

GROWING IS PROGRESS

BANGLADESH STEEL RE-ROLLING MILLS LIMITED

INTEGRATED ANNUAL REPORT 2022-23

BANGLADESH STEEL RE-ROLLING MILLS LIMITED

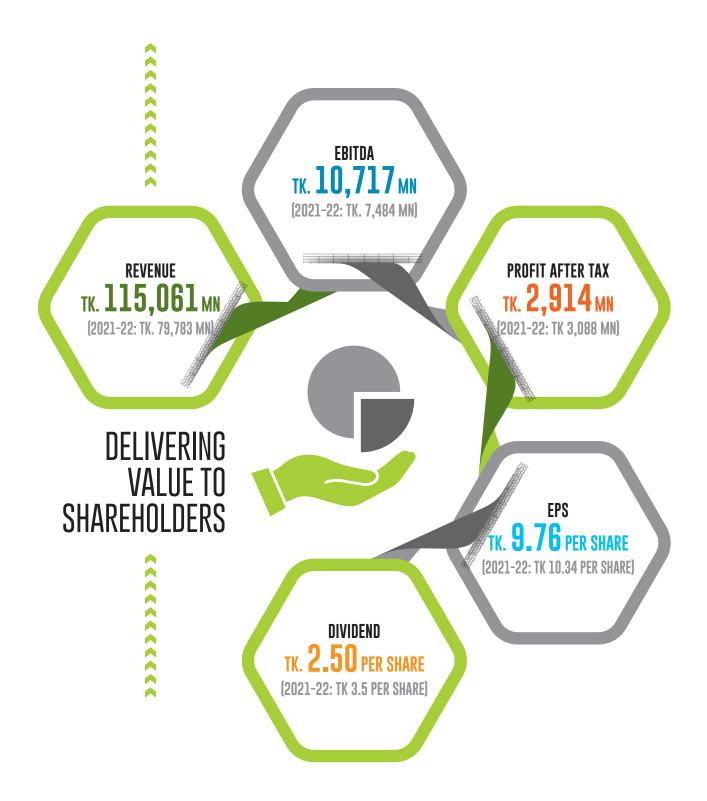

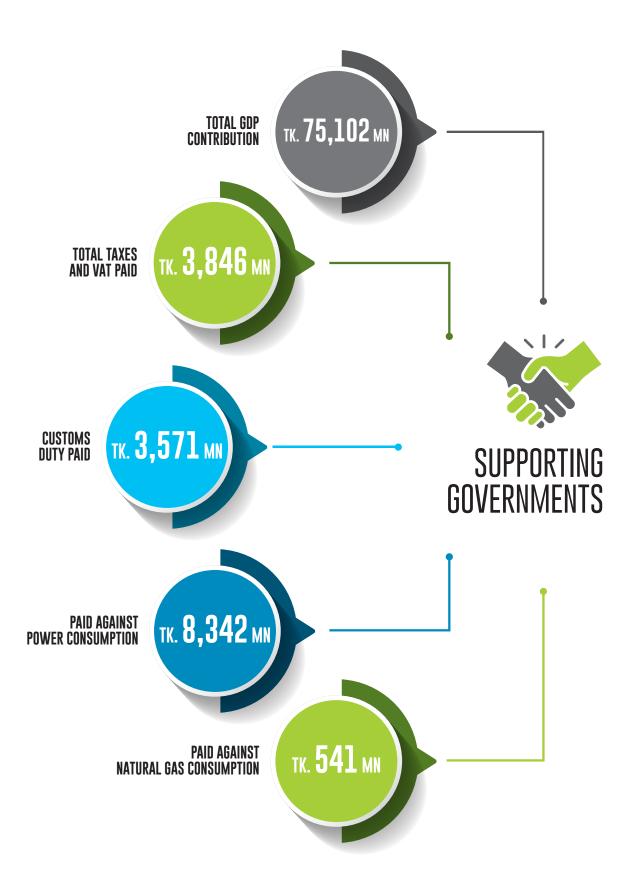

PROGRESS

In today's rapidly changing, fast-paced world, growth has become a key indicator of progress for industries across many sectors. While progress can be measured through multiple dimensions, such as technological advancements, social impact, and sustainability, growth remains a fundamental aspect; making it critical for industries to focus on growth in order to succeed.

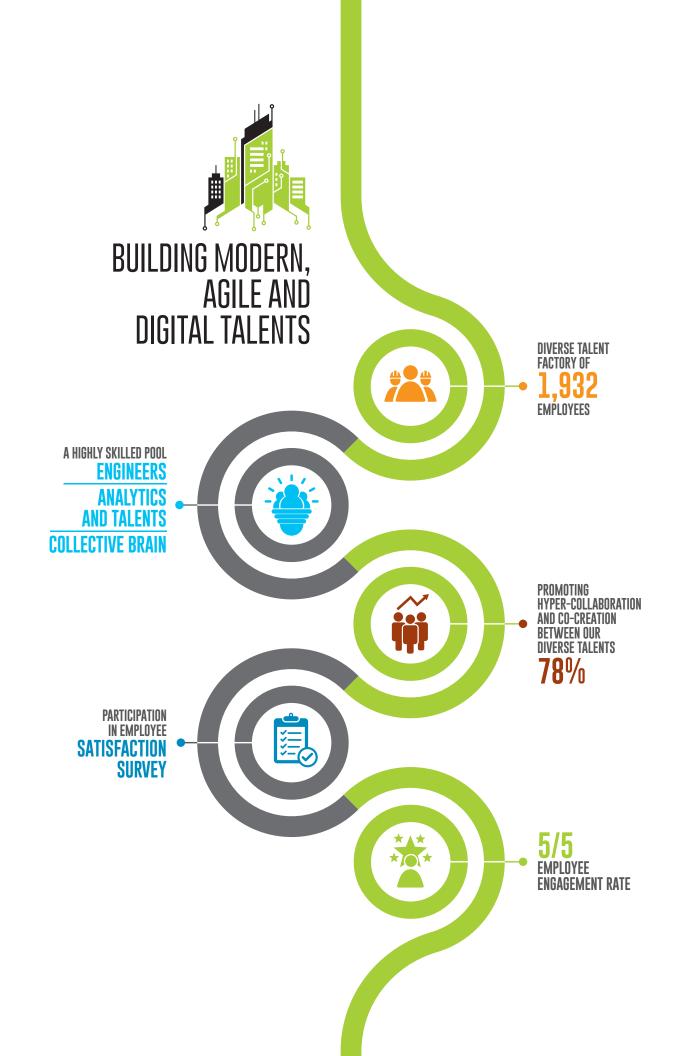

Depicting a wide array of aspects and indicators for industrial progress, this Integrated Annual Report will showcase the different traits of growth and how it fosters innovation, job creation, and economic development; how it drives a company onwards towards progress to success and beyond.

ABOUT THE REPORT >>>

Our Integrated Annual Report 2022-23, which Bangladesh **Steel Re-Rolling Mills Limited** (hereinafter referred to as the BSRMLTD/the company) Adopted for the first time, describes the context for, and progress of, BSRM as the country's leading steel company. Sustainability is at the heart of our purpose smarter steels for people and the planet – our reporting reflects this by outlining our key considerations in creating value for our stakeholders now and in the future, both financial and non-financial.

Our 2023 Integrated Annual Report provides a values, governance, objectives, and financial and non-financial performance. It reaffirms our dual commitment to simultaneously achieve economic success and social progress, which is enshrined within our by-laws through our vision and values statement. We also focus on the sustainability issues that are central to our business, showing how they are connected to our operations and broader value chain. Our intention with this report is to be transparent, not only about how we are pursuing our sustainability objectives, but also, to assist the stakeholder in making an informed decision on our ability to create value in the short, medium and long term and contribute to long term well-being and prosperity.

Furthermore, the aim is to show our stakeholders how we are organized and that our management systems are set up to meet the requirements (governance), what improvements we are making to respond to changes (strategic actions), what the challenges and opportunities are to deliver the strategy (risk management) and measurable progress we have been making to achieve the strategic objectives (performance).

INTEGRATED ANNUAL REPORT 2022-23

ABOUT US ≫

Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD) is the oldest steel re-rolling mill in Bangladesh. With four manual rolling mills, we stepped out for our journey in 1952 as the first-ever steel mill in Bangladesh. Today, Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD) is the largest merchant steel re-rolling mill in Bangladesh. This mill is capable of producing high-quality Reinforcing Steel and other steel products such as Channel, Angle, Square-Bar, etc. We have introduced another product "BSRM Centura", a coated rebar that resists Chloride-induced corrosion and prevents rusting. As we started our commercial operation in December 09, 2015 after BMRE, our production capacity has reached to 800,000 M. Ton. Recently, we have introduced the most modern steel products called Xtreme B500 DWR which is infact a revolution in the steel industry in Bangladesh.

We also have a plant to produce ribbed wire with annual capacity of 24,000 M. Ton. To ensure maximum usage of produced finished goods, we have introduced downstream service to produce customized rebar called 'SecuRing'. BSRMLTD owns two melting units called "Steel Melting Works (SMW)" and Melting-2 (SML) which are producing billets with a capacity of 150,000 and 8,62,000 M. Ton per annum respectively. Presently, BSRMLTD is holding 31.19% shares of its associate company BSRM Steels Limited. In addition, BSRMLTD has a subsidiary company BSRM (Hong Kong) Limited which is based in Hong Kong.

INTEGRATED ANNUAL REPORT 2022-23

•

1. Capacity of BSRM Steels Limited enhanced from 600,000 MT to 700,000 MT per annum.

2. Introduced a new product - "BSRM Maxima"

3. Capacity of Bangladesh Steel Re-Rolling Mills increased from 120,000 MT to 540,000 MT per annum which is the first and largest merchant mill in Bangladesh.

4. Listing of Bangladesh Steel Re-Rolling Mills Limited with the stock exchanges (DSE & CSE).

Oracle e-BS-12 went GO LIVE on 1st March 2014. Oracle Financials, Costing, Purchasing, Manufacturing, EAM, Inventory & Order Management are now integrated on a single platform which ensures the accuracy, accountability and reliability of the Group.

2014

A syndicated term loan of USD 40 million and BDT 5,908 million, raised by a consortium of 25 banks and financial institutions, for BSRM Steel Mills Limited. It is the largest ever syndicated loan facility arranged for a private company in Bangladesh.

2013

2018

Production capacity of BSRM Steels Limited enhanced to 600,000 MT per year.

2012

OUR Journey

2015

V

t time in the history

Setting up of the new bar and w rolling and expansion of melting to enhance the capacity of rolling

Setting up of the new bar and wire rolling and expansion of melting unit to enhance the capacity of rolling by 6 lac M. Ton per annum and melting 2.5 lac M. Ton per annum in the name of BSRM Steels Limited.

AND BEYOND

1. For first time in the history of BSRM Group, sales of MS Products cross one million M. ton in the year of 2016.

2016-

2. BSRM Steel Mills Limited, the largest billet making plant in the country, started commercial production in June 2016.

> 3. BSRM Ultima -a landmark innovation of BSRM is introduced first time in Bangladesh.

4. EPOXY coated bars for corrosion-free structures -CENTURA is introduced.

BSRM Steels Limited commences another melting plant for producing MS billets on April 16, 2019. The capacity of the plant is 430,000 M. Ton, situated at Sonapahar, Mirsharai, Chattogram.

2021-22

A state-of-the-art Galvanized Iron (GL) wire, LRPC wire, Welding Electrode and CO2 wire manufacturing plant in the name of BSRM Wires Limited started commercial production.

Strong Brand Recognition, highly valued by all stakeholders

BEST BRAND AWARD FOR THE 11TH CONSECUTIVE YEAR

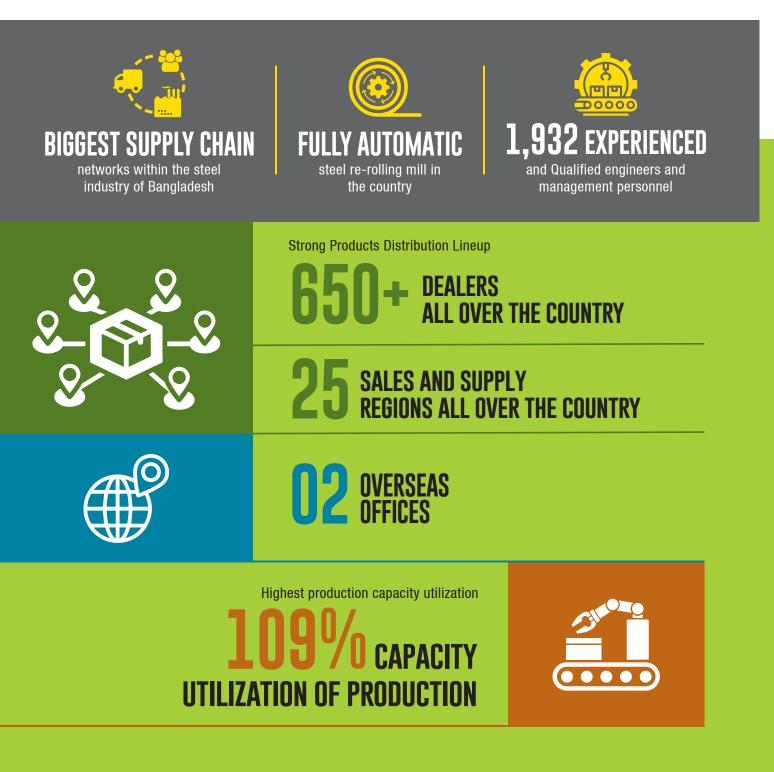

Market leader in the steel Market of Bangladesh

25% MARKET SHARE IN THE STEEL SECTOR

ONLY BANGLADESHI COMPANY MEMBER IN WORLD STEEL ASSOCIATION

Good leadership is essential for a business to grow and prosper. A leader sets an example for their entire organization; they create the company culture and act as a role model for all the employees to follow and to look up to. A good leader makes a business great.

LEADERSHIP

CONTRIBUTION TO UN SDGS >>>

Sustainable growth aligned with a shared goal

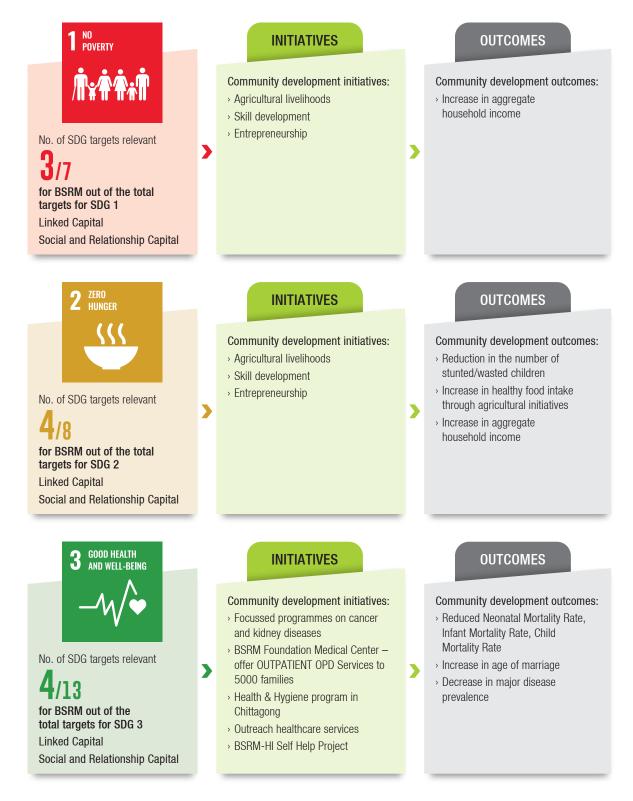

The Sustainable Development Goals (SDGs) are a universal call to action launched by the United Nations (UN) to end poverty, protect the planet and ensure that all people enjoy peace and prosperity by 2030. Since the launch of the SDGs, BSRM is committed to contributing to the achievement of SDGs through its operations, products, people and community welfare practices. As a responsible corporate citizen, we have prioritized SDGs and relevant targets for the Company based on national/regional context, current impact and opportunity to create greater impact. The prioritised SDGs for BSRM are mentioned below:

The SDGs are integral to identifying our material issues, which feeds into our strategic planning process, resulting in the formulation of our Strategic Objectives (SOs) and Strategic Enablers (SEs). These SOs and SEs are realized through the process of managing our Capitals (financial, intellectual, manufactured, human, natural, and social & relationship) and thereby contribute to the achievement of the UN SDGs as depicted in the chart below:

Company specific outcomes:

- Material efficiency
- Coke rate

>

- Raw material consumption
- Solid waste utilisation
- Capacity of Steel Recycling Business (SRB)
- No. of supply chain partners assessed on Responsible Supply Chain Policy
- > Capacity of renewable projects
- Publication of annual Integrated Report

INTEGRATED ANNUAL REPORT 2022-23

BRANDS, PRODUCTS & SERVICES >>>

BSRM, the country's first trusted rolling mill, is capable of rolling construction reinforcing steel in diameters from 8mm to 50mm. The steel bars all conform to the national standard BDS ISO 6935-2 Grade 500 and the U.K. Standard BS 4449 grade B500C. The bars from 8mm to 20mm are used for general purpose construction of residential and commercial buildings. Higher diameters from 25mm to 50mm are used in high-rise buildings and bridge piers.

It also manufactures structural steel such as Angles in sizes from 25mmx25mmx3mm to 100mmx100mmx12mm and Channels 75mmx40mmx5mm to 125mmx65mmx8mm. The Angles and Channels conform to the national standard BDS ISO 630-3 Grade 345 and U.S. standard ASTM A572 Grade 50. Angles are used in trusses of factory buildings, telecommunication towers and power transmission towers. Channels are used in the fabrication of truck and trailer bodies and in the construction of steel buildings.

Both BSRM products enjoy a high degree of acceptance among customers due to the high quality of the products and excellent delivery services. The products are distributed through an elaborate chain of BSRM Dealers in divisional towns and cities of the country.

In 2016 BSRM launched a new product known as Centura, which is an Epoxy Coated Reinforcing (ECR) bar that is being manufactured through world-renowned Fusion Bonding Process. This coated bar is for use in the construction of infrastructures and buildings in the coastal zones of the country. It is a well-known fact that saline water rapidly corrodes steel. Concrete structures designed to last for 50 years rapidly deteriorate in under 10 years. Fusion Bonded Epoxy Coated Rebar (FBECR) can easily combat this corrosion by providing an inert layer of epoxy film which is completely impervious to chloride ion penetration.

PRODUCT-WISE PERFORMANCE

According to European Steel Code EN 10002, Elongation at Maximum Force (EMF) test is mandatory to measure the ductility of steel. Bangladesh Standard BDS ISO 6935-2 of 2016 also requires EMF in Steel. Fatigue tests are conducted with the objective of determining the number of cyclic loadings a steel can endure, within a stress range. BSRM Steels products were subjected to 5 million cyclic load reversals, which were tested in the UK. At present in Bangladesh, BSRM is the only company to ensure EMF and Fatigue Testing steel.

A. XTREME B500CWR AND B500DWR

Unique Features of Xtreme B500CWR

- 1. High design yield strength of 500 Mpa (72500psi) (Min).
- 2. Requires 15% less steel in construction compared to Grade 60 rebar's available in the market.
- 3. The bars have superior ductility and can be safely bent without cracking.
- 4. All bar sizes are rolled to a very close tolerance (possible on a DANIELI computerized rolling mill) so that customers get more meters of steel per ton more value for money without having to sacrifice structural integrity.
- 5. De-scaled bars have better bonding with concrete and less wastage at site. Estimated savings: 0.5%

- 6. Xtreme bars are safely weldable under field conditions. Another 0.5% to 1.5% of steel is saved by avoiding large splices if the steel is welded. Our Xtreme 500W was tested for weldability by a global electrode manufacturer, in Bangladesh, Linde. They have published a brochure to promote the unique welding features of Xtreme 500W, a rare honour for the company.
- 7. The bars are needle-straight, thanks to the Danieli QTB process no need for straightening at the construction site.

Features of Xtreme B500DWR:

- 1. A guaranteed Tensile strength to Yield strength ratio at least equal to or greater than 1.25.
- This magic ratio of T/Y: 1.25 in steel is the most sought after property by veteran civil engineers and designers of high rise structures. It ensures Toughness of the Buildings.

- Guaranteed conformity to Carbon Equivalent ratio below 0.61 to ensure welding as per American Welding Society AWS D1.4 / D1.4 M.
- Guaranteed bending properties for easy site fabrication into shapes required in civil construction as per British Standards BS 4466.
- 5. It fulfills all the requirements of Chapter 18 of the seismic design of Buildings of the American Concrete Institute ACI 318-19.
- 6. It is fully compliant to Bangladesh National Building Code (BNBC) 2020.
- It is also fully compliant to BDS ISO 6935-2:2016 which is the official Reinforcing Steel standard of Bangladesh.

OTHER PRODUCTS

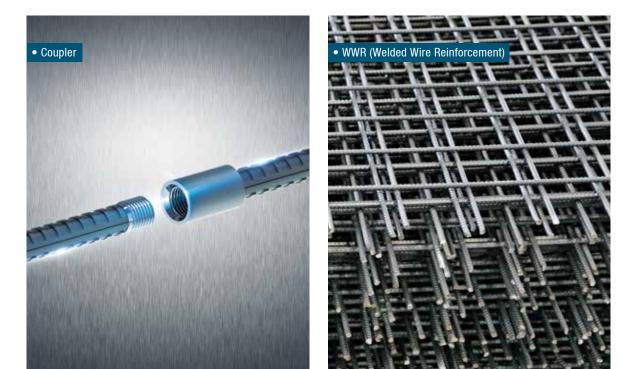

A. BSRM FASTBUILD

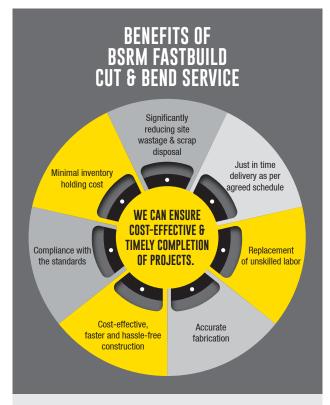

In 2019, BSRM introduced its new Service Center, BSRM FastBuild, to provide customized rebar solutions for all construction related needs. Under this value-adding service center, BSRM offers BBS (Bar Bending Schedule) Development, Cut & Bend, WWR (welded wire reinforcement), Coupler, Spiral Ring and Stirrups.

BSRM FastBuild strongly follows the Bangladesh National Building Code and ACI to deliver all these customized rebar solutions. The main purpose of this service is to provide simplified rebar solutions by ensuring compliance with regulations, safety & cost effectiveness.

The Benefits of BSRM FastBuild Service Center:

- Customized length of the rebar and bent at required angles/hooks/bending diameter in accordance with the project's blueprint.
- "Just in time" as per agreed schedule.

- Capable of managing inventories better by reducing material wastage and production costs.
- Ensuring aesthetically superior clean and strong bars which are made available right at the site.

BSRM FastBuild Cut & Bend production process involves fully automated world class European machines at BSRM's state of the art factory.

Stirrup is another vital offering from BSRM FastBuild. It is a closed loop of reinforcement bar that is used to hold the main reinforcement bars together in an RCC structure. The Rings/ Stirrups are manufactured through automatic & sophisticated machines, using strictest quality control to ensure consistency, quality & accurate dimensions. They are compliant with the Bangladesh National Building Code (BNBC) and ACI.

LANDMARK INFRASTRUCTURE WHERE BSRM WAS USED:

BSRM is proud to be associated with some of the largest and most visible projects of the country. These are:

- Padma Multipurpose Bridge
- Padma Bridge Rail Link Project
- Bangabandhu Sheikh Mujibur Rahman Tunnel
- Chattogram Elevated Expressway
- Maghbazar-Mouchak Flyover
- Bhairab Railway Bridge
- Bhairab-Ashuganj Power Plant
- Double line project of Chittagong Railway
- The pride of Dhaka, the 9.6-kilometer Gulistan- Jatrabari Flyover (Mayor Mohammad Hanif Flyover)
- Saidabad Water Treatment Plant Phase-II
- Hatiriheel Integrated Development Project
- Zillur Rahman Flyover (Mirpur-Airport & Banani)
- Dhaka Elevated Expressway Project
- Payra Thermal Power Plant
- Lebukhali Bridge
- Rooppur Nuclear Power Plant
- Rampal Coal Power Plant
- Metro Rail Project
- Bus Rapid Transit Project

B. BSRM MAXIMA

In 2016 it rolled out new Grade reinforcing steel conforming to the U.S. standard ASTM A706 Grade 80. The Grade 80 reinforcement can replace the old ASTM A615 Grade 60 steel specified in all Government Agency design specifications. The new Grade 80 is more economical as it requires 20% less steel in construction. It is safer as well. The new Grade 80 has much higher elongation than the older Grade 60. It is the High Strength Reinforcement Bar. The higher strength steel further provides 'congestion relief' in Bridge piers which ensures better concrete compaction, thus making it ever safer. The new Grade 80 usage is prescribed in the ACI Code of 2014 and the BNBC 2015. The new Grade 80 is available under the Brand name **Maxima**.

The country's growing infrastructure regarding new Bridges, Flyovers, and Rail Roads will provide ample scope for Grade 80 applications.

• Padma Multipurpose Bridge

Rooppur Nuclear Power Plant

• Bangabandhu Tunnel

Padma Bridge Rail Link Project

• Dhaka Elevated Expressway Project

• Metro Rail Project

CORPORATE STRUCTURE

INTEGRATED ANNUAL REPORT 2022-23

BUSINESS ETHICS >>>

BSRM business ethics refers to the implementation of appropriate business practices and policies in the workplace. It addresses ethical dilemmas or controversial issues faced by the company. The business ethics of BSRM involve a system of rules and procedures that help build trust with the stakeholders. Business ethics is not only to differentiate between wrong and right; it also deals with reconciling what legal actions should be taken and maintaining a competitive advantage over other businesses.

PRINCIPLES OF BUSINESS ETHICS

Corporate Transparency: BSRM practices transparency by delivering clear communication both with employees and customers. This means that communication is done unambiguously, so there's no confusion about the policies or priorities that guide business decisions. BSRM Transparent corporate communications are also honest and truthful.

Community Outreach: BSRM feels an ethical obligation to help the communities where it conducts business. This can take the form of volunteer programs for stakeholders. These programs not only help those in need but also help develop respect and trust within the community.

Data Protection: BSRM often collects information about their customers. This may only be an email address, but it could also be their physical address or financial information, depending on the nature of the business. BSRM usually promises to secure that information and not share it without the customer's permission. The same applies to employee information. Business ethics protect employees' personnel records and allow access only to those with a valid need to know.

Integrity: BSRM exhibits integrity by acting and speaking consistently, which fosters confidence and trust. Integrity entails maintaining promises, upholding obligations, meeting deadlines, and refraining from dishonest behavior in personal and professional endeavors.

Fairness: BSRM treats others fairly and is the cornerstone of all trades and relations. Fairness entails treating everyone with respect and on an equal footing, never abusing others' position of authority, and never taking advantage of someone else's flaws or errors to further the company's interests.

Fairness in the workplace of BSRM fosters a community where workers feel at ease, which raises engagement.

Accountability: Ethical workers understand and take personal accountability for the morality of their actions toward themselves, their coworkers, their businesses, and their communities. Responsibility necessitates a complete dedication to the ethics of all decisions, acts, and relations.

Honesty: Everyone on staff must be dedicated to speaking the truth in all interactions and all acts. This never includes intentionally making false assertions, exaggerations, misrepresentations, or selective omissions. Regardless of the news, positive or negative, ethical employees of BSRM will treat them equally.

Respect for laws: BSRM is always committed to complying with all laws and regulations. Employees also follow any other mandatory organizational rules, practices, and processes.

Loyalty: Being loyal to coworkers, clients, business partners, and suppliers, as well as never disclosing information that has been acquired in confidence, are ways to demonstrate loyalty. Loyal employees avoid conflicts of interest, contribute to preserving and enhancing the company's good name, and lift the spirits of their coworkers.

