and lower middle class of military and civilians who receive medical supports from CMH.

Bangladesh Institute of Governance & Management (formerly The Civil Service College), Dhaka

BIGM is a center of excellence for providing post graduate studies to the mid-level public servants as well as executives in the private sector to upgrade their knowledge and efficiency to make meaningful contribution to the economic development and good governance of the Country.

Under BSRM CSR focus area 'education', the group extended financial assistance to BIGM to build a "room" in their new premises to support BIGM's endeavor for expanding the academic facility for providing quality education to the serving executives.

Industrial development is indispensable for a country's progress. However, industrial activity has a dark side – environmental degradation, mostly caused by air and water pollution. All industrial production processes produce liquid effluent and gaseous emissions as a by-product of converting raw materials to finished products. Recently, many modern factories with sustainable technologies are using advanced Air Pollution Control (APC) and Water Treatment Plant (WTP) to minimize pollution and keep the environment safe.

SUSTAINABLE GROWTH

GREEN ENVIRONMENT, HUMAN RESOURCE AND INFORMATION TECHNOLOGY DEVELOPMENT

To keep our human resources safe and sound and the environment clean, BSRM has taken number of measures. We always gives priority to ensuring work place safety, security and ensure the green environment for all of our employees as well as for our country.

Green Environment...

BSRM Group is using world class Water Treatment Plant (WTP) for recycling water and to keep the environment free from pollution in all its manufacturing plants.

The Group has also commissioned Air Pollution Control (APC) system in all its steel melting & casting plants to keep the air free from Pollution. In the same way, we are going to implement a rain water harvesting project for our new billet casting plant at Mirershorai. It will have marvelous positive impact on the environment.

As recognition of your effort to keep the environment clean and greener, we were awarded the "Divisional Environmental Award" by Poribesh Odhidaptar.

Human Resources Function...

Our people, our asset.

Success isn't possible without a great team. At BSRM Group of Companies, nurturing and supporting human talent is of utmost priority to us. We believe sustainable growth is only possible if we foster teamwork, develop talent, enhance leadership capability, and maximize the potential of our human capital.

We focus on our valued people to optimize their creativity and performance by ensuring a safe and congenial working environment, cohesive corporate culture, appropriate training, reward and recognition, and various employee benefits schemes. Hiring the right person for the right job is the first step in our efforts to maintain a strong, capable, and independent workforce.

Being an Employer of choice, we aspire to align our people with our Vision and Values and make them a key factor for success in business transformation and change process. We are committed to achieve excellence in every step of our operation through different functions, projects, and initiatives. We work strategically with all stakeholders to provide leadership and guidance in the development, implementation, and equitable administration of policies and procedures, thus fostering a positive working environment.

Talent Acquisition is a stringent process of recruitment, selection, and strategy to attract qualified potential candidates who are committed to achieve the organizational goals. A well-designed competency based questionnaire is used to conduct Interviews and we make maximum effort to ensure a bias free, independent, and fair hiring process.

In order to nurture talents, we, at BSRM, believe that institutionalizing a learning culture positively helps safety, sustainability, quality, and productivity of the organization. Our **Training and Development** activities are systematic, organized, and ensure that individual training needs are well defined, understood, and catered to. Frequent trainings, local and abroad, are provided to ensure adequate developmental opportunities to all our people.

The safety of our people is of paramount importance, and our Health, Safety, and Environment (HSE) policies are created and implemented to maintain a safe working environment for every stakeholder. We are committed to establish a culture of HSE excellence in our organization.

A well-designed Succession Planning policy is used to assess, develop, and retain a talent pool in order to ensure a continuity of leadership for all critical/significant positions. A robust succession planning process helps skilled talent to gain experience and competencies so that they can move upward into vacant positions.

Our people deserve the best of us, and hence we focus on our Benefit Policy to ensure that our talent receives benefits and allowances such as Festival Bonuses, Provident Fund, Gratuity, Salary Advance, Interest free Company Loan for Car Scheme, Children Education Scheme, Employee Education Scheme, Employee Children Education Achievement Award for distinct academic results, Domiciliary Scheme, Executive Health Check-up Scheme, Hospitalization Scheme, Maternity Benefits Scheme, Wedding Gifts, WPPF, Pilgrimage Leave, etc.

Rewards and Recognitions are given to recognize employees for their excellence in service, loyalty, ideas, dedication to the vision and values of the group, and their contribution to change management. Our achievements are communicated through "Xtreme Talk", our corporate newsletter, so that we can all rejoice in the success of our people.

We pride on being an Equal Opportunity Employer and our Code of Conduct provides clear guidelines that allow us to build a working environment that is productive, enjoyable, safe, and free from harassment and discrimination. People who work for us belong to our family and are an integral contributing factor in the determination of our policies and procedures.

We work together, and we achieve together.

Information Technology...

BSRM Group was founded more than 60 years before and continuing its rapid growth more so in the past decade. In such complex rapid growing scenario IT based business friendly solution is the only way to handle all the data.

BSRM IT through Management foresight managed to keep up with this fast & complex growth as an organized entity and began to systematically address the challenges. Today IT as a strategic partner in business enablement plans, controls, and manages all IT based business issues in a very constructive, productive & controlled manner with periodic reporting & monitoring.

BSRM IT is managing the total network of BSRM Group including server management, managing and upgrading Oracle eBS, developing in-house software integrating with Oracle eBS and providing several levels of supports to end user.

Last year BSRM IT has focused on ERP up-gradation by modifying and creating various Customization, personalization, reports etc. Last year BSRM IT also provided almost in-house maintenance of ERP, took several initiatives to expand technology, enabled services for the external and internal customers, sales promoter and provide business solution to internal department. The key objective behind these initiatives was to make the information more available, fast & easily accessible to the stakeholders.

Next year BSRM IT will focus on implementation of Business Intelligence (BI) as well as support. BSRM IT also planned to increase employee efficiency by developing various Android Apps and Software System.

OUR PLANTS ALSO PRODUCE OXYGEN

A nation without a **sustainable environment** will not be safe in the near future. It is only when the environment is safe that people can live better lives. Keeping this in mind, BSRM has planted more than **10,000 trees** in its factory surroundings.

BSRM, as part of its CSR programs has, installed **Briquette making factories** in various locations of the country in collaboration with the Ahsania Mission Foundation. Briquettes are a **biofuel substitute** to wood, hence it **saves trees** from being cut down. This is how BSRM, being the leading steel producer of the country, is contributing towards maintaining **ecological balance** for a safer environment.

BSRM believes that a **safer environment** leads to a safer nation.

SATELLITE CITIES

Urbanization in developing countries is a defining feature of the 21st century. Between 2000 and 2030, the entire built-up urban area is projected to triple, which will enable economic growth and innovation across the country. On the other side, urbanization has environmental and socioeconomic challenges, including climate change, waste & pollution, congestion, and the rapid growth of slums. It's optimistically encouraging that GOB and different organizations have started to raise well-planned satellite cities to maintain the sustainability of cities and the quality of life.

REGULATORY COMPLIANCE REPORT

CORPORATE GOVERNANCE REPORT

Corporate governance refers to the structures and processes for the direction and control of companies. Sound corporate governance is a fundamental part of the culture of the company and ensures long-term success. Corporate governance concerns the relationships among the management, Board of Directors, controlling shareholders, minority shareholders and other stakeholders. Good corporate governance contributes to sustainable economic development by enhancing the performance of companies. The Board of Directors of Bangladesh Steel Re-Rolling Mills Limited is firmly committed to upholding principles of sound corporate governance. The main objective of corporate governance is to create lasting value for stakeholders. Transparency in the business transaction and disclosure of information to regulatory bodies as part of its legal obligations constitute sound corporate governance. Good corporate governance also means conformity to sound ethical principles and a code of conduct in business dealings.

Board of Directors

Board of Directors is the representative and trustee of the shareholders of the company. The Board of Directors of Bangladesh Steel Re-Rolling Mills Limited comprises of five members including Chairman, Managing Director and one independent director in compliance with the Corporate Governance Guidelines of BSEC. Board of Directors is performing the responsibilities, among others, setting the company's strategic objectives, providing leadership, supervision and safeguarding shareholders' interest.

Audit Committee

Bangladesh Steel Re-Rolling Mills Limited has an Audit Committee as a sub-committee of the Board of Directors. This committee is assisting the Board of Directors in ensuring that the financial statements reflect the true and fair view of the state of affairs of the company and in ensuring a good monitoring system within the business. The committee reports to the Board of Directors. Its duties and responsibilities are clearly outlined in writing. Audit Committee is reconstituted as per the guidelines of BSEC.

Audit Committee holds regular meetings on the following major issues:

- To review the financial statements and reporting process and monitor the choice of accounting policies and principles;
- To review the business risk management;
- To review the internal audit assessment;
- To oversee the good corporate practices;
- To review the adequacy of internal audit function etc.

A separate report of the audit committee is included in this annual report.

Chairman of the Board and Managing Director

In Bangladesh Steel Re-Rolling Mills Limited, Chairman and Managing Director are two separate individuals selected from the Board of Directors. Both are performing defined responsibilities and focusing on the strategic value addition of the company. Managing director is performing the role of Chief Executive.

Directors' Report to Shareholders

Board of Directors is reporting the performance, annual achievements and status of the company's activities to the shareholders. They are also conveying the plan and outlook of the industry and company in their report.

Chief Financial Officer, Company Secretary and Head of Internal Audit

The company has appointed two qualified Chartered Accountants designated as Chief Financial Officer and Company Secretary. Both are the Fellow Members of the Institute of Chartered Accountants of Bangladesh. The CFO & Company Secretary regularly advise and assist the Board on financial strategy and compliance issues of the regulatory bodies. Chief Financial Officer and Company Secretary are also attending Board Meetings as per Corporate Governance Notification of the BSEC. Company's internal audit department is also headed by a Head of Internal Audit- a qualified chartered accountant having professional expertise and experiences in the field of internal audit.

Board of Directors clearly defined respective roles, responsibilities and duties of the CFO, Company Secretary and Head of Internal Audit.

Internal Audit and Control

Bangladesh Steel Re-Rolling Mills Limited established an Internal Audit Department consisting of professional and knowledgeable employees. Internal Audit Department directly reports to the Board of Directors.

Internal Audit department regularly conducts their audit based on a yearly Internal Audit Plan and checks, verifies and reviews the compliance of Internal Control Procedure and other regulatory requirements.

External Auditors

External Auditors of Bangladesh Steel Re-Rolling Mills Steels Limited is appointed in every Annual General Meeting (AGM) by the Shareholders of the company as per Companies Act 1994. The company also conforms to the requirement of Bangladesh Securities and Exchange Commission in appointing external auditors. External Auditors are not engaged to perform any of the tasks other than external /statutory audit.

Key Management Committee

There are other sub-committees to the Board of Directors to assist the Board of Directors in making and formulating company's strategic objectives and policies namely Management Committee & Executive Strategy and Planning Cell (ESPC). These committee members regularly sit for discussing and reviewing the activities of the company.

Certification on the Compliance of Corporate Governance Guidelines of BSEC

A certificate regarding compliance of conditions of Corporate Governance Guidelines of the Bangladesh Securities and Exchange Commission issued by M.A. Mallik & Co., Chartered Accountants is included in this Annual Report.

REPORT OF THE AUDIT COMMITTEE

An Audit Committee has been formed as a sub-committee of the Board of Directors of the Company as per Corporate Governance Guide Lines issued by the Bangladesh Securities and Exchange Commission (BSEC). This Audit Committee assists the Board of Directors for ensuring that the financial statements reflect the faithful and fair view of the state of affairs of the Company and in providing a sound monitoring system.

The following personnel are in the Audit Committee:

01	Mr. Mono Ranjan Dey, FCA	Chairman
02	Mr. Aameir Alihussain	Member
03	Mr. Zohair Taherali	Member
04	Mr. Shekhar Ranjan Kar, FCA	Secretary

Terms of Reference:

The terms of reference of the audit committee have been determined by the Board as per BSEC notification. The Committee is responsible to the Board of Directors and reports on its activities regularly. The Committee assists the Board of Directors in its general oversight of financial reporting, internal controls and functions relating to internal audit as well ensures compliance with the Corporate Governance Guidelines promulgated by the BSEC.

Number of Meetings:

The Committee formally met six times during the period covering from January 2016 to June 2017 under review.

Role of the Audit Committee:

- Exercising oversight responsibilities relating to the quality and integrity of the Company's financial statements and financial reporting process, including the preparation, presentation and adequacy of disclosures in the financial statements of the Company.
- Review any significant changes in accounting policies and practices in preparation of financial statements.
- Ensure compliance with applicable Financial Reporting Standards.
- Review the Quarterly, Half- Yearly and Annual financial statements and recommend the Board of Directors to approve those.
- Check whether adequate internal control systems are in place and their effectiveness.
- If it appears that internal control is not sufficient or effective, then to recommend the Board to review and adopt new internal control mechanism to avert possible non-compliance.
- Review the Internal Audit Plan for the Company and monitoring the performance of the internal auditors.
- Recommendation regarding appointment of External Auditors to the Board of Directors.
- Ensure proper action has been taken according to the Report of the External/ internal Auditors.

Re-appointment of Auditors:

The audit for the period January 2016 to June 2016 has been conducted by M/s Sayful Shamsul Alam & Co, Chartered Accountants. Subsequently, they expressed their un-willingness to continue as the auditor of the Company and the Board of Directors has appointed A. Qasem & Co, Chartered Accountants, Faruk Mahal (3rd Floor), Agrabad C/A, Chittagong as the statutory auditors of the Company for the year ended June 30, 2017.

The existing external Auditors of the Company A. Qasem & Co, Chartered Accountants, Faruk Mahal (3rd Floor), Agrabad C/A, Chittagong has completed annual audit for the year ended June 30, 2017 and then expressed their unwillingness to be re-appointed.

The audit committee has recommended the Board to appoint Rahman Rahman Huq, Chartered Accountants, MM Trade Centre (13th Floor), 78 Agrabad C/A, Chittagong, the representative firm of KPMG in Bangladesh for the position of the statutory auditors to hold the office for the year 2017-2018.

Reporting:

On discharging its responsibilities, the audit committee has ensured the followings:

- Financial Statements have been prepared and presented in compliance with all laws, regulations & standards as applicable.
- Adequate controls and procedures are in place to provide reasonable assurance that the Company's assets are safeguarded and that the financial position of the Company is adequately managed.

Audit Committee expressed their sincere thanks to the members of the Board of Directors, internal audit team, management of the Company for their outstanding support and Co-operation.

Mono Ranjan Dey, FCA

Independent Director and
Chairman of the Audit Committee
Dated: 12th August, 2017

WATER MANAGEMENT PLAN

Bangladesh is experiencing a massive spike in the requirement of water for both domestic and industrial use. It is projected that water demand could increase by 250% by 2030 to meet the anticipated growth. Textile industry alone will need over 3,400 billion liters of additional water by 2030 which is equivalent to the annual water needs of approximately 75 million people. Hence, sustainable water plans for the alternative water sources like wastewater reuse and zero discharge in factories, rainwater harvesting etc. are being undertaken for a safer and better future.

**AUDITORS' REPORT
TO THE SHAREHOLDERS OF
BANGLADESH STEEL RE-ROLLING MILLS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **Bangladesh Steel Re-Rolling Mills Limited** ("the Company") and its associates which comprise the statement of financial position as at 30 June 2016, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period from 01 January 2016 to 30 June 2016, and a summary of significant accounting policies and other explanatory information.

The financial statements of the company and its associate, BSRM Steel Mills Limited (BSML) for the comparative period i.e., for the six months ended 30 June 2015 were unaudited.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 30 June 2016, and of its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, Securities and Exchange Rules 1987 and other applicable laws and regulations.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and Securities and Exchange Rules 1987, we also report the following:

- we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;
- the statement of financial position, and the statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account; and
- the expenditure incurred was for the purposes of the Company's business.

2.00 BASIS OF PREPARATION

2.01 Statement of Compliance

These Financial Statements have been prepared on a going concern basis following accrual basis of accounting except for Cash Flow Statement in accordance with the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh (ICAB) as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs).

2.02 Basis of Reporting

The financial statements are prepared and presented for external users by the company in accordance with identified financial reporting framework. Presentation has been made in compliance with the requirements of BAS 1 – “Presentation of Financial Statements”. The financial statements comprise of:

- a) A statement of financial position as at 30 June 2016
- b) A statement of profit or loss and other comprehensive income for the period ended 30 June 2016
- c) A statement of changes in equity for the period ended 30 June 2016
- d) A statement of cash flows for the period ended 30 June 2016
- e) Notes, comprising a summary of significant accounting policies and explanatory information.

2.03 Other Regulatory Compliances

The company is also required to comply with the following major laws and regulations along with the Companies Act 1994:

- i) The Income Tax Ordinance, 1984
- ii) The Income Tax Rules, 1984
- iii) The Value Added Tax Act, 1991
- iv) The Value Added Tax Rules, 1991
- v) The Securities and Exchange Ordinance, 1969
- vi) The Securities and Exchange Rules, 1987
- vii) Securities and Exchange Commission Act, 1993
- viii) The Customs Act, 1969
- ix) Bangladesh Labour Law, 2006

2.04 Authorization for Issue

These financial statements have been authorized for issue by the Board of Directors on 6 October 2016.

2.05 Basis of Measurement

These financial statements have been prepared on going concern basis under the historical cost convention except for investment in tradable shares and property, plant and equipment which are measured at fair value.

2.06 Functional and Presentation Currency

These financial statements are presented in Bangladesh Taka (BDT) which is the company's functional currency. All financial information presented in BD Taka has been rounded off to the nearest Taka except when otherwise indicated.

2.07 Statement of Cash Flows

Statement of cash flows has been prepared in accordance with BAS 7: Statement of Cash Flows and the cash flow from operating activities have been presented under direct method as per the requirement of Securities and Exchange Rules 1987.

2.08 Going Concern

The Company has adequate resources to continue its operation for foreseeable future and hence, the financial statements have been prepared on going concern basis. As per management's assessment there are no material uncertainties related to events or conditions which may cast significant doubt upon the company's ability to continue as a going concern.

2.09 Applicable Accounting Standards

The following BASs and BFRSs are applicable for preparation and reporting of the Financial Statements for the period under review:

BAS - 1	Presentation of Financial Statements
BAS - 2	Inventories
BAS - 7	Statement of Cash Flows
BAS - 8	Accounting Policies, Changes in Accounting Estimates and Errors
BAS - 10	Events after the Reporting Period
BAS - 12	Income Taxes
BAS - 16	Property, Plant and Equipment
BAS - 17	Leases
BAS - 18	Revenue
BAS - 19	Employee Benefits
BAS - 21	The Effects of Changes in Foreign Exchange Rates
BAS - 23	Borrowing Costs
BAS - 24	Related Party Disclosures
BAS - 28	Investment in Associates & Joint Ventures
BAS - 32	Financial Instruments: Presentation
BAS - 33	Earnings Per Share
BAS - 34	Interim Financial Reporting
BAS - 36	Impairment of Assets
BAS - 37	Provisions, Contingent Liabilities and Contingent Assets
BAS - 38	Intangible Assets
BAS - 39	Financial Instruments: Recognition and Measurement
BFRS - 5	Non-current Assets Held for Sale and Discontinued Operations
BFRS - 7	Financial Instruments: Disclosures
BFRS - 12	Disclosure of Interest in Other Entities
BFRS - 13	Fair Value Measurement

2.10 Standards adopted but not yet effective

The Institute of Chartered Accountants of Bangladesh (ICAB) has adopted following new standards and amendments to standards -

- (a) BFRS - 9 Financial Instruments
- (b) BFRS - 15 Revenue from Contracts with Customers

The above standards are effective for annual reporting periods beginning on or after 01 January 2018, with early adoption permitted. The Company is assessing the potential impact on its financial statements resulting from the application of BFRS 9 and BFRS 15.