Environmental concern: BSRM management and employees are continuously paying attention to the global climate situation. Making decisions that limit or reduce our negative influence on the environment is part of ethical business practices. Examples include:

- lowering carbon emissions
- reducing the amount of waste produced
- promoting energy-saving measures

BSRM BUSINESS FRAMEWORK >>>

PRINCIPAL ACTIVITIES

Steel Production: BSRM primarily engages in the production of high-quality steel products. We operate steel re-rolling mills that process raw materials into finished steel products.

~~~~

**Product Diversification:** BSRM manufactures a broad spectrum of steel products, including rebar, angles, channels, wire rods, and customized steel products, to meet the diverse needs of our customers. Our product range also includes BSRM Centura, a specialized product to prevent corrosion in the coastal area.

**Quality Assurance:** The company strongly emphasizes quality control and assurance. Our commitment to producing superior-grade steel has earned us a reputation for reliability and durability in the market.

**Research and Development:** BSRM invests in research and development activities to improve product quality, innovate new steel products, and enhance production processes. This allows us to stay competitive and adapt to changing market demands.

**Sustainability:** BSRM is dedicated to sustainable practices in steel manufacturing. We focus on eco-friendly production processes, recycling, and reducing their environmental footprint. This commitment aligns with global sustainability goals and positions us favorably in the market.

# MARKETS SERVED BY BSRM

**Domestic Market (Bangladesh):** BSRM is a leading supplier of steel products in Bangladesh. Our steel is widely used in the country's booming construction and infrastructure development projects, manufacturing industries, and residential construction.

Export Market: BSRM exports its steel products to Tripura, India.

**Government/ Mega Projects:** BSRM's steel products are extensively used in the construction sector, including developing bridges and other infrastructure projects. The country's most prominent landmarks, like Padma Bridge, Rooppur Nuclear Power Plant, Bangabandhu Tunnel, Dhaka Elevated Expressway, and Padma Rail Link Project, are all built with BSRM's steel.

Our commitment to quality and sustainability positions us as a trusted player in the steel industry in Bangladesh.

Strategy helps a business by providing clear direction and focus, enabling the company to set specific goals, allocate resources effectively, and make informed decisions aligned with its long-term vision; it encourages proactive planning.

# STRATEGY

# MEET OUR LEADERSHIP TEAM

A diverse and talented team of experts dedicated to decarbonizing building for a net-zero future and making BSRM the leader in innovative and sustainable building solutions.

Standing from left:

Mr. Zohair Taherali, Mr. Aameir Alihussain, Mrs. Sabeen Aameir, Mr. Alihussain Akberali FCA & Mr. Gobinda Chandra Paul FCA

# BOARD OF DIRECTORS >>>

### MR. ALIHUSSAIN AKBERALI FCA Chairman

Mr. Alihussain Akberali, FCA is a Company Director since 1980. He was born in 1949 as 3rd son of Late Akberali Alibhai Africawala - one of the pioneers of the steel industry in Bangladesh.

Mr. Alihussain Akberali is an experienced industrialist and an entrepreneur who is always eager to harness any unexploited opportunity in the industry. He was recognized as CIP (Commercially Important Person) in the large scale industry category for a number of times. He is a Qualified Chartered Accountant and a fellow member of the Institute of Chartered Accountants of Bangladesh.

Mr. Alihussain and his family were recognized by National Board of Revenue (NBR) as 'Kar Bahadur' in 2016-2017 for paying highest tax to the national exchequer as a family in Chattogram.

He has been actively participating in various social activities like Rotary Club, Ma O Shishu Hospital, Chirayata Shanti Society, Patient Welfare Committee of Chittagong Medical College and Hospital etc. He is the founder of a School at Nasirabad, Chattogram which imparts free education to more than 570 underprivileged students.

#### MR. AAMEIR ALIHUSSAIN MANAGING DIRECTOR

Mr. Aameir Alihussain, the only son of Mr. Alihussain Akberali FCA was born in 1975. He completed his graduation in Economics from McGill University, Canada and received MBA from renowned LUMS University. He has joined the family business in 2001 with an aim to set high industry standards for the performance of the Company. He is active in supporting the operation of the Company as Managing Director. He has introduced modern management practices in the Company and continuously instilling a team spirit in the industry. He was recognized as CIP (Commercially Important Person) in the large scale industry category.

He has also been recognized as CIP (Commercially Important Person) for the year 2017 under the 'Product Export & Trade' category.

Mr. Aameir was recognized as the highest taxpayer in Chattogram District for the year 2014-15 and 2015-16 by the National Board of Revenue (NBR). In addition to his corporate activities, he is also involved in various social activities.

### MR. ZOHAIR TAHERALI DIRECTOR

# EXPERIENCED AND EXPERT WORKFORCE

An experienced and expert workforce is vital for success. Businesses thrive when they provide their workers with training and education to improve and develop their talents. Skilled workers consistently excel in carrying out their responsibilities.

# chair's **STATEMENT**

### Dear Valued shareholders and stakeholders.

### Greetings from BSRM Group of Companies.

I am happy to present Bangladesh Steel Re-Rolling Mills Limited's (BSRMLTD) Annual Report for FY2022-23. Despite the rapidly changing environment, we remain guided by our vision and values, which aim to improve the world around us by providing innovative solutions. Our purpose connects all parts of our business and shows how our work can positively impact people and communities.

The Company was established in 1952 and this report covers our seventy-one years of operations. By most measures, the 2022/23 year was a time of significant success for us.

BSRMLTD has joined the esteemed club of listed companies with annual revenues of over Tk. 10,000 crore. Revenue increased to all-time high of Tk. 11,506 crore, up by 44% compared to the previous year, driven by strong performance across most of our core businesses.

We have made progress in many economic indicators. However, the current situation is different. The ongoing conflict between Russia and Ukraine as well as the recent Palestine and Israel war are causing immense devastation and suffering for humanity. Therefore, smaller economies are facing an uncertain and miserable future. We observed sluggish economic activities due to war-induced supply chain disruptions.

Our country is struggling to maintain a favorable balance of imports and exports and it has become increasingly complex to keep the foreign exchange reserves intact. As a consequence, the value of our local currency has been declining at an unprecedented rate.

Despite facing several challenges, we successfully achieved our production target this year, resulting in increased sales compared to the previous year. In the year 2022-23, we produced 870,876 metric tons of MS products and sold 873,668 metric tons. Our earnings per share (EPS) reached Taka 9.76 and we increased production by 3.63%, resulting in revenue growth to Tk. 11,506 crore. However, due to the depreciation of the Taka against the Dollar, we incurred foreign currency losses that led to a 5.66% decrease in our profits this year.

During the year, inflation was a significant issue that affected all our sectors, resulting in increased expenditure. As we prioritize quality production, inflation leads to an increase in our costs. According to the World Bank survey, inflation reached 9% in the fiscal year 2022-23. Additionally, the government discouraged imports to control expenses and increase our foreign currency reserve.

Dear shareholders, you know that we are a progressive nation. Our per capita steel consumption is still deficient compared to developed countries. So we have widespread scope and opportunities to expand our business. Moreover, it is also promising that steel consumption is rising at the individual level. Considering this increasing state and particular demand, we have continued to invest in this industry. Again, our Group's expansion projects, including the capacity enhancement of BSRM Steels Limited (an associate company) by 500,000 M. Ton MS Rod, 100,000 M. Ton MS Wires, and 250,000 M. Ton MS Billet, will hopefully be completed by mid of 2024.

We firmly believe engaging in CSR activities is crucial to our business operations. We have a responsibility towards our nation, people, and society. Our primary focus is on promoting health and education. Additionally, we have taken up several initiatives to ensure the supply of clean drinking water and proper sanitation facilities. We operate the "BSRM Burhani School" for underprivileged children and a health center in Mirshari. Our vocational training center produces skilled workforces. In collaboration with various NGOs, we provide support to empower disadvantaged women and members of the transgender community. At the same time, we are committed to expanding environmentally friendly businesses, focusing on a green business model to save Mother Earth.

I am delighted to present the Company's significantly expanded first ESG report and I applaud the commitment shown by our team in ensuring that the company implements best practice policies in this critical and rapidly evolving area. These initiatives are ambitious, but we believe that as an industry leader, we can directly influence addressing these issues. In conclusion on behalf of the Board, I wish to express my sincere appreciation to all our valued shareholders, customers, bankers, suppliers, BSEC, DSE, CSE, CDBL, NBR, Bangladesh Bank and all other government authorities and our dedicated workforces for their continued support, mutual trust and utmost confidence in the Group.

Thank you once again. Allah Hafiz.

Alihussain Akberali FCA Chairman

# MANAGING DIRECTOR SPEAKS

### Dear Shareholders,

I welcome you to the 61st Annual General Meeting of Bangladesh Steel Re-Rolling Mills Limited.

It is well known that South Asian countries, including Bangladesh, have achieved the highest GDP growth compared to other parts of the world amidst the turmoil of global politics. Despite some predictions by economists, there is no hindrance to the development of GDP in our region.

Currently, we are still experiencing the highest 6% GDP growth rate in the world. However, due to the global economic recession, our progress of three decades of development has been somewhat disrupted. Nevertheless, we are continuing to progress at a 5.5% rate, according to the last economic outlook of ADB. Many successful completion of development projects in recent years have inspired us to dream of a better tomorrow.

# Steel Industry and National Development:

Bangladesh is a country with huge economic development potential. The steel industry is directly linked to infrastructure development, so there is a huge potential for expansion of this industry. Bangladesh is a developing nation that is currently putting a lot of emphasis on infrastructural development and various mega projects. As a result, the Steel industry is expected to grow significantly, presenting massive growth opportunities. The local Steel market is estimated to have a market size of around BDT 650 billion and provides employment to nearly 1 million people directly or indirectly across the country. Our per capita steel consumption has gradually been increased and we are proud to meet twenty-five percent of the country's steel demand ourselves.

### Our Progress during the Year:

The year 2022-23 was a mixed year of growth and challenges for BSRM Group. For the first time in the BSRM's history, we entered into the 100 billion (10,000 crore) earning club. This year our revenue was BDT 11,506 crore which was BDT 7,978 crore in 2021-22. In the first quarter, we were in a massive loss due to low sales rates and foreign currency fluctuation loss. However, in the next three quarters, we improved gradually as the market demand for MS product were high and the price of our finished products was on the rise as a result profitability was satisfactory.

I would like to mention here that the country's largest steel manufacturer, BSRM is playing a significant role in the development of the country's mega projects, such as supplying 100% steel in Rooppur Nuclear Power plant, 90% to the Padma Rail Link, 58% to Cox's Bazar Airport and 72% to the Bangabandhu Tunnel.

#### Our Future Potentials:

Dear Shareholders, Supplying quality steel for the development of our country is one of our main objectives. Many development projects have already been completed in the country and it is expected to continue in the future. We feel proud that we can be part of all the important mega infrastructure projects in Bangladesh. That's why we are sincerely grateful to everyone for trusting BSRM.

We are continuously striving to meet the growing demand for our high-quality products. To ensure quality products and supply, we have taken on expansion projects of our associate company -BSRM Steels Limited that will increase our production of rods by 600,000 metric tons and billets by 250,000 metric tons. Our valued shareholders, we are committed to maximizing your net worth by reducing costs and increasing production efficiency, while maintaining the highest quality standards for our products.

#### Conclusion:

A worldwide economic slowdown, power crisis, and depreciation of Taka have created obstacles to growth and profitability this year. However, we remain confident that we can overcome all these challenges. We must acknowledge the government's efforts in managing the economy during these challenging times. We all need to endure the current difficulties to emerge successfully in the future as a nation.

Finally, I would like to express my heartfelt gratitude to our staff, officers, senior management team, bankers, dealers, all government bodies, BSEC, DSE, CSE, and all shareholders of the company for your continued and unequivocal support in the growth of our business.

The following table compares the current year's performance with that of the previous year.

| 0 1 1                             | 1                         | . ,                       |                          |
|-----------------------------------|---------------------------|---------------------------|--------------------------|
| Particular                        | July'22-June'23<br>BD Tk. | July'21-June'22<br>BD Tk. | Percentage<br>of Changes |
| Revenue net of VAT                | 115,060,731,490           | 79,783,104,400            | 44.22%                   |
| Gross profit                      | 10,319,121,980            | 6,486,219,692             | 59.09%                   |
| Selling and distribution costs    | 1,151,403,348             | 901,019,247               | 27.79%                   |
| Administrative costs              | 1,065,382,960             | 802,625,799               | 32.74%                   |
| Net finance costs                 | 4,853,778,946             | 1,340,318,760             | 262.14%                  |
| Profit/ (Loss) after tax          | 2,913,565,175             | 3,088,284,803             | (5.66%)                  |
| Earnings per share                | 9.76                      | 10.34                     | (5.66%)                  |
| Net operating cash flow per share | 10.74                     | 22.50                     | (52.29%)                 |

The amount of finance cost has been almost four times higher than that of the previous year due to foreign currency conversion loss originating from the devaluation of Bangladesh's Taka. This situation is expected to continue for a few months. However, we are optimistic that the government's measures will minimize losses. Thank you one and all.

Aameir Alihussain Managing Director

# DIRECTORS' REPORT >>>

#### Dear Esteemed Shareholders,

I extend my warmest regards to each of you on behalf of the Board of Directors of Bangladesh Steel Re-Rolling Mills Limited (BSRMLTD). It is with great respect and gratitude that I present the Directors' Report, the Audited Financial Statements and the Auditors' Report for the fiscal year ending on 30 June 2023.

The year 2022-23 has been a period defined by notable events and challenges in the global arena. While the world's economies worked towards recovery and anticipated a more optimistic future, the escalation of the Russian-Ukraine conflict cast a somber shadow. This conflict not only posed new threats but also brought about challenges such as rising transportation and shipping costs, increased market volatility, disruptions in the global supply chain and heightened financial expenses.

In spite of the hurdles presented by the global economic conditions, BSRM achieved a historic milestone with a total revenue of Tk. 115,061 million for the year. This figure represents the highest revenue ever recorded by BSRM, showcasing an exceptional growth of 44% compared to the previous year. This remarkable achievement was propelled by our steadfast dedication to quality, innovation, and ensuring utmost customer satisfaction.

The net profit after tax for the year was Tk. 2,914 million, demonstrating our ability to maintain a strong and sustainable bottom line. This success is a testament to the hard work and dedication of our employees, the loyalty of our customers and the trust of our shareholders.

### **GLOBAL AND DOMESTIC ECONOMIC SITUATION**

The global recovery from the COVID-19 pandemic and Russia's invasion of Ukraine remains slow and uneven. Despite economic resilience earlier this year, with a reopening rebound and progress in reducing inflation from last year's peaks, it is too soon to take comfort. Economic activity still falls short of its pre-pandemic path, especially in emerging market and developing economies, and there are widening divergences among regions. The Global growth is forecasted to slow from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024. We now forecast Bangladesh's real GDP to expand by 6.0% in FY2023/24, down from our previous forecast of 7.9%. Due to high import dependency and the Russia-Ukraine war, Bangladesh is facing economic challenges ranging from elevated inflation and balance of payments stresses, which are showing little signs of abating.

## INDUSTRY OUTLOOK AND FUTURE PLANNING

Bangladesh is rapidly recovering from the COVID-19 pandemic supported by prudent macroeconomic policies with estimated GDP growth of 6.0 percent in FY23.

However, the economy faces considerable challenges as the global economic crisis has significantly impacted third-world countries such as India, Bangladesh, and Sri Lanka. Furthermore, the rise in dollar prices against local currencies has posed a significant challenge to international trade.

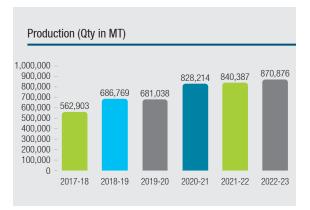

However, the government of Bangladesh has implemented effective measures to address these issues. These measures include subsidized food distribution, monitoring price control of essential items, scheduled power cuts, reduction of unnecessary expenditures to conserve foreign currency, and incentives for inward foreign remittances. We are hopeful that these initiatives will help alleviate the situation.

The steel industry in Bangladesh has played a significant role in the country's infrastructure development by supplying MS Rods, angles, beams, and channels. There is a growing demand for high-quality steel, evident in the rising trend. Per capita steel consumption has increased from 25 kg in 2012 to 43 kg. We anticipate this trend to continue, projecting a further increase to 73 kg per capita.

To meet this escalating demand, we are taking proactive measures. We are in the process of establishing a new rolling mill with a capacity of 600,000 metric tons of rods and 250,000 metric tons of MS billets. These facilities will be operated under BSRM Steels Limited, an associated company of Bangladesh Steel Re-Rolling Mills Limited.

### OPERATING AND FINANCIAL Performance of Bangladesh Steel Re-Rolling Mills Limited

In the fiscal year 2022-23, Bangladesh Steel Re-Rolling Mills Limited demonstrated strong operating and financial performance. The rolling plant successfully produced 870,876 metric tons of MS products, marking a growth of 3.63%. The production data of the rolling unit is visually represented in the graph below:

BSRMLTD operates two melting units: SMW, with an annual capacity of 150,000 metric tons, and Melting-2 with an enhanced annual capacity of 862,000 metric tons. These units are primarily engaged in producing MS billets for internal consumption.

Additionally, BSRMLTD manufactures Ribbed Wire with an installed capacity of 24,000 metric tons. In the current year, the company produced 18,834 metric tons of Ribbed Wire.

### Historical production data for the Rolling and Melting Units is provided below:

### **Rolling Unit**

| Particulars                   | 2022-23 | 2021-22 | 2020-21 | 2019-20 | 2018-19 | 2017-18 |

| Share Holders' Equity           | 41,938.17                | 40,095.48 | 38,085.98 | 23,581.64 | 23,007.37 | 13,671.41  |  |  |
| Current Liabilities             | 57,638.27                | 74,029.21 | 37,599.10 | 18,125.19 | 22,883.32 | 19,310.98  |  |  |
| Non-current Liabilities         | 4,384.64                 | 4,491.18  | 4,846.80  | 5,343.79  | 6,662.92  | 6,962.32   |  |  |
| Addition to fixed assets & CWIP | 971.98                   | 771.8     | 1,346.65  | 1,373.56  | 314.89    | 701.34     |  |  |
| Operating cash flow             | 3,205.33                 | 6,716.94  | 8,730.39  | 9,554.44  | 664.16    | (1,884.73) |  |  |

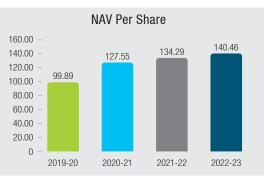

In the fiscal year 2022-23, the company achieved a significant milestone with sales amounting to Tk. 115,061 million, marking a remarkable increase of 44.21% from the previous year's sales of Tk. 79,783 million. Meanwhile, the gross profit for the current year reached Tk. 10,319 million, reflecting a notable rise compared to the previous year's gross profit of Tk. 6,486 million.

Upon scrutinizing the profit and loss statement, it is evident that the increase in sales revenue is attributed to higher sales volumes of MS Rod and Billet, coupled with the rise in Steel Products' prices. However, the cost of goods sold escalated due to surging raw materials and spare part prices, inflation, and the devaluation of the BD Taka against the dollar. Despite these challenges, the company's financial position improved, as indicated by the increase in gross profit.

The net profit after tax for this year stood at Tk. 2,914 million, a slight decrease from last year's Tk. 3,088 million. This decline can be attributed to a significant increase in finance costs. The finance cost surged nearly three and a half times higher than the

previous year, primarily due to the drastic weakening of the Taka against the US Dollar, leading to foreign currency transactions and translation losses.

Furthermore, the Net Asset Value (NAV) per share demonstrated a positive trend, reaching TK 140.46, compared to last year's value of Tk. 134.29. This consistent increase in NAV per share signals the company's growing investment value, indicating a positive trajectory for our investments.

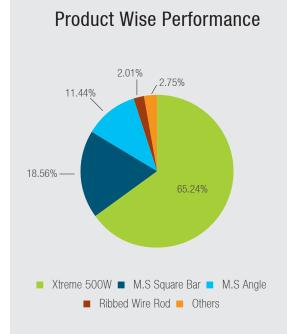

Furthermore, the Company's Earnings per share (EPS) amounted to TK 9.76, a decrease from the previous year's figure of Tk. 10.34. Conversely, the net operating cash flow per share (NOCFPS) stood at Tk. 10.74, a decline from Tk. 22.50 in the preceding year. This decrease in NOCFPS was attributed to higher payments made to suppliers and employees, which increased by 42% from the previous year, rising from TK. 73,710 million to Tk. 1,04,328 million.

# **PRODUCT-WISE PERFORMANCE:**

The reported sales of Xtreme 500W amounted to 569,971 metric tons, comprising 65.24% of the total sales of 873,668 tons. Additionally, M.S. <u>Angle</u>, M.S. Square Bar, and other products collectively accounted for 303,697 tons of sales, representing 34.76% of the total sales. During the year, the company also successfully marketed 17,571 tons of Ribbed Wire. Lastly, there were sales of imported products, including I Beam, H Beam, and MS Plate. Below is a detailed breakdown of the sales by product category:

| Name of Items        | Qty. (M.Ton) | Percentage |
|----------------------|--------------|------------|
| Xtreme 500W          | 569,971      | 65.24%     |
| MS Square Bar        | 162,164      | 18.56%     |
| M.S Angle            | 99,949       | 11.44%     |
| Ribbed Wire Rod      | 17,521       | 2.01%      |
| Xtreme 500W-Stirrup  | 1,386        | 0.16%      |
| Xtreme 500W-Bend Cut | 5,918        | 0.68%      |
| Centura              | 3,457        | 0.40%      |
| I-Beam               | 1,868        | 0.21%      |

# **BSRM FASTBUILD SERVICES**

BSRM proudly presents an array of innovative services tailored to meet your construction needs:

- BBS and Cut & Bend: Offering precision-cut re-bars and Bar Bending Schedule (BBS) services.
- Stirrups (BSRM Securing): Providing high-quality stirrups designed to adhere to the highest standards of safety and strength.
- **Coupler:** Delivering reliable and efficient coupler solutions for seamless rebar connections.
- WWR (Welded Wire Reinforcement): Supplying robust welded wire reinforcement solutions for reinforced concrete structures.

Introducing our groundbreaking service, BSRM FastBuild, which offers customized rebar solutions. FastBuild encompasses Bar Bending Schedule (BBS) development, precision cut & bend services, and stirrups, all meticulously crafted according to the Bangladesh National Building Code (BNBC) and ACI standards.

BSRM SECURING utilizes cutting-edge, fully automated European machines to adhere to the rigorous standards set by the Bangladesh National Building Code (BNBC). This meticulous approach guarantees unmatched quality and safety in each product we deliver.

# **OPERATIONS OF SUBSIDIARY COMPANY**

#### BSRM (Hong Kong) Limited

BSRM (Hong Kong) Limited, a subsidiary of Bangladesh Steel Re-Rolling Mills Limited, is incorporated in Hong Kong and plays a vital role in supporting the parent company through the following activities:

- Sourcing raw materials and spare parts from China.
- Conducting timely inspections of spare parts and machinery imported from China to Bangladesh for the BSRM Group.
- Engaging in the trading of steel and related goods.

Mr. Aameir Alihussain, Mr. Zohair Taherali and Ms. Fatema Yousuf Jangbarwal serve as Directors of this Company. Although the company's operations are currently limited in scope, BSRM (Hong Kong) Limited demonstrated its efficiency by earning a net profit of HKD 298,307 during the year.

### OPERATIONS OF ASSOCIATED COMPANY

### **BSRM Steels Limited**

BSRM Steels Limited, a prominent associate company affiliated with Bangladesh Steel Re-Rolling Mills Limited, is a reputable public entity, trading actively on both the Dhaka and the Chittagong Stock Exchanges. Currently, Bangladesh Steel Re-Rolling Mills Limited (BSRM) maintains a substantial ownership stake, holding 31.19% of the shares in BSRM Steels Limited. Throughout the fiscal year 2022-23, BSRM Steels Limited demonstrated outstanding operational performance. The company achieved remarkable sales, totaling an impressive 904,002 metric tons of steel products. This substantial sales volume underscored the company's robust market presence and demand for its offerings.

Furthermore, BSRM Steels Limited exhibited strong financial prowess by recording a net profit of Tk. 2,979.40 million during the same period. This noteworthy profit margin reflects the company's effective management strategies, efficient operations, and the ability to capitalize on market opportunities.

BSRM Steels Limited's success in achieving substantial sales and a substantial net profit further strengthens its position as a key player in the steel industry. It exemplifies the company's commitment to delivering high-quality products, meeting market demands, and ensuring sustained growth in the competitive market landscape.

# **BSRM SERVICE CENTER**

BSRMLTD has established a state-of-the-art facility dedicated to processing reinforcement materials. This ambitious project boasts an impressive annual capacity, producing 14,400 metric tons of Cut & Bent Rebar, 2,880 metric tons of Stirrup, and 48,000 metric tons of Mesh. This tailored solution not only significantly reduces waste and storage demands for our customers but also enhances the overall quality of construction work.

The introduction of this facility addresses multiple challenges faced at construction sites. It plays a crucial role in minimizing delays, fabricating errors, theft incidents, and labor-intensive tasks. By streamlining the process, the service center ensures efficient and error-free construction practices, ultimately leading to improved customer satisfaction.

Furthermore, this innovative undertaking is poised to have a positive impact on the company's profitability. Through enhanced efficiency and reduced operational hassles at construction sites, the service center stands as a testament to BSRM's commitment to excellence and customer-focused solutions.

### MANAGING RISKS AND CONCERNS

In the realm of business, effective risk assessment and mitigation are fundamental. The Board of Directors at BSRM recognizes this significance and is actively engaged in ongoing monitoring, assessment, and identification of potential risks and threats that could impact our profitability and sustainable growth. Our robust Risk Management capabilities are underpinned by a solid management structure, advanced information systems, and regular analyses of market dynamics and economic scenarios. We have implemented stringent policies to adeptly navigate challenges as they arise.

The BSRM Group has proactively developed an Enterprise Risk Management (ERM) Framework and Guidelines. Within the ambit of this policy, a comprehensive Risk Register has been meticulously prepared. A dedicated team is consistently engaged in monitoring potential risks, conducting assessments, and implementing preventive and corrective measures to effectively address them.

A succinct overview of the significant risks and the strategies adopted for risk management by our company can be found in Annexure-1 and Note-54 of the Financial Statements. These efforts underscore our commitment to ensuring a resilient and secure business environment for sustainable growth.

### RISK MANAGEMENT & CONTROL ENVIRONMENT

In our continuous pursuit of maintaining a robust Risk Management and Control Environment, we invite your attention to the comprehensive insights provided in Annexure 1A. This detailed document meticulously outlines our strategies, methodologies, and initiatives in managing risks effectively and ensuring a stringent control environment within our organization.

You will find a thorough analysis of our risk management protocols, encompassing areas such as:

**Risk Identification:** A meticulous exploration of potential risks that could affect our business operations and strategies.

**Risk Assessment:** A systematic evaluation of identified risks, gauging their potential impact and likelihood.

Risk Mitigation: In-depth insights into the proactive measures we have implemented to mitigate identified risks,

ensuring a resilient operational framework.

**Control Environment:** An overview of our control mechanisms, outlining the policies, procedures, and checks in place to maintain a secure and compliant operational environment.

**Monitoring and Adaptation:** Details on how we continuously monitor our risk management strategies and control environment, adapting them as per evolving market dynamics and emerging threats.

A report in page no. 287 serves as a comprehensive guide, providing stakeholders with a transparent view of our commitment to effective risk management and maintaining a robust control environment.

## A DISCUSSION ON COST OF GOODS SOLD, GP MARGIN AND NP MARGIN:

In our commitment to transparency and clarity, we present a detailed analysis of our Cost of Goods Sold (COGS), Gross Profit (GP) Margin, and Net Profit (NP) Margin in Annexure-2. This section delves deep into the financial intricacies, offering stakeholders a comprehensive understanding of our financial performance.

**1. Cost of Goods Sold (COGS):** COGS elucidates the expenses incurred in the production of goods and services. This includes direct costs such as raw materials, labor, and manufacturing expenses. By examining our COGS, stakeholders gain valuable insights into the fundamental expenditures essential for our business operations.

2. Gross Profit (GP) Margin: Our GP Margin reveals the profitability of our core business activities. This margin represents the difference between our revenue and the direct costs associated with production. Understanding our GP Margin is crucial as it showcases our ability to generate profit after covering the direct expenses, indicating the efficiency of our operations and pricing strategies.

**3. Net Profit (NP) Margin:** The Net Profit Margin, a key metric depicting the overall profitability of our business after considering all expenses, including indirect costs, taxes, interest, and operational overheads. A robust NP Margin reflects our ability to manage not only direct costs but also all other financial obligations, illustrating our operational efficiency and financial health.

Annexure-2 serves as a detailed guide, providing stakeholders with a deep insight into our financial performance. By analyzing the intricacies of COGS, GP Margin, and NP Margin, stakeholders can make informed assessments about our operational efficiency, pricing strategies, and overall financial viability. We encourage a thorough review of this section, emphasizing our commitment to transparency and openness in our financial reporting.