2.11 Use of Estimates and Judgments

The preparation of financial statements in conformity with BFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- Note: 4 Property, plant and equipment
- Note: 5 Intangible asset
- Note: 9 Inventories
- Note: 10 Trade receivables
- Note: 21 Deferred tax liabilities
- Note: 26 Liabilities for expenses
- Note: 27 Provision for income tax

2.12 Comparative Information

Comparative information has been disclosed in respect of 2015 in accordance with BAS - 1: Presentation of Financial Statements, for all numeric information in the financial statements. Comparative figures have been rearranged wherever considered necessary to ensure better comparability with the current period without causing any impact on the profit and value of assets and liabilities as reported in the financial statement.

2.13 Reporting Period

The financial statements of the company covers the period from 01 January 2016 to 30 June 2016. Until 31 December 2015, financial year of the company and its associates was from 01 January to 31 December. The company has changed its financial year end to 30 June to comply with the requirement of sub-section 35 of section 2 of the Income Tax Ordinance 1984 for uniform income year from first day of July to thirtieth day of June as amended by the provision of section 9 of the Finance Act 2015.

3.00 SIGNIFICANT ACCOUNTING POLICIES

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the framework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the period and were also consistent with those used in earlier periods.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the BAS-1 "Presentation of Financial Statements". The recommendations of BAS-1 relating to the format of financial statements were also taken into full consideration for fair presentation.

3.01 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of Financial Statements for the period ended 30 June 2016 are consistent with those policies and methods adopted in preparing the Financial Statements for the period ended 31 December 2015.

3.02 Property, Plant and Equipment (PPE)

Items of property, plant and equipment are stated at cost and re-valued amount less accumulated depreciation and accumulated impairment losses, if any.

3.02.01 Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self constructed/installed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner and the cost of dismantling and removing the items and restoring the site on which they are located.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognised under other income/expenses in profit or loss.

3.02.02 Subsequent Costs

The cost of replacing or upgrading part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss.

3.02.03 Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other property, plant and equipment, depreciation is recognized in statement of profit or loss and other comprehensive income on diminishing balance method over the estimated useful lives of property, plant and equipment. Significant parts of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is charged on addition from the month (date of service) of acquisition/addition upto the month of disposal. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. The principal annual rates are as follows.

Category of Assets	Rate of depreciation (%)
Land and land development	Nil
Plant and machineries	7.5%
Motor vehicles	20%
Factory building and shed	5%
Boundary wall, drainage System, roads & pavement	10%
Furniture and fixtures	20%
Office equipment	20%
IT Equipment	20%

Depreciation are charged / allocated on the basis of location of respective assets. Depreciation methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

3.02.04 Revaluation of Property, Plant and Equipment

All property, plant and equipment of the company were revalued by Hoda Vasi Chowdhury & Co., Chartered Accountants, in 2008 and 2012 considering the book value of such assets on 31 December 2006 and 31 December 2011 respectively. As per report of revaluation, net revaluation gain stands at Tk.1,673,400,176 and Tk.2,004,256,895 in 2008 and 2012 respectively. These revaluations have been recognized in the financial statements at the beginning of the year 2008 and 2012 respectively.

Replacement cost and net realisable value method, as applicable, have been used by the independent valuer in revaluation of property, plant and equipment.

Difference of depreciation between revalued carrying amount and depreciation based on carrying amount as per assets' original cost has been transferred from Revaluation Reserve to Retained Earnings as shown in Statement of Changes in Equity.

3.03 Non-current Asset Held for Sale

Non-current assets that are highly probable to be recovered primarily through sale rather than through continuing use are classified as held for sale. Immediately before classification as held for sale the assets are remeasured in accordance with the company's accounting policies. Thereafter, the assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses on initial classification as held for sale are recognised to revaluation reserve to the extent of revaluation surplus, in excess of revaluation surplus and subsequent gains or losses on remeasurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative impairment loss.

3.04 Intangible Asset

3.04.01 Recognition and Measurement

Intangible Assets that are acquired by the company and have finite useful lives are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible Assets are recognized when all the conditions for recognition as per BAS 38: "Intangible Assets" are met. The cost of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

3.04.02 Subsequent Costs

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in profit or loss as incurred.

3.04.03 Amortization

The only intangible asset of the company is ERP (Oracle eBS Software) which is amortised every month following straight line method for 10 (ten) years. The amortisation cost is charged in profit or loss.

Amortization methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

3.05 Capital Work in Progress

Property, Plant and Equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is completed and measured at cost.

3.06 Leases

At inception of an arrangement, the company determines whether the arrangement is or contains a lease. At inception or on reassessment of an arrangement that contains a lease, the entity separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values.

3.06.01 Finance Lease

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payments made under finance lease are apportioned between the finance expense and the reduction of outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant rate of interest on the remaining balance of the liability.

3.06.02 Operating Lease

Leases that are not finance lease are considered as operating leases and the leased assets are not recognised in the company's Statement of Financial Position. Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.

3.06.03 Leasehold Land

Factory buildings of the company are situated at Nasirabad Industrial Area, Chittagong on leasehold lands measuring 7.905 acres. These lands are taken on lease for 99 years on payment of salami and renewable thereafter. These lands are duly mutated in the name of the company.

These leasehold lands are recognised as assets under property, plant and equipment. Since significant risks and rewards incidental to ownership of these assets are transferred to the company, these are covered under revaluation of assets done in 2008 and 2012. Being rights to use of these lands are of perpetual nature, no amortization of value of lands are recognised in the financial statements over the lease period.

3.07 Investments in Associates

The company's investment in associates is accounted for in the Financial Statements using the Equity Method in accordance with BAS 28: 'Investment in Associates & Joint Ventures'. Investment in an associate is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition which is classified as non-current assets in the statement of financial position. The investor's share of investee's profit or loss is recognized in the investor's profit or loss. Adjustment after the date of acquisition to the carrying amount has been made for changes in the investor's proportionate interest in the investee that arising from the revaluation of property, plant & equipment and from foreign currency translation differences. The investor's share of those changes is recognized in other comprehensive income of the investor.

The excess of company's share of net assets' value of associates over cost of investments has been recognized in profit or loss as share of associate's profit or loss during the period following the provisions of BAS 28.

Unrealized gains and losses arising from transactions with associate are eliminated against the investment to the extent of the company's interest in investee.

3.08 Inventories**Nature of inventories**

Inventories comprise Raw Materials (Melting Scrap, Billets and Sponge Iron), Packing Materials, Consumable Stores, Fuel and Lubricants & Finished Goods (M.S. Rods, Billets, Iron Beams, Angles, Channels and Steel Bars) etc.

Valuation of the inventories

Inventories are measured at lower of cost and net realizable value. The cost of inventories is calculated based on the weighted average method and includes expenditure incurred in acquiring these inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition in accordance with BAS 2 "Inventories".

<u>Category</u>	<u>Valuation</u>
Finished Goods	Finished Goods are valued at Cost or Net Realisable Value whichever is lower.
Raw materials	Raw Materials are valued at Cost or Net Realisable Value whichever is lower.
Store items	Based on weighted average method.
Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and selling expenses.	

3.09 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.09.01 Financial Assets

The Company initially recognizes loans and receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the instrument.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial assets are transferred.

Financial assets are classified into the following categories: financial assets at fair value through profit or loss, held to maturity, loans and receivables and available-for-sale financial assets.

At fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the company manages such investment and makes purchase or sale decisions based on their fair value in accordance with the company's documented risk management or investment strategy. Attributable transactions costs are recognized in profit and loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein which take into account and dividend income are recognized in profit or loss. Investment in equity securities and debt securities are classified under at fair value through profit or loss.

Held to maturity

These assets are initially recognized at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, they are measured at amortized cost using the effective interest method.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost.

Loans and receivables comprise cash and cash equivalents, loans and trade and other receivables and deposits.

(a) Trade and other receivables

Trade and other receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition, these are carried at cost less impairment losses, if any, due to un-collectability of any amount so recognized.

There is no fixed company policy regarding provision for impairment loss on receivables, if any receivables are not realized within the credit period. It has been dealt with on case to case basis.

(b) Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as Property, Plant and Equipment, Inventory or Expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit or loss.

(c) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

Available-for-sale

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale and are not classified in any other categories of financial assets. Generally available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs and subsequent to initial recognition at fair value and changes therein other than impairment losses are recognized in other comprehensive income and presented in the fair value reserve in equity. Financial assets which are not traded in the market have been valued at cost unless any indication of impairment in value of such financial assets exist. Cumulative gain/losses recognized in the other comprehensive income are reclassified from equity to profit or loss upon derecognition or reclassification.

3.09.02 Financial Liabilities

The company initially recognises all financial liabilities on the trade date which is the date the company becomes a party to the contractual provisions of the instrument.

The company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

The company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value less directly attributable transaction cost. Subsequent to initial recognition, these financial liabilities are measured at amortized cost.

Other financial liabilities comprise loans and borrowings, bank overdrafts and trade and other payables.

(a) Trade and other payables

The company recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

(b) 12% Convertible coupon bond

These are initially recognised at cost which is the fair value. After initial recognition these are carried at amortised cost. The equity component of the Convertible Bond is recognized as per BAS 32.

(c) Other liabilities

Other liabilities represents the amounts due to various parties for receiving services. These are initially recognised at cost which is the fair value. After initial recognition these are carried at amortised cost.

3.09.03 Equity Instruments

Share capital (ordinary shares)

Ordinary shares are classified as equity.

3.10 Impairment**3.10.01 Financial Assets**

Financial assets are impaired if objective evidence indicates that a loss event has occurred after initial recognition of the assets and that the loss event had a negative effect on the estimated future cash flows of that assets that can be estimated reliably.

Financial assets not classified as at fair value through profit or loss, including an interest in an equity accounted investee, are assessed at each reporting date to determine whether there is objective evidence of impairment.

Objective evidence that financial assets are impaired includes :

- default or delinquency by a debtor
- restructuring of an amount due to the company on terms that the company would not consider otherwise
- indications that a debtor or issuer will enter bankruptcy
- adverse changes in the payment status of borrowers or issuers
- the disappearance of an active market for a security, or
- observable data indicating that there is a measurable decrease in expected cash flows from a group of financial assets

For an investment in an equity security, objective evidence of impairment includes a significant or prolonged decline in its fair value below its cost.

3.10.02 Financial Assets Measured at Amortized Cost

The company considers evidence of impairment for these assets at both an individual asset and a collective level. All individually significant assets are individually assessed for impairment. Collective assessment is carried out by grouping together assets with similar risks characteristics.

In assessing collective impairment, the company uses historical information on the timing of recoveries and the amount of loss incurred, and makes any adjustment if current economic and credit conditions are such that the actual losses are likely to be greater or lesser than suggested by historical trends.

An impairment loss is calculated as the difference between an asset's carrying amount and the present value of the estimated future cash flows discounted at the assets' original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account. When the company considers that there is no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

3.10.03 Available for Sale Financial Assets

Impairment losses on available for sale financial assets are recognized by reclassifying the losses accumulated in the fair value reserve to profit or loss. The amount reclassified is the difference between the acquisition cost (net of any principal repayment and amortization) and the current fair value, less any impairment loss previously recognized in profit or loss. If the fair value of an impaired available for sale debt security subsequently increases and the increase can be related objectively to an event occurring after the impairment loss was recognized, then the impairment loss is reversed through profit or loss; otherwise, it is reversed through other comprehensive income.

3.10.04 Equity Accounted Investees

An impairment loss in respect of an equity accounted investee is measured by comparing the recoverable amount of the investment with its carrying amount. An impairment loss, is recognized in profit and loss, and is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

3.10.05 Non Financial Assets

The carrying amounts of the company's property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the property, plant and equipment's recoverable amount is estimated. An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses, if any, are recognized in the statement of profit or loss, other comprehensive income and equity as applicable.

3.11 Transactions with Related Companies

These represent balance amounts due to /from sister concerns which are derived from short term loan, sale/purchase of goods from time to time. Sales and purchase of goods are made on arm's length basis and interest are charged on outstanding balances. These balances are unsecured but considered good and realisable.

3.12 Share Capital

Paid-up-capital represents total amount contributed by the shareholders and bonus shares issued by the company to the ordinary shareholders. Incremental costs directly attributable to the issue of ordinary shares are recognized as expenses as and when incurred. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders rank after all other shareholders. Creditors are fully entitled to any proceeds of liquidation before all shareholders.

3.13 Employee Benefit Schemes

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

3.13.01 Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further amount. The company maintains the Recognized Provident Fund for all permanent employees at which both the company and employees contribute @ 10% of basic salary. The Employees' Provident Fund was obtained recognition from Income Tax Authority on August 05, 1975 which was effective from September 30, 1973 and is considered as defined contribution plan as it meets the recognition criteria specified for this purpose in BAS-19.

Obligation for contribution to defined contribution plan is recognized as provident fund (PF) contribution expenses in profit or loss in the period during which services are rendered by employees. Advance against PF is recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

3.13.02 Defined Benefit Plan

The company maintains an unfunded gratuity scheme and provision in respect of which is made annually for the employees. Gratuity payable at the end of each period is determined on the basis of following rules and regulations of the company.

<u>Service length</u>	<u>Payment basis</u>
Less than Five (5) years	Nil
For Five (5) years and more	Two (2) times of last month basic salary multiplied by year of services

3.13.03 Workers' Profit Participation and Welfare Funds

The company also recognizes a provision for Workers' Profit Participation and Welfare Funds @ 5% of net profit before tax in accordance with the provision of Section 234 (Kha), Chapter 15 of Bangladesh Labour Law 2006.

3.14 Income Tax Expenses

Tax expenses comprises current and deferred tax. Current tax and deferred tax are recognized in profit and loss except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

3.14.01 Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using rates enacted or substantially enacted at the reporting date and any adjustment to tax payable in respect of previous periods. Current tax also includes any tax arising from dividends.

3.14.02 Deferred Tax

Deferred tax is recognized in compliance with BAS 12: Income taxes, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amount used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the authority on the same taxable entity.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax on temporary differences between carrying amounts of investments in associates and tax bases has been recognised following the tax rates applicable for profit on disposal of investments as well as distributions from associates.

Deferred tax on revaluation surplus of lands has not been recognized in the financial statements on the ground that income tax payable at source on capital gain during registration of sale of land are generally borne by the buyer. Hence, possibility of having any income tax implications on land is very remote.

3.15 Provisions and Contingencies

A provision is recognized in the Statement of Financial Position when the company has a legal or contractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingencies arising from claims, litigations, assessments, fine, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Contingent assets are not recognized.

3.16 Revenue

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and rebates, if any. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

The timing of the transfer of risk and rewards depends on the individual terms of the sales agreement.

3.17 Other Operating Income

Other operating income includes interest income on delayed receipts from customers, gain / (loss) on sale of fixed assets and miscellaneous receipts. Other operating income is recognized as revenue income as and when realized.

3.18 Finance Income and Expenses**3.18.01 Finance Income**

Interest income on Fixed Deposit Receipts (FDR) and Short Term Deposits (STD) account has been recognized on cash basis.

3.18.02 Finance Expenses

Interest expenses except expenses related to acquisition/construction of assets, incurred during the period are charged to Statement of Profit or Loss and Other Comprehensive Income on accrual basis.

Interest income/expenses on amount due to/due from inter companies has been recognized periodically.

3.19 Borrowing Costs

Interest and other costs incurred by the company in connection with the borrowing of funds are recognized as expense in the period in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per BAS 23 "Borrowing Costs". Borrowing cost incurred against loan for BMRE project and interest on 12% Convertible coupon bond have been capitalized under effective interest rate method.

3.20 Interest on Balance of Related Companies

Interest on balances due to /due from inter companies has been recognized in the financial statements periodically.

3.21 Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency (BDT) at exchange rates at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies at reporting date are re-translated into Bangladesh Taka at the exchange rates ruling at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies, stated at historical cost, are translated into Bangladesh Taka at the exchange rate ruling at the date of transaction. Foreign exchange differences arising on translation are recognized in profit or loss.

3.22 Management Fees

Bangladesh Steel Re-Rolling Mills Limited, the reporting entity, entered into a management sharing agreement with BSRM Steels Limited, an investee company, on October 15, 2005 for allowing BSRM Steels Limited to use its goodwill. According to the terms of the agreement, Bangladesh Steel Re-Rolling Mills Limited is entitled to receive Tk. 300 per MT of monthly production as management fee on monthly basis provided that BSRM Steels Limited has net profit in its monthly financial statements.

3.23 Duty Drawback

Duty drawback claimed on export sales is adjusted against cost of imported raw materials.

3.24 Earnings Per Share (EPS)

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard BAS-33 "Earnings per Share" which has been reported on the face of Statement of Profit or Loss and Other Comprehensive Income.

3.24.01 Basis of Earnings

This represents profit for the period attributable to ordinary shareholders. As there is no preference dividend, non-controlling interest or extra ordinary items, the net profit after tax for the period has been considered fully attributable to the ordinary shareholders.

3.24.02 Basic Earnings Per Share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the period.

3.24.03 Diluted Earnings Per Share

Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding adjusted for the effects of all dilutive potential ordinary shares.

3.25 Measurement of Fair Values

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Property, plant and equipment

The fair value of items of property, plant and equipment has been determined based on the depreciated replacement cost method and net realizable value method as applicable.

Equity and debt securities

Fair values of tradable equity and debt securities are determined by reference to their quoted closing price in active market at the reporting date which are categorized under 'Level 1' of the fair value hierarchy.

3.26 Events After the Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

4.02 Carrying amount of land and land development under revalued model are made up as follows:

	30 June 2016	31 December 2015
Taka	Taka	
Leasehold land	1,832,242,500	1,832,242,500
Freehold land	2,088,926,869	2,049,996,723
	3,921,169,369	3,882,239,223

	30 June 2016	31 December 2015
	Taka	Taka
4.03 Reclassification of Plant and Machineries		
At revalued amount	-	1,676,945,045
Less: Accumulated Depreciation	-	(417,899,327)
	-	1,259,045,718

To enhance the production capacity of the rolling mills from 120,000 Metric Ton to 450,000 Metric Ton per year, the old rolling portion has been ceased from active use. Management of the Company is planning to dispose off the plant and machineries of rolling portion and hence decided to reclassify it as 'Held for Sale'.

The management of the Company has decided to increase the production capacity of rolling mill from 120,000 Metric Ton per annum to 450,000 Metric Ton per annum using same location of the Company. Subsequently old plant and machineries of rolling portion were ceased from active operation and new mills was set up at the same location.