# EXTRA-ORDINARY GAIN OR LOSS

In the aftermath of the Russian-Ukraine conflict, the global financial markets were marked by unprecedented instability. This period of uncertainty had a significant impact on various currencies, notably the Bangladeshi Taka, which depreciated against the surging US dollar.

Within this context, our company faced substantial challenges in foreign currency transactions and translations. The sharp fluctuations in exchange rates led to substantial losses. These losses, amounting to Tk. 4,011.58 million, were a direct consequence of the currency volatility experienced during the fiscal year.

To provide a detailed breakdown, the losses incurred encompassed a wide range of financial activities, including import and export transactions, debt repayments, and investments denominated in foreign currencies. The adverse effects of these fluctuations reverberated across our financial statements, impacting both revenue and expenses.

This detailed insight into the exceptional gain or loss underscores the intricate nature of managing a business in the face of global economic uncertainties. We remain vigilant, adapting our strategies to navigate these challenges and ensuring the long-term resilience and stability of our organization.

## **RELATED PARTY TRANSACTIONS**

In upholding the highest standards of transparency and ethical business practices, we affirm that every transaction involving related parties within our organization has been conducted strictly on a commercial basis. This commitment ensures fairness, integrity, and adherence to ethical norms in all our business interactions with related entities.

To provide a comprehensive understanding of these transactions, we meticulously disclose all relevant details in Note- 13, 26, and 46 of our financial statements and prepared in strict accordance with the International Financial Reporting Standards (IFRS).

### SIGNIFICANT VARIANCE IN THE QUARTERLY AND ANNUAL FINANCIAL STATEMENTS OF BSRMLTD

Upon meticulous examination of our quarterly and annual financial statements, several significant variances have come to light, warranting a thorough evaluation for a comprehensive understanding.

**1. Increase in Finance Costs:** A substantial rise in finance costs has emerged as a prominent factor impacting our financial statements. This increase can be attributed primarily to currency movements between the Bangladeshi Taka (BDT) and the US dollar. Currency fluctuations have a direct impact on our borrowing costs, leading to a notable surge in financial expenditures. This currency-related challenge has posed a significant hurdle, influencing our net profit for the period.

2. Administrative and Selling Distribution Expenses: Additionally, there has been a slight uptick in both administrative and selling distribution expenses. These increments have been strategically incurred to ensure the seamless operation of our business. Investments in administrative functions are crucial for enhancing organizational efficiency, while increased spending on selling distribution ensures an effective market presence and customer outreach. While these expenses have risen, they are integral to maintaining the smooth functioning of our operations and sustaining our market competitiveness.

**Impact on Net Profit:** The combined effect of heightened finance costs and marginally increased administrative and selling distribution expenses has resulted in a reduction in our net profit for the period. This reduction, while challenging, reflects our commitment to maintaining operational excellence despite external economic challenges and currency fluctuations.

Strategic Response: In response to these variances, our management team is proactively engaged in devising strategic measures. These initiatives include evaluating our borrowing strategies to mitigate the impact of currency movements, optimizing operational processes to streamline administrative functions, and enhancing sales and distribution strategies to ensure cost-effective market penetration. Through these strategic responses, we aim to mitigate the current challenges and strengthen our financial resilience for sustained growth and profitability.

This detailed analysis underscores our dedication to transparent financial reporting and proactive management. By addressing these challenges strategically, we remain steadfast in our commitment to overcoming obstacles and steering BSRM towards a stable and prosperous future.

# REMUNERATION OF DIRECTORS, INCLUDING INDEPENDENT DIRECTORS: ENSURING TRANSPARENCY AND ACCOUNTABILITY

The remuneration of our esteemed Directors, including Independent Directors, is a matter handled judiciously and in accordance with the decisions made by the Board. To provide comprehensive insight into this matter, a detailed report outlining the Directors' Remuneration can be found in Annexure-3

and Note 36.02 of our Financial Statements. These documents are designed to ensure transparency and accountability, allowing stakeholders to thoroughly understand the structure and allocation of Director Remuneration within our organization.

## BOARD OF DIRECTORS: ENHANCING GOVERNANCE AND ACCOUNTABILITY

### i. Composition and Size of the Board:

As of June 30, 2023, the Board panel consisted of 5 distinguished members, including the Chairman, the

Managing Director, two Directors, and an Independent Director. This diverse composition ensures a wealth of experience, expertise, and perspectives guiding the strategic decisions of our organization.

### ii. Board Meeting and Attendance:

Throughout the period from July 01, 2022, to June 30, 2023, the Board convened on 6 occasions, fostering robust discussions and informed decision-making. The attendance record of each Director at these meetings is diligently maintained, reflecting our commitment to active participation and engagement.

In instances where Board members were unable to attend a meeting, leaves of absence were granted, or it was duly noted that they were abroad during the scheduled meeting time. This flexible approach allows our Directors to fulfill their responsibilities effectively while accommodating their professional commitments.

The following table shows the attendance record of the Board members:

| Name of the Directors        | Position                                                      | No. of meeting held<br>during the Period | No. of Meeting Attended |
|------------------------------|---------------------------------------------------------------|------------------------------------------|-------------------------|
| Mr. Alihussain Akberali, FCA | Chairman                                                      | 6                                        | 6                       |
| Mr. Aameir Alihussain        | Managing Director                                             | 6                                        | 6                       |
| Mr. Zohair Taherali          | Director (Nominated Director<br>of H. Akberali & Co. Limited) | 6                                        | 4                       |
| Mrs. Sabeen Aameir           | Director (Nominated<br>Director of BSRM Steels Limited)       | 6                                        | 6                       |
| Mr. Gobinda Chandra Paul FCA | Independent Director                                          | 6                                        | 5                       |

### iii. Details of Directors Being Re-appointed:

At the conclusion of this Annual General Meeting (AGM), in accordance with the rotation policy outlined in the Articles of Association of the Company, Mr. Zohair Taherali and Mrs. Sabeen Aameir are set to retire. Both directors, being eligible, have offered themselves for re-appointment. The Board, recognizing their valuable contributions, has strongly recommended their reappointment to continue their roles in the organization.

#### iv. Appointment of Independent Director:

In adherence to the directive from the Bandladesh Securities and Exchange Commission (BSEC) and following the recommendation of the Nomination and Remuneration Committee (NRC), the Board has proposed the appointment of Mr. Mono Ranjan Dey FCA as the Independent Director of the Company. This appointment is set to take effect from November 1, 2023, and will be valid for the next 3 (three) years. Mr. Dey brings with him a wealth of experience in internal & external audit, assurance, internal control development, and expertise in Tax and VAT matters. He holds the esteemed qualification of Chartered Accountant and is a Fellow Member of the Institute of Chartered Accountants of Bangladesh (ICAB). Presently, he serves as a Partner at MRH Dey & Co., a renowned Chartered Accountancy firm, and fully meets all the criteria to serve as an Independent Director of a listed company, as per the Corporate Governance Code of BSFC.

### v. Brief Profile and Corporate Affiliations:

Comprehensive profile of all Directors, including Independent Director, along with details of their affiliations, directorships, and memberships in other companies, have been disclosed in the Board of Directors segment. This disclosure ensures transparency and allows stakeholders to make informed assessments about the expertise and corporate connections of the individuals guiding the Company's strategic direction.

### MANAGEMENT DISCUSSION AND ANALYSIS: A COMPREHENSIVE INSIGHT INTO COMPANY OPERATIONS

Enclosed in **Annexure-D** a detailed Management Discussion and Analysis, signed by the Managing Director. This comprehensive document delves into the company's operations and current position, offering valuable insights. It also provides a succinct overview of the notable changes observed in the financial statements, allowing stakeholders to gain a deeper understanding of the company's performance and strategic directions.

# CREDIT RATING EVALUATION: ENSURING FINANCIAL STABILITY AND RELIABILITY

We are pleased to announce that Credit Rating Information and Services Limited (CRISL) has assigned our company a prestigious AA+ rating. This rating reflects our high quality, offering superior safety, and indicating a robust credit quality. It signifies that the loans and facilities availed by our entity maintain a solid credit profile with minimal risks. Furthermore, our short-term outlook for the fiscal year 2022-23 was rated as ST-2, underscoring our strong capacity and assuredness of timely payments.

In addition, our liquidity factors have been evaluated as strong, supported by robust fundamental protection measures, while the associated risks are deemed minimal. Importantly, our company has been positioned under a "Stable Outlook" category by the Credit Rating Company, reaffirming our commitment to financial stability and our ability to navigate the market with resilience and confidence. This recognition showcases our dedication to maintaining a secure and dependable financial standing for our stakeholders.

| Long Term | Short Term |
|-----------|------------|
| AA+       | ST-2       |

# INTERNAL CONTROL SYSTEM: ENSURING ROBUST SAFEGUARDS AND COMPLIANCE

Safeguarding the company's assets and ensuring the highest standards of integrity are fundamental principles upheld by our Board of Directors. To achieve these objectives, we have placed paramount importance on establishing an effective internal control system, minimizing the risks associated with fraud, errors, and irregularities.

To bolster our internal control mechanisms, we have meticulously adopted Standard Operating Procedures (SOP). These standardized protocols serve as the backbone of our robust internal control system, ensuring consistency and reliability in our operations. Moreover, the implementation of Enterprise Resource Planning (ERP) technology has further fortified our approach. This integrated software suite facilitates the seamless gathering and organization of business data, enhancing our ability to make informed decisions.

In addition to these technological advancements, we have established a dedicated Internal Audit department. This department plays a pivotal role in ensuring strict compliance with established protocols and maintaining a vigilant internal control environment. The Internal Audit team conducts regular assessments, identifying areas for improvement and implementing corrective measures where necessary.

To reinforce our commitment to sound governance, the Audit Committee, a key component of our corporate structure, diligently oversees the reports submitted by the Internal Audit department. Through regular monitoring and comprehensive reviews, corrective actions are swiftly taken to address any identified issues, ensuring the continued effectiveness of our internal control system.

By adopting these proactive measures and fostering a culture of compliance and accountability, we are dedicated to upholding the highest standards of internal control, providing assurance to our stakeholders and reinforcing our reputation for integrity and transparency.

# DIVIDEND ANNOUNCEMENT: ENHANCING SHAREHOLDER VALUE

We are delighted to inform our esteemed shareholders that during our 444<sup>th</sup> Board Meeting convened on 12<sup>th</sup> October 2023, the Board of Directors has proposed a substantial 25% cash dividend of the paid-up capital. This decision underscores our commitment to delivering value to our shareholders and ensuring a fair return on your investments.

# UTILIZATION OF RETAINED FUNDS: ENHANCING FINANCIAL SUSTAINABILITY

The retained funds will be strategically employed to retire high-rated loans, optimizing our financial structure and reducing interest liabilities. Additionally, these funds will be allocated towards meeting essential working capital requirements and covering operational expenses. This prudent allocation ensures the effective management of our resources, enhancing our financial sustainability and bolstering our operational efficiency.

# UNCLAIMED DIVIDEND DISCLOSURE: UPHOLDING TRANSPARENCY AND ACCOUNTABILITY

As part of our commitment to transparency and accountability, the Company has diligently disclosed the unclaimed dividend position. This information is presented as a distinct line item in our Balance Sheet, ensuring visibility and clarity regarding unclaimed dividends. Moreover, this crucial information is also made readily accessible on the company's official website. By providing this disclosure, we aim to keep our stakeholders informed and maintain the highest standards of financial transparency and corporate governance.

### DIVIDEND DISTRIBUTION POLICY: BALANCING SHAREHOLDER BENEFITS AND BUSINESS GROWTH

Our company is committed to maintaining a fair and balanced approach to dividend distribution. To achieve this, we have formulated a clear dividend distribution policy. This policy is meticulously designed to uphold shareholders' entitlement to dividends while also retaining profits within the business. By retaining profits, we can fuel our expansion initiatives and pursue other strategic business objectives.

For the convenience and reference of our stakeholders, the complete details of our dividend distribution policy are available on our company's official website. Additionally, you can find the policy outlined on Page No. 98 of this Annual Report. This transparent disclosure ensures that our shareholders and interested parties have access to comprehensive information regarding our approach to dividend distribution, reinforcing our commitment to openness and clarity in corporate operations.

Additionally, BSRM made substantial contributions through VAT, taxes, duties, and gas payments, further enriching the government exchequer and supporting vital public initiatives.

One of our proudest achievements lies in the employment opportunities we've generated. Currently, the BSRM Group serves as an employer to a diverse workforce of 4,183 individuals, ranging from management professionals to non-management staff. This substantial employment contribution underscores our commitment to empowering the workforce and fostering economic inclusivity.

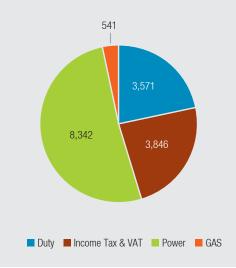

Moving forward, BSRM remains steadfast in its dedication to contributing significantly to the national exchequer and supporting the government's endeavors. By continuing to invest in our people, technologies, and the communities we operate in, we aim to be a steadfast partner in the nation's journey towards sustained growth and prosperity.

# CONTRIBUTION TO NATIONAL DEVELOPMENT: EMPOWERING COMMUNITIES, DRIVING PROGRESS

BSRM takes immense pride in its substantial contributions to the growth and development of our nation. Through significant investments, job creation, and robust tax payments, we have played a pivotal role in shaping the steel industry and supporting the economic progress of the country.

During the period spanning July 2022 to June 2023, BSRM made remarkable contributions totaling Tk. 16,299 million to the National Exchequer, encompassing payment made at import stage and various utility bills. Notably, a significant portion of this contribution, amounting to Tk. 8,342 million, was channeled through the payment of power bills.

### CORPORATE SOCIAL RESPONSIBILITY: BUILDING SUSTAINABLE FUTURES, ENRICHING LIVES

At BSRM, our commitment to aligning business decisions with ethical, social, and environmental concerns stands as a cornerstone of our corporate identity. In the fiscal year 2022-23, we undertook a series of impactful Corporate Social Responsibility (CSR) initiatives, reinforcing our dedication to community wellbeing and further enriching our positive brand image.

These CSR endeavors were carefully designed to create a positive impact on the communities we serve, nurturing sustainable development and fostering a sense of shared prosperity. By actively engaging with various social and environmental initiatives, we aim to contribute meaningfully to society, leaving a lasting legacy of positive change.

Comprehensive details of our CSR activities, reflecting our dedication to building sustainable futures and enriching lives, can be found on Page No. 254 of our Annual Report.

# A LEGACY OF EXCELLENCE: BSRM'S ACCOLADES AND RECOGNITION

At BSRM, our pursuit of excellence has not gone unnoticed. Over the years, we have been honored with numerous prestigious awards and recognitions, reflecting our unwavering commitment to quality, innovation, and corporate integrity. Here are some of the notable accolades we have achieved, showcasing our dedication to excellence in various aspects of our business:

- ï Gold Award ICMAB Best Corporate Award (2019, 2020, 2021, 2022): Recognizing our outstanding corporate performance and financial stewardship.
- Best Brand of Bangladesh in Steel Category (2011-2022): A testament to our enduring position as a leading steel brand in the nation.
- i National Export Trophy (Multiple Years): Acknowledging our significant contributions to national exports, particularly by BSRM Steels Ltd.
- i Highest Taxpayer Award in Manufacturing Category (2021-22): A testament to our substantial contributions to the national economy.
- ï Bronze Award ICSB National Award (2019):

Recognizing our excellence in corporate governance and business practices.

- ICAB National Award for Best Presented Annual Report (2018, 2019): Highlighting our transparency and clarity in financial reporting.
- National Productivity and Quality Excellence Award (2017): Celebrating our commitment to productivity and quality standards.
- Prestigious Industrial Development Award (2014): Recognizing our role in advancing large-scale industry in Bangladesh.
- ï Excellence in Supply Chain Relationship Management & Logistic Management Award: Acknowledging our prowess in supply chain management.
- ï ICSB National Gold Award for Corporate Governance Excellence (2015): Recognizing our exceptional corporate governance practices.
- i Best Enterprise of the Year Award (2010): A testament to our overall excellence and contribution to the business landscape.
- i D & B Corporate Awards (2010, 2012): Acknowledging our corporate excellence and financial performance.
- Pride of Chittagong Award- Chattagramer Ahonkar
   2012 Mr. Alihussain Akberali FCA: Celebrating our chairman's significant contributions to the region.
- Divisional Environment Award (2013 BISCO): Recognizing our commitment to environmental sustainability.
- i Standard Chartered-Financial Express CSR Award (5th Edition): Highlighting our dedication to corporate social responsibility.
- Japan Bangladesh Chamber of Commerce & Industry Awards (2014): Acknowledging our international business relations and contributions.
- ICSB National Award (Silver Award) for Corporate Governance Excellence (2014 - BSRM Steels Limited): Reflecting our commitment to high standards of governance.

These awards stand as a testament to our continuous pursuit of excellence and our firm belief in contributing positively to society, the economy, and the environment. We remain dedicated to up holding these standards, setting new benchmarks, and continuing our journey of excellence in the years to come.

# EMBRACING THE DIGITAL AGE: BSRM'S INFORMATION TECHNOLOGY ENDEAVORS

In an era dominated by digitalization and technological progress, meaningful engagement with customers and stakeholders necessitates a mastery of Information Technology. At BSRM, we have recognized this imperative and have invested significantly in establishing a robust and cutting-edge IT infrastructure.

Our dedicated IT team has developed user-friendly interfaces that empower our customers. Through these interfaces, customers can seamlessly place orders, register complaints, and make inquiries—all within the shortest possible time. This automation not only enhances efficiency but also fosters a more customercentric approach, aligning perfectly with our commitment to superior service.

The details of our Information Technology initiatives are comprehensively outlined on Page No. 286 of this report.

### EMPOWERING PEOPLE: BSRM'S HUMAN RESOURCE MANAGEMENT

At BSRM, we believe that our success is intricately tied to the strength and capabilities of our human assets. Guided by the vision to be an employer of choice, our commitment lies in nurturing talent and cultivating future leaders within our organization. We take immense pride in our dynamic and competent workforce, and our approach to Human Resource Management is not just a function but a saga—a tale of empowerment, equal opportunity, continuous learning, and relentless industry relations.

Our Human Resource initiatives are driven by the understanding that our visions and values can only be realized through the right people placed in the right roles. We have meticulously crafted a Human Resource framework that goes beyond conventional practices, encompassing mind-blowing stories of personal and professional growth.

**Equal Opportunity:** We firmly believe in equal opportunities, ensuring that every individual within our organization has a fair chance to thrive, regardless of background or circumstance.

**Continuous Learning and Development:** Learning is a cornerstone of our culture. We invest in continuous training and development, fostering an environment where skills are honed, knowledge is expanded, and innovation is encouraged.

Relentless Industry Relations: Building strong ties within the industry is pivotal. We actively engage with industry peers, staying abreast of trends and developments, ensuring that our workforce is always ahead of the curve.

**Molding Skilled Workforce:** We are committed to molding a workforce that not only meets the demands of today but is also prepared for the challenges of tomorrow. Our training programs are designed to create a skilled workforce equipped to navigate the complexities of the modern business landscape.

The detailed account of our Human Resource initiatives, strategies, and success stories can be found in the Page No. 240 of this report. At BSRM, our human assets are not just employees; they are the architects of our success story, and their development and well-being remain at the heart of our organizational ethos.

# UPHOLDING INTEGRITY: BSRM'S CODE OF CONDUCT

At BSRM, integrity forms the cornerstone of our operations. To ensure the highest standards of ethics and conduct, the Nomination & Remuneration Committee (NRC) has meticulously crafted a comprehensive Code of Conduct for the Board of Directors. This code serves as a guiding beacon, outlining the ethical principles and behaviors expected of every member of our esteemed Board.

**Transparency and Accountability:** Our Code of Conduct embodies the values of transparency, accountability, and fairness. Each director, recognizing the significance of these principles, has personally committed to upholding these standards. By signing their acceptance of compliance, our Directors have reaffirmed their dedication to the ethical foundation upon which BSRM stands.

Accessible to All: In our commitment to transparency, the Code of Conduct is readily accessible to all stakeholders. It has been published on the company's official website, ensuring that our principles are visible to shareholders, employees, and the public. This accessibility underlines our belief in the importance of open communication and trust.

**Guiding Principles:** Within this document, one will find not just rules, but guiding principles—principles that shape our decisions, interactions, and relationships. These principles echo our unwavering commitment to the highest levels of professionalism, integrity, and corporate governance.

We invite all stakeholders to acquaint themselves with our Code of Conduct, as it mirrors our dedication to ethical excellence. It reflects our resolve to conduct business not just responsibly, but ethically, ensuring that every action taken is a testament to our commitment to the values that define BSRM.

## APPOINTMENT OF STATUTORY AUDITORS: ENSURING ACCOUNTABILITY AND ACCURACY

In compliance with the directives of the Bangladesh Securities and Exchange Commission (BSEC) and in adherence to the highest standards of corporate governance, BSRM announces a change in the appointment of our external auditors.

**Retirement of A. Qasem & Co., Chartered Accountants:** The esteemed firm A. Qasem & Co., Chartered Accountants, our existing external auditors, will retire upon the conclusion of the 61st Annual General Meeting (AGM). Their tenure, spanning three years, marks a period of dedicated service and meticulous auditing.

Welcoming Hussain Farhad & Co. Chartered Accountants: Upon the recommendation of the Audit Committee, the Board has endorsed the appointment of Hussain Farhad & Co. Chartered Accountants. This distinguished firm, located at Yunusco City Center (9th Floor), 807 CDA Avenue, Nasirabad, Chattogram, is slated to assume the position of statutory auditors for the fiscal year ending on June 30, 2024.

**Ensuring Accountability and Precision:** The appointment of Hussain Farhad & Co. Chartered Accountants signifies our commitment to maintaining the highest level of accountability and precision in our financial reporting. Their expertise and integrity align seamlessly with BSRM's dedication to transparency and accuracy in all our financial matters.

**Shareholders' Approval:** This appointment is subject to the approval of our esteemed shareholders in the upcoming Annual General Meeting. We trust in the wisdom of our shareholders and their commitment to upholding the principles of transparency and accountability that define BSRM.

As we transition to this new chapter in our audit process, we express our gratitude to A. Qasem & Co., Chartered Accountants, for their invaluable contributions, and we extend a warm welcome to Hussain Farhad & Co. Chartered Accountants as our partners in ensuring the financial integrity of BSRM.

# ENSURING CORPORATE GOVERNANCE EXCELLENCE: APPOINTMENT OF A PROFESSIONAL ACCOUNTANT

In line with the directives of the Bangladesh Securities and Exchange Commission (BSEC) and our unwavering

commitment to upholding the highest standards of corporate governance, BSRM takes significant strides in ensuring compliance and transparency.

**Professional Accountant Appointment:** Pursuant to the BSEC's directive, the Board of Directors has recommended the appointment of Mr. Sidhartha Barua FCA, Senior Partner of M M Rahman & Co., Chartered Accountants, Aziz Chamber (2nd Floor), 6 Jubilee Road, Chattogram, as the Professional Accountant for the fiscal year ending on June 30, 2024. Mr. Barua, with his extensive experience and profound understanding of corporate governance principles, is entrusted with the crucial responsibility of issuing the Certificate on Compliance of the Corporate Governance Code enacted by the Bangladesh Securities and Exchange Commission.

**Shareholders' Approval:** This recommendation is subject to the approval of our esteemed shareholders in the upcoming Annual General Meeting. We believe in the wisdom of our shareholders, who recognize the paramount importance of adhering to robust corporate governance practices.

**Transparent Reporting and Compliance:** We remain committed to transparent reporting and adherence to the requirements and conditions outlined in the Bangladesh Securities and Exchange Commission (BSEC) Notification No: BSEC/CMRRCD/2006-158/207/Admin/80, dated: 03 June 2018, regarding corporate governance. The status of our compliance efforts has been diligently documented and is presented in Annexure-C of our report.

At BSRM, we understand that corporate governance is the bedrock upon which trust, credibility, and sustainable growth are built. With the appointment of Mr. Sidhartha Barua FCA, we reinforce our commitment to excellence in governance and accountability, ensuring the continued trust of our shareholders and stakeholders alike.

# **IMPORTANT UPDATE: SUBSEQUENT EVENTS**

We are pleased to inform our esteemed shareholders and stakeholders that as of the date of this report, there are no reportable subsequent events that have occurred after the financial position's date and up to the present. This important update is a testament to the stability and careful financial management practiced by BSRM.

# DIRECTORS' RESPONSIBILITIES STATEMENTS

In accordance with the guidelines set forth by the Bangladesh Securities and Exchange Commission (BSEC) under notification No. BSEC/CMRRCD/2006-158/207/Admin/80 dated 03 June, 2018, the Directors of BSRM hereby confirm the following:

- a) The Financial Statements, meticulously prepared by the management of BSRM, accurately represent the company's financial health, operational outcomes, cash flows, and changes in equity.
- Proper Books of Account of the Company have been diligently maintained, ensuring transparency and accuracy in financial records.
- Appropriate accounting policies have been consistently applied in the preparation of the financial statements. Accounting estimates have been made based on reasonable and prudent judgments.
- d) International Accounting Standards (IAS), Bangladesh Accounting Standards (BAS), and International Financial Reporting Standards (IFRS) applicable in Bangladesh have been adhered to in the preparation of the financial statements. Any deviations from these standards, if any, have been duly disclosed.
- e) The internal control system, designed to safeguard the company's assets and ensure compliance, has been effectively implemented and monitored, ensuring the soundness of the system.
- f) Minority shareholders have been safeguarded against any abusive actions, whether direct or indirect, by or in the interest of controlling shareholders. Effective mechanisms for redressal are in place, ensuring fairness and protection for all shareholders.
- g) There are no uncertainties regarding the company's ability to continue as a going concern. The annual accounts have been prepared on a going concern basis, reflecting the company's confidence in its sustained operations.
- Key operating and financial data for the last six years are meticulously disclosed in Annexure-4, providing a comprehensive view of the company's performance over time.
- i) The pattern of shareholding, vital information for shareholders and stakeholders, is transparently

presented in **Annexure-5**, promoting openness and accountability.

- A comprehensive compliance status report, detailing adherence to corporate governance requirements as mandated by BSEC, has been disclosed in the Regulatory Compliance Report segment, ensuring compliance with regulatory standards.
- k) Directors' profiles, along with their directorship and business interests in other organizations, are disclosed in the Board of Directors segment, providing stakeholders with essential insights into the leadership team.
- There was no declaration of bonus shares or stock dividends as interim dividends during the reporting period, maintaining financial stability and strategic planning.

These confirmations reflect our unwavering commitment to transparency, integrity, and responsible corporate governance, ensuring the confidence and trust of our shareholders and stakeholders in BSRMLTD's operations and financial reporting.

# ACKNOWLEDGMENTS

I express deep gratitude to our employees, customers, and shareholders for their unwavering support. Thanks to our banking partners, regulatory bodies, and governing authorities for their valuable contributions. Special thanks to BSEC, DSE, and CSE for regulatory guidance, and ensuring corporate governance standards. Your support has been instrumental in our journey, and we remain committed to upholding the trust and confidence you have placed in us.

Thank you very much, and please stay safe.

On behalf of the Board of Directors

Caliman

Alihussain Akberali FCA Chairman October 12, 2023

# RISK FACTORS AND CONCERNS >>>

# **BUSINESS RISKS**

a) Raw Material Sourcing Risks: BSRMLTD faced challenges due to fluctuations in international MS Billet prices until June 2016. To mitigate this, BSRM established "BSRM Steel Mills Limited" in June 2016, producing 862,000 metric tons of MS billets annually. Additionally, the merger with BSRM Steel Mills Limited in February 2021 significantly reduced dependency and production costs.

**b) Power Supply Risks:** Power is vital for heavy industries. BSRM ensured a stable power supply by collaborating with PGCB and establishing a substation connected to the national grid. Although Bangladesh has made progress in power production, there's a continual risk due to raw material shortages. BSRM mitigates this risk through alternative fuel supply strategies.

# **MARKET RISKS**

a) Interest Rate and Currency Fluctuations: BSRM manages interest rate risks by closely monitoring capital investment needs and negotiating with lenders. Foreign exchange risks are mitigated by maintaining a foreign currency account and strategic planning amidst currency fluctuations and political unrest.

**b)** Competition and Economic Conditions: BSRM maintains market share through brand management, strong customer relationships, and timely product supply. The company adapts to industry changes by exploring new opportunities and meeting customer demands effectively.

# **TECHNOLOGY RELATED RISKS**

BSRM utilizes state-of-the-art European Technology and Oracle e-Business Suite for integrated operations. The implementation of a Business Intelligence Analytics Tool in May 2018 enhances data-driven decision-making for senior management and Board members.

# **ENVIRONMENTAL RISKS**

BSRM is proud to be ZERO in factory emissions and effects on the environment. To reduce pollution in our plants and protect humans and nature alike, BSRM Has undertaken environment-friendly initiatives which are as follows:

- i. BSRM Cleans 31,584,000 Cubic Meters of air every day. We are using Japanese air pollution control technology for this purpose.
- ii. BSRM Recycles 373,700 Cubic Meters of water every day. We have invested in a technologically superior European Water Treatment Plant in its steel plants which has helped BSRM to recycle every drop of used water and achieve zero water wastage.
- iii. BSRM plants more than 12,000 trees in its factories. We have undertaken a plan for reforestation effort in collaboration with partner organizations and still is conducting tree plantation programs around the main steel plants.

We firmly believe that ZERO can save lives.

# DISCUSSION ON COST OF GOODS SOLD, GROSS PROFIT, AND NET PROFIT >>

# COST OF GOODS SOLD (COGS)

COGS represents the expenditure incurred by the BSRM in producing and selling its products. This includes the cost of raw materials and the expenses of transforming them into finished goods. The COGS figure is directly proportional to sales and production; as the volume of items sold or manufactured increases, the company needs to purchase more stock or components. In the fiscal year 2022-23, the COGS amounted to Tk. 104,742 Million, a significant increase from Tk. 73,297 Million in 2021-22. The amount has risen due to the increased conversion rate of USD to BDT.

## **GROSS PROFIT MARGIN RATIO**

Gross profit is the variance between total sales and the cost of goods sold. The gross profit margin is a key indicator of a company's financial health. A higher gross profit margin signifies that the business retains a larger percentage of each unit of currency from sales after covering the production costs. This margin is expressed as a percentage, with a higher percentage being more favorable. The gross profit margin for the year 2022-23 stood at 8.97%, marking a slight improvement from 8.13% in 2021-22. This increase was attributed to a rise in sales prices during the year.

#### NET PROFIT MARGIN RATIO

Net profit is derived by deducting all expenses, including taxes and other costs, from the gross profit. It represents the earnings or losses of the business over a specific period. In the current fiscal year, the net profit amounted to Tk. 2,914 million, a decrease from the previous year's figure of Tk. 3,088 million. This decline was primarily caused by elevated selling and administrative expenses and a substantial increase in finance costs. The sharp depreciation of BDT against the US Dollar led to significant foreign currency transaction and translation losses, contributing to the rise in finance costs.

#### **ANNEXURE-3**

Amount in Taka

# DIRECTORS' REMUNERATION FOR 2022-23 AT BSRM >>>

Board members were entitled to and received the following payments.

|                              |                   | 2022-23               |               | 2021-22           |                       |               |  |

# BANGLADESH STEEL RE-ROLLING MILLS LIMITED DECLARATION OF CEO AND CFO >>>

#### Date: October 12, 2023

The Board of Directors Bangladesh Steel Re-Rolling Mills Limited Ali Mansion, 1207/1099 Sadarghat Road, Chattogram.

#### Subject: Declaration on Financial Statements for the year ended on 30<sup>th</sup> June 2023.

Dear Sirs,

Pursuant to the condition No. 1(5)(xxvi) imposed vide the commission's notification No. BSEC/CMRRCD/2006-158/207/ Admin/80, Dated 03 June, 2018 under section 2CC of the Securities and Exchange Ordinance 1969, we do hereby declare that:

- The Financial Statements of Bangladesh Steel Re-Rolling Mills Limited for the year ended on 30<sup>th</sup> June 2023 have been prepared in compliance with International Accounting Standards (IAS) or International Financial Reporting Standards (IFRS), as applicable in Bangladesh and any departure there from has been adequately disclosed;
- 2. The estimates and judgments related to financial statements were made on a prudent and reasonable basis, in order for the financial statements to reveal a true and fair view;
- 3. The form and substance of transactions and the company's state of affairs have been reasonably and fairly presented in its financial statements;
- 4. To ensure above, the Company has taken proper and adequate care in installing a system of internal control and maintenance of accounting records;
- 5. Our internal auditors have conducted periodic audits to provide reasonable assurance that the established policies and procedures of the Company were consistently followed; and
- 6. The management's use of the going concern basis of accounting in preparing the financial statements is appropriate and there exists no materials uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

In this regard, we also certify that:-

- (i) We have reviewed financial statements for the year ended 30<sup>th</sup> June 2023 and that to the best of our knowledge and belief:
  - a) These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;

b) These financial statements collectively present true and fair view of the company's affairs and are in compliance with existing accounting standards and applicable laws.

(ii) There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or in violation of the code of conduct for the company's Board of Directors or its members.

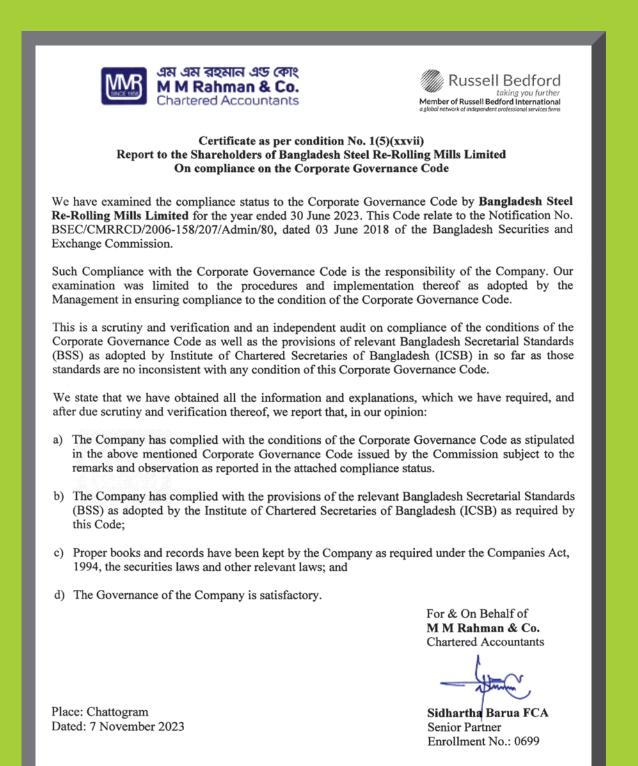

Sincerely yours,

Aameir Alihussain Managing Director

Barrang

Md. Omar Faruq ACA Assistant General Manager & CFO

# MANAGEMENT DISCUSSION AND ANALYSIS OF BSRM'S POSITION AND OPERATION >>>

#### INTRODUCTION

Bangladesh Steel Re-Rolling Mills Limited has solidified its position as a market leader due to its exceptional capabilities, top-tier manufacturing processes, optimal production capacity utilization, streamlined cost structures, dynamic sales and distribution network, exceptional post-sales support, and effective customer engagement initiatives. This strong standing is evident in the company's Financial Statements, meticulously prepared in accordance with both International Financial Reporting Standards and International Accounting Standards.

The Management Discussion and Analysis (MD&A) section of BSRM's annual report serves as a strategic narrative, providing shareholders, investors, and stakeholders with a comprehensive understanding of the company's financial performance, operational highlights, and future outlook. In this section, we delve into BSRM's key achievements, challenges faced, and the strategies employed to navigate the dynamic business environment during the reporting period.

In the following Management Discussion and Analysis, we offer a detailed insight into BSRM's financial year, highlighting our accomplishments and addressing the challenges encountered. This year, BSRM continued its steadfast commitment to excellence, focusing on innovation, sustainability, and customer satisfaction.

#### FINANCIAL AND OPERATIONAL HIGHLIGHTS

We commence by presenting an overview of our financial performance, including revenue growth, profit margins, and market share. This section sheds light on the factors driving our financial achievements, emphasizing our revenue streams, cost management strategies, and investments in cutting-edge technology.

# ACCOUNTING POLICIES AND ESTIMATES FOR PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been meticulously prepared in compliance with the International Financial Reporting Standards (IFRS), the Companies Act of 1994, the Securities and Exchange Rules of 1987, and other relevant laws and regulations in Bangladesh, adhering to the stipulations outlined in the Financial Reporting Act of 2015. Cash flows originating from operational activities have been presented using the direct method, as mandated by the Securities and Exchange Rules of 1987.

These financial statements have been formulated following the going concern basis and the historical cost convention, with the exception of certain categories of property, plant, and equipment, which have been assessed at revalued amounts.

Comprehensive details regarding significant accounting policies and estimations can be found in "Note no. 3 and 4 of the Financial Statements" for the fiscal year 2022-2023.

#### CHANGES IN ACCOUNTING POLICIES AND ESTIMATES:

The company has consistently adhered to the same accounting policies across all periods presented in these financial statements. Additionally, it is important to note that the company has not yet adopted any standards, interpretations, or amendments that have been issued but are not yet effective. This signifies a consistent approach in the application of accounting principles and standards throughout the specified periods

The above-provided operating and financial review, the Management offers insights into the Company's economic and operational performance for the Financial Year 2022-23. The year was marked by significant challenges, particularly in the first two quarters. During this period, the company encountered difficulties due to the rise in dollar prices against local currencies. Unfortunately, the company was unable to increase sales prices to compensate for this currency fluctuation, leading to financial losses.

However, in the latter half of the year, despite a worsening economic climate, the company managed to turn the situation around. An increase in product prices helped maintain competitiveness in the market, leading the company back to profitability.

It's important to note that the global political landscape, particularly the Russia-Ukraine conflict, contributed to increased volatility. This geopolitical unrest, coupled with unfavorable hikes in the USD to BDT exchange rate, led to a rise in the cost of raw materials. Consequently, the overall cost of production escalated, posing additional challenges to the company's financial health.

In the face of these challenges, the company recorded a profit after tax of Tk. 2,913.57 Million for the year, compared to the previous year's figure of Tk. 3,088.28 Million. Notably, the company's net profit was significantly impacted by high finance costs, including losses incurred from foreign currency translation and transactions.

This review underscores the complex and dynamic economic environment in which the company operated during the fiscal year, reflecting the resilience and adaptability demonstrated by the management to navigate these challenges and maintain the company's profitability.

Financial Positions:

Amount in BDT in million

In the fiscal year 2022-23, net worth of the company witnessed a notable increase of 4.60%, reaching BDT 41,938.17 Million from BDT 40,095.48 Million in the previous year. This uptick was primarily attributed to significant investments in fixed assets, including land, buildings, and the acquisition of plant and machinery. The company's inventory comprised finished goods valued at BDT 6,094.64 Million, raw materials at BDT 18,411.04 Million, and stores and consumable spares totaling BDT 3,285.57 Million. This strategic inventory management ensured uninterrupted business operations.

The "trade and other receivables" section in the balance sheet represents outstanding payments from customers, with the company typically collecting these debts within an average of 29 days. Additionally, the "cash and bank balances" category includes BDT 2.86 million in cash, BDT 1,822.17 million in various bank accounts, and BDT 7.96 million in fixed deposits. These liquid assets play a crucial role in maintaining the business's day-to-day operations.

Furthermore, as of June 30, 2023, the market value of the company's shares stood at BDT 90 on the Dhaka Stock Exchange (DSE), resulting in a market capitalization of BDT 26,872.62 Million. It is worth noting that the current liabilities encompass a BDT 305.53 Million component, representing the current portion of a long-term loan.

#### Comparative Analysis of the Cash Flow of the Company

| Net Cash Flow from operating activities              | 3,205.33   | 6,716.94   | 8,730.39   | 9,554.44   | 664.16     | (1,884.73) |
| Net Cash Flow used in investing activities           | 2,633.29   | (2,810.16) | (1,626.40) | (1,271.49) | (173.13)   | (197.56)   |
| Net Cash Flow used in financing activities           | (9,656.33) | 91.86      | (5,756.40) | (8,818.39) | (435.42)   | 2,275.67   |
| Net Increase/(Decrease) in Cash & Cash<br>Equivalent | (3,817.71) | 3.998.64   | 1,347.60   | (535.44)   | 55.61      | 193.38     |

In the fiscal year 2022-23, there were significant changes in the company's cash flows across various activities:

#### CASH FLOW FROM OPERATING ACTIVITIES:

The net operating cash flow experienced a notable decline, decreasing from BDT 6,716.89 Million to BDT 3,205.32 Million. Consequently, the Net operational cash flow per share dropped to Tk. 10.74 in 2022-23 from Tk. 22.50 per share in 2021-22. This decline can be attributed primarily to increased payments related to inventory this year.

#### CASH FLOW FROM INVESTING ACTIVITIES:

In the realm of investing activities, there was a positive shift. The net cash used in investing activities decreased to BDT 2,633.29 Million in 2022-23 from the previous year's figure of BDT (2,810.16) Million. This suggests a more efficient management of investment-related cash flows during the fiscal year.

#### CASH FLOW FROM FINANCING ACTIVITIES:

In financing activities, the company utilized a net cash amount of BDT (9,656.23) Million in 2022-23. This substantial cash outflow was primarily due to payments made towards short-term borrowings and intercompany loans, indicating the company's financial decisions and restructuring efforts during the period.

These fluctuations in cash flows underscore the dynamic financial landscape in which the company operated, reflecting the challenges and strategic decisions made to navigate the changing economic conditions and optimize its financial resources.

# 090 INTEGRATED ANNUAL REPORT 2022-23

# MARKET CONDITIONS AND INDUSTRY TRENDS

Understanding the market dynamics is essential in making informed strategic decisions. Here, we analyze the prevailing market conditions, industry trends, and competitive landscape. We discuss the impact of global economic factors, changes in consumer behavior, and regulatory developments, providing a comprehensive view of the external factors influencing our operations.

The global economy is facing an unexpectedly widespread and severe slowdown, coupled with inflation rates not seen in decades. This challenging situation has severely impacted businesses worldwide. Contributing factors include not only the rise in living costs but also tighter financial conditions across many regions and the geopolitical tensions arising from Russia's invasion of Ukraine. Our latest projections indicate a decline in global economic growth from 3.5 percent in 2022 to 3 percent this year and further to 2.9 percent next year, marking a 0.1 percentage point decrease from the July 2024 forecast.

The upcoming year presents significant challenges for the global economy, including Bangladesh. Industrial commodity prices are surging, leading to a shortage of foreign currency. Consequently, the government is actively discouraging the import of nonessential materials, focusing only on those necessary for livelihood. Additionally, the increase of fuel prices and the looming possibility of a food crisis add to the economic uncertainties.

Despite these hurdles, Bangladesh has a remarkable history of growth and development, even during periods of global uncertainty. The nation has benefited from a strong demographic dividend, a thriving ready-made garment (RMG) industry, resilient remittance inflows, and stable macroeconomic conditions over the past two decades. However, the ongoing conflict in Ukraine has adversely affected the global economy, resulting in slower growth in 2023 and an inflationary surge. Consequently, fuel, commodity, and food prices have experienced significant increases.

In this challenging scenario, the steel industry may emerge as a potential catalyst for economic growth. It has the capacity to drive economic progress and support complementary sectors such as transportation, energy, heavy engineering, and construction. Therefore, it is crucial for the authorities to provide exceptional care and attention to nurture and sustain the well-established industries in the country, ensuring stability and fostering economic resilience amid these challenging times.

#### **STRATEGIC INITIATIVES**

BSRM's growth is propelled by a series of well-thought-out strategic initiatives. We are always committed to formulate our core strategies, encompassing market expansion, diversification of our product range, and our unwavering commitment to sustainability. We consistently delve into our ongoing research and development projects, highlighting our innovations in production processes and our concerted efforts to reduce our environmental impact.

#### **RISK AND MITIGATION**

Bangladesh's rapidly growing economy presents promising opportunities for the steel industry, yet it is not without its challenges. The country is vulnerable to cyclones due to climate change, and issues like foreign currency crises, energy shortages, port congestion, and inadequate infrastructure pose significant obstacles to the industry's expansion. Stability in foreign currency rates is particularly crucial for import- dependent sectors like steel, but the current volatility in exchange rates is adversely affecting the industry.

Despite these challenges, the government has initiated positive measures to address these issues. Efforts such as increasing LNG supply and the development of the Rooppur nuclear power plant aim to alleviate energy shortages. Additionally, ongoing projects involving the construction of new roads, bridges, and Exclusive Economic Zones are set to improve infrastructure. The government has also implemented favorable policies and regulations for the industry. Notably, a dedicated department has been established to identify and assess internal risks and develop strategies for their mitigation. The enforcement of an enterprise risk management policy and the continuous monitoring of risks by a specialized team underscores the government's commitment to overcoming challenges and ensuring the steel industry's sustainable growth.

# **FUTURE PLANNING**

BSRM Group has ambitious plans for the upcoming year, aiming to sell 18.50 lac M. Ton of steel. To achieve this goal, approximately 9.30 lac M. Ton will be supplied by BSRMLTD, a significant contributor to the group's overall output. In addition to focusing on quantity, BSRM Group is dedicated to enhancing the quality of its steel products. The company is actively engaged in research and development initiatives, striving to provide superior services to its customers.

As part of these efforts, BSRM Group has recently introduced a new high-quality steel product called "BSRM Xtreme B500DWR." This innovation reflects the company's commitment to staying at the forefront of the industry by offering advanced and reliable steel solutions. Through these initiatives, BSRM Group is poised to meet the demands of its customers while maintaining a strong emphasis on product quality and innovation.

## CONCLUSION

In conclusion, This discussion outlines BSRM Group's position and operations and provide valuable insights into the company's strategic direction and performance. The challenges faced by the company, including global economic uncertainties, currency fluctuations, and infrastructural limitations. Despite these challenges, BSRM Group remains proactive, leveraging its strengths in production capabilities and innovation.

In summary, the Management Discussion and Analysis reflect BSRM Group's proactive strategies, commitment to quality, and resilience in addressing challenges. These factors, combined with its focus on innovation, position the company for sustainable growth and success in the steel market.

Aameir Alihussain Managing Director

# **REPORT OF THE AUDIT COMMITTEE**

For the period from July 01, 2022, to June 30, 2023

The Audit Committee of **Bangladesh Steel Re-Rolling Mills Limited** is pleased to submit the following report on the activities for the financial year 2022-2023:

According to the Notification on Corporate Governance Code of the Bangladesh Securities & Exchange Commission (BSEC), dated June 03, 2018, the Board has established an Audit Committee as a sub-committee. The Committee assists the Board of Directors in ensuring that the financial statements reflect an accurate and fair view of the company's state of affairs and in providing a sound monitoring system within the business.

# THE COMMITTEE:

The present committee members, nominated by the Board are as follows:

| Mr. Gobinda Chandra FCA    | Chairman  |
|----------------------------|-----------|
| Mr. Aameir Alihussain      | Member    |
| Mrs. Sabeen Aameir         | Member    |
| Mr. Shekhar Ranjan Kar FCA | Secretary |

All Members of the Audit Committee are financially literate and able to analyze the accounting policies and principles, internal audit, internal control, and compliance process in discharging their duties and responsibilities.

#### **TERMS OF REFERENCE:**

The Board has determined the terms of reference of the Audit Committee as per BSEC notification. The Committee is responsible to the Board of Directors and reports on its activities regularly. The Committee assists the Board in its general oversight of financial reporting, internal controls, and functions relating to internal audits. It also ensures compliance with the Corporate Governance Code of BSEC.

# **ROLE OF AUDIT COMMITTEE:**

The roles of the Audit Committee of Bangladesh Steel Re-Rolling Mills Limited are appended below:

- a) Oversee the financial reporting process.
- b) Monitor the choice of accounting policies and principles.
- c) Monitor the Internal Audit and Compliance process to ensure it is adequately resourced, including approval of the Internal Audit and Compliance Plan and review of the Internal Audit and Compliance Report.

- d) Oversee hiring and performance of external auditors.
- e) Hold a meeting with the external or statutory auditors to review the annual financial statements before submission to the Board for approval or adoption.
- Review, along with the management, the quarterly, half-yearly & annual financial statements before submission to the Board for approval.
- g) Review the adequacy of the internal audit function.
- h) Review the Management's Discussion and Analysis.
- i) Review the statement of all related party transactions submitted by the management.
- j) Review Management Letters or Letters of Internal Control weakness issued by statutory auditors.
- k) Review the Quarterly and Annual Financial Statements of the subsidiary company.
- Oversee the determination of audit fees based on scope and magnitude, level of expertise deployed, and time required for effective audit and evaluate the performance of external auditors.

# ACTIVITIES OF THE AUDIT COMMITTEE FOR THE YEAR UNDER REPORT:

The members of the Audit Committee met four times during this reporting period. The Committee carried out the following activities, among others:

- Reviewed the quarterly, half-yearly, and yearly Financial Statements of the Company and recommended them to the Board for adoption and circulation.
- Reviewed the Subsidiary Company's quarterly, half-yearly, and yearly Financial Statements.
- Reviewed the Management's Discussion and Analysis before disclosing in the Annual Report.
- Reviewed the internal audit process and effectiveness of internal audit.
- Reviewed the findings of the internal audit team and its corrective actions.
- Reviewed the changes made as per requirements of the IFRS-16 in the Company's financial statements.
- Assessed external auditors' findings and compliance with IAS/ IFRS to prepare Financial Statements.
- Reviewed the adequate internal control system of the Company is in place.
- Reviewed the compliance requirements of BSEC guidelines, notification, and other laws.

#### **APPOINTMENT OF AUDITORS:**

The existing external Auditors of Company A. Qasem & Co., Chartered Accountants, will retire on the conclusion of the 61st AGM, being the completion of 3rd year of their appointment, and will not be eligible to conduct an audit for the year 2023-24 as per the directive of Bangladesh Securities and Exchange Commission (BSEC).

The Audit Committee has recommended the Board to appoint Hussain Farhad & Co. Chartered Accountants, Yunusco City Center (9th Floor), 807 CDA Avenue, Nasirabad, Chattogram, for the position of the statutory auditors for the year 2023-24.

The Audit Committee expresses their sincere thanks to all members of the Board, a team of internal audit, a team of accounts & finance, and the management of the Company for their support.

On behalf of the Audit Committee

**Gobinda Chandra Paul FCA** Independent Director and Chairman of the Audit Committee Date: October 12, 2023

# **REPORT OF THE NOMINATION AND REMUNERATION COMMITTEE (NRC)**

For the period from July 01, 2022, to June 30, 2023

The Nomination and Remuneration Committee (NRC) of **Bangladesh Steel Re-Rolling Mills Limited** is pleased to submit the following report on the activities for the financial year 2022-2023:

#### FORMATION OF NRC:

following members:

The Nomination and Remuneration Committee (NRC) of **Bangladesh Steel Re-Rolling Mills Limited** is being formulated in compliance with Notification No. BSEC/CMRRCD/2006-158/207/Admin/80, Date: June 03, 2018, on Corporate Governance Code of Bangladesh Securities & Exchange Commission (BSEC) to assist the Board broadly in the formulation of policy on nomination and remuneration mainly for Directors and top-level executives of the Company. This is a sub-committee of the Board. The Nomination and Remuneration Committee (NRC) of Bangladesh Steel Re-Rolling Mills Limited is comprised of the

| Mr. Gobinda Chandra FCA    | Chairman  |
|----------------------------|-----------|
| Mr. Aameir Alihussain      | Member    |
| Mrs. Sabeen Aameir         | Member    |
| Mr. Shekhar Ranjan Kar FCA | Secretary |

# **TERMS OF REFERENCE:**

The terms of reference of the Nomination and Remuneration Committee (NRC) have been determined by the Board as per BSEC notification. The NRC assists the Board in formulating the nomination criteria or policy for determining qualifications, positive attributes, experiences, and independence of directors and top-level executives, as well as an approach for the formal process of considering remuneration of top-level executives.

# ROLE OF THE NOMINATION AND REMUNERATION COMMITTEE (NRC):

- NRC shall be independent and responsible or accountable to the Board and to the shareholders;
- To oversee, among others, the following matters and make reports with recommendations to the Board:
- Formulating the criteria for determining qualifications, positive attributes, and independence of a director and recommend a policy to the Board relating to the remuneration of the director's top-level executive, considering the following:
- a) The level and composition of remuneration are

reasonable and sufficient to attract, retain, and motivate suitable directors to run the company successfully;

- b) The relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- c) Remuneration to directors and top-level executives involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals;
- II. Devising a policy on the Board's diversity, considering age, gender, experience, ethnicity, and educational background.
- III. Identifying persons qualified to become directors and may be appointed to a top-level executive position by the criteria laid down and recommending their appointment and removal to the Board.
- IV. Formulating the criteria for performance evaluation of independent director(s) and the Board.
- V. Identifying the company's needs for employees at different levels and determining their selection, transfer or replacement, and promotion criteria.
- VI. Developing, recommending, and reviewing annually the company's human resources and training policies.

# **MEETING OF NRC:**

During this reporting period, one NRC meeting was held. The NRC of Bangladesh Steel Re-Rolling Mills Limited carried out the following activities during the year 2022-23:

The Nomination and Remuneration Committee (NRC) members have elaborately discussed the Company's Nomination and Remuneration Policy.

# MEMBERS OF NRC HAVE ALSO REVIEWED THE FOLLOWING ACTIVITIES OF THE COMPANY:

- a) Appointment and Retirement policy of Directors, Top Level Executives, and Senior Management, including Company Secretary (CS), Chief Financial Officer (CFO), and Head of Internal Audit and Compliance (HIAC).
- b) Term/ Tenure of Independent Director.
- c) Evaluation of the performance of Directors and top-level executives.
- d) Remuneration policy for Directors and top-level Executives.

## THE COMMITTEE ALSO REVIEWED THE FOLLOWING ACTIVITIES OF THE COMPANY:

- a) Organization Structure where the reporting line is clearly defined for the directors and top management team, along with standard workforce planning exercise for each position to identify the total requirements.
- b) Pay structure for each job level based on education, experience, and competency.
- c) A target-based online Performance Management System to evaluate the performance of employees, yearly Increments, Promotion of individuals, etc.
- d) Employee Benefits Policy to attract job seekers and retain internal talent.
- e) Succession planning of the company to have our future leaders ready according to the requirements.
- f) Ensuring extensive training and development plans for the individual or group.
- g) A transparent recruitment and selection policy where competent candidates get hired.
- h) Practicing a transparent career path system for employees, which is reflected in the Organization Structure.

#### POLICY OF THE NRC

The Nomination and Remuneration Policy for members of the Board of Directors, Key Managerial Personnel, and Senior Management of the Company is designed to attract, motivate, and retain leaders/ members in a competitive market. The Policy reflects the Company's objectives for good corporate governance and long-term value creation for shareholders.

The objective of the policy is to ensure that-

- The level and composition of remuneration are reasonable and sufficient to attract, retain, and motivate the directors/top management team required to run the company successfully.
- Relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
- Remuneration to directors and top-level executives reflecting short and long-term performance objectives appropriate to the company's work and goals.

# APPOINTMENT AND REMOVAL OF DIRECTOR, TOP LEVEL EXECUTIVES AND SENIOR MANAGEMENT:

a) The Committee shall identify and ascertain the integrity, qualification, expertise, and experience of the person for appointment as Independent Director/Director, top-level executives, or at Senior Management level and recommend their appointment, per the Company's Policy & BSEC Guideline.

b) A person should possess adequate qualifications, expertise, and experience for the position they are considered for appointment. The Committee can decide whether a person's capability, knowledge, and expertise are sufficient/satisfactory for the position.

# **EVALUATION:**

The Committee shall evaluate the performance of the Director and top-level executives yearly or at such intervals as necessary based on their qualifications, experience, etc.

## **REMOVAL:**

The MD or CEO, CS, CFO, and HIAC shall not be removed from their position without approval of the Board and immediate dissemination to the Commission and stock exchange(s).

# **RETIREMENT:**

The Director or top-level executives shall retire as per policy of the Company. The Board will have the discretion to retain the Director or any top-level executive, even after attaining the retirement age, for the benefit of the Company.

# POLICY FOR REMUNERATION TO DIRECTORS/TOP-LEVEL EXECUTIVES:

- a) The Remuneration to be paid to the Managing Director/other Directors as approved by the NRC.
- b) The Nomination and Remuneration Committee shall make such recommendations to the Board of Directors as it may consider appropriate remuneration to the Managing Director and other Directors.
- c) The Non-Executive / Independent Director may receive meeting fees and other remuneration as recommended by the Nomination and Remuneration Committee and approved by the Board of Directors.
- d) The remuneration for top-level executives shall be fixed considering their performances and by the Company's Policy.

# **IMPLEMENTATION:**

The Committee may issue guidelines, procedures, formats, reporting mechanisms, and manuals in supplement and for better implementation of this policy as considered appropriate.

The Nomination and Remuneration Committee sincerely thanks the members of the Board and the management for their support, guidance, and cooperation while carrying out the responsibilities.

On behalf of The Nomination and Remuneration Committee

Gobinda Chandra Paul FCA Independent Director and Chairman of NRC Date: October 12, 2023

#### **DIVIDEND DISTRIBUTION POLICY**

of Bangladesh Steel Re-Rolling Mills Limited