The Company has engaged ANT Steel Engineers (Asia) Pvt. Limited to assess the productivity of the mills. The firm has certified the mills as fully operative and suitable for its reuse to set up a hot rolling mill plant for production of steel products like rebar, angles, channel and flats. According to the certificate of the firm, management has decided to charge impairment loss where applicable. The management is negotiating with different parties to dispose off the said machineries.

18.00 Reserves

18.01 General reserve

The general reserve is created from time to time by transferring profits from retained earnings for appropriation purposes and to meet future known or unknown requirements. There is no policy of regular transfer. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

18.02 Revaluation reserve

Revaluation reserve relates to the revaluation of property plant and equipment.

46.00 Financial Instruments- Financial risk management

Bangladesh Financial Reporting Standard BFRS 7 - Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the company's policies for controlling risks and exposures.

The management has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. This note presents information about the company's exposure to each of the following risks, the company's objectives, policies and processes for measuring and managing risk, and the company's management of capital. The company has exposure to the following risks from its use of financial instruments.

- a) Credit risk
- b) Liquidity risk
- c) Market risk

46.01 Credit risk

Credit risk is risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations which arises principally from the Company's receivables and investments.

46.01.01 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	30 June 2016	31 December 2015
	Taka	Taka
Investment in quoted shares and debt securities	388,992	378,920
Investments in non-tradable shares	1,000,300	1,000,300
Investments in FDRs (Short term and long term)	341,836,947	195,005,690
Advances and deposits	1,333,356,641	812,992,416
Trade and other receivables	1,037,629,523	504,203,765
Due from related companies	1,993,023,585	904,026,840
Cash at banks	130,367,136	223,151,201
	4,837,603,124	2,640,759,132

(i) Trade and other receivables

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry in which customers operate. During 2016: 98.66% (2015: 96.83%) of the company's receivables balance was with various outside parties. However, based on the company's operations there is no concentration of credit risk.

The company's management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the company's standard payment and delivery terms and conditions are offered. The company reviews clients goodwill and in some cases bank references. Customers that fails to meet the company's standard credit policy may transact with the company only on a pre-payment basis.

Ageing of trade and other receivables

The ageing of gross value at the reporting date that was not impaired was as follows:

	30 June 2016	31 December 2015
	Taka	Taka
Due for 3 months	915,167,843	423,755,759
Due for 3 to 6 months	55,969,474	9,521,296
Due for above 6 months	67,522,188	71,956,692
	1,038,659,505	505,233,747

The management believes that the amounts except the provision made for doubtful debts are collectible in full, based on historic payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings if they are available.

(ii) Due from related companies

The carrying amount represents amount paid to one of the inter companies to meet its operational finance from time to time. The outstanding balance is redeemable including 10% (in 2015: 11% - 12%) interest per annum and has no prescribed repayment schedule.

(iii) Cash and cash equivalents

The company held cash at banks of Tk.130,367,136 and FDRs of Tk. 161,552,063 at 30 June 2016 (2015: Tk. 294,004,367), which represents its maximum credit exposure on these assets. The balance with banks are maintained with both local branch of International banks and domestic scheduled banks.

(iv) Guarantees

The company's policy is to provide financial guarantees only to its sister companies. At 30 June 2016 the company has a number of corporate guarantees for L/C liabilities of sister companies (refer to Note - 42.02).

46.02 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to Liquidity risk

The following are the contractual maturities of financial liabilities:

Non-derivative financial liabilities	Carrying amount	Interest rate	Contractual cash flows			
			Within 12 months	1 to 5 years	More than 5 years	Total
As at 31 December 2015	Taka		Taka	Taka	Taka	Taka

46.03 Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(a) Currency risk exposure and its management

The company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currencies of the company. To manage this exposure, the company is adapted direct risk reduction methods based on matching receipts and payments on assets and liabilities.

The Company is exposed to foreign currency risk relating to purchases, sales and other transactions which are denominated in foreign currencies. As at 30 June 2016, the Company was exposed to foreign currency risk in respect of financial liabilities denominated in the following currencies:

(i) Exposure to currency risk

	30 June 2016		31 December 2015	
	USD	Taka	USD	Taka
Foreign currency denominated assets				
Cash and cash equivalents	244,180	19,192,575	2,211,427	174,592,191
Trade and other receivables	-	-	-	-
	244,180	19,192,575	2,211,427	174,592,191
Foreign currency denominated liabilities				
Liability for accepted bills for payment (ABP)	50,775,613	3,990,963,206	13,645,377	1,077,302,512
	50,775,613	3,990,963,206	13,645,377	1,077,302,512
Net exposure	51,019,794	4,010,155,781	15,856,804	1,251,894,703

The following significant exchange rate is applied during the period:

Exchange rate of US Dollar	78.60	78.95
-----------------------------------	--------------	--------------

(ii) Sensitivity analysis

A reasonably possible strengthening (weakening) of the US Dollar against BD Taka at the reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

	30 June 2016		31 December 2015	
	Profit or loss		Profit or loss	
Strengthening	Weakening	Strengthening	Weakening	
Taka	Taka	Taka	Taka	
USD (2% movement)	(80,203,116)	80,203,116	(35,432,019)	35,432,019

(b) Transaction risk

Transaction risk is the risk that the company will incur exchange losses when the accounting results are translated into the home currency.

(c) Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the company.

(d) Interest risk

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to re-pay debts as they fall due and to minimize the risks surrounding interest payments and receipts.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management of the company is as follows.

	30 June 2016	31 December 2015
	Taka	Taka
Fixed- rate instruments		
Financial assets	2,334,860,532	1,099,032,530
Financial liabilities	(17,539,247,221)	(15,299,536,268)
	<u>(15,204,386,689)</u>	<u>(14,200,503,738)</u>
Variable- rate instruments		
Financial assets	Nil	Nil
Financial liabilities	Nil	Nil
	<u>-</u>	<u>-</u>

(e) Other market price risk

The company is exposed to equity price risk, which arises from available for sale equity and debt securities. Management of the company monitors its investment portfolio based on market indices and all buy and sell decisions are approved by the Directors.

47.00 Capital expenditure commitment

A godown is under construction at Katarer Tilla, Mirsarai. The budgeted cost of which is Tk. 585,836,000. An amount of Tk. 241,353,547 has been incurred up to 30 June 2016.

48.00 Production capacity**(i) MS product- finished**

	01 January 2016 to 30 June 2016	01 January 2015 to 30 June 2015

AUDITORS' REPORT & FINANCIALS FOR THE YEAR ENDED ON JUNE 30, 2017

A.QASEM & CO.
Chartered Accountants Since 1953

**Auditor's Report
And
Audited Financial Statements
of
BANGLADESH STEEL RE-ROLLING
MILLS LIMITED.**

For the year ended June 30, 2017.

A member firm of Ernst & Young Global Limited
EY refers to the global organization, and/or one or more of the independent member firms of Ernst & Young Global Limited

AUDITORS' REPORT

To the Shareholders of Bangladesh Steel Re-Rolling Mills Limited

We have audited the accompanying financial statements of **Bangladesh Steel Re-Rolling Mills Limited** which comprise the statement of financial position as at 30 June 2017 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, and applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The comparative Financial Statements of the company and its associate for the period from 01 July 2015 to 30 June 2016 have been taken from un-audited financial statements.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Bangladesh Steel Re-Rolling Mills Limited as at 30 June 2017 and its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards and other applicable laws and regulations.

In accordance with the Companies Act 1994 and Securities and Exchange Rules 1987, We also report that:

- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books.
- (c) The financial statements dealt with by the report are in agreement with the books of account and returns.
- (d) The expenditure incurred was for the purposes of the company's business.

The main purpose of BSRM Steels Limited is to manufacture M.S. products by setting up rolling and re-rolling mills. The company has set up its Rolling mill at 4 locations, Fouzderhat Industrial Estate, Latifpur, Sitakunda, Chittagong and commenced commercial production from 01 April 2008.

A member firm of Ernst & Young Global Limited

EY refers to the global organization, and/or one or more of the independent member firms of Ernst & Young Global Limited

(ii) **Legal form of BSRM Iron & Steel Co. Ltd.**

BSRM Iron & Steel Co. Ltd. (BISCO) was incorporated as a private Limited Company on 13th April, 2005, vide certificate No. CH-5415 of 2005 under the Companies Act, 1994. The Company was converted into a public limited company on March 15, 2011. The Company's Registered and Corporate Office is situated at Ali Mansion, Sadarghat Road, Chittagong. It is a subsidiary company of BSRM Steels Limited that holds 95% ordinary shares in (BISCO). As a result Bangladesh Steel Re-Rolling Mills Limited indirectly holds 29.63% shares in BISCO and has significant influence over it.

Nature of the business

The principal activities of the company are manufacturing M.S. Billets of different qualities and selling the same to steel rolling mills. The company has set up its automatic steel melting plant at 202-205 Nasirabad Industrial Area, Baizid Bostami Road, Chittagong and commenced commercial production from 1st June, 2010.

Proposed Merger

The shareholder of the company has approved in their 6th extra ordinary general meeting held on March 29, 2016 for merger of the company with BSRM Steels Limited under the provision of section 228 and 229 of Companies Act 1994 by transferring all Assets and Liabilities of the company to BSRM Steels Limited subject to the approval of Honourable High Court Division of Supreme Court of Bangladesh.

(iii) **Legal form of BSRM Steel Mills Limited**

BSRM Steel Mills Limited, was incorporated as a private limited company on 16 April 2008 vide registration # CH-6561(267)/2008 under the Companies Act, 1994 to set up one of the largest production plant in the steel industries in Bangladesh. The company was converted into public limited company on 12 November 2013. Bangladesh Steel Re-Rolling Mills Limited holds 44.97% of ordinary shares directly and 7.91% of ordinary shares indirectly in BSRM Steel Mills Limited.

Nature of the business

The company is engaged in setting up an automatic steel melting plant for making M.S. billets of different quality and sell the same to steel rolling mills. The company has started commercial production on 16 June 2016.

2.00 BASIS OF PREPARATION

2.01 Statement of Compliance

These Financial Statements have been prepared on a going concern basis following accrual basis of accounting except for Cash Flow Statement in accordance with the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh (ICAB) as Bangladesh Accounting Standards (BASSs) and Bangladesh Financial Reporting Standards (BFRSs).

2.02 Basis of Reporting

The financial statements are prepared and presented for external users by the company in accordance with identified financial reporting framework. Presentation has been made in compliance with the requirements of BAS 1 – “Presentation of Financial Statements”. The financial statements comprise of:

- a) A statement of financial position as at 30 June 2017
- b) A statement of profit or loss and other comprehensive income for the period ended 30 June 2017
- c) A statement of changes in equity for the period ended 30 June 2017
- d) A statement of cash flows for the period ended 30 June 2017
- e) Notes, comprising a summary of significant accounting policies and explanatory information.

2.03 Other Regulatory Compliances

The company is also required to comply with the following major laws and regulations along with the Companies Act 1994:

- i) The Income Tax Ordinance, 1984
- ii) The Income Tax Rules, 1984
- iii) The Value Added Tax Act, 1991
- iv) The Value Added Tax Rules, 1991
- v) The Securities and Exchange Ordinance, 1969
- vi) The Securities and Exchange Rules, 1987
- vii) Securities and Exchange Commission Act, 1993
- viii) The Customs Act, 1969
- ix) Bangladesh Labour Law, 2006

2.04 Authorization for Issue

These financial statements have been authorized for issue by the Board of Directors on 12 August, 2017.

2.05 Basis of Measurement

These financial statements have been prepared on going concern basis under the historical cost convention except for investment in tradable shares and property, plant and equipment which are measured at fair value.

2.06 Functional and Presentation Currency

These financial statements are presented in Bangladesh Taka (BDT) which is the company's functional currency. All financial information presented in BD Taka has been rounded off to the nearest Taka except when otherwise indicated.

2.07 Statement of Cash Flows

Statement of cash flows has been prepared in accordance with BAS 7: Statement of Cash Flows and the cash flow from operating activities have been presented under direct method as per the requirement of Securities and Exchange Rules 1987.

2.08 Going Concern

The Company has adequate resources to continue its operation for foreseeable future and hence, the financial statements have been prepared on going concern basis. As per management's assessment there are no material uncertainties related to events or conditions which may cast significant doubt upon the company's ability to continue as a going concern.

2.09 Applicable Accounting Standards

The following BASs and BFRSs are applicable for preparation and reporting of the Financial Statements for the period under review:

BAS - 1	Presentation of Financial Statements
BAS - 2	Inventories
BAS - 7	Statement of Cash Flows
BAS - 8	Accounting Policies, Changes in Accounting Estimates and Errors
BAS - 10	Events after the Reporting Period
BAS - 12	Income Taxes
BAS - 16	Property, Plant and Equipment
BAS - 18	Revenue
BAS - 19	Employee Benefits
BAS - 21	The Effects of Changes in Foreign Exchange Rates
BAS - 23	Borrowing Costs
BAS - 24	Related Party Disclosures
BAS - 28	Investment in Associates & Joint Ventures
BAS - 32	Financial Instruments: Presentation
BAS - 33	Earnings Per Share
BAS - 36	Impairment of Assets
BAS - 37	Provisions, Contingent Liabilities and Contingent Assets
BAS - 38	Intangible Assets
BAS - 39	Financial Instruments: Recognition and Measurement
BFRS - 5	Non-current Assets Held for Sale and Discontinued Operations
BFRS - 7	Financial Instruments: Disclosures
BFRS - 12	Disclosure of Interest in Other Entities
BFRS - 13	Fair Value Measurement

2.10 Standards issued but not yet effective

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the financial statements are disclosed below. The company intends to adopt these standards, if applicable, when they become effective.

BFRS 9 Financial Instruments

In July 2014, the IASB issued the final version of BFRS 9 Financial Instruments that replaces BAS 39 Financial Instruments: Recognition and Measurement and all previous versions of BFRS 9. BFRS 9 brings together all three aspects of the accounting for the financial instruments project: classification and measurement; impairment; and hedge accounting. BFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Except for hedge accounting, retrospective application is required, but providing comparative information is not compulsory. For hedge accounting, the requirements are generally applied prospectively, with some limited exceptions.

BFRS 15 Revenue from Contracts with Customers

BFRS 15 was issued in May 2014 and establishes a five-step model to account for revenue arising from contracts with customers. Under BFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under BFRS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 January 2018. Early adoption is permitted.

BAS 7 Disclosure Initiative – Amendments to BAS 7

The amendments to BAS 7 Statement of Cash Flows are part of the IASB's Disclosure Initiative and require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. On initial application of the amendment, entities are not required to provide comparative information for preceding periods. These amendments are effective for annual periods beginning on or after 1 January 2017, with early application permitted.

2.11 Use of Estimates and Judgments

The preparation of financial statements in conformity with BFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

Note: 4.00	Property, plant and equipment
Note: 5.00	Intangible asset
Note: 9.00	Inventories
Note: 10.00	Trade receivables
Note: 21.00	Deferred tax liabilities
Note: 26.00	Liabilities for expenses
Note: 27.00	Provision for income tax

2.12 Comparative Information

The financial statements provides Comparative information in respects of the previous period in accordance with BAS - 1: Presentation of Financial Statements, for all numeric information in the financial statements. Comparative figures have been rearranged wherever considered necessary to ensure better comparability with the current period without causing any impact on the profit and value of assets and liabilities as reported in the financial statement.

2.13 Reporting Period

The financial statements of the company covers the period from 01 July, 2016 to 30 June 2017.

3.00 SIGNIFICANT ACCOUNTING POLICIES

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the framework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the period and were also consistent with those used in earlier periods.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the BAS-1 "Presentation of Financial Statements". The recommendations of BAS-1 relating to the format of financial statements were also taken into full consideration for fair presentation.

3.01 Consistency

The accounting policies and methods of computation used in preparation of Financial Statements for the year ended 30 June 2017 are consistent with those policies and methods adopted in preparing the Financial Statements for the year ended 31 June 2016 except changes in accounting estimates in the Property, Plant and Equipment.

3.02 Current versus non-current classification

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

Expected to be realised or intended to sold or consumed in the normal operating cycle

Held primarily for the purpose of trading

Expected to be realised within twelve months after the reporting period

Or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

It is expected to be settled in the normal operating cycle

It is held primarily for the purpose of trading

It is due to be settled within twelve months after the reporting period

Or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

3.03 Property, Plant and Equipment (PPE)

Items of property, plant and equipment are stated at cost and re-valued amount less accumulated depreciation and accumulated impairment losses, if any.

3.03.01 Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self constructed/installed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner and the cost of dismantling and removing the items and restoring the site on which they are located.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognised under other income/expenses in profit or loss.

3.03.02 Subsequent Costs

The cost of replacing or upgrading part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss.

3.03.03 Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other property, plant and equipment, depreciation is recognized in statement of profit or loss and other comprehensive income on straight line method over the estimated useful lives of property, plant and equipment. Significant parts of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is charged on addition from the month (date of service) of acquisition/addition upto the month of disposal. The depreciation method has changed from the reducing balance method to straight line method with the decision of the Board at its 389th Board of Directors meeting held on January 26, 2017 and at that meeting Board has considered the useful life of the assets as follows:

Major Category	Minor Category	Useful Life
Land and land development	Land and land development	Nil
Plant and machineries	Motor	7
Plant and machineries	Panel	10
Plant and machineries	All Stand	25
Plant and machineries	All other Machinery	15
Motor vehicles	Car	6
Motor vehicles	Micro Bus	6
Motor vehicles	Covered Pick up Van	10
Motor vehicles	Open Pick up Van	10
Motor vehicles	Prime Mover	15
Motor vehicles	Open Truck	10
Motor vehicles	Dump Truck	12
Motor vehicles	Motor Cycle	5
Factory building and shed	All Minor Category	20

Boundary wall, drainage System, roads & pavement	All Minor Category	20
Furniture and fixtures	All Minor Category	5
Office equipment	All Minor Category	5
IT Equipment	All Minor Category	5

Depreciation are charged / allocated on the basis of location of respective assets. Depreciation methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

3.03.04 Revaluation of Property, Plant and Equipment

All property, plant and equipment of the company were revalued by Hoda Vasi Chowdhury & Co., Chartered Accountants, in 2008 and 2012 considering the book value of such assets on 31 December 2006 and 31 December 2011 respectively. As per report of revaluation, net revaluation gain stands at Tk.1,673,400,176 and Tk.2,004,256,895 in 2008 and 2012 respectively. These revaluations have been recognized in the financial statements at the beginning of the year 2008 and 2012 respectively.

Replacement cost and net realisable value method, as applicable, have been used by the independent valuer in revaluation of property, plant and equipment.

Difference of depreciation between revalued carrying amount and depreciation based on carrying amount as per assets' original cost has been transferred from Revaluation Reserve to Retained Earnings as shown in Statement of Changes in Equity.

3.04 Non-current Asset Held for Sale

Non-current assets that are highly probable to be recovered primarily through sale rather than through continuing use are classified as held for sale. Immediately before classification as held for sale the assets are remeasured in accordance with the company's accounting policies. Thereafter, the assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses on initial classification as held for sale are recognised to revaluation reserve to the extent of revaluation surplus, in excess of revaluation surplus and subsequent gains or losses on remeasurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative impairment loss.