#### **OBJECTIVE:**

This Dividend Distribution Policy ("the Dividend Distribution Policy") aims to ensure the entitlement of shareholders and profits to be retained in the business for expansion or other business purposes.

Further, this Policy will also ensure that the dividend is distributed following the applicable legislation in the interests of the shareholders and will also address the management of unclaimed dividends.

#### Scope and Legal Basis:

This Policy has been prepared under the Directive No. BSEC/CMRRCD/2021-386/03 as issued on January 14, 2021, by the Bangladesh Securities and Exchange Commission (BSEC) and Income Tax Ordinance 1984. The Policy shall have immediate effect.

#### Approval of Dividend:

The dividend would continue to be declared/ recommended on a percent basis on the Ordinary Equity Shares of the Company having a face value of Tk. 10/- each. Therefore, dividends approved by the shareholders will be distributed amongst all shareholders, based on their shareholding and whose name would appear in the Register of the Central Depository Bangladesh Ltd. (CDBL) as on the record date.

#### Factors to be considered:

Before declaring the dividend, the board shall consider the following factors:

- (a) Net operating profit after tax, EPS;
- (b) Working capital requirements;
- (c) Capital expenditure requirements for expansion of business, including expansion plans and investment in subsidiaries/ associate company;
- (d) Past Dividend Trends
- (e) Income tax implications
- (f) Other factors which the Company's Board may consider.
- (g) Any rules, directives, or guidelines BSEC or other regulatory authorities issued.

The Board may consider not declaring a Dividend or recommend a lower payout for a given financial year based on its financial performance, challenges, and opportunities for which the Board will provide rationale in the Annual Report.

#### Procedures for Declaration and Distribution of Dividends

1. Based on the financial performance and considering other factors, the Company's Board of Directors shall

declare/ recommend interim or final cash/stock Dividend as decided in the meeting.

- 2. Where a Dividend declaration or recommendation is proposed for consideration of the Board, it shall be a specific agenda.
- 3. Dividends will generally be recommended by the Board of Directors once a year after the announcement of the year-end financial results, which the shareholders will approve in the Annual General Meeting (AGM). The Board may also declare interim dividends as permitted by the Companies Act/ BSEC guidelines.
- 4. The Company shall pay all Dividends by this Policy through BEFTN.
- 5. The Company shall ensure compliance with applicable laws and this Policy about Dividend declaration and distribution by the Company.

#### Other conditions:

The Company Shall Comply with the following regarding dividends: -

- 1. The Dividend Distribution Policy shall be disclosed in the annual report and website of the Company.
- The company shall pay off the annual or final dividend to the entitled shareholders within 30 days of approval/ AGM. It provided that the interim dividend shall be paid off to the entitled shareholders within 30 days of the record date.
- 3. Cash dividend shall be distributed in the following manner and procedures, namely:
- Within 10 (ten) days of declaration/ approval of cash dividend by the Board of Directors of the Company or AGM, as the case may be, an amount equivalent to the declared cash dividend payable for the concerned year shall be kept in a separate bank account of the Company, dedicated for this purpose;
- II. The Company shall pay off cash dividend directly to the bank account of the entitled shareholders as available in the BO account maintained with the depository participant (DP) or the bank account as provided by the shareholder in paper form through Bangladesh Electronic Funds Transfer Network (BEFTN):

Provided that the Company may pay off such cash dividend through bank transfer or any electronic payment system as recognized by the Bangladesh Bank, if not possible to pay off through BEFTN;

- III. The Company, upon receiving the claim on cash dividend from a stock broker or a merchant banker or a portfolio manager for the margin client or customer who has a debit balance or margin loan, or as per the intention of the client of a stock broker or merchant banker or portfolio manager, shall pay off such cash dividend to the Consolidated Customers' Bank Account (CCBA) of the stock broker or the separate Bank account of the merchant banker or portfolio manager through BEFTN based on the information provided by the stock broker, merchant banker, or portfolio manager.
- IV. The Company shall issue a cash dividend warrant in case of non-availability of bank account information, or it is impossible to distribute cash dividends through BEFTN or any electronic payment system.
- V. The Company shall pay off cash dividends to non-resident sponsors, directors, shareholders, or foreign portfolio investors (FPI) through the security custodian in compliance with the rules or regulations in this regard;
- VI. The Company, immediately after disbursement of cash dividend and issuance of a certificate of tax deducted at source, if applicable, shall intimate to the shareholder or unit holder through a short message service (SMS) to the mobile number or email address as provided in the BO account or as provided by the shareholder;
- VII. The Company shall maintain information on unpaid or unclaimed dividends of shareholders. It shall also disclose the summary of information above in the annual report and the statements of financial position (Quarterly/annually) as a separate line item as "Unclaimed Dividend Account" and publish the year-wise unclaimed dividend on the website.
- 4. The Company shall credit stock dividend directly to the BO account or issue the bonus share certificate of the entitled shareholder, as applicable, within 30 (thirty) days of declaration or approval or record date, as the case may be, subject to clearance of the exchange(s) and the Central Depository Bangladesh Limited (CDBL);
- 5. The Company shall maintain a Suspense BO Account for undistributed or unclaimed stock dividends or bonus shares and follow the procedure per BSEC guidelines.
- 6. The Company shall submit a compliance report to the Commission and the exchange(s) in a specified format provided by the Bangladesh Securities and Exchange Commission within 7 (seven) working days of completion of dividend distribution:

It provided that the Company shall publish the compliance report on its website.

- 7. The Company shall not forfeit any unclaimed cash dividend or stock dividend till the claim becomes barred by the law of the land in force.
- 8. If any cash dividend remains unpaid or unclaimed or unsettled, including accrued interest (after adjustment of bank charge, if any) thereon for 3 (three) years from the date of declaration or approval or record date, as the case may be, shall be transferred by the Company to the Fund as directed or prescribed by the Commission:

Provided that the Company shall provide detailed information to the manager of the Fund during the transfer of cash dividends as directed or prescribed by the Commission:

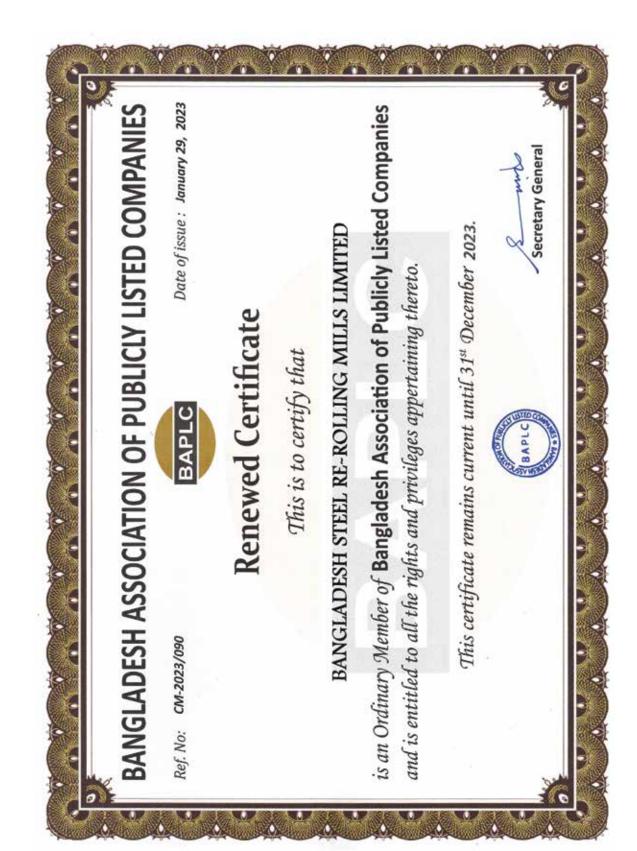

Provided further that if any shareholder or unit holder claims his cash dividend after transfer of such compensation to the Fund, within 15 (fifteen) days of receiving such claim, the Company shall, after proper verification of the claim, recommend to the manager of the Fund to pay off such dividend from the Fund and the manager of the Fund shall pay off such cash dividend to the claimant by the provisions and procedures as directed or prescribed by the Commission.

9. If any stock dividend or bonus shares remain unclaimed or unsettled, including corporate benefit in terms of bonus shares thereon for 3 (three) years from the date of declaration or approval or record date, as the case may be, shall be transferred in dematerialized form to the BO Account of the Fund:

Provided that the Company shall provide detailed information to the manager of the Fund during the transfer of stock dividend or bonus shares as directed or prescribed by the Commission:

Provided further that if any shareholder claims their stock dividend or bonus shares after transfer of such dividend or bonus shares to the BO Account of the Fund within 15 (fifteen) days of receiving such claim, the Company shall, after proper verification of the claim, recommend to the manager of the Fund to pay off or transfer such stock dividend or bonus shares from the BO Account of the Fund and the manager of the Fund shall pay off or transfer such stock dividend or bonus shares to the claimant's BO Account by the provisions and procedures as directed or prescribed by the Commission.

The Board may review this Policy if and where necessary, and they will be notified.

# KEY EVENTS 2022-23 >>>

# BSRM CELEBRATED ITS PRESTIGIOUS 12TH VISION & VALUES ANNIVERSARY PROGRAM

BSRM celebrated its prestigious 12th Vision & Values anniversary program recently. The theme of this year was 'Navigating the Future.' Our honorable Chairman and Managing Director echoed the theme and their words of wisdom inspired the entire BSRM Family. The magnificent event highlighted BSRM's past achievements and future goals to remain the industry leader. The program was graced by awarding last year's best performers in different categories for their outstanding contributions.

# BSRM has organized a workshop named "LEADER'S EDGE IN ACCOUNTABILITY TOWARDS PEOPLE"

Recently BSRM has organized a workshop named "Leader's Edge in Accountability towards People". Mr. Rahul Dev, The Executive Director of Laureate Global, and Ms. Priyanka Das, The Director of India of Laureate Global facilitated the workshop.

BSRM and BRAC University jointly announced the renaming of its engineering school as the BSRM School of Engineering. It will recruit world-class faculty over the next several years, fund cutting-edge research in key impact areas and promote curriculum innovation. The contribution by BSRM to the University's endowment will also provide several merit-based scholarships, including five full-tuition awards for engineering students.

"Following our longstanding tradition of giving established by the founders of BSRM Group, we continually seek meaningful ways to impact key drivers of sustainable development in Bangladesh. We are pleased to make this gift to enable a new generation of engineers to be ready to accept the challenges of designing and building sustainable solutions," said Aameir Alihussain, Managing Director, of BSRM Group.

Founded by Sir Fazle Hasan Abed, BRAC University was established to create and empower communities with ethical leaders who will spearhead positive change for greater social inclusion. Evidence continues throughout the institutes, schools, departments and centers, with students and faculty engaged in multidisciplinary research and collaborating on various initiatives that ultimately benefit society. "We welcome the gift from BSRM Group of Companies as the University embarks on a path of transformation to lead global discourses on innovation for development and social progress, while remaining steadfast in the spirit of its founding," said Tamara Hasan Abed, Chairperson, Board of Trustees, BRAC University.

# BSRM RECEIVED THE HIGHEST TAXPAYER AWARD

BSRM received the Highest Tax Payer Award under the engineering category for the financial year 2021-22 by the National Board of Revenue (NBR). NBR Chairman Abu Hena Md Rahmatul Muneem handed the crest to BSRM at Officers' Club Dhaka on Wednesday, December 28, 2022.

| SHORT TERM | ST-2 | ST-2 |

Rated By **CRISL** on November 29, 2023 & valid up to November 03, 2024 Based on audited Financial Statements of FY 2022-23 and unaudited Financial Statements up to September 30, 2023,

# **CREDIT RATINGS**

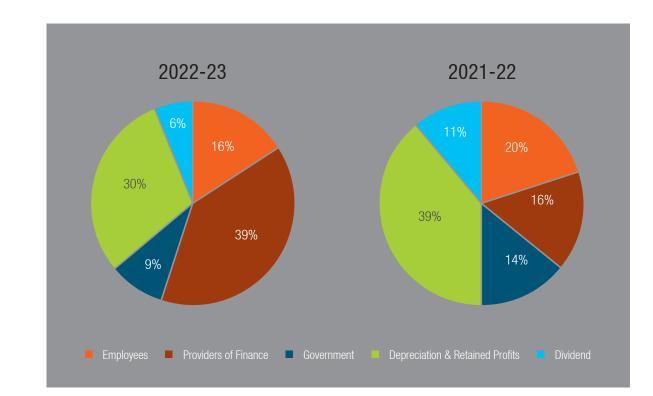

CRISL has reaffirmed the long-term rating 'AA+' (pronounced as Double A plus) and the short-term rating 'ST-2' to Bangladesh Steel Re-Rolling Mills Limited ('BSRML'). While arriving at the above rating, CRISL has considered both quantitative and qualitative information available to it up to the date of the rating. The Above rating reflects, inter alia, consistent maintenance of some fundamentals such as good volume of business and profitability, good funding flexibility, regular loan repayment status, dominant market presence, experienced and qualified management team, sophisticated infrastructural arrangement, good promotional and branding strategy, vertically integrated operations, etc. However, the above, factors are constrained, by to some extent debt-based capital structure, bank-dependent working capital management risks of competition, cost inefficiency, exchange rate, raw materials supply,, global instability changes in government policy, etc.

The long-term rating indicates entity rated in this category is adjudged to be of high quality, offer higher safety, and have high credit quality. This level of rating indicates a corporate entity with a sound credit profile and without significant problems. Risks are modest and may vary slightly from time to time because of economic conditions. The short-term rating indicates high certainty of timely payment. Liquidity factors are strong and supported by good fundamentals protection factors. Risk factors are very small.

CRISL also placed the company with "Stable Outlook" considering that its existing fundamentals may remain unchanged in the foreseeable future.

A solid infrastructure is essential for the survival of businesses worldwide. It supports every facet of human livelihood, from the well-being and survival of one person to the collaboration between individuals to achieve corporate or communal goals.

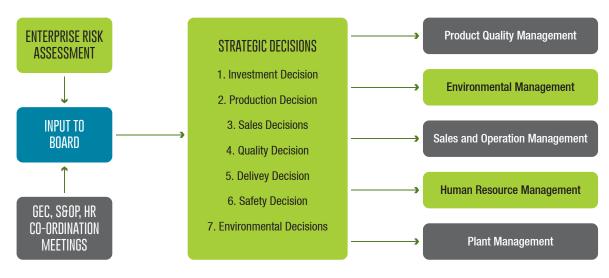

# SOLID INFRASTRUCTURE

# OUR STRATEGY ≫

# STRATEGIC FOCUS OF BSRM OUTLINING A BLUEPRINT FOR TOMORROW

The Vision and Values of the Organization guide our strategy planning process. As part of the process, we examine the external and internal business environment and factors in potential risks and opportunities that could disrupt the industry. Materiality assessment provides insights into the changing needs of all our stakeholders. Our long-term plans are formulated as an outcome of the integrated strategy planning process. The overall strategy and goals are cascaded down to individual departments with clearly defined responsibilities across all levels.

## INTERACTION OF PROCESS AT TOP MANAGEMENT LEVEL

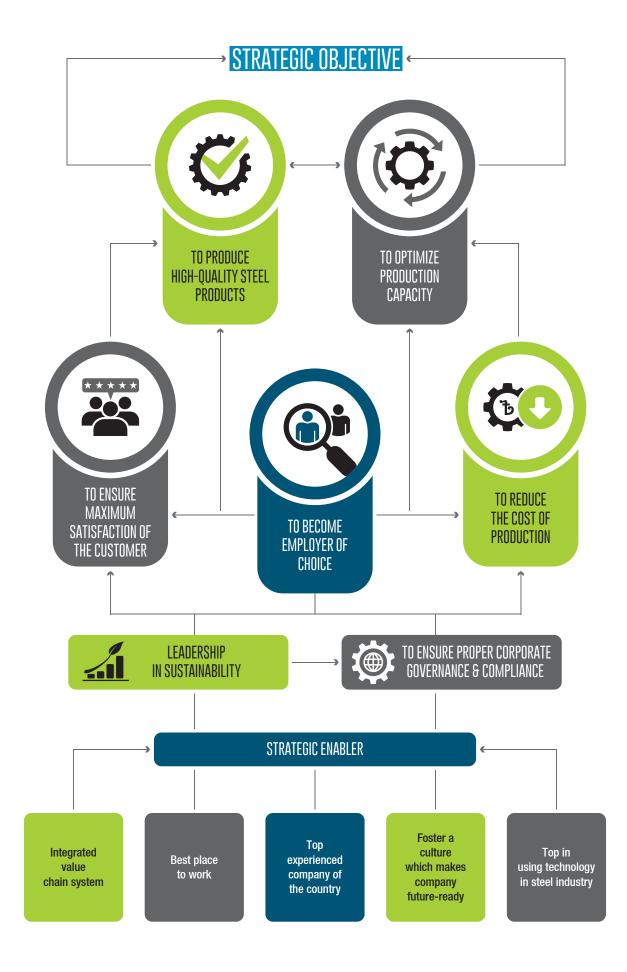

# STRATEGIC ROADMAP

116

INTEGRATED ANNUAL REPORT 2022-23

Our strategic objectives ensure alignment of our business goals with our Vision and Values. ESG principles are integrated with all aspects of our business.

## STRENGTHENING FUTURE READINESS STRATEGIC OBJECTIVES

At BSRM, we aspire to be future-ready structurally, financially, and culturally to be the most valuable and respected steel company. We have identified Seven Strategic Objectives (SOs) to create sustainable and profitable growth.

| STRATEGIC OBJECTIVES                             | FOCUS AREAS                                                                                                                                                                                                | GOALS                                                                                                                                                                                                      | UN SDG GOAL                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

## ECONOMIC OUTLOOK >>>

## GLOBAL ECONOMY NEAR-TERM RESILIENCE, PERSISTENT CHALLENGES

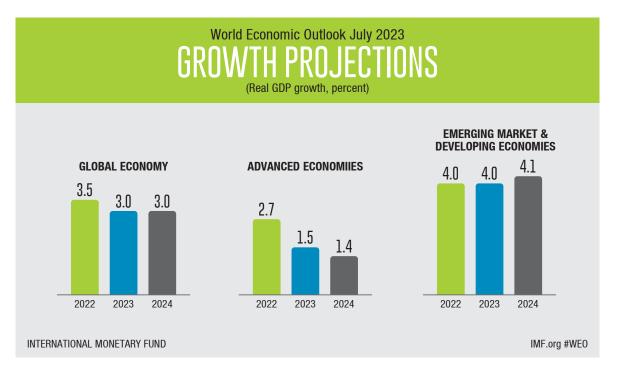

Global growth is projected to fall from an estimated 3.5 percent in 2022 to 3.0 percent in 2023 and 2024. While the forecast for 2023 is modestly higher than predicted in the April 2023 World Economic Outlook (WEO), it remains weak by historical standards. The global recovery from the COVID-19 pandemic and Russia's invasion of Ukraine is slowing amid widening divergences among economic sectors and regions.

# The World Health Organization (WHO) announced in May that it no longer considers COVID-19 a "global health emergency." Supply chains have largely recovered, and shipping costs and suppliers' delivery times are back to pre-pandemic levels.

But forces that hindered growth in 2022 persist. Inflation remains high and continues to erode household purchasing power. Policy tightening by central banks in response to inflation has raised the cost of borrowing, constraining economic activity. The impact of higher interest rates extends to public finances, especially in poorer countries grappling with elevated debt costs, constraining room for priority investments. As a result, output losses compared with pre-pandemic forecasts remain large, especially for the world's poorest nations.

Despite these headwinds, global economic activity was resilient in the first quarter of 2023, with that resilience driven mainly by the services sector. At the same time, nonservices sectors, including manufacturing, have shown weakness, and high-frequency indicators for the second quarter point to a broader slowdown in activity. Amid softening consumption of goods, heightened uncertainties regarding the future geoeconomic landscape, weak productivity growth, and a more challenging financial environment, firms have scaled back investment in productive capacity. Monetary policy in many countries will need to curb inflationary pressures, while fiscal policy must prioritize health and social spending.

# The fight against inflation continues.

Inflation is easing in most countries but remains high, with divergences across economies and inflation measures. Following the buildup of gas inventories in Europe and weaker-than-expected demand in China, energy and food prices have dropped substantially from their 2022 peaks, although food prices remain elevated. These developments and the normalization of supply chains have contributed to a rapid decline in headline inflation in most countries. Core inflation, however, has, on average, declined more gradually and remained well above most central banks' targets.

## Acute stress in the banking sector has receded, but credit availability is tight.

Tight monetary policy continues to pressure some banks directly (through higher funding costs) and indirectly (by increasing credit risk). Bank lending surveys in the United States and Europe suggest that banks restricted access to credit considerably in the first quarter of 2023, and they are expected to continue to do so in the coming months. Corporate loans have been declining lately, as has commercial real estate lending.

**For emerging markets and developing economies,** growth is projected to be broadly stable at 4.0 percent in 2023 and 4.1 percent in 2024, with modest revisions of 0.1 percentage point for 2023 and -0.1 percentage point for 2024. However, this stable average masks divergences, with about 61 percent of the economies in this group growing faster in 2023 and the rest-including low-income countries and three of the five geographic regions described in what follows-growing more slowly.

**Growth in emerging and developing Asia** is on track to rise to 5.3 percent in 2023, then to moderate to 5.0 percent in 2024, reflecting a modest (0.1 percentage point) downward revision for 2024. The forecast for China is unchanged at 5.2 percent for 2023 and 4.5 percent for 2024 but with a change in composition: Consumption growth has evolved broadly in line with April 2023 WEO projections, but investment has underperformed due to the ongoing real estate downturn in that country. Stronger-than-expected net exports have offset some of the investment weakness, although their contribution is declining as the global economy slows. Growth in India is projected at 6.1 percent in 2023, a 0.2 percentage point upward revision compared with the April projection. This reflects momentum from stronger-than-expected growth in the fourth quarter of 2022 due to more robust domestic investment.

## Core Inflation Declining More Gradually Than Headline Inflation

Global headline inflation is set to fall from an annual average of 8.7 percent in 2022 to 6.8 percent in 2023 and 5.2 percent in 2024, broadly as projected in April, but above pre-pandemic (2017–19) levels of about 3.5 percent. About three-quarters of the world's economies are expected to see lower annual average headline inflation in 2023. Monetary policy tightening is expected to dampen inflation gradually, but a central driver of the disinflation projected for 2023 is declining international commodity prices. Differences in the pace of disinflation across countries reflect different exposures to movements in commodity prices and currencies and different degrees of economic overheating. The forecast for 2023 is revised down by 0.2 percentage points, mainly due to subdued inflation in China. The forecast for 2024 has been revised upward by 0.3 percentage points, with the upgrade reflecting higher-than-expected core inflation.

# **RISKS TO THE OUTLOOK**

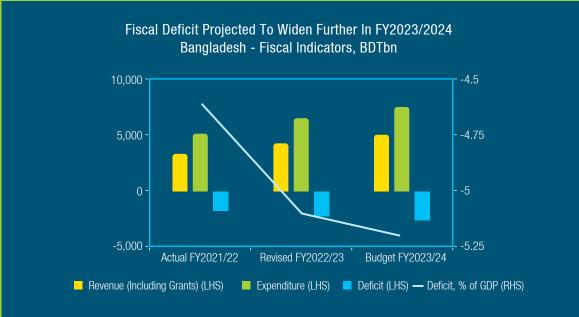

The balance of risks to global growth remains tilted downward, but adverse risks have receded since the publication of the April 2023 WEO. The resolution of US debt ceiling tensions has reduced the risk of disruptive rises in interest rates for sovereign debt, which would have increased pressure on countries already struggling with increased borrowing costs. The quick and robust action authorities took to contain banking sector turbulence in the United States, and Switzerland succeeded in reducing the risk of an immediate and broader crisis.

# **BANGLADESH ECONOMY**

# Capital Goods Import Restrictions, High-Interest Rates, and Fiscal Deficit to Weigh On Gross Capital Formation

Bangladesh's real GDP growth in FY2023/24 is forecasted at 5.4% y-o-y, up from 5.1% y-o-y in FY2022/23. The development will be supported by robust exports, which may be indicated to expand by 9.8% y-o-y (real terms) as the Bangladeshi taka remains on a depreciatory trend following the central bank's June 2023 decision to allow the currency to float freely. Undermining household purchasing power and fixed investment, high inflation will remain a drag on growth as forecast inflation to average 8.6% in FY2023/24. Fixed assets will be limited by the weakness of the taka and capital goods import curbs, which will pose headwinds to capital goods imports. The devaluation of the Bangladeshi taka will improve the country's export competitiveness and increase export growth. In the near term, comparatively high energy prices and currency weakness will keep inflation high, undermining household purchasing power and weighing on private consumption. Government consumption will be dampened by poor revenue collection and fiscal consolidation efforts. We expect that high interest rates and capital goods import restrictions will weigh on private-sector investment, and the need for budgetary consolidation will limit public infrastructure investment.

# **STEEL INDUSTRY**

## **GLOBAL STEEL INDUSTRY** HIGH INFLATION CURBS DEMAND; SUPPLY FACES MARGIN PRESSURE

Global steel demand was impacted by high inflation and aggressive monetary policy tightening by major central banks, coupled with supply chain bottlenecks. In 2022, the developed economies experienced a significant decline in steel demand due to monetary tightening and surging energy expenditure. Following a substantial decrease of 6.2% during CY 2022, there is an anticipation of a modest rebound with a projected 1.3% increase in steel demand for CY 2023. Looking ahead to CY 2024, a more substantial recovery of 3.2% is expected. Further, the looming energy crisis in the EU led to weakened sentiment, aggravated by the fear of potential gas rationing in the absence of Russian supplies. China's steel demand contracted by 4% in 2022. In CY 2022, total crude steel production stood at 1,885 MnT, down 3.9% y-o-y, as steel producers reduced output in response to weak demand and weak margins due to falling steel prices and elevated raw material costs. The world's largest steel producer, China, recorded production of 1,018 MnT, a 1.6% y-o-y decline, and Japan's output fell 7.4% y-o-y to 89.2 MnT. This was partly offset by a 6.0% y-o-y increase in production to 125.3 MnT in India.

### TOP 10 CRUDE STEEL PRODUCTION COUNTRIES

Source: World Steel Association

#### Improving outlook aided by infrastructure demand

China's re-opening, lower energy costs, and easing supply chain bottlenecks will likely lead to a ~2.3% increase (after the 2022 contraction) in global steel demand in CY 2023. Chinese steel demand is expected to grow by ~2% in CY 2023, aided by a marginal recovery in the property market. US orders are expected to grow moderately by ~1% in CY 2023, supported by the infrastructure sector following the 2021 Infrastructure Law and Inflation Reduction Act. A strengthening construction sector, easing supply chain and exports could boost steel demand in Japan and South Korea. Meanwhile, India's steel demand is on track with infrastructure investments and urban consumption driving demand for automobiles and capital goods.

## STEEL PRICES Weak prices owing to inventory build-up

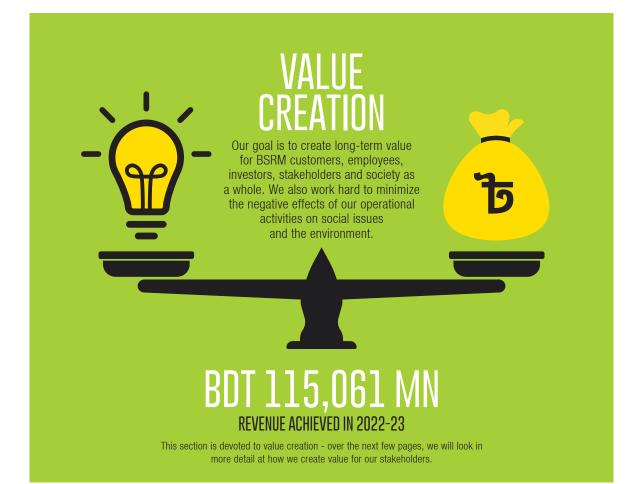

The weaker-than-expected actual steel demand and increased inventory through the supply chain weighed on steel prices in 2022. While the Russia-Ukraine conflict temporarily lifted steel prices in early 2022, the prices corrected sharply from April/May 2022 onwards and stabilized towards the end of 2022. Prices are expected to remain stable, backed by Asian economies like China, Japan, and South Korea.

By investing in state-of-the-art equipment, companies can maintain efficiency, optimize productivity, reduce costs, and gain valuable insight into customer behavior. This means having the latest software and hardware, and staying abreast of the latest trends.

# STATE-OF-THE-ART EQUIPMENT

## HOW WE CREATE VALUE >>>

# HOW WE C R E A T E V A L U E

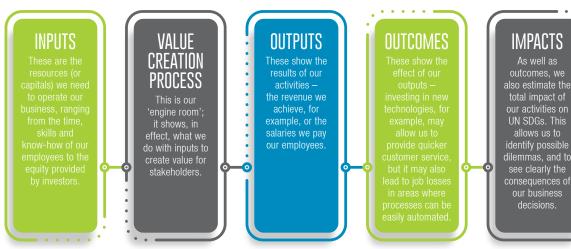

Value creation is central to our strategy. We create value in various ways – not just as a company but also as an employer. By producing steel, we support economic growth and job creation. We also provide solutions so that people can build their dreams.

# OUR VALUE CREATION MODEL

Our value creation model (VCM) is intended to show the value creation process. VCM is based on the Framework the International Integrated Reporting Council (IIRC) published. The model uses the framework capitals – these capitals may be either increased or decreased due to the company's activities. There are six capitals: financial, manufactured, intellectual, human, social, and natural. The VCM comprises inputs, outputs, outcomes, and impacts. Inputs relate to the resources we use to operate our business, work to the results of our business activities, and affect the consequences of these activities.

# OUR VALUE CREATION MODEL COMPRISES FIVE SECTIONS.

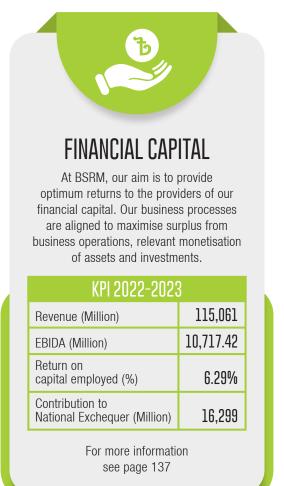

# WE HAVE A SUSTAINABLE BUSINESS MODEL

Sustainability is part of BSRM's day-to-day as it is deeply embedded into the organization's thinking and acting. The company's suppliers and customers also bolster it, and it is a vital part of its integral strategy because it derives from its corporate culture and governance.

# INTRODUCING OUR CAPITALS OUR ENGINES OF VALUE CREATION

Our multi-capital integrated approach defines our decision-making and disclosure practices. Communicating our business objectives using this approach helps our stakeholders identify the most significant levers for value creation and preservation.

## MANUFATURED CAPITAL

We are continuously adopting the Best Available Technologies (BAT) to maintain and upgrade facilities in our integrated steel operations. This helps us in efficiency improvement, ensuring safety, Suptainability and reliability of our

Sustainability and reliability of our processes, products and solutions.

| KPI 2022-2023                    |          |  |
|----------------------------------|----------|--|
| Installed Capacity (M.Ton)       | 8,00,000 |  |

## INTELLECTUAL CAPITAL

Research and innovation are key drivers for our operational efficiency, resource optimisation, sustainability and new product development. We continuously evaluate the existing needs and anticipate the future needs of our customers and implement this understanding in our product development strategy. We also collaborate with experts, academia, technology providers, research institutions, etc. to drive our R&D efforts.

For more information see page 148

## NUTURAL CAPITAL

Our raw material comprises various resources – iron scrap, natural gas, and other minerals. Besides, land and water are indispensable for our operations. We are conscious of our ecological footprint and are working relentlessly to optimize the use of the natural resources, restrict emissions and encourage circular economy.

### KPI 2022-2023

Use Advanced Cooling Technologies for Recirculate Water to Conserve Water Consumption

Rainwater Harvesting

Export of used Refractory and APC Dust

Compliance with all Environmental Regulations

Installed Advanced Air Pollution Control Systems

For more information see page 158

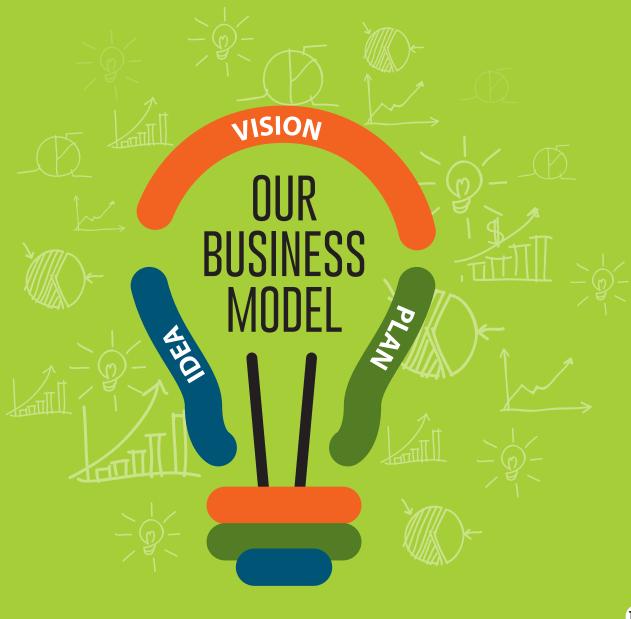

## SOCIAL CAPITAL

Our communities, customers and suppliers are critical to our business continuity and social license to operate. We believe in building long-term, transparent and trust-based relationships with them through continuous stakeholder engagement and innovation.

## OUR VISION

STRATEGY AND RESOURCE ALLOCATION

- Maintain our leadership positions in the steel industry by-producing the best quality steel products, continuously enhancing customer satisfaction and becoming a reliable business partner of our Customers and Suppliers.
- Be an employer of choice, with focus on nurturing talent and developing future leaders of the organization.
- Protect the interest of our shareholders through sustainable growth and value creation.
- Preserve the trust of all our stakeholders by adopting ethical business practices.
- Support the society through Corporate Social Responsibility initiatives.

# STRONG QUALITY CONTROL

# ADVANCING SUSTAINABLE GROWTH >>>

At BSRM, we continue to develop innovative solutions and breakthrough technologies across the steel value chain by leveraging our strengths and collaborating with research and industrial organizations.

Our sustained success is attributed to our capability to strike the optimal balance between growth and sustainability. We prioritize integrated thinking, ensuring each of our capitals works harmoniously to foster long-term value creation for all stakeholders. This approach has played a pivotal role in ensuring the economic sustainability of our organization.

INTEGRATED APPROACH TO VALUE CREATION

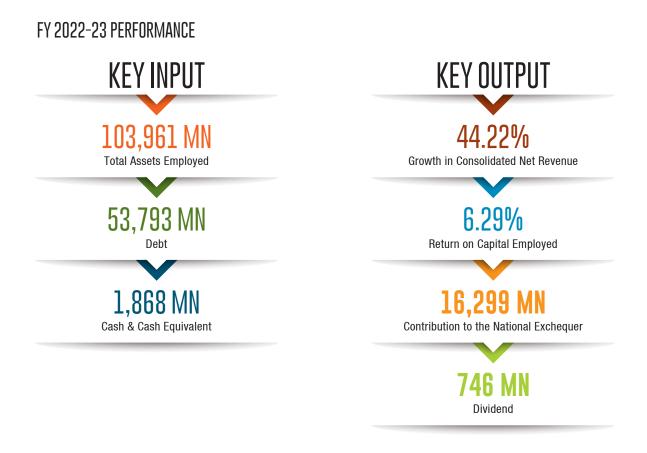

- FINANCIAL CAPITAL
- MANUFACTURED CAPITAL
- INTELLECTUAL CAPITAL
- HUMAN CAPITAL
- NATURAL CAPITAL
- SOCIAL AND RELATIONSHIP CAPITAL

Our financial capital includes the value we add to society through paying taxes to governments, dividends to investors, and salaries and benefits to employees. Beyond this, our profits allow us to reinvest in growth, innovation, and customer service improvement.

## **SDGS IMPACTED**

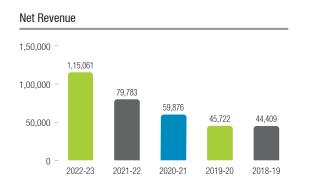

## MANAGEMENT APPROACH

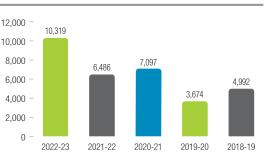

We focus on effectively managing foreign exchange, cash, investments, and debt, enabling us to optimize the allocation of our financial capital. This approach empowers us to strategically deploy resources, unlock new opportunities, and drive sustainable value creation. Deleveraging is a crucial priority, where we utilize internal cash flows to reduce our debt. We have aligned our debt maturity profiles with cash-generating operations, maximizing interest cost savings and maintaining desired liquidity levels.

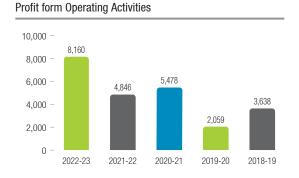

INTEGRATED ANNUAL REPORT 2022-23

BSRM strives to achieve excellence in Melting and rolling production, warehouses, and logistics facilities for our stakeholders. We are investing consistently in augmenting our capacities through organic routes and reinforcing BSRM's leadership in the industry. Our integrated operations and continuous efficiency-enhancing efforts are helping us remain cost-competitive in the markets.

## **SDGS IMPACTED**

## PERFORMANCE

# **OVERVIEW**

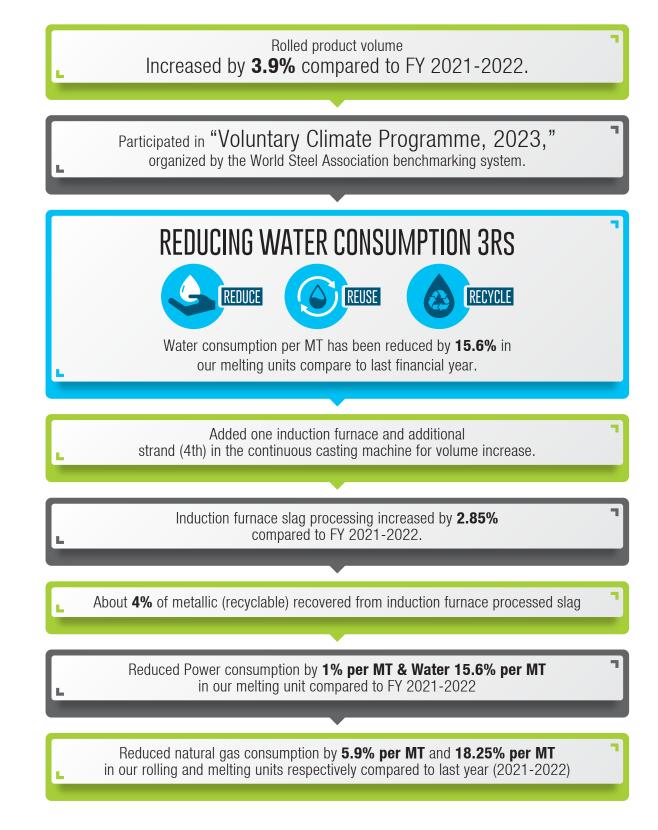

Liquid Steel is produced using an Electric Induction furnace (EIF) where scrap is the primary input, and melting does not require carbonaceous material (Electrode/CPC/Met. Coke), Oxygen, or fluxes. Consumption of refractory is also less, resulting in reduced generation of dust, gas smoke, noise, and waste residue.

After melting scrap and DRI, the liquid steel is shifted to a ladle refining furnace for further refining and controlling/homogenizing its chemistry and temperature, which is then converted into continuously cast steel billets. These billets are then hot rolled (Rolling mill with water quenching facility) into different Rebar/Angle /Channel/Square bar sizes. Re-bars are further sent for Epoxy coating and to the bar service center for a customized process.

BSRM strictly adheres to its philosophy and commitment to producing and delivering quality products to its valued customers, continuous improvement, and practicing clean, safe, environment-friendly steel making. INTEGRATED ANNUAL REPORT 2022-23

## KEY HIGHLIGHTS (2022-2023)

# HIGHEST SALE QTY OF EPOXY COATED BAR AND RIBBED WIRE IN FY 2022–2023

Highest production and dispatch of welded wire mesh and bulk quantity dispatched to Matarbari coal based power plant project.

Achieved highest coupler selling and bar threading production in FY 2022-2023

# LABORATORY EXCELLENCE overview

BSRM ensures quality at every step, from the input of raw material (examining the radioactive substances of scrap and specific quality requirements of other consumables) during manufacturing to the final product delivered on site. It can produce the country's best structural product with a highly automated plant and continuous checks at every level. The qualified and experienced quality team is equipped with modern testing facilities to ensure that the products meet stringent norms and quality standards.