If criteria for an asset to be classified as held for sale are no longer met, then the asset or disposal group ceases to be held for sale.

In this case, the asset or disposal group should be valued at the lower of the carrying amount before the asset or disposal group was classified as held for sale (as adjusted for any subsequent depreciation, amortization, or revaluation) and its recoverable amount at the date of the decision not to sell.

3.05 Intangible Asset

3.05.01 Recognition and Measurement

Intangible Assets that are acquired by the company and have finite useful lives are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible Assets are recognized when all the conditions for recognition as per BAS 38: "Intangible Assets" are met. The cost of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

3.05.02 Subsequent Costs

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in profit or loss as incurred.

3.05.03 Amortization

The only intangible asset of the company is ERP (Oracle eBS Software) which is amortised every month following straight line method for 10 (ten) years. The amortisation cost is charged in profit or loss.

Amortization methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

3.06 Capital Work in Progress

Property, Plant and Equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is completed and measured at cost.

3.07 Investments in Associates

The company's investment in associates is accounted for in the Financial Statements using the Equity Method in accordance with BAS 28: 'Investment in Associates & Joint Ventures'. Investment in an associate is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition which is classified as non-current assets in the statement of financial position. The investor's share of investee's profit or loss is recognized in the investor's profit or loss. Adjustment after the date of acquisition to the carrying amount has been made for changes in the investor's proportionate interest in the investee that arising from the revaluation of property, plant & equipment and from foreign currency translation differences. The investor's share of those changes is recognized in other comprehensive income of the investor.

The excess of company's share of net assets' value of associates over cost of investments has been recognized in profit or loss as share of associate's profit or loss during the period following the provisions of BAS 28.

Unrealized gains and losses arising from transactions with associate are eliminated against the investment to the extent of the company's interest in investee.

3.08 Inventories

Nature of inventories

Inventories comprise Raw Materials (Melting Scrap, Billets and Sponge Iron), Packing Materials, Consumable Stores, Fuel and Lubricants & Finished Goods (M.S. Rods, Billets, Iron Beams, Angles, Channels and Steel Bars) etc.

Valuation of the inventories

Inventories are measured at lower of cost and net realizable value. The cost of inventories is calculated based on the weighted average method and includes expenditure incurred in acquiring these inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition in accordance with BAS 2 "Inventories".

Category

Finished Goods
Raw materials
Store items

Valuation

Finished Goods are valued at Cost or Net Realisable Value whichever is
Raw Materials are valued at Cost or Net Realisable Value whichever is lower.
Based on weighted average method.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and selling expenses.

A member firm of Ernst & Young Global Limited

EY refers to the global organization, and/or one or more of the independent member firms of Ernst & Young Global Limited

3.09 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.9.01 Financial Assets

The Company initially recognizes loans and receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the instrument.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial assets are transferred.

Financial assets are classified into the following categories: financial assets at fair value through profit or loss, held to maturity, loans and receivables and available-for-sale financial assets.

At fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the company manages such investment and makes purchase or sale decisions based on their fair value in accordance with the company's documented risk management or investment strategy. Attributable transactions costs are recognized in profit and loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein which take into account and dividend income are recognized in profit or loss. Investment in equity securities and debt securities are classified under at fair value through profit or loss.

Held to maturity

These assets are initially recognized at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, they are measured at amortized cost using the effective interest method.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost.

Loans and receivables comprise cash and cash equivalents, loans and trade and other receivables and deposits.

(a) Trade and other receivables

Trade and other receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition, these are carried at cost less impairment losses, if any, due to un-collectability of any amount so recognized.

There is no fixed company policy regarding provision for impairment loss on receivables, if any receivables are not realized within the credit period. It has been dealt with on case to case basis.

(b) Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as Property, Plant and Equipment, Inventory or Expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit or loss.

(c) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

Available-for-sale

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale and are not classified in any other categories of financial assets. Generally available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs and subsequent to initial recognition at fair value and changes therein other than impairment losses are recognized in other comprehensive income and presented in the fair value reserve in equity. Financial assets which are not traded in the market have been valued at cost unless any indication of impairment in value of such financial assets exist. Cumulative gain/losses recognized in the other comprehensive income are reclassified from equity to profit or loss upon derecognition or reclassification.

3.9.02 Financial Liabilities

The company initially recognises all financial liabilities on the trade date which is the date the company becomes a party to the contractual provisions of the instrument.

The company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

The company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value less directly attributable transaction cost. Subsequent to initial recognition, these financial liabilities are measured at amortized cost.

Other financial liabilities comprise loans and borrowings, bank overdrafts and trade and other payables.

(a) Trade and other payables

The company recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

(b) 12% Convertible coupon bond

These are initially recognised at cost which is the fair value. After initial recognition these are carried at amortised cost. The equity component of the Convertible Bond is recognized as per BAS 32.

(c) Other liabilities

Other liabilities represents the amounts due to various parties for receiving services. These are initially recognised at cost which is the fair value. After initial recognition these are carried at amortised cost.

3.9.03 Equity Instruments

Share capital (ordinary shares)

Ordinary shares are classified as equity.

3.10 Impairment

3.10.01 Financial Assets

Financial assets are impaired if objective evidence indicates that a loss event has occurred after initial recognition of the assets and that the loss event had a negative effect on the estimated future cash flows of that assets that can be estimated reliably.

Financial assets not classified as at fair value through profit or loss, including an interest in an equity accounted investee, are assessed at each reporting date to determine whether there is objective evidence of impairment.

Objective evidence that financial assets are impaired includes :

- default or delinquency by a debtor
- restructuring of an amount due to the company on terms that the company would not consider otherwise
- indications that a debtor or issuer will enter bankruptcy
- adverse changes in the payment status of borrowers or issuers
- the disappearance of an active market for a security, or
- observable data indicating that there is a measurable decrease in expected cash flows from a group of financial assets

For an investment in an equity security, objective evidence of impairment includes a significant or prolonged decline in its fair value below its cost.

3.10.02 Financial Assets Measured at Amortized Cost

The company considers evidence of impairment for these assets at both an individual asset and a collective level. All individually significant assets are individually assessed for impairment. Collective assessment is carried out by grouping together assets with similar risks characteristics.

In assessing collective impairment, the company uses historical information on the timing of recoveries and the amount of loss incurred, and makes any adjustment if current economic and credit conditions are such that the actual losses are likely to be greater or lesser than suggested by historical trends.

An impairment loss is calculated as the difference between an asset's carrying amount and the present value of the estimated future cash flows discounted at the assets' original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account. When the company considers that there is no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

3.10.03 Available for Sale Financial Assets

Impairment losses on available for sale financial assets are recognized by reclassifying the losses accumulated in the fair value reserve to profit or loss. The amount reclassified is the difference between the acquisition cost (net of any principal repayment and amortization) and the current fair value, less any impairment loss previously recognized in profit or loss. If the fair value of an impaired available for sale debt security subsequently increases and the increase can be related objectively to an event occurring after the impairment loss was recognized, then the impairment loss is reversed through profit or loss; otherwise, it is reversed through other comprehensive income.

3.10.04 Equity Accounted Investees

An impairment loss in respect of an equity accounted investee is measured by comparing the recoverable amount of the investment with its carrying amount. An impairment loss, is recognized in profit and loss, and is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

3.10.05 Non Financial Assets

The carrying amounts of the company's property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the property, plant and equipment's recoverable amount is estimated. An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses, if any, are recognized in the statement of profit or loss, other comprehensive income and equity as applicable.

3.11 Transactions with Related Companies

These represent balance amounts due to /from sister concerns which are derived from short term loan, sale/purchase of goods from time to time. Sales and purchase of goods are made on arm's length basis and interest are charged on outstanding balances. These balances are unsecured but considered good and realisable.

3.12 Share Capital

Paid-up-capital represents total amount contributed by the shareholders and bonus shares issued by the company to the ordinary shareholders. Incremental costs directly attributable to the issue of ordinary shares are recognized as expenses as and when incurred. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders rank after all other shareholders. Creditors are fully entitled to any proceeds of liquidation before all shareholders.

3.13 Employee Benefit Schemes

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

3.13.01 Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further amount. The company maintains the Recognized Provident Fund for all permanent employees at which both the company and employees contribute @ 10% of basic salary. The Employees' Provident Fund was obtained recognition from Income Tax Authority on August 05, 1975 which was effective from September 30, 1973 and is considered as defined contribution plan as it meets the recognition criteria specified for this purpose in BAS-19.

Obligation for contribution to defined contribution plan is recognized as provident fund (PF) contribution expenses in profit or loss in the period during which services are rendered by employees. Advance against PF is recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

3.13.02 Defined Benefit Plan

The company maintains an unfunded gratuity scheme and provision in respect of which is made annually for the employees. Gratuity payable at the end of each period is determined on the basis of following rules and regulations of the company.

<u>Service length</u>	<u>Payment basis</u>
Less than Five (5) years	Nil
For Five (5) years and more	Two (2) times of last month basic salary multiplied by year of services

3.13.03 Workers' Profit Participation and Welfare Funds

The company also recognizes a provision for Workers' Profit Participation and Welfare Funds @ 5% of net profit before tax in accordance with the provision of Section 234 (Kha), Chapter 15 of Bangladesh Labour Law 2006.

3.14 Income Tax Expenses

Tax expenses comprises current and deferred tax. Current tax and deferred tax are recognized in profit and loss except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

3.14.01 Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using rates enacted or substantially enacted at the reporting date and any adjustment to tax payable in respect of previous periods. Current tax also includes any tax arising from dividends.