#### LABORATORY FACILITIES

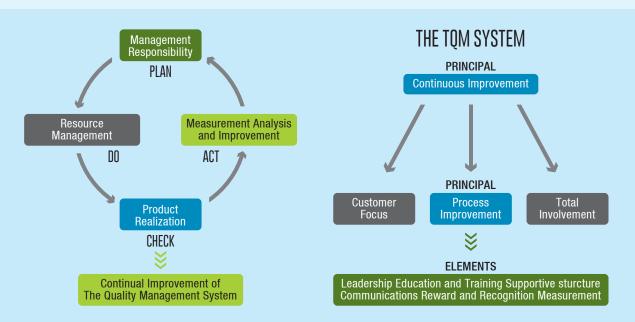

- Wet Chemical analysis for testing of various consumables and by-products
- Spectrometer for quick and accurate chemical composition testing of steel
- Macro testing for checking the internal soundness of billets
- Universal testing machine for mechanical testing of finished products
- Bend testing machine
- Impact Testing Machine
- Metallurgical Microscope to check martensitic ring and microstructure.
- Various dimension and weight-checking instruments

INTEGRATED ANNUAL REPORT 2022-23

## QUALITY MANAGEMENT

The entire Quality Management passes through four levels:

- Inspection of raw material
- Control over the process of production
- Assurance--- Inspection, correction, and investigation to find the cause of the problems and take action to prevent errors from re-occurring.
- Total Quality Management (TQM)

**PLAN:** Establish the objectives and process necessary to deliver precise results per the Customer's requirements and the organization's policies.

**DO:** Implement the process.

**CHECK:** Monitor and measure processes and products against policies, objectives, and requirements of the product to ensure strict adherence to them and detailed reporting of the results.

ACT: Take action to improve process performance continuously.

## KEY HIGHLIGHTS

- No genuine quality complaints were reported in the last two financial years.
- Only BSRM has the mechanical testing facility of 50mm dia rebar in Bangladesh, and support is also being provided to our customers.
- Calibration of all equipment as per defined procedures is ensured.
- BSTI approves steel for concrete reinforcement (Ribbed Bar)I.
- BSRM rolled products are approved by the Bureau of Indian Standards for sections and rebars.
- BSRM is an approved manufacturer of steel plates, Strips, sections, and bars for grade A with a maximum thickness of up to 160mm and 10mm, respectively, for semi-finished & rolled products by Lloyd's Register

# BSRM RECEIVED THE 'NATIONAL PRODUCTIVITY AND QUALITY EXCELLENCE AWARD 2021' UNDER THE **'LARGE INDUSTRY CATEGORY'**

BSRM received the 'National Productivity and Quality Excellence Award 2021' under the 'Large Industry Category (Steel and Engineering) for increasing productivity and achieving excellence in manufacturing quality products. BSRM is honored to receive this prestigious award and will continue to take such initiatives to build a better and safer nation.

Our intangible and knowledge-based assets make up our intellectual capital. Everything from our people's knowledge of protocols, procedures, divisions, and customers to the innovations we develop to meet customer needs and improve our processes and services to add value to society.

# **SDGS IMPACTED**

# **OVERVIEW**

Innovation is at the heart of all we do at BSRM. We endeavor to emerge future-ready by integrating sustainability as a business priority. To enhance efficiency and execution, we have accelerated the use of digitalization.

Intellectual capital is the foundation of BSRM's competitive advantage and long-term expansion within the steel manufacturing sector. This section overviews the organization's intellectual capital, including human, structural, and relational capital.

# HOW WE DEVELOP OUR INTELLECTUAL CAPITAL

Our highly qualified and devoted personnel is the foundation of our intellectual capital. Our staff members, from metallurgists and engineers to professional operators and support personnel, bring a wealth of knowledge and experience. Key highlights of our human capital include:

- A workforce with higher industry experience, fostering deep domain knowledge.
- We prioritize doing business in a way that upholds the highest ethical standards, constantly keeping in mind that our values determine who we are as individuals and as a company. We support integrity, respect, cooperation, empowerment, and resolve matters. Since 2011, the BSRM Vision and Values has recognized employees who have led or participated in projects that have contributed to the firm in terms of culture, competition, finances, innovation, or sustainability as part of its annual accomplishment awards.
- Robust training and development programs ensuring continuous skill enhancement and adaptability to evolving industry standards.
- Employees are encouraged to contribute their knowledge and ideas to operational excellence in a culture that values safety and innovation (BSRM developed rolling of rebar 3X16 (2X16 earlier) in the previous financial year, which reduces power consumption by 5 to 6 KWH/Mt.).

# STRUCTURAL CAPITAL:

Our structural capital comprises various resources and infrastructure that support our steel production processes' creativity, effectiveness, and quality. Key elements of our structural money include:

- Proprietary production techniques and steelmaking technology that enhance product quality and minimize waste.
- State-of-the-art knowledge management systems enable the capture, storage, and dissemination of critical data and best practices throughout the organization.

# **RELATIONAL CAPITAL:**

We have cultivated strong relationships with key stakeholders, enriching our intellectual capital through collaboration and knowledge sharing. Some highlights in this category include:

- Long-standing partnerships with trustworthy suppliers ensure a continual supply of high-quality raw materials.
- Customer-centric approach resulting in enduring relationships with clients who value our consistent quality and timely deliveries.
- Collaborative research and development initiatives with local universities and industry associations, enabling access to cutting-edge technologies and market insights.

# **INNOVATION AND RESEARCH:**

Our commitment to innovation is a testament to our intellectual capital's vibrancy. Recent achievements in this area encompass:

- Ongoing research and development programs focused on improving product quality, reducing environmental impact, and enhancing operational efficiency.
- Rigorous intellectual property protection strategies to safeguard our innovative breakthroughs.

# **OPERATIONAL EFFICIENCY:**

We continuously harness our intellectual capital to optimize operations and reduce costs. Key elements in this regard include:

- Robust lean2lead programs applied across all operational areas, resulting in notable efficiency gains and cost reductions.
- Integrating advanced data analytics and machine learning tools to optimize production scheduling and maintenance.
- Implementing best practices, driven by knowledge sharing, leads to process improvements and waste reduction.

BSRM recognizes that its intellectual capital is the cornerstone of its success. We are committed to nurturing, expanding, and leveraging our human, structural, and relational capital to maintain our competitive edge, drive innovation, and contribute positively to steel manufacturing.

BSRM Slag - "REUSABILITY OF WASTE" wins the Bangladesh Innovation Award 2023 in two categories-

- 1. The Most Innovative Environmental Solution
- 2. The Best Innovation SDG Inclusion Award

The Project is about recycling Waste Product Slag into usable construction material. Slag-made products are eco-friendly.

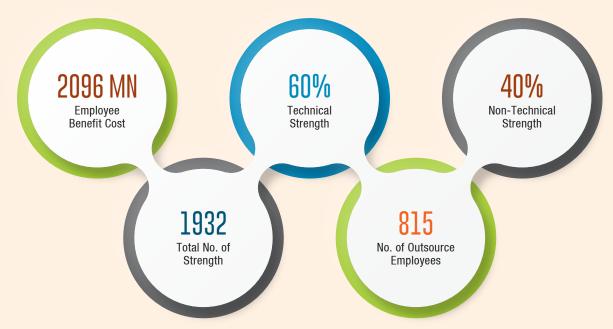

We believe profoundly that our people are the heart and soul of our organization. Strengthening our human capital is vital to our growth strategy, achieved by offering an inclusive, fair, and safe workplace that empowers employees through learning and development initiatives.

# **SDGS IMPACTED**

# FY 2022-23 PERFORMANCE

# NO. OF TRAINING CONDUCTED:

# OUR APPROACH

We believe in empowering our employees with a sense of ownership as we strive to create a culture to become the preferred employer in our industry. We are committed to fostering a supportive, inclusive work environment where every employee feels valued, secure, connected, and treated with respect and empathy.

# COMPETENCY-BASED RECRUITMENT

We always welcome candidates from different disciplines with adequate experience to join us. Our HR team works hard to search for talent for a role based on the required competencies. We are an equal-opportunity employer where candidates are judged on their ability to perform specific jobs. Our unbiased approach makes us an 'Employer of Choice.' We aspire to select people aligned with our vision and values and make them a key factor for success in business transformation and change processes.

# **LEARNING & DEVELOPMENT**

To nurture talent, we believe institutionalizing a learning culture positively helps the organization's safety, sustainability, quality, and productivity. Our Learning and Development activities are systematic and organized and ensure that individual training needs are well-defined, understood, and catered to. Frequent training, local and abroad, are provided to confirm adequate development opportunities for all our people.

# PERFORMANCE BASED CULTURE

Our KPI-based performance management system helps people to be accountable for their roles and analyses their improvement areas that need further development. It helps us to identify high performers for more prominent roles within the group. HR team strives to maintain a performance-based culture, recognizing critical positions, finding possible successors, and helping them develop for future leadership.

We have a structured Succession Planning program to systematically identify and nurture the organization's talents and have successors ready for critical roles within the organization to minimize risks in smooth operation and future business growth.

# **HR PROCESS AUTOMATION**

To reduce manual intervention in the HR process of our employees and offer better HR experience, we have introduced world-renowned HR software 'SAP SuccessFactors in BSRM. By enabling this modern HR software, people can access their HR database and relevant portals from anywhere, anytime. This helps employees to see individual career paths in the organization. It enables them to have accurate time reports and data analytics on a dashboard.

# **EMPLOYEE RETENTION**

We are proud that people stay with BSRM for its culture of respect, work environment, scope of career progression, long-term service benefits, etc.

Employees with us for more than 10 Years **29%** 

True motivation comes from achievement, personal development, job satisfaction, and recognition. We believe that when people are financially invested, they want to contribute. We have maintained a low employee turnover over the years by engaging our employees and ensuring they have a sense of ownership towards our organization.

For details on Human Capital, please see Page 240 Under Social of ESG Report

# PRIORITISING SAFETY

# HEALTH AND SAFETY

BSRM promotes high health and safety standards to ensure a healthy, safe, and secure workplace. Securing sustainable business practices is crucial to maintaining H&S for our employees and society. Ensuring well-being and a sustainable work-life balance will empower employees to perform in their roles and make BSRM an attractive employer.

# BSRM'S AMBITION IS ZERO FATALITIES IN OUR OPERATIONS AND WAREHOUSES NATIONWIDE.

We continuously seek to improve and define relevant measures to improve our health and safety performance to reach our long-term objective. Focusing on our quality reporting is critical for BSRM, and we have implemented a revised set of key performance indicators (KPIs) to ensure quality reporting internally and externally.

The company is focused on continuously improving HS&S parameters to establish a safe and healthy work environment by demonstrating its strong leadership commitment to people.

### **HSE POLICY SCHEME**

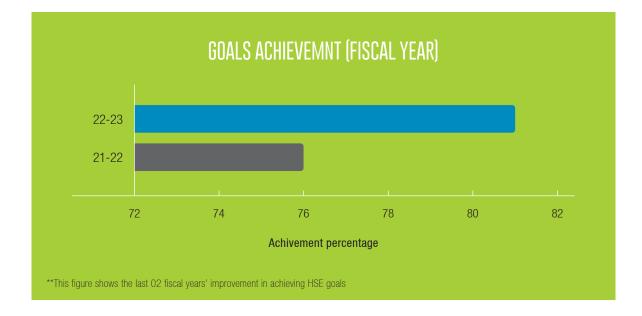

BSRM is committed to achieving excellence in Health and Safety by providing and maintaining safe and healthy working conditions. Management is firmly devoted to the policy, enabling all work activities to be carried out safely and with all possible measures taken to remove (or at least reduce) risks to the health, safety, and welfare of workers, contractors, authorized visitors, and all other stakeholders.

Our management believes that all workplace injuries and occupational diseases are preventable. We are therefore committed to setting a culture of OHSMS (Occupational Health and Safety Management Systems) excellence in the organization that will result in an accident-free and healthy workplace.

# HSE GOALS & ACHIEVEMENT

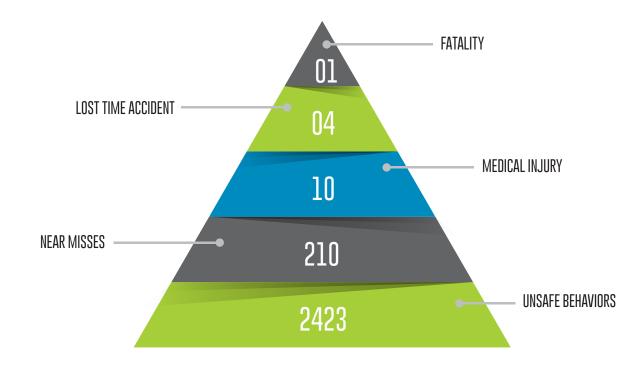

- Conduct regular Safety Committee meeting, which is believed to be a driving force in guaranteeing workplace safety. The dedicated safety team actively shapes, executes, and oversees the company's health and safety policies and procedures.
- Delivering Safety Awareness Training at the plant level (on-site) to enhance employee preparedness for emergencies and reduce workplace hazards.
- Use Safety Observation Targets (SOT) and Safety Observation Resolutions (SOR) to enhance safety culture by identifying and addressing potential hazards and unsafe behaviors, contributing to a safer workplace.
- Using LTAR (Lost Time Accident Rate) and SR (Severity Rate) as key safety metrics to measure and mitigate accidents. By
  monitoring these rates and implementing proactive safety measures, organizations can identify trends, reduce accident
  occurrences, and enhance workplace safety.
- Monitoring Health, Safety, and Environmental (HSE) conditions to ensure compliance with site HSE rules involves regularly
  assessing the workplace environment, processes, and practices to ensure they align with established safety and environmental
  guidelines. This proactive approach helps identify potential violations, hazards, or deviations from safety protocols, allowing
  corrective actions to be taken promptly to maintain a safe and environmentally responsible work site.
- Utilizing Hazard Identification & Risk Assessment (HIRA) as a continual improvement tool is a proactive approach to maintaining a safe workplace. By regularly identifying potential hazards and assessing associated risks.
- Improving the reporting of unsafe conditions, unsafe acts, near misses, and first aid incidents to reduce further consequences and enhance workplace safety.

Achieving safety goals is a critical objective for BSRM committed to maintaining a safe and healthy work environment.

# FOCUS ON SAFETY KPI.

BSRM, as a company, is dedicated to achieving better results in the Accident Triangle, a critical framework in safety management. With a commitment to its employees and stakeholders' safety and well-being, BSRM recognizes the significance of reducing near misses and minor incidents to prevent serious accidents. The company's proactive approach involves robust data collection and analysis, setting ambitious targets for incident reduction, and implementing effective preventive measures. BSRM fosters a culture of safety that encourages open reporting of near misses and minor incidents, enabling thorough root cause analysis and continuous improvement. By diligently working on improving its safety KPI related to the Accident Triangle, BSRM aims to create a workplace that prioritizes safety and safeguards its workforce, reinforcing its reputation as a responsible and reliable industry leader.

# KEY HIGHLIGHTS 2022-23

• We are delighted to share that we have successfully implemented the TPM (Total Productive Maintenance) Safety Pillar across all our units. This achievement reflects our unwavering dedication to enhancing safety standards and fostering a culture of continuous improvement throughout our organization.

| HEALTH, SAFETY & SECURITY PERFORMANCE |                      |          |       |  |  |  |
|---------------------------------------|----------------------|----------|-------|--|--|--|
| HS& S Incidents Reported              | YTD data (2022-2023) |          |       |  |  |  |
|                                       | Employee             | Supplier | Total |  |  |  |
| Near Miss                             | 309                  | 6        | 315   |  |  |  |
| First-Aid                             | 63                   | 50       | 113   |  |  |  |
| Medical Accident                      | 12                   | 3        | 15    |  |  |  |

| Any others                            | 5                    | 0        | 5     |  |  |  |
| Unsafe acts/Unsafe condition          | 3000                 | 635      | 3635  |  |  |  |

• BSRM has achieved ISO 45001:2018 certification for Occupational Health and Safety, and we're proud to announce successful certificate surveillance has been conducted across all our units. This certification is a testament to our ongoing commitment to maintaining a safe and healthy working environment.

• In 2023, BSRM marked Safety Day across all its units with the poignant slogan, "A safe and healthy working environment is a fundamental principle and right at work by ILO." The celebration encompassed many activities, including safety awareness workshops, live safety demonstrations, worker involvement in diverse safety quizzes, a competition highlighting the importance of Personal Protective Equipment (PPE), enlightening safety exhibitions, and meticulously executed safety drills. Furthermore, deserving individuals were acknowledged and rewarded with safety awards. This comprehensive approach underscores BSRM's unwavering commitment to fostering a robust safety culture and ensuring the well-being of its workforce, aligning with the principles advocated by the International Labour Organization (ILO).

• At all our units, we've established dedicated 'Safety Corners' designed to actively involve all employees, including third-party labor, in our Health and Safety (H&S) management system. These Safety Corners are central hubs for promoting and practicing safety throughout our organization.

# TPM SAFETY PILLAR IMPLEMENTATION

BSRM has embarked on a comprehensive journey towards enhancing safety and operational excellence by implementing TPM (Total Productive Maintenance) safety pillar activities. This strategic approach includes establishing key safety metrics through HSE KPIs for 2022-2023, with clear targets for the upcoming year. The organization has fortified its safety infrastructure with an Emergency Team Organogram, ensuring a structured and efficient response during critical situations. Furthermore, a well-defined HSE Organogram has been introduced to delineate roles and responsibilities within the Health, Safety, and Environment department. BSRM has actively incorporated key elements of Total Productive Maintenance (TPM) into its safety initiatives:

- Manager model line safety mapping
- Injury Mapping based on previous accident on Site Layout
- Safety Corner Toolbox talk, PPE Matrix, Area layout with critical equipment
- LOTO & Work permit stations

#### BSRM

# **BSRM SAFETY HANDBOOK**

The BSRM Safety Handbook is a comprehensive guide and a testament to our unwavering commitment to the safety and well-being of our employees, partners, and communities. This invaluable resource encapsulates our safety protocols, procedures, and best practices, providing a clear roadmap for everyone within our organization to follow. It emphasizes the importance of safety as an integral part of our daily operations, highlighting our dedication to preventing accidents, injuries, and incidents.

In the Safety Handbook, you will find a wealth of information covering various safety aspects, including guidelines for safe work practices, emergency procedures, and instructions for handling hazardous materials. We encourage every member of the BSRM family to familiarize themselves with the contents of this handbook and to apply its principles rigorously in their day-to-day activities.

# DRILL AT BSRM

BSRM conducts regular drills focused on fire response, emergency procedures, and chemical spillage management. Fire drills hold significant importance within BSRM's safety framework. These drills are not merely routine exercises but are pivotal in preparing employees and stakeholders for potential fire emergencies. By regularly conducting fire drills, BSRM ensures that individuals are well-versed in evacuation procedures, escape routes, and assembly points, thus enhancing their ability to respond calmly and efficiently during a real fire.

# ACCIDENT MANAGEMENT BSRM COMMITMENT TO PREVENT ACCIDENT

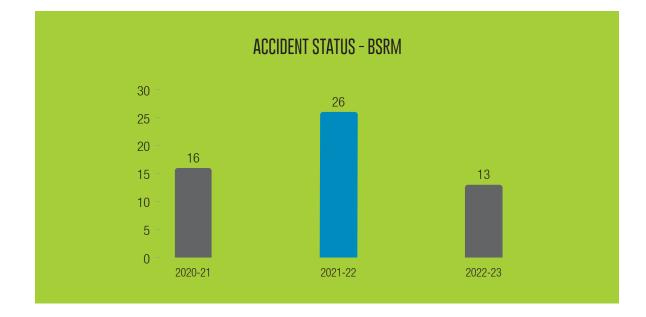

BSRM is committed to conducting thorough investigations for all types of accidents and incidents, including Lost Time Accidents (LTA), medical accidents requiring first aid, and dangerous occurrences. This dedication to comprehensive investigation underscores their unwavering commitment to safety and proactive risk management.

In the case of Lost Time Accidents (LTA), BSRM recognizes the critical importance of understanding the root causes and contributing factors. Their rigorous investigation process delves deep into the circumstances surrounding these incidents, leaving no stone unturned. By doing so, BSRM aims not only to determine what went wrong but also to identify opportunities for improvement, preventive measures, and corrective actions that can be implemented to prevent future LTAs.

## **ENERGETIC SAFETY TEAM**

BSRM's Energetic Safety Team is vital to the organization's commitment to accident prevention and workplace safety. The Energetic Safety Team leads by example, actively participating in safety training programs, conducting risk assessments, and consistently advocating for security best practices. They investigate incidents to understand root causes, enabling the implementation of preventive measures to avoid similar occurrences in the future. Additionally, the team promotes safety awareness campaigns, maintains open lines of communication for reporting concerns, and prepares the organization for emergency response scenarios.

- BSRM diligently conducts thorough investigations into accidents across all its units. These investigations aim to identify the accidents' root causes and contributing factors, allowing for a deeper understanding of what went wrong.
- BSRM's ongoing commitment to safety includes comprehensive training in safe working procedures for our employees. This equips them with the skills and awareness to identify hazards and assess risks in their tasks, allowing them to work by established safety protocols. This proactive approach significantly reduces the risk of accidents and fosters a safer working environment.

# FIRE MANAGEMENT

Accident management is a critical component of any organization's safety program, and BSRM places paramount importance on this aspect. It encompasses a systematic approach to effectively respond to accidents when they occur, with the primary goals of ensuring the well-being of employees, mitigating the impact of the incident, and preventing future occurrences. BSRM's accident management process involves immediate response and medical attention, thorough incident investigations to identify root causes, and swift corrective actions to prevent similar incidents. This proactive approach helps protect the safety and health of its workforce. It contributes to the continuous improvement of safety protocols, reinforcing BSRM's commitment to maintaining a secure and incident-free workplace.

BSRM's robust hydrant system, boasting an impressive capacity of 273 cubic meters per hour (m<sup>3</sup>/hr), is a testament to the organization's commitment to fire safety and emergency preparedness. This system is pivotal in ensuring an ample and immediate water supply is available for firefighting efforts in a fire emergency. With such a high capacity, BSRM can effectively tackle fires, protecting lives, property, and the continuity of operations. This investment in fire safety infrastructure underscores BSRM's dedication to maintaining a secure and well-prepared work environment.

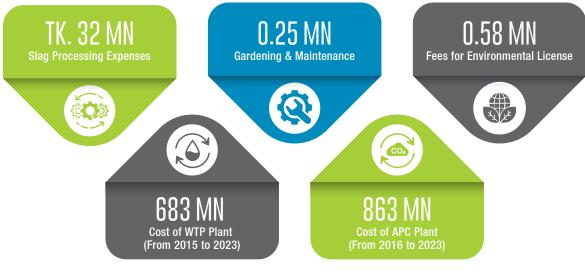

We are aware of our business impacts on the environment and communities. In keeping with this, we are conscious of our environmental performance, and we employ the most stringent systems, processes, and controls across our units for monitoring our ecological footprint. Our top priorities are incorporating the latest technologies, being mindful of proper waste management, prudent resource allocation, energy-saving initiatives, and other measures.

# **BUILDING RELATIONSHIPS WITH CUSTOMERS**

#### BSRM's Marketing and Communication Strategy

BSRM, which stands for Business Strategy and Resource Management, is crucial to success. Effective communication is pivotal in ensuring stakeholders understand, embrace, and execute a company's strategy. Here's an overview of how BSRM strategy and communication intersect:

#### Defining BSRM's Strategy:

BSRM strategy involves setting clear objectives, allocating resources efficiently, and formulating plans to achieve long-term and short-term goals. It's a holistic approach encompassing various business aspects, including finance, human resources, operations, and marketing.

#### Long-Term Goals:

Long-term goals typically span several years and are crucial for a company's sustainability and growth. When it comes to communication in this context, it's essential to create a narrative that outlines the company's vision, mission, Objective, Market Positioning, and overarching goals. This narrative should be communicated consistently to all stakeholders, including employees, investors, customers, and partners. Essential communication strategies for long-term goals include:

1. Define the Vision and Mission: We Start by clearly defining the overarching vision and mission of BSRM. What does the organization aim to achieve long-term, and what values and principles guide its actions are the key points we consider. This forms the foundation for all our marketing and communication efforts.

- 2. Identifying Key Objectives: Long-term marketing and communication goals should align with the broader objectives of the company's strategy. These objectives can encompass various aspects, such as financial growth, market expansion, brand recognition, and stakeholder engagement.
- 3. Understanding our Audience: Effective communication starts with knowing the target audience. In the context of BSRM, our audience may include employees, customers, investors, regulators, and the wider community.
- 4. Create Tailored Content Strategy: We develop tailored content strategies that help us to achieve our Marketing Goals in the long term. We ensure our content is educational, informative, relevant, and aligned with your vision.
- 5. Leverage Digital Platforms: Given our digital age, a robust online presence is essential for long-term marketing and communication success. We invest in building and maintaining a user-friendly website, active social media profiles, and other relevant online platforms. Consistently share valuable content and engage with your audience to foster lasting relationships.
- 6. Measurement and Metrics: We measure the key performance indicators (KPIs) to understand the effectiveness of our long-term marketing and communication efforts. Metrics include website traffic, conversion rates, social media engagement, customer feedback, and brand sentiment analysis. We regularly review these metrics to gauge progress and make necessary adjustments.
- 7. Sustainability and CSR Communication: Sustainability and corporate social responsibility (CSR) are integral to BSRM's strategy, so these initiatives are well-communicated long-term.
- 8. Stakeholder Engagement: We engage our stakeholders proactively and transparently in our communication. Regular meetings (We Value You Program), webinars, and conferences are organized to update them on your progress and address their concerns. Testimonial videos of our customers are also crucial to our communication in Digital media.

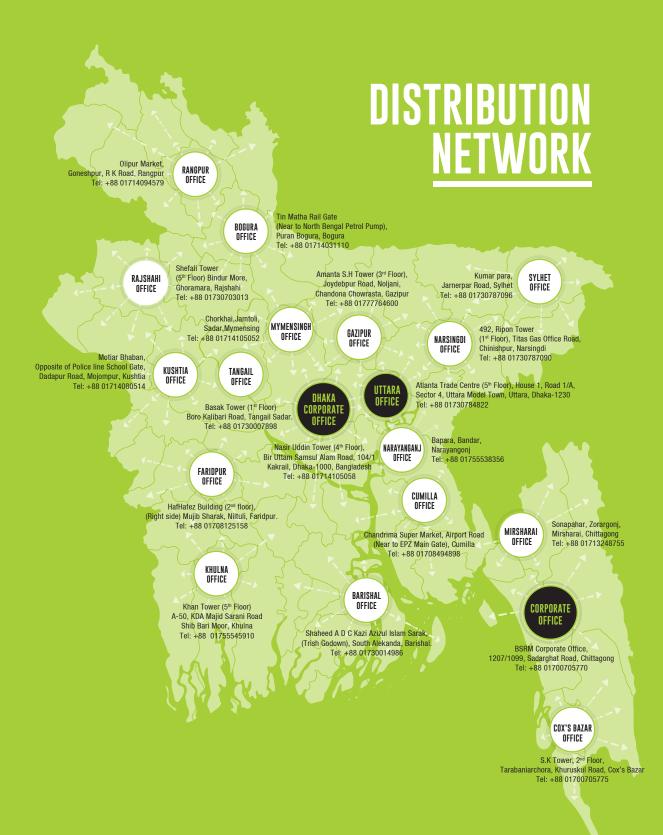

#### Setting Short-Term Goals:

Short-term goals usually focus on achieving specific outcomes within a shorter timeframe, often within a year or less. Effective communication of short-term goals is critical to keep employees aligned and motivated. Essential communication strategies for short-term goals include:

- 1. Marketing Campaigns: We launch short-term marketing campaigns to promote specific products, services, or offers that align with immediate business objectives. Effective marketing communication is essential to drive sales and engagement.
- 2. Sales: Achieving a specific percentage increase in monthly sales, launching a new product campaign, or growing the social media following by a certain number within the next quarter.
- 3. Customer Service: Reducing customer response times, resolving a backlog of support tickets, or increasing customer satisfaction scores within a set timeframe.
- 4. Product Development: We are continuously investing in Product development. The results of our initiative are apparent. In the last few years, we introduced BSRM FastBuild, a customized steel solution, for the first time in the country. We also developed BSRM Centura, the first-ever corrosion-resistant steel in Bangladesh.
- 5. Sustainability: We also set our target in reducing energy consumption by a certain percentage, implementing waste reduction initiatives, or achieving specific sustainability certifications within a year.

In conclusion, effective communication is integral to the success of BSRM's strategy, whether it involves setting long-term or short-term goals. Clear, consistent, and transparent communication ensures that everyone within and outside the organization understands the company's direction, stays motivated, and works collectively toward achieving its strategic objectives. It's not just about what a company does but also how effectively it communicates its actions and intentions to its stakeholders.

Supply chains are vital to the growth and survival of a business. A smooth supply chain ensures that there are no issues in the supply side of a business; that raw materials are transformed into final products, and that goods and services flow where they are meant to.

# SMOOTH SUPPLY CHAIN

# STAKEHOLDERS' MANAGEMENT TO CREATE SHARED VALUE >>>

# GREATER INVOLVEMENT STRONGER TOGETHER

Our purpose can only be realized by working with our stakeholders. Through empowering our employees, engaging with our customers and suppliers, and with the support of our investors, we will create a more substantial legacy and a brighter future for generations to come. We regularly discuss topics relevant to our operations and our impact on society with our stakeholders. These conversations shape how we define and execute our strategy, including risk management, materiality, and new business opportunities.

# STAKEHOLDER CATEGORIES CUSTOMERS Wight SDG

#### Value proposition

Strong brands, differentiated products, services and solutions, engineering support, partnering for growth

#### Importance of the relationship

We sell our products and services to customers in the private and public sectors. Strong relationships with customers ensure the profitability and sustainability of our business. This ensures that BSRM attains and retains market leadership (current and new).

#### How we engage

• Various physical and digital platforms to connect with customers, influencers, and channel partners

- Competitive Pricing
- Reducing the cost of logistics
- Customer service
- Focus on the development of an enriched portfolio of high-end and downstream products and solutions
- Leveraging digitally to enhance customer experience across routes to market
- Focus on extending market-differentiating value-added services to discerning customers
- Ensure sustainable practices across the supply chain (channel partners) through the implementation of a Responsible Supply Chain Policy

#### Value proposition

Fair employee benefits, joint consultation system for working together, self-supervised structures, robust Reward and recognition schemes, opportunity for learning and growth, and focus on employee well-being, experience, and engagement.

#### Importance of the relationship

Our employees are critical stakeholders that support the BSRM's ability to create value by developing and delivering our products and services to our customers

- Understand and respond to the needs and concerns of our employees. •
- Ensure we remain an employer of choice by providing a conducive working environment. •
- Share the strategic direction of the Company. ٠
- Share the performance of the Company •

#### How we engage

- Personal dialog •
- Annual performance dialog
- Special Recognition award
- Speak up campaign .
- Evaluation of training and development program

- Salaries and benefits •
- Competence building •
- Leadership Skills •
- Occupational health, safety and well-being •
- Integrity
- Diversity .

#### Value proposition

Building capabilities through skill development, growth opportunity, safe operations, and opportunity to innovate

#### Importance of the relationship

Suppliers support the services and products we supply to our customers, and ensuring good relationships with these stakeholders secures our ability to create value. Moreover, it provides us with operational leverage to optimize the value chain, be cost-competitive, sustainable, and exceed customer expectations.

#### How we engage

- Vendor meet
- Vendor satisfaction survey
- Vendor Capability Advancement Programme
- Vendor Grievance Redressal Committee
- Vendor Sustainability Assessment
- Program' for smooth and faster onboarding of new vendors
- Helpdesk Service for addressing issues/queries
- Leadership Meetings: CEO/MD to CEO/MD connect with Strategic Suppliers
- Vendor Sustainability Meet

- Health, safety, and human rights
- · Carbon emission, water, air pollution, waste management, and renewable and clean energy
- Embed sustainability in the supply chain and promote responsible sourcing and circular economy
- Innovation and Technology

# **GOVERNMENT & REGULATORY BODIES**

#### Aligned with SDG

#### Value proposition

Regular interaction with government to engage on industry concerns on existing/ future policies and regulations to advance ease of doing business

#### Importance of the relationship

Ensuring compliance and business continuity in line with changing policies and partnering with agencies to create a favorable business ecosystem

#### How we engage

- Working with the government to develop policies and regulations that enable the growth of the industrial sector and steel sector in particular
- Advocating for new approaches/ amendments to existing rules at the national and regional levels to create and sustain an environment conducive to the development of Bangladesh
- Interacting with think tanks and sectoral experts to enable understanding of complex issues and global best practices

- Improving ease and cost of doing business by reducing the compliance burden for the industry
- Achieving leadership in sustainability to move forward on the path of sustainable development
- Focus on technology and innovation, demand creation and enrichment of product portfolio, capacity expansion, etc.

# **INVESTOR & LENDER**

#### Aligned with SDG

#### Value proposition

- Consistent returns on investments
- Highly profitable and best-in-class assets in Bangladesh
- Focus on deleveraging and funding profitable growth in Bangladesh
- Better disclosures, transparency, and credibility of financials

#### Importance of the relationship

Providers of financial capital essential to fund growth

#### How we engage

- Investor and analyst meets
- Periodic meetings including one-on-one or group meetings
- Annual Report, media updates, or earnings call on the Company's performance

- Focus on strong operating and financial performance
- Focus on highlighting ESG commitments and disclosure

# **COMMUNITIES & SOCIETIES**

#### Aligned with SDG

#### Value proposition

- Enable lasting betterment in the well-being of communities in the operating region through regional development models prioritizing the excluded and those proximate to business operations
- Addressing core development gaps at a national scale through replicable models of development

#### Importance of the relationship

Conducive working environment ensuring social support, amity, and peace; avoid hostility, community agitations and protests

#### How we engage

- A range of Proximate Community Development models with programs touching all significant aspects of life in the operating region
- Large-scale signature themes focusing on critical national development challenges creating aspirational development models
- Public consultations before business expansion

- To ensure safety in operating sites so that the health & safety of communities is not compromised
- Sustain community outreach activities in areas where we operate
- Actively support communities through various initiatives encompassing public health, household nutrition, access to and conservation of water, household sanitation, holistic education, stable livelihoods, nurturing sporting talent, creating necessary public infrastructure and amenities, enabling grassroots leadership

# Aligned with SDG

#### Value proposition

Disclosing and sharing relevant information and updates with the public

#### Importance of the relationship

Reaching out to society and various stakeholders to communicate about the brand's vision and initiatives and drive corporate equity

#### How we engage

- Press communication: Press releases, press meets, conference calls
- Response management for media queries
- Interviews of Senior Leadership
- Thought leadership and thematic articles
- Media events and sports engagement initiatives
- Familiarisations visits to manufacturing sites

- Health, safety, and human rights
- Diversity, Equity & Inclusion
- Environment footprint carbon, water, and energy
- Sustainability processes and products
- Circular economy
- Innovation & technology
- Focus on operating and financial performance
- Business developments
- Steel Industry outlook/dynamics global and domestic

# **INDUSTRY BODIES**

#### Aligned with SDG

#### Value proposition

Sector-specific and industry-wide collaboration on crucial policy issues in sectors related to melting, rolling, manufacturing, trade, finance, sustainability, etc.

#### Importance of the relationship

Industry bodies are essential to develop networks and enable consensus building to present a unified and mutually agreeable perspective to the government on various policy interventions.

#### How we engage

- · Participating in conferences and seminars/ meetings organized by industry bodies
- Participation in national and regional committees and sub-committees to deliberate on critical issues impacting the industry

- Manufacturing, melting, and rolling-related issues impacting operations such as regulatory clearances, auctions, labor, logistics, Production Linked Incentives, etc.
- Trade and finance issues, including Free Trade Agreements (FTAs), level playing field, demand creation, tariff and non-tariff barriers, Tax, VAT, etc.
- Sustainability and low-carbon transition pathways on environmental, climate change, water, etc.

# MATERIALITY >>>

# SHAPING OUR STRATEGY. ALIGNING OUR PRIORITIES.

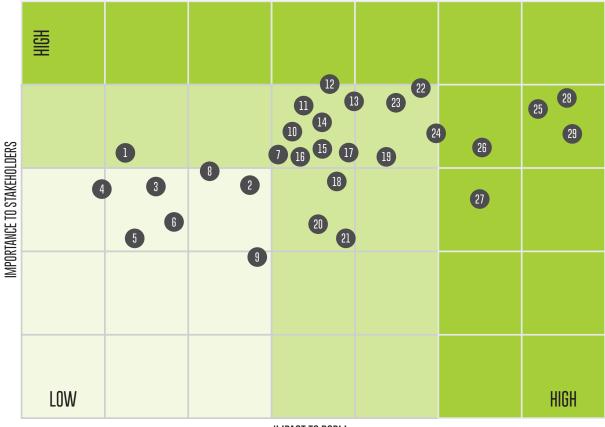

As part of our strategic action plan, we regularly conduct materiality assessments and identify issues that have a significant potential to influence our business. We recognize the matters that are or have the potential to significantly impact our ability to deliver on our strategy and ensure sustainable value over the short-, medium- or long-term for our stakeholders.

#### MATERIALITY DETERMINATION PROCESS

We apply the principle of materiality in assessing what information should be included in our integrated report through a structured process.

INTEGRATED ANNUAL REPORT 2022-23

IMPACT TO BSRM

ī

# **DOUBLE MATERIALITY**

Double materiality is a comprehensive framework that combines two distinct but interconnected aspects-impact materiality and financial materiality. It recognizes the reciprocal relationship between an organization's sustainability impacts and financial performance. This is based on how sustainability affects the company's position and how the entity impacts the environment and society. By integrating impact materiality and financial materiality, the double materiality framework enables organizations to take a holistic approach to sustainability and value creation. It recognizes that an organization's value creation depends on financial considerations and its ability to address and manage sustainability impacts. At BSRM, we are committed to operating as a responsible and sustainable organization, and we believe that by adopting a comprehensive approach that encompasses both aspects, we can develop strategies that align economic success with environmental and social responsibility, fostering long-term resilience, stakeholder trust, and sustainability strategies, policies, and practices. It will enable us to make more informed decisions that balance our economic, social, and environmental impacts and make our organization more sustainable and resilient.

A company's values are the guiding principles that dictate how a business operates. They shape the culture and provide a cohesive vision for the business. Defining and living by strong values helps a company attract the right employees.

## QUALITATIVE CHARACTERISTICS OF BSRM'S INTEGRATED REPORT

Connectivity of information Strategic focus & Future Orientation Conciseness Consistency and comparability Reliability and completeness Materiality Stakeholder Relationship Assurance on the Report

## OUR APPROACH TO INTEGRATED REPORT >>>

Welcome to Bangladesh Steel Re-Rolling Mills Limited (BSRM) First Integrated Annual Report 2023. The report aims to provide a holistic view of our strategic vision, performance, governance, and value creation. It provides a concise overview of our overall performance and prospects to assist the stakeholder in making an informed decision on our ability to create value in the short, medium, and long term and contribute to long-term well-being and prosperity.

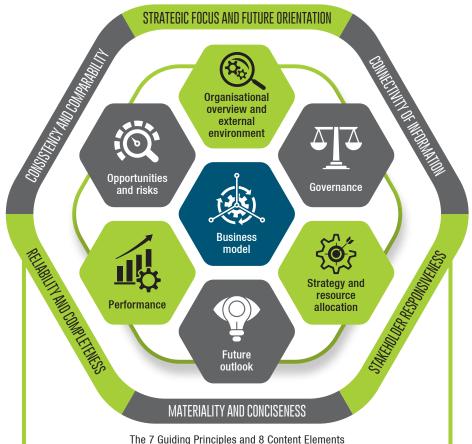

## **SCOPE AND BOUNDARY**

The report has been prepared by the International Integrated Reporting framework published by the International Integrated Reporting Council (IIRC). This Report describes our business model, strategy, significant risks, opportunities and issues, overall performance, and related outcomes and prospects for the year under review. The report is centered on the six capitals, a fundamental feature of Integrated Reporting. It addresses how, through efforts to transform the capital to create value for the company and others. Further to our financial performance, we also present information relating to our non-financial Environmental, Social, and Governance version to give the stakeholder an understanding of the company's contribution to the SDGs while reducing corporate risk and increasing opportunities that arise from sustainable development issues. The report is concise, reliable, and complete, including all material matters, both positive and negative, in a balanced way and without material error.

## **REPORTING PERIOD**

This Report covers the performance of BSRM for the financial year from 01 July 2022 to 30 June 2023. Comparative figures for the last three to five years have been incorporated in this Report to provide a holistic view.

from the IIRC (reproduced from the <IR> framework)

#### **Guiding Principles**

- Strategic focus and future orientation: Description of the strategy of the company and its relation to value creation and capitals.
- Connectivity of information: Relates to the interrelatedness of the factors that affect the organization's ability to create value over time.
- Stakeholder relationships: Description of the key stakeholders, including how the stakeholder's interests are taken into account.
- Materiality: Relates to the number of disclosures about matters that affect the organization's ability to create value.
- Conciseness: Relates to the concise format of the report.
- Reliability and completeness: Relates to the balanced, complete character of the report, which should not include any material errors.
- Consistency and comparability: Relates to the consistency and comparability of the information within the report.

#### Content Elements

- Organizational overview and external environment: Description of the organization and the external environment (e.g. competition).

**Governance:** Description of the governance structure and its relation to value creation.

- Business model: Description of the business model with input, output and capitals included.
- Risks and opportunities: Description of the risks and opportunities and the risk mitigation system
- Strategy and resource allocation: Description of the concrete strategy of the company, both short-term and long-term focused.
- Performance:
- Description of the results, compared with targets, previous years and capitals.
- Outlook:
- Description of the future challenges in relation to the company.
- Basis of preparation and presentation: Description of the materiality determination process, reporting boundaries and frameworks used.

## **REPORTING FRAMEWORK**

The financial and statutory data is presented in this Integrated Annual Report in compliance with the following frameworks:

## FORWARD-LOOKING STATEMENTS

Certain statements in this report concerning our future growth prospects are forward-looking, which involve several risks and uncertainties that could cause results to differ materially from those in such forward-looking statements. These assumptions are based on expectations, judgments, aspects, and opportunities. As there are uncertainties about the future outcomes, these statements are valid only for the publication date.

## RESPONSIBILITY AND INTEGRITY OF THE INTEGRATED ANNUAL REPORT

The Board and the management ensure that the Integrated Annual Report has been prepared under the checklist by the International Integrated Reporting Framework of the International Integrated Reporting Council (IIRC). The Board and the management also ensure that reasonable care has been taken in preparing and presenting this Integrated Annual Report. It addresses all material issues and gives the company integrated performance and overall impact.

## INTEGRATED THINKING AND Reporting process

### INTERNAL CONTROLS AND ASSURANCE

BSRM has adopted a combined assurance model that is risk-based and that covers strategy level risks and related material matters.

Accountability is clear within the lines of defense model, with assurance providers working together to provide coordinated assurance. It applies as follows to the assurance over the IR:

> To support the integrity and transparency underlying integrated reporting, the combined assurance (CA) model incorporates independent assurance by Internal Audit, stakeholders and other regulators on non-financial metrics in addition to assurance on the integrity of the Annual Financial Statements

> The external auditors undertake audits of the Annual Financial Statements.

> External assurance for this report relating to financial information was provided by A.Qashem & Co. Chartered Accounts. (see the Independent Auditors Report pages 298)

### PROCESS TO PRODUCE OUR INTEGRATED REPORT

> The report preparation and presentation process is governed by our Board and management, with active participation by their direct reports. The management discuss, review and provide input for the production of the integrated report

>

> Our 2023 integrated report is prepared from internal management reports, including our dashboard reporting, SOPs, and using other resources.

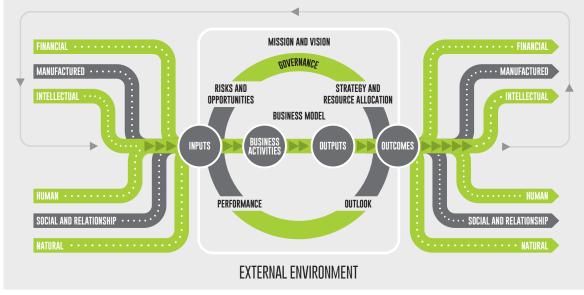

Report drafts are reviewed and approved by the management.

### INTEGRATED Thinking

> Integrated thinking helps us to expand the boundaries of our mindset, seeing ourselves as part of a larger system and taking into account the wider impact of our decisions, beyond short-term financial rewards

> BSRM embraces integrated thinking and with the enduring effects of the macro-economic impact for a substantial part of the year under review, It is through our strong stakeholder relations, robust risk mitigation processes, strong governance, how we care for our employees, customers and all stakeholders, ongoing effective, transparent communication and embracing opportunities for innovation, that we ensured that our <u>busines</u>s has remained resilient

# THE PROCESS THROUGH WHICH VALUE IS CREATED, PRESERVED, AND ERODED OVER TIME

Value creation (preservation, diminution) over time

# APPROACH TO MATERIALITY

This report focusses on factors that have the potential to significantly affect our ability to create value in the short, medium and long term and which are of most interest to investors, the primary audience. Report content and presentation are based on issues material to BSRM and its stakeholders. Material issues are gathered from multiple channels and forums of engagement across the organisation and from external stakeholders. In FY 2022-23, BSRM updated its Environmental, Social and Governance (ESG) material issues and incorporated them into its long-term plans.

## INTEGRATED REPORT <IR> ELEMENTS OF AN INTEGRATED REPORT

The integrated reporting framework has outlined eight content elements that are fundamentally linked to each other and are not mutually exclusive. Parts of the integrated report:

## **1.1 ORGANIZATIONAL OVERVIEW AND EXTERNAL ENVIRONMENT**

#### a) Organizational Overview

Bangladesh Steel Re-Rolling Mills Ltd., commonly known as BSRM, is a Bangladeshi steel manufacturing company based in Chittagong. It is the largest construction steel manufacturer company in Bangladesh. The details are available on page no. 37 of IAR-23 under Corporate Profile.

#### 1.1.a.1 BSRM Vision and Values

As a corporate legal entity, we always try to uphold and embrace our specific vision and values in every possible business context----details on page 34 & 35 of IAR-23.

#### 1.1.a.2 BSRM Culture, Ethics, and Values

We have maintained a solid corporate culture with strict ethical policies and values. The details of which can be found on Page 35 of IAR-23.

#### 1.1.a.3 Ownership and Operating Structure

Bangladesh Steel Re-Rolling Mills Limited is a public company limited by shares, domiciled in Bangladesh. The company was formed and incorporated with the Registrar of Joint Stock Companies and Firms in Bangladesh on 28 December 1960 vide the certificate C/186-No. 1491/92 E.P. of 1960-1961 under Companies Act 1913 (since repealed and substituted by the Companies Act 1994) as a private company limited by share. The company was converted into a public limited company on 03 November 2009 under the Companies Act 1994. The company is listed as a public limited company with Dhaka Stock Exchange Limited (DSE) and Chittagong Stock Exchange Limited (CSE). Trading the company's shares started in two stock exchanges on 27 April 2015.

#### 1.1.a.4 BSRM Principal activities and markets

The group manufactures high-strength reinforced steel conforming to 10 global standards under the "BSRM." During the year, the company earned revenue of a total of BDT 115,061 million with a net profit after tax of 2,914 million. The current production capacity of the rolling unit is 800,000 M.Ton, and the Melting unit is 1,012,000 M.Ton per annum, meeting around 25% market demand of Bangladesh. See page 41 for principal activities and market.

#### 1.1.a.5 Competitive landscape and market positioning of BSRM

We analyzed the competitive landscape and market positioning of BSRM considering Porter's five forces: the Threat of new entrants, the Bargaining power of buyers, the Bargaining power of suppliers, unused substitutes, and Competitive rivalry. This framework helps the company to understand what makes the industry profitable and provides insights needed to make strategic choices.

## COMPETITIVE LANDSCAPE AND MARKET POSITIONING OF BSRM

## BUYER POWER

#### Factors

- Buyer may find the same product elsewhere at a low price;
- Chance of buyer backward integration to get the products;
- Distributors may exert a strong influence over end customers;
- Corporate clients exhibit greater price rate sensitivity compared to dealer/retail clients;
- Large infrastructure clients may increase buyer power as they can switch to one that offers them better.

#### Our strategic response

- The company sells its product to a wide range of customers, including corporate, government, and dealer/retailer, to tackle or not depend on a single customer base;
- As price sensitivity is so high, the company consistently maintains the quality of products and always delivers innovative products;
- As the industry is so capital-intensive, buyer backward integration power is low.

### **SUPPLIER POWER**

#### Factors

- Due to high dependency on import materials, importers may have more power than general suppliers;
- Switching the cost of the supplier to another manufacturer;
- Supplier backward integration.

#### Our strategic response

- Create value through collaboration with suppliers and strive for fairness in all interactions;
- Retaining diversified valuable suppliers through maintaining strong relationships;
- Offering training to employees to improve their productivity and quality of service;
- Boosting employee morale through providing attractive remuneration and benefit packages in recognition of their efforts;
- Explore other suppliers consistently through R&D activities;

### **THREAT OF NEW ENTRANTS**

#### Factors

- Due to sizeable initial capital requirements and necessary regulatory requirements, barrier entry is high;
- Shifting focus to the unstructured market segment;
- The establishment of a new entity in the current market is competitive;

#### Our strategic response

- Being the pioneer, the company has an edge in the steel sector, and we can utilize our expertise to tap into the grassroots-level segment;
- Being one of the largest and most well-reputed steel manufacturing companies in the country, BSRM has already built a sufficiently diverse and loyal customer base, which only continues to grow every year;
- Enact and maintain proper regulations in the corporation to capture the prestigious value of the company.

## MODERATE TO HIGH

### LOW TO MODERATE

#### MODERATE

### THREAT OF SUBSTITUTE

#### Factors

- Relative Price of substitute products;
- Switching Costs;
- Buyer propensity to substitutes;

#### Our strategic response

- Relative price of substitutes is high;
- High switching cost. Quality reliability is not yet justified;
- Not much prevalent in Bangladesh.

### **COMPETITIVE RIVALRY**

#### Factors

- Competition from a large number of different steel companies;
- Low cost of switching for customers;
- Substitute products also competing for the same customer segment;
- Competitors are increasingly shifting their focus from corporate to the dealer and retail segment

#### Our strategic response

- Always trying to maintain a good governance practice;
- More concentration on the adoption of best practices for providing innovative quality products and services to the customers;
- Retain existing and attract newer customers;
- Retain the trust of customers by providing quality services consistently;
- Extend the countrywide network to bring more customers under the company's umbrella;

## 1.1.B COMPANY'S POSITION WITHIN THE VALUE CHAIN

As the largest steel manufacturing company, BSRM is fundamentally strong and has one of the highest capital bases in the steel Industry. Our position in terms of significant manufacturing company indicators is highlighted below:

| BSRM PRODUCT PERFORMANCE |                 |                |  |  |
|--------------------------|-----------------|----------------|--|--|
| Name of Products         | 2022-23         | 2021-22        |  |  |
| Xtreme 500W              | 52,066,557,855  | 45,414,438,967 |  |  |
| Xtreme 500W-Stirrup      | 133,139,551     | 161,595,042    |  |  |
| Xtreme 500W-Bend Cut     | 580,866,353     | 146,525,707    |  |  |
| Xtreme 500W -Trading     | -               | 8,650,382      |  |  |
| MS Square Bar            | 15,146,247,502  | 10,097,643,608 |  |  |
| M.S Angle-Manufactured   | 9,408,783,008   | 6,363,463,997  |  |  |
| Ribbed Wire Rod          | 1,813,918,416   | 1,347,498,109  |  |  |
| Others                   | 34,501,688,470  | 13,909,079,560 |  |  |
| Total                    | 113,651,201,155 | 77,448,895,372 |  |  |

INW

HIGH

## **CRITICAL QUANTITATIVE INFORMATION ON BSRM**

The company's number of employees, revenue, and several countries in which the organization operates highlight, in particular, significant changes from prior periods. Details have been given on page no. 16 of IAR-23 under Corporate Profile.

## **1.1.C EXTERNAL ENVIRONMENT**

We have analyzed the significant external factors through PESTEL Analysis, including political, environmental, social, technological, economic, legal, and regulatory factors that impact our business and our response to those risks.

## **PESTEL ANALYSIS**

A PESTEL analysis is a tool that allows the company to discover and evaluate the factors that may affect the business in the present and the future. A company must overcome these challenges and develop appropriate mitigation methods to prosper. A company in an economy is affected by both micro and macro factors in its external environment. In addition, these factors are not in control of the company. PESTEL analysis is a tool that helps in analyzing these factors. Furthermore, the company uses this to understand and monitor the macro-environmental aspects.

## **BSRM'S PESTEL ANALYSIS**

## **POLITICAL DIMENSION**

#### Factors

- Political climate
- Ease of doing business index
- Higher mobilization in infrastructure development (large Mega Projects)

#### Our strategic response

- Bangladesh's political climate has remained stable for a few years as no significant political strikes or blockades have occurred. The following general elections will be held in Bangladesh in January 2024. And we expect political stability will continue in the future.
- BIDA (Bangladesh Investment Development Authority) is undertaking a new program called Bangladesh Investment Climate Improvement (BICI), which aims to increase investment and firm registration by 10% annually by simplifying tight registration procedures. This may allow BSRM to register new entities within the shortest period than before.
- BSRM expects that adopting OSS (One Stop Solution) by BIDA will open a new business door for BSRM.
- With the decision to become a developing country, Bangladesh is constantly creating a milestone in infrastructure development. This creates an avenue for BSRM to get orders from Mega projects with the advantage of having a national image.

## ECONOMIC

#### Factors

- Global Economic instability due to the Russia-Ukraine war and monetary tightening policy stances by major central banks
- High inflationary pressure
- Decrease in Disposable income or discretionary funds

#### Our strategic response

- We are always committed to providing high customer service, even at any uncertain time, by continuing our manufacturing operations. In every situation, we are also committed to doing so in the future.
- To curb the inflationary pressure arising from geo-political tension, Bangladesh Bank has issued several circulars and guidelines for monetary policy, fiscal policy control of money supply, etc. The company is combatting inflation by monitoring the business's overhead costs and variable expenses closely.

See Also Page 210 of Strategic Plan and Outlook

## SOCIAL

#### Factors

- Career Attitudes and Work-Life Balance
- Labour force participation and Women Empowerment
- Health and Lifestyle
- Active participation in social networking

#### Our strategic response

- For BSRM to remain competitive and retain the best talents, BSRM always adopts the best practices to keep its talents
- Bangladesh is the second in Asia in terms of Gender Parity to the World Economic Forum; BSRM always ensures work-life balance and a sound working environment for all employees, including female colleagues
- BSRM provides a suitable environment for its employees, which ensures employees' health and lifestyle up to mark
- We actively participate in various social and philanthropic activities to share values with society and to achieve economic growth, environmental protection, and social welfare

See Also Page 254 of Social in ESG Report

## TECHNOLOGICAL

#### Factors

- Advancement in technologies and machineries
- Development in the ICT sector in Bangladesh
- New technology development and obsolescence

#### Our strategic response

- To provide efficient customer service and establish a robust, faster, and uninterrupted service, the company continuously adopts the generation market competitive and secured technology. The company has also implemented the Oracle system with an upgraded database version that allows high availability, significantly improving system performance and horizontal scalability.
- World-class machinery and equipment are available at our manufacturing plant, and
- With the advancement of technology, we want to stay ahead of the curve and be a benchmark in technological adoption for others to follow. With our long-term vision to cater to customers' different needs, the Company always strives to achieve it.

## **ENVIRONMENTAL**

#### Factors

- Climate change
- Conserve natural resources
- Air pollution control
- Waste Disposal

#### Our strategic response

- As a responsible business entity, the company aims to build a better future by growing responsibly and sustainably, followed by eco-friendly measures across the organization. The company circulated environmental, social, and governance guidelines as per UN SDGs to raise awareness and conserve energy and water, as well as waste management and fundamental resources. In addition, the company always strongly prioritizes pollution prevention at its source through advanced technologies, process optimization, and continuous improvement.
- Adapt sustainable practices in resource management, including efficient use of raw materials, energy, and water. For instance, BSRM 100% recycled its use of water.
- Adherence to all environmental laws, regulations, and standards, ensuring full compliance and cooperation with regulatory authorities.

See Also Page 229 of Environment in ESG Report

### LEGAL

#### Factors

- Comply with existing Laws and regulations and may enact new laws and regulations to comply
- Health and safety regulations
- Industry Conductive Laws in Economic Zones
- New Tax/VAT Laws

#### Our strategic response

- The company has consistently been one of the most compliant institutions since its inception. The company always
  has and will continue to take an active stance in being the most effective at complying with the legal and regulatory
  requirements through practical policy discussion. Maintaining ethical standards has been integral to our
  organization's culture since its inception. Our employees always work with integrity and diligence.
- It is our firm belief that the company has always been honest and sincere about honoring and adhering to any standards.
- As an ethical organization, BSRM always ensures workers' safety and security first and puts extra effort into ensuring it in every stage of operations.

# SWOT ANALYSIS

BSRM uses SWOT (strengths, weaknesses, opportunities, and threats) analysis to evaluate the company's competitive position and to develop strategic planning. SWOT analysis assesses internal and external factors and current and future potential. It is designed to facilitate a realistic, fact-based, data-driven look at the strengths and weaknesses of the company's initiatives or within the industry.

### STRENGTH

- Strong capital base
- Sound Credit Rating over the years
- Robust network to reach wide spread customer
- Focusing customer satisfaction as the main priority
- Brand Image validated locally as well as internationally through exploring transparency and reliability
- Pioneer in Manufacturing inclusion
- Strong human resource base

## WEAKNESS

- Diversification of products & services •
- Significantly dependent on imported scrap
  - Dependency on industry culture •
  - Bottleneck in production capacity •

## **OPPORTUNITIES**

- Continuous expansion in untapped business and grab new opportunities
- Digitization to cater different needs of customers
- Emerging in new local and international market
- GDP Growth and National Development Plan
- Positive Investment Climate
- LDC Graduation

### THREATS

- Economic Zones tax benefit •
- Raw Material price volatilty and availability
  - Rise in Competition •
- Non availability of Natural Resources (Gas, water)
  - Environmental Legislation
    - Logistical Challenges •

## **1.2 GOVERNANCE**

Corporate governance is the system of rules, practices, and processes by which the company is directed and controlled. Corporate governance essentially involves balancing the interests of the company's stakeholders, such as shareholders, employees, customers, suppliers, financiers, the government, and the community. It provides the framework for attaining the company's objectives; it encompasses practically every management sphere, from action plans and internal controls to performance measurement and corporate disclosure. As a legal corporate entity, we are committed to maintaining high levels of Corporate Governance by engaging the stakeholders to maximize our short-, medium-, and long-term values. Details on page no. 282 of IAR-23 under Corporate Governance Framework in BSRM.

#### 1.2. a) BSRM's leadership structure, including the skills and diversity (e.g., range of backgrounds, gender, competence, and experience) of those charged with governance and whether regulatory requirements influence the design of the governance structure

BSRM's corporate governance structure refers to how companies interact with other businesses, customers, and stakeholders. The corporate governance strategy directly relates to the company's vision. The facilities and systems for corporations are regulated and governed by pertinent guidelines, rules, and regulations of the Companies Act 1994 and Bangladesh Securities and Exchange Commission (BSEC) Notifications. The shareholders in the AGM elect the Directors. All Board members' profiles, including their qualifications and experience, are disclosed on page no. 43 of IAR-23.

## 1.2.b) Mandatory and voluntary code of corporate governance adopted by the Company

The company's corporate Governance policies and practices are focused on ensuring fairness, transparency, and accountability in the organization. The company is structured and systems and processes organized aligned with accepted Corporate Governance practices and also in line with guidelines of the revised Corporate Governance Code (CGC) BSEC/ CMRRCD/2006-158/207/ Admin/80, dated June 3, 2018, on financial reporting and disclosure issued by Bangladesh Securities and Exchange Commission (BSEC), listing regulations and directives of DSE and CSE and all aspects of other regulators directives.

## 1.2.c) Code of ethical conduct adopted by the Company about honest business..

To maintain high standards of governance, BSRM recognizes the virtues of honesty and accountability and serves as a guideline for addressing situations involving ethical issues in all spheres of activities of the company. The Board of Directors follows a code of conduct which was adopted to guide directors to perform their duty in an honest, responsible, and business-like manner and within the scope of their authority, permitted by the Companies Act 1994 (amended up to 2020), as well as Memorandum of Association (MoA) and Articles of Association (AoA) of the company.

1.2.d) Specific processes used to make strategic decisions and to establish and monitor the culture of the organization, including its attitude to risk and mechanisms for addressing integrity and ethical issues

## PROCESSES USED TO MAKE STRATEGIC DECISIONS

The process of strategic decision-making of BSRM is to align the company's short-term goals with long-term ones. So, whenever we are trying to launch a new product or service proposition, our strategy would include goal-setting, evaluating customer needs, and assessing the competition. BSRM follows a data-driven, holistic, balanced, risk-aware, innovative, and agile approach for effective strategic decisions. By embracing these strategies, BSRM makes informed and effective strategic decisions that position us for long-term success.