3.14.02 Deferred Tax

Deferred tax is recognized in compliance with BAS 12: Income taxes, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amount used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the authority on the same taxable entity.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax on temporary differences between carrying amounts of investments in associates and tax bases has been recognised following the tax rates applicable for profit on disposal of investments as well as distributions from associates.

Deferred tax on revaluation surplus of lands has not been recognized in the financial statements on the ground that income tax payable at source on capital gain during registration of sale of land are generally borne by the buyer. Hence, possibility of having any income tax implications on land is very remote.

3.15 Provisions and Contingencies

A provision is recognized in the Statement of Financial Position when the company has a legal or contractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingencies arising from claims, litigations, assessments, fine, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Contingent assets are not recognized.

3.16 Revenue

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and rebates, if any. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

The timing of the transfer of risk and rewards depends on the individual terms of the sales agreement.

3.17 Other Operating Income

Other operating income includes interest income on delayed receipts from customers, gain / (loss) on sale of fixed assets and miscellaneous receipts. Other operating income is recognized as revenue income as and when realized.

3.18 Finance Income and Expenses

3.18.01 Finance Income

Interest income on Fixed Deposit Receipts (FDR) and Short Term Deposits (STD) account has been recognized on cash basis.

3.18.02 Finance Expenses

Interest expenses except expenses related to acquisition/construction of assets, incurred during the period are charged to Statement of Profit or Loss and Other Comprehensive Income on accrual basis.

Interest income/expenses on amount due to/due from inter companies has been recognized periodically.

3.19 Borrowing Costs

Interest and other costs incurred by the company in connection with the borrowing of funds are recognized as expense in the period in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per BAS 23 "Borrowing Costs". Borrowing cost incurred against loan for BMRE project and interest on 12% Convertible coupon bond have been capitalized under effective interest rate method.

3.20 Interest on Balance of Related Companies

Interest on balances due to /due from inter companies has been recognized in the financial statements periodically.

3.21 Foreign Currency Transactions

The financial statements are presented in Bangladesh Taka, which is the functional currency of the company.

Transactions and balances

Transactions in foreign currencies are initially recorded by the company at the functional currency at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at Bangladesh Taka which is the functional currency at the exchange rate ruling at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated in to Bangladesh Taka at the dates of the initial transactions.

3.22 Management Fees

Bangladesh Steel Re-Rolling Mills Limited, the reporting entity, entered into a management sharing agreement with BSRM Steels Limited, an investee company, on October 15, 2005 for allowing BSRM Steels Limited to use its goodwill. According to the terms of the agreement, Bangladesh Steel Re-Rolling Mills Limited is entitled to receive Tk. 150 per MT of monthly production as management fee on monthly basis provided that BSRM Steels Limited has net profit in its monthly financial statements.

3.23 Duty Drawback

Duty drawback claimed on export sales is adjusted against cost of imported raw materials.

3.24 Earnings Per Share (EPS)

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard BAS-33 "Earnings per Share" which has been reported on the face of Statement of Profit or Loss and Other Comprehensive Income.

3.24.01 Basis of Earnings

This represents profit for the period attributable to ordinary shareholders. As there is no preference dividend, non-controlling interest or extra ordinary items, the net profit after tax for the period has been considered fully attributable to the ordinary shareholders.

3.24.02 Basic Earnings Per Share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the period.

3.24.03 Diluted Earnings Per Share

Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding adjusted for the effects of all dilutive potential ordinary shares.

3.25 Measurement of Fair Values

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Property, plant and equipment

The fair value of items of property, plant and equipment has been determined based on the depreciated replacement cost method and net realizable value method as applicable.

Equity and debt securities

Fair values of tradable equity and debt securities are determined by reference to their quoted closing price in active market at the reporting date which are categorized under 'Level 1' of the fair value hierarchy.

3.26 Events After the Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

3.27 General

- (i) Figures for the year 2015-16 have been rearranged wherever considered necessary to ensure comparability with the current year.
- (ii) Bracket figures denote negative.

18.00 Reserves

18.01 General reserve

The general reserve is created from time to time by transferring profits from retained earnings for appropriation purposes and to meet future known or unknown requirements. There is no policy of regular transfer. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

18.02 Revaluation reserve

Revaluation reserve relates to the revaluation of property plant and equipment.

46.00 Financial instruments- Financial risk management

Bangladesh Financial Reporting Standard BFRS 7 - Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the company's policies for controlling risks and exposures.

The management has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. This note presents information about the company's exposure to each of the following risks, the company's objectives, policies and processes for measuring and managing risk, and the company's management of capital. The company has exposure to the following risks from its use of financial instruments.

- a) Credit risk
- b) Liquidity risk
- c) Market risk

Risk management framework

The company management has overall responsibility for the establishment and oversight of the Company's risk management framework. The company's management policies are established to identify and analyze the risks faced by the Company to set appropriate risk limits and controls and to monitor risks and adherence to limit. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

46.01 Credit risk

Credit risk is risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations which arises principally from the Company's receivables and investments.

46.01.01 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2017	2016
	Taka	Taka
Investment in quoted shares and debt securities	407,795	388,992
Investments in non-tradable shares	1,000,300	1,000,300
Investments in FDRs (Short term and long term)	281,634,756	341,836,947
Advances and deposits	1,765,022,527	1,333,356,641
Trade and other receivables	2,084,282,484	1,037,629,523
Due from related companies	1,246,229,284	1,993,023,585
Cash at banks	375,392,011	130,367,136
	<u>5,753,969,156</u>	<u>4,837,603,124</u>

(i) Trade and other receivables

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry in which customers operate. During 2016-2017: 97.40% (2015-2016: 98.66%) of the company's receivables balance was with various outside parties. However, based on the company's operations there is no concentration of credit risk.

The company's management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the company's standard payment and delivery terms and conditions are offered. The company reviews clients goodwill and in some cases bank references. Customers that fails to meet the company's standard credit policy may transact with the company only on a pre-payment basis.

Ageing of trade and other receivables

The ageing of gross value at the reporting date that was not impaired was as follows:

	2017	2016
	Taka	Taka
Due for 3 months	1,516,971,444	915,167,843
Due for 3 to 6 months	312,808,333	55,969,474
Due for above 6 months	255,251,296	67,522,188
	2,085,031,073	1,038,659,505

The management believes that the amounts except the provision made for doubtful debts are collectible in full, based on historic payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings if they are available.

(ii) Due from related companies

The carrying amount represents amount paid to one of the inter companies to meet its operational finance from time to time. The outstanding balance is redeemable including 10% (in 2015-2016: 10%) interest per annum and has no prescribed repayment schedule.

(iii) Cash and cash equivalents

The company held cash at banks of Tk.374,654,904 and FDRs of Tk. 133,030,099 at 30 June 2017 (2015-2016: Tk. 291,919,199), which represents its maximum credit exposure on these assets. The balance with banks are maintained with both local branch of International banks and domestic scheduled banks.

(iv) Guarantees

The company's policy is to provide financial guarantees only to its sister companies. At 30 June 2017 the company has a number of corporate guarantees for L/C liabilities of sister companies (refer to Note - 42.02).

46.02 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to Liquidity risk

The following are the contractual maturities of financial liabilities:

Non-derivative financial liabilities	Carrying amount	Interest rate	Contractual cash flows			Total
			Within 12 months	1 to 5 years	More than 5 years	
	Taka		Taka	Taka	Taka	Taka

46.03 Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(a) Currency risk exposure and its management

The company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currencies of the company. To manage this exposure, the company is adapted direct risk reduction methods based on matching receipts and payments on assets and liabilities.

The Company is exposed to foreign currency risk relating to purchases, sales and other transactions which are denominated in foreign currencies. As at 30 June 2017, the Company was exposed to foreign currency risk in respect of financial liabilities denominated in the following currencies:

(i) Exposure to currency risk

	30 June 2017		30 June 2016	
	USD	Taka	USD	Taka
Foreign currency denominated assets				
Cash and cash equivalents	2,540,108	206,637,787	244,180	19,192,575
Trade and other receivables	-	-	-	-
	2,540,108	206,637,787	244,180	19,192,575
Foreign currency denominated liabilities				
Liability for accepted bills for payment (ABP)	22,851,411	1,858,962,277	50,775,613	3,990,963,206
	22,851,411	1,858,962,277	50,775,613	3,990,963,206
Net exposure	25,391,519	2,065,600,064	51,019,794	4,010,155,781

The following significant exchange rate is applied during the

Exchange rate of US Dollar	81.35	78.60
----------------------------	--------------	--------------

(ii) Sensitivity analysis

A reasonably possible strengthening (weakening) of the US Dollar against BD Taka at the reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

A. QASEM & Co.

Chartered Accountants Since 1953

	30 June 2017		30 June 2016	
	Profit or loss		Profit or loss	
	Strengthening	Weakening	Strengthening	Weakening
	Taka	Taka	Taka	Taka
USD (2% movement)	(41,309,399)	41,309,399	(80,203,116)	80,203,116

(b) Transaction risk

Transaction risk is the risk that the company will incur exchange losses when the accounting results are translated into the home currency.

(c) Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the company.

(d) Interest risk

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to re-pay debts as they

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management of the company is as follows.

	2017	2016
	Taka	Taka
Fixed- rate instruments		
Financial assets	1,527,864,040	2,334,860,532
Financial liabilities	(2,077,988,167)	(3,272,584,206)
	(550,124,127)	(937,723,674)
Variable- rate instruments		
Financial assets	Nil	Nil
Financial liabilities	Nil	Nil
	-	-

(e) Other market price risk

The company is exposed to equity price risk, which arises from available for sale equity and debt securities. Management of the company monitors its investment portfolio based on market indices and all buy and sell decisions are approved by the Directors.