### BSRM STRATEGIC DECISION-MAKING PROCESS

## MONITORING CORPORATE CULTURE

BSRM constantly monitors its workforce by developing and maintaining a strong corporate culture to maintain a healthy, happy, and motivated work environment. It impacts the BSRM's capacity to create, retain, and inspire good, productive employees. It also affects perceptions of the BSRM's brand and reputation. BSRM is perceived as having an excellent corporate culture that increases its attractiveness to prospective new hires in monitoring and measuring corporate culture. BSRM's management review and discuss employee survey/engagement metrics with the employees regularly.

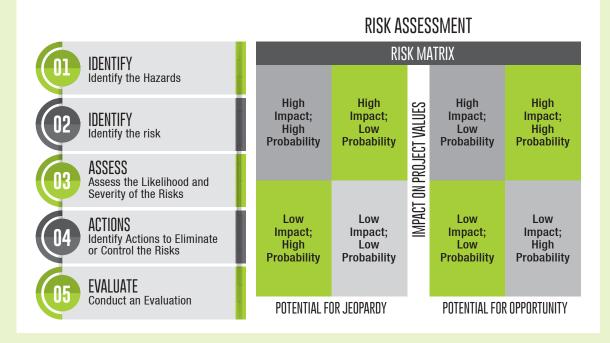

Risk management is not only about avoiding or minimizing threats but also about seizing opportunities and creating value. As a leader in the steel industry, BSRM uses risk management to make strategic decisions that align with our vision and values to monitor the organization's culture, including its attitude to risk and mechanisms for addressing integrity and ethical issues. Effective risk management is beyond the regulatory requirement. In broad sight, risk can be divided into 02 (two) significant parts:

- Systematic Risk and
- Non-systematic.

BSRM risk assessment is applied on an enterprise-wide basis and considering the following steps

BSRM strongly believes in maintaining smooth and interactive relationships with the stakeholders.

## 1.2.e) Actions of those charged with overlooking governance and their actions to monitor the organization's strategic direction and approach to risk management

BSRM risk management encompasses identifying, analyzing, and responding to risk factors that form part of the business's life. Effective risk management means controlling future outcomes as much as possible by acting proactively rather than reactively. Therefore, effective risk management offers the potential to reduce the possibility of a risk occurring and its potential impact. The company's risk management combines board-level oversight, Management oversight, and Operational oversight. The company's Risk management sets out the company's primary risk categories and related subcategories to which the businesses and operations could be exposed. The company's primary risk categories are Geopolitical scenario – the Russia-Ukraine conflict, Infrastructure and logistics, Environmental protection and climate change, Occupational health and safety, Human resources, Cyber security, and Financial and Regulatory Compliance risk.

## DISCLOSURE OF RISK REPORTING

Risk reporting is a method of identifying risks tied to or potentially impacting the company's business processes. The identified risks are usually compiled into a formal risk report, which is then delivered to the company's senior management or various management teams.

## 1.2.f) The organization's culture, ethics, and values are reflected in its use of and effects on the capital, including its relationships with key stakeholders

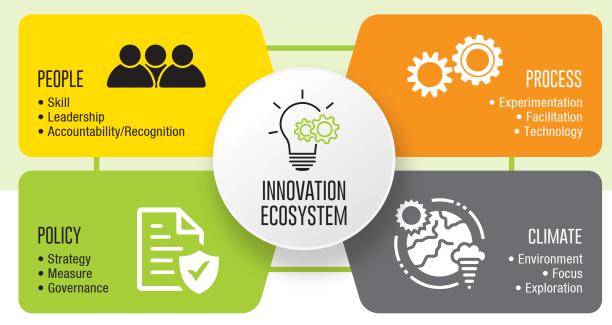

Stakeholder relationships are professional connections. BSRM forms with people or groups interested in their activities and decisions. A good relationship with stakeholders is crucial because it helps BSRM know their needs, interests, and requirements. This helps BSRM to make informed business decisions that meet their expectations and improve the company's chance of success.

#### 1.2.g) BSRM's governance practices

Details on BSRM's governance practices implemented within legal boundaries and critical policies are given on page no. 282 under Governance of ESG.

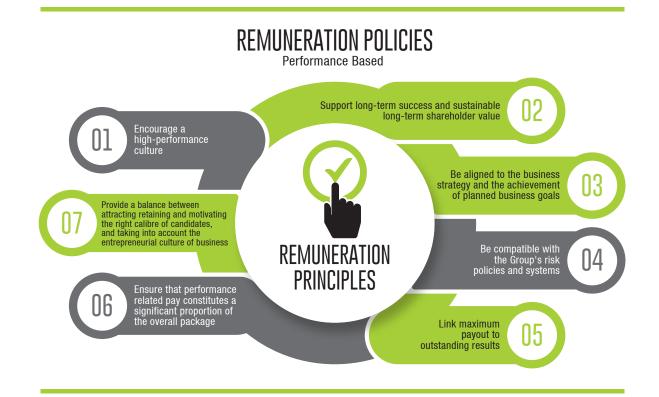

## 1.2.h) The responsibility those charged with governance take for promoting and enabling innovation

BSRM's boards are engaged with the company's innovation journey and provide meaningful oversight and support. Boards acknowledge where the company is now, seek outside views, and understand trends to help determine how to innovate for the future. When obstacles to innovation arise, boards take steps to guide the company around these challenges and stay focused on the ultimate destination.

BSRM has a well-defined and well-structured Corporate Governance framework to support the Board's aim of achieving long-term and sustainable value. Various committees across the company assist the Board in fulfilling its governance role effectively for promoting and enabling innovation for the long-term sustainability of the company businesses.

C1.2.i) Remuneration and incentives linked to short, medium, and long-term value creation as well as the organization's use of and effects on the capitals

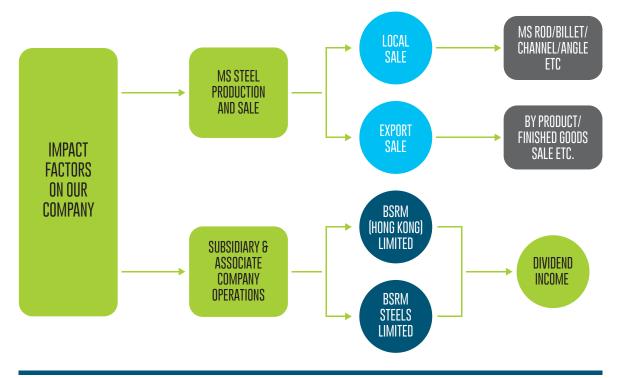

Successful implementation of the company's business strategy and the fostering of the company's long-term interests, including its sustainability, requires that the company is able, through competitive remuneration on market terms, to recruit, incentivize, and retain skilled employees.

## **1.3 BUSINESS MODEL**

The business model of BSRM describes how the company creates, delivers, and captures value in economic, social, cultural, or other contexts. It is a system of transforming inputs, through its business activities, into outputs and outcomes that aim to fulfill the organization's strategic purposes and create value over the short, medium, and long term. Details of the Business model are given on page no. 133 of IAR-23.

#### 1.3.1 Multiple Business Model of BSRM

BSRM's business model can be divided into two distinct segments: Revenue generation from MS Steel Production and Sale and Subsidiary & Associate Company Operations.

MS Steel Production and Sale: The Company generates revenue through MS steel production and sales to multiple segments of customers. This is further classified into the following

#### Segments:

• Local sales: MS Rod/Billet/Channel/Angle etc • Export sales: By products/Finished products etc.

#### Subsidiary & Associate Company Operations:

BSRM has Subsidiary & Associate Company Operations: Company earns shared income from the following subsidiary and associate company:

• BSRM (Hong Kong) Limited • BSRM Steels Limited- associate

The consolidated financial statements have been prepared by the International Financial Reporting Standards (IFRS) adopted by the Financial Reporting Council, Bangladesh, the Companies Act 1994, the Bangladesh Securities and Exchange Rules 1987, and other applicable laws and regulations in Bangladesh. Cash flows from operating activities are prepared directly as prescribed by the Bangladesh Securities and Exchange Rules 1987.

## **1.4 RISK AND OPPORTUNITIES**

#### 1.4.1 Managing Our Risks

#### Deploying a proactive and structured approach

In an ever-changing economic landscape of dynamic customer demand, we proactively monitor emerging risks to evaluate their potential short-term and long-term impact and strategically plan for effective risk mitigation.

| RISK CATEGORY                                                | DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | MITIGATION STRATEGY                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |  |

## **1.4.2 CHALLENGES AND OPPORTUNITIES**

As a leading player in the steel industry, we recognize the importance of staying agile and adapting to an ever-changing economic landscape. With opportunities and challenges becoming progressively interconnected, we know the potential impact they can have on our operations.

## **GROWTH OF THE BANGLADESH ECONOMY**

Bangladesh's growth story holds immense promise and dynamism for the forthcoming decades. Bangladesh is poised favorably to achieve the ambitious goal of attaining a poverty-free and advanced economy by 2041. Bangladesh's economy grew consistently over a decade, crossing the 7.0 percent milestone in FY 2015-16 and the 8.0 percent milestone in FY 2018-19. According to a provisional estimate of BBS, the economy grew by 6.03 percent in FY 2022-23. Bangladesh has already become the fastest-growing economy in the world. Bangladesh's economy will be \$1 trillion by 2040 if the current consecutive growth of over 6% continues, while it will be achieved by 2030 if the development goes above 8%. This upcoming period of twenty years presents a remarkable opportunity for Bangladesh to lead the way into a new global era. By prioritizing the development of world-class infrastructure, implementing investment-oriented policies, and undertaking necessary reforms, Bangladesh aspires to establish itself as a perfect place for the steel industry.

43KG Bangladesh's Per Capita Consumption of Steel

## 100KG

In 2030, Bangladesh's Per Capita Consumption of Steel is considering the industry growth rate at 10%.

## **OPPORTUNITIES**

### **GROWTH OF THE STEEL SECTOR**

The story of the Bangladesh steel industry and Bangladesh's economic growth is one of intertwined progress. A notable illustration of this correlation is reflected in the national consumption of finished steel; even a decade ago, the demand was 1.6 million metric tons, but it reached 7 million tons in 2023 and is expected to rise to 18 million tons by 2030. Within the same time frame, Bangladesh's GDP, measured at constant prices in 2010, witnessed substantial growth, expanding from US\$ 115.3 billion to US\$ 485.51 billion in 2023. And it is expected that if economic growth increases to 8-9% and internal stability is maintained, it will reach \$1 trillion by 2030.

#### ATTRACTIVE GROWTH POTENTIAL

Bangladesh will likely become the 24<sup>th</sup> largest economy by 2030, and the steel industry will play a pivotal role in this growth journey. With an average mean age of 27 years, a strong base workforce, and one of the fastest-growing markets globally, Bangladesh offers visible structural advantages for the steel industry to flourish. The country's low per capita steel consumption versus the global average provides significant headroom for growth.

### WELL-POSITIONED TO CAPITALIZE ON OPPORTUNITIES

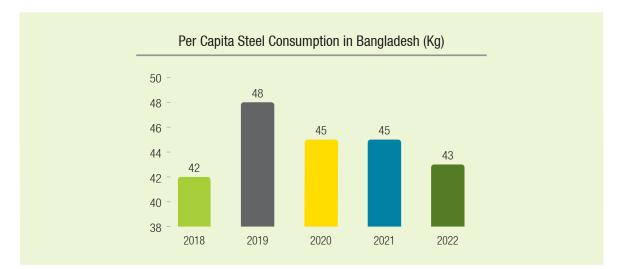

Bangladesh's steelmaking capacity is expected to reach 1.6 crore tonnes twice the current production level. Government-led investment in infrastructure, rapid urbanization, rising preference for personal mobility, growth in the capital goods sector, and the government's focus on making Bangladesh a developed country by 2041 are expected to stimulate steel demand in Bangladesh. With a leadership position in key market segments, world-class production facilities, and cost leadership, we plan to expand our capacity to capitalize on this vast opportunity and contribute towards the nation's development agenda.

#### **GOVERNMENT'S FOCUS ON INFRASTRUCTURE**

The infrastructure, building, and construction sectors contribute to ~60% of steel consumption in the Bangladesh domestic market. This highlights the significance of the government's recent emphasis on infrastructure development, which is poised to ensure long-term growth in steel demand. The National Industry Policy 2016 sets the following three goals: i) to improve the socioeconomic condition of Bangladesh through concerted efforts of public-private initiatives for rapid industrialization and employment generation; ii) to raise the contribution of industry GDP from 29% to 35% by 2021; and iii) to ensure accomplishing inclusive growth by increasing quality employment generation through industrialization. In the National Industry Policy, the steel industry is designated one of the priority sectors for industrial promotion.

#### DEMAND GROWTH FROM USERS & INDUSTRIES

Twenty-five percent of the steel is used in Bangladesh's households, and 15 percent is used in commercial construction. Demand for steel in Bangladesh is increasing. As Bangladesh's GDP continues to expand, a significant outcome is a notable surge in demand witnessed across essential steel-consuming industries such as infrastructure, construction, and natural state, among others. This growing demand from steel-consuming sectors is anticipated to bring substantial benefits to steel players within the country, allowing them to capitalize on the opportunities presented.

## ADDRESSING EVOLVING CUSTOMER NEEDS

Customer needs are evolving, and the channel deployed to reach the customer is changing. Digital platforms like steel are gaining more traction even in the industrial sectors. Growing urbanization will see demand for steel focused on modularization, amenable to the fast pace of construction and better aesthetics. We aspire to be the supplier of choice for discerning customers, driven by a culture of customer obsession and the ability to provide the best products and service experience.

# SUSTAINABILITY DRIVING NEW BUSINESS MODELS

Climate change is challenging for a 'hard-to-abate' sector such as steel. However, it also provides opportunities. With sustainability gaining center stage globally and significant investments being directed towards green technology, we have identified focused intervention across hydrogen fuel technology, carbon capture and use, and reduction in specific water consumption, among others. Particular plans are in place to improve sustainability performance across the locations.

# COMPARISON OF GDP GROWTH RATES AND Steel Consumption in Bangladesh

#### Steel Consumption in Bangladeshee (Million tons)

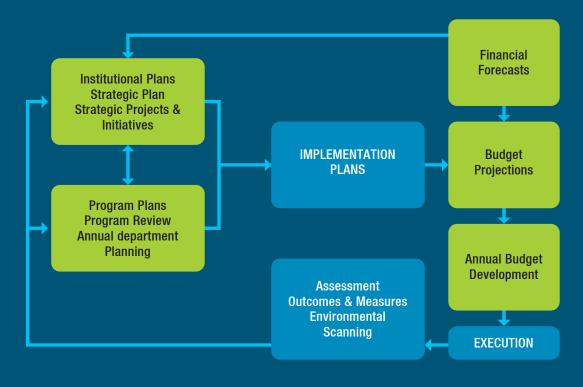

## OPPORTUNITY LANDSCAPE

Incentives Related to the Steel Industry 4% cash incentive on export of MS steel products

## **1.5 STRATEGY AND RESOURCE ALLOCATION**

## PLANNING AND RESOURCE ALLOCATION

BSRM's resource allocation is strategically selecting and assigning available resources to the task to support the business vision and values. Resource allocation involves balancing competing needs and priorities and determining the best course of action to maximize the use of limited resources and get the best return on investment. Our Integrated Report describes BSRM's strategic objectives for our current business model and the resource allocation plans to implement these strategies.

#### 1.5.a) BSRM's short, medium, and long-term strategic objectives

BSRM has identified several short-, medium-, and long-term objectives that may affect our business operations. Details on page no. 115 of IAR-23 under Strategic Plans of BSRM.

1.5.b) BSRM's Strategic Focus to Implement Our Organizational Vision

The strategic objectives are the specific outcomes that we wish to achieve to attain the company's vision. These objectives are clear, measurable, and time-bound. Once realized, other purposes replace these detailed, quantifiable results. Achieving each strategic goal is a clear indicator of the progress of the strategic plan and tells the company that we are moving closer to your vision.

#### 1.5.c) BSRM's Segment Analysis and industry position in terms of MS product production and sale, as well as Export and Import business

Through Segment Analysis, we have provided an overview of BSRM's Operating Profit, Total Assets, and Profit Before Tax on a Consolidated and Solo basis. Details on page no. 109 of IAR-23 under company performance

An analysis of the BSRMS's performance compared to the steel industry and other competitor companies has been detailed on page no. 109 of IAR-23.

## 1.5.d) BSRM's current business model related to our strategic objectives

BSRM's business model defines transforming inputs through our business activities into outputs and outcomes that aim to fulfill our strategic purposes and create value over the short, medium, and long term, details on page no. 133 of IAR-23 under Our Business Model.

## 1.5.e) BSRM's resource allocation plans to implement our strategic objectives

BSRM's Resource allocation plan is discussed in detail under the BSRM strategic plan and our six capitals. Page no 210 for the strategic plan and page no. 137 for six capitals of IAR-23.

## 1.5.f) BSRM's measure of achievements against target Outcomes

BSRM's achievement against set targets over major financial indicators, i.e., Debt to equity ratio, Gross profit margin, net profit margin, Return on Equity, Inventory turnover, working capital, and return on asset, etc., are detailed on page no. 103 Under Performance Highlights.

## **1.6 PERFORMANCE**

BSRM's integrated report explains how much we have achieved our Goals in line with our company's vision and values.

#### Vission

- Maintain our leadership positions in the steel industry by producing the best quality steel products, continuously enhancing customer satisfaction, and becoming a reliable business partner of our Customers and Suppliers.
- Be an employer of choice with focus on nurturing talent and developing Future Leaders of the Organization
- Protect the interest of our shareholders through sustainable growth and value creation.
- Preserve the trust of all our stakeholders by adopting ethical business practices.
- Support society through Corporate Social Responsibility initiatives.

#### Values

- SUSTAINABLE GROWTH
- QUALITY
- RELIABILITY
- TRUST
- LEADERSHIP
- SOCIAL RESPONSIBILITY
- CUSTOMER SATISFACTION

#### 1.6.a) Comparative analysis through Quantitative indicators of BSRM

An analysis of BSRM Six Years' Performance of several vital factors has been detailed on page no. 103 of IAR-23.

#### 1.6.b) BSRM's material effects on capitals up and down the value chain

We have provided a detailed explanation of the material matters impacting our capital in the following pages:

Financial Capital: Page no. 137 Human Capital: Page no. 148 Manufactured Capital: Page no. 140 Intellectual Capital: Page no. 146 Natural Capital: Page no. 158 Social & Relationship Capital: Page no. 160

## 1.6.c) Key stakeholder relationships and how BSRM has responded to critical stakeholders' legitimate needs and interests

Stakeholder engagement is the process by which BSRM involves people affected by the decisions it makes or can influence the implementation of its findings. They may support or oppose the decisions, be influential in the organization or within the company's community, hold relevant official positions, or be affected in the long term. Details on how we engage with our stakeholders have been provided on page no. 166 under Stakeholder engagement, and how we resolve stakeholder complaints and concerns have been provided on page no. 273 under Stakeholders Relationship/ Grievance Redressal.

#### 1.6.d) Organisation's outlook describes the linkages between past and current performance

Million Tk.

| Particular   | 2022-23 | 2021-22 | Growth  |
|--------------|---------|---------|---------|
| Revenue      | 115,061 | 79,783  | 44.22%  |
| Gross Profit | 10,319  | 6,486   | 59.09%  |
| Net Profit   | 2,914   | 3,088   | (5.66%) |

KPIs that combine financial measures with other components

#### Balance Sheet Including Human Capital

| Particular                                            | 2022-23 | 2021-22 | Growth |
|-------------------------------------------------------|---------|---------|--------|
| Total assets                                          | 101,769 | 116,681 | (13%)  |
| Human Asset (Individuals' value)                      | 2,096   | 1,840   | 14%    |

| Capital & liabilities                                 |         |         |        |
| Total Equity                                          | 41,938  | 40,095  | 5%     |
| Total Liabilities                                     | 61,612  | 78,111  | (21%)  |
| Human Capital                                         | 411     | 409     | 0%     |
| Total Equity and liabilities, including Human capital | 103,961 | 118,616 | (12%)  |

## 1.7 OUTLOOK

The outlook segment in our Integrated Report describes the challenges in pursuing our strategic objectives and the potential implications to our business model and future financial performance.

Details on page no. 210 of IAR-23 under Strategic Plans and Outlook of BSRM, page no. 137 of IAR-23 under Capital Planning

## **1.8 BASIS OF PREPARATION AND PRESENTATION OF INTEGRATED REPORT**

BSRM's Integrated Report 2023 has been prepared by the <IR> framework guideline as its basis as outlined by the International Integrated Reporting Council (IIRC).

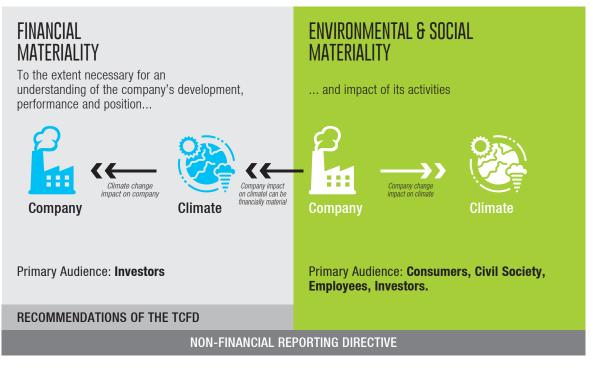

#### 1.8.a) Factors considered in our materiality determination process

In our Integrated Report, the matters significantly affecting our organization's ability to create value in the short, medium, and long term are considered material. Details on page no. 175 of IAR-23 under materiality. of IAR-23 under materiality.

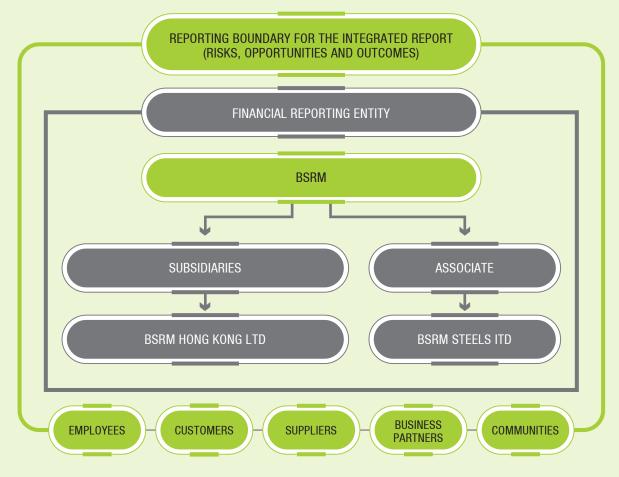

#### 1.8.a.i) BSRM's Materiality Determination Process

The process of determining materiality is entity-specific, based on industry and other factors, and multi-stakeholder perspectives. Through materiality analysis, BSRM can identify the vital priorities of the company so that we can delineate our key triple bottom line, keeping the short, medium, and long-term goals in mind. BSRM has an edge by developing strategies focusing on our fundamental priorities to facilitate our operational activities, embolden our goal-oriented performance, vitalize our sustainability framework, and institutionalize our corporate governance philosophy for internal and external stakeholders. Details on page no. 175 of IAR-23 under materiality.

## **DOUBLE MATERIALITY**

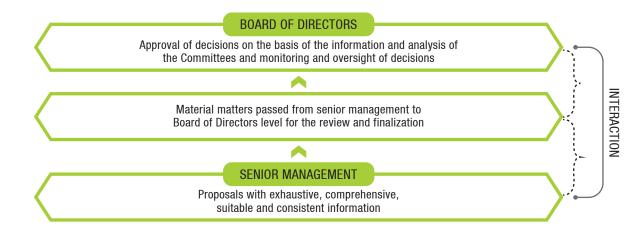

## MATERIALITY BOUNDARY

## 1.8.a.ii) Role of those charged with governance and key personnel in the identification and prioritization of material matters

The Board and Senior Management Team are the key personnel in identifying and prioritizing material matters of BSRM. The senior management team prepares proposals after thorough analysis and feedback from the operational level, which the Board then approves of the Directors.

#### 1.8.b) Reporting Boundary

The report boundary 2023 covers the BSRM's operation run by the corporate office and its networks in Bangladesh. Impacts of the activities of our branches located in Kolkata and subsidiaries located in Hong Kong are not within the scope of this report.

## 1.8.c) Summary of the significant frameworks, standards, and principles used to evaluate BSRM material matters

#### **STANDARDS AND PRINCIPLES**

| Integrated Reporting<br>>International Framework of the International Integrated<br>Reporting Council (IIRC)                                                                                                                                                                         | Governance, Risk management, and operations<br>>Company Act, 1994<br>>BSEC Ordinance 1969<br>>Corporate Governance Code by BSEC in 2018<br>>DSE & CSE Listing Rules                                                                        |

## GUIDING PRINCIPLES

The Guiding Principles underpin the preparation of the Integrated Report, informing the report's content and how information is presented. BSRM's Integrated Annual Report has been prepared by the Guiding Principles as laid out by the <IR> framework. Below is a brief outline of the key elements addressed by BSRM.

216

## STRATEGIC FOCUS & FUTURE ORIENTATION

The strategic focus of BSRM refers to the concentrated effort and attention that the company directs toward achieving its core objectives and long-term vision. It involves prioritizing certain areas, initiatives, or goals aligned with the organization's strategic direction. The importance of strategic focus lies in its ability to provide clarity and alignment within the organization.

Strategic focus and future orientation are discussed in detail on page 210 of IAR 23. Under Strategic Plan and Business Outlook

# CONNECTIVITY OF INFORMATION

BSRM integrated report shows the combination, inter-relatedness, and dependencies between the components that are material to the organization's ability to create value over time. To demonstrate the principle of connectivity in the BSRM integrated report, consider the following guidelines:

Demonstrate the various aspects of the company connect. For instance, Our strategy is connected with our business model

Shows how the past is connected with the present, and has set the direction we hope to go

That the availability, quality and affordability of the six capitals and the trade-offs we make that are linked to creating value

Financial information is connected to non-financial information.

Management information, board information and information reported outside of the organisation are connected and coherent

That the integrated report connects with and is coherent with information in the organisation's other communications, and information from other sources

Value creation activities: This segment explains our overall operational activities that create value over time by considering the external factors that impact our key business activities, how those are linked to the value we have initiated through our actions, and the overall outcome of our value creation process. All these factors are then interlinked with the relevant UN SDGs. Details on page no. 137 of IAR-23 under six capitals

## CONCISENESS

BSRM integrated reports are prepared concisely and include sufficient context to understand the organization's strategy, governance, performance, and prospects without being burdened with less relevant information. The report provides cross-referencing where appropriate and keeps repetition minimal, if not avoided altogether. However, detailed explanation and referencing has been provided where necessary.

## **CONSISTENCY AND COMPARABILITY**

The information of BSRM''s integrated report is presented (a) consistently over time and (b) in a way that enables comparison with other organizations to the extent it is material to the organization's ability to create value over time.

BSRM's environmental performance: This segment details the ecologically friendly initiatives undertaken by BSRM, such as Energy Savings, Waste Management, Reducing Carbon Footprint, and some of our investments in Environmentally friendly sustainable projects. Details on page no. 229 of IAR-23

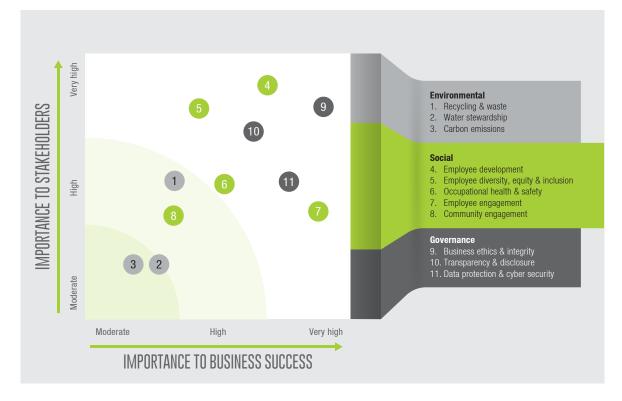

## **RELIABILITY AND COMPLETENESS**

Robust internal reporting systems, appropriate stakeholder engagement, and independent external assurance enhance BSRM's Integrated report's reliability and completeness. BSRM's integrated information includes all material matters, both internal and external, in a balanced way and without material error. BSRM's overall material aspects and boundaries have been explained on page no. 175 of IAR-23 and the material aspects of the six individual IR capitals and their capital trade-offs have been described in their respective segments from page no. 137 of IAR-23.

## MATERIALITY

BSRM's integrated report discloses matters that substantively affect our ability to create value over the short, medium, and long term. Details of materiality are given on page 175 of IAR 23

## STAKEHOLDER RELATIONSHIP

BSRM's stakeholder relationships are discussed in detail on page 173 of IAR 23 of stakeholder relationship and grievance redressal.

## **ASSURANCE OF THE REPORT**

To maintain proper transparency, BSRM has always obtained Combined Assurance from

the following perspective:

about creating new products or services, but fostering a culture that encourages creativity, experimentation, and risk-taking. Adaptability is about being resilient and open to change, while staying attuned to customers' evolving needs.

Innovation is not just

## INTRODUCTION >>>

#### OUR APPROACH TO ESG

At the heart of BSRM's ESG approach is the idea that our vision and values for long-term sustainability are how we strive to responsibly fulfill our purpose – breakthroughs that change community lives – build trust, and take accountability for our impact on society.

ESG issues are increasingly a priority to stakeholders, including shareholders. We recognize environmental issues' impact on society and seek to harness our cutting-edge science to create a healthier, more equitable world. We are committed to acting ethically, thoughtfully, and responsibly in all that we do. Guided by our purpose, we are focused on:

#### **PRIORITY ESG ISSUES**

#### **SDG ALIGNMENT**

Our purpose is more important now than ever, as societal, environmental, and economic shifts impact global health and health equity. We laid the foundation to connect our goal more intentionally with our ESG strategy to understand better and address the needs of colleagues, partners, shareholders, and communities. We are advancing this work further by embedding ESG throughout our corporate strategy, business operations, and governance structure. The diagram below shows the alignment of SDG goals with the Environmental, social, and Governance Perspectives we are adhering to achieve.

## ENVIRONMENT >>>

#### **INVESTING IN POSITIVE IMPACT**

Operating sustainably is no longer a choice— it's an imperative. Making meaningful progress in addressing climate change takes unprecedented action across all industries and societies.

BSRM recognizes this and acknowledges that our business impacts areas far beyond our company. There's no time to waste, so we are investing in efforts to protect the environments of the people and communities we serve—both now and in the future.

#### **ENVIRONMENT GOVERNANCE POLICY**

We at BSRM are fully committed to the protection of our environment, prevention of pollution, and compliance with current environmental legislation. BSRM policies and practices cover entire BSRM processes, services, and activities considering product life cycle prospectives and following our commitments

<<<<<<<>></>

#### **ENVIRONMENT STRATEGY**

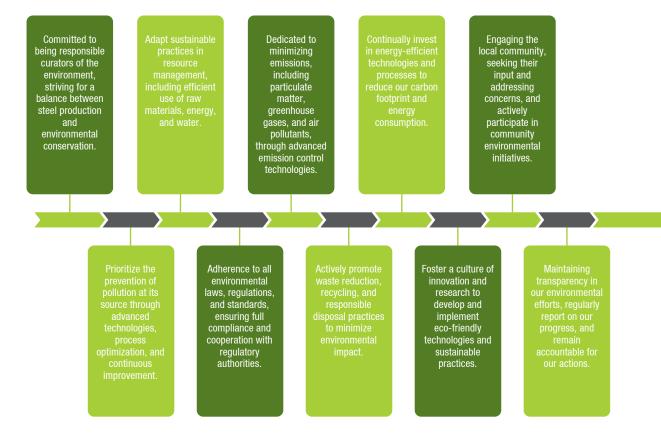

BSRM environment strategy defines the core principles and policies for creating, granting access to, and decommissioning environments of different types, along with the necessary governance process.

BSRM Environmental strategies define a set of initiatives that reduce the impact of operations on the natural environment through products, processes, and corporate policies such as reducing energy consumption and waste, using green, sustainable resources, and environmental management system implementation.

BSRM acts as responsible green stewards, with prudent use of natural capital as inputs and minimal footprint as the outcome. We have in place a dedicated Environmental Management System (EMS) with certification of ISO14001:2015 to achieve this. We are taking mindful steps to decarbonize our operations and reduce carbon dioxide (CO2) emissions across the board. We pursue circularity in mission mode, thus striving to become a part of the solution. Our innovation spectrum across water stewardship has been well-recognised and we continue to manage wastes and by-products efficiently. We also map diligently our dust and air emissions to ensure the well-being of the communities living in and around our impact zones.

#### OUR ENVIRONMENTAL MANIFESTO

The manifesto identifies several priorities relating to how environmental sustainability is dealt with; action is taken on sustainability, and more sustainable resources and practices will be used across the operations.

## **CLIMATE CHANGE**

BSRM uses an Electric Induction furnace (EIF) to melt steel scrap, which offers environmental benefits over traditional blast furnaces or ElectricArc furnace (EAF). However, BSRM still contributes significantly to carbon emissions due to energy-intensive processes and reliance on fossil fuels.

CO

BSRM took the initiatives to reduce energy consumption for mitigating climate change. Implementing energy-efficient technologies such as hot charging of billets for rolling, regenerative burners for heating, use of dust free scrap for melting, and heat recovery systems to further enhance energy efficiency

BSRM predominantly use steel scrap as their primary raw material, which inherently reduces the carbon footprint compared to traditional iron ore/virgin raw material-based processes. However, optimizing scrap collection, sorting, and recycling processes can further enhance sustainability by minimizing waste and energy consumption.

The logistics of transporting raw materials and finished products can contribute to emissions. BSRM practicing innovative, efficient and cost effective logistics by ensuring fuel efficiency, lead time (load/unload time) reduction, increased trip utilization, proper and timely repair and maintenance of vehicles etc..

BSRM adopted the training of employees on sustainability practices and involving them in carbon reduction initiatives foster a culture of environmental responsibility within factory.

#### THE IMPACT OF OUR OPERATION ON THE ENVIRONMENT

#### WATER POLLUTION

Steel production process uses water for cooling, process control, and emissions control. The water that comes into contact with steelmaking/rolling processes may become contaminated with mill scale, cutting oil, Grease and other chemicals.

#### WASTE GENERATION

The steelmaking process generates waste materials like slag and dust, which need proper disposal and management to prevent environmental harm. - Improper handling or disposal of waste lead to soil and water contamination.

#### AIR POLLUTION

The steel production process releases particulate matter and GHG into the air, which contribute to air pollution resulting respiratory issues and climate change.

#### NOISE AND VIBRATION

Steel production process generates noise and vibration, which can have adverse effects on both the environment and nearby communities.

#### SAFETY RISKS

Accidents or mishaps can result in safety risks not only to plant workers but also to the surrounding environment, particularly if hazardous materials are involved.

# INTEGRATED ANNUAL REPORT 2022-23

## **BSRM GREEN INITIATIVES**

BSRM Green initiative seeks to equip the world of work better to understand the challenges and opportunities of the coming transition and help the company take an active role in managing this change. It provides a platform of knowledge and research to further the case that decent work approaches and social dialogue are indispensable for genuinely transformative change.

#### ENVIRONMENTAL TECHNOLOGY

BSRM made Environmental Product Declarations (EPDs) for all finished products and have completed life-cycle assessment (LCA) for all 7 final products (Rebar, Angle, Channel, Square bar, Ribbed wire, Epoxy coated rebar, Cut & Bend). LCA study has been completed for all of our products, using the GaBi ts software system for life cycle engineering, developed by Sphera (formerly Thinkstep AG).

BSRM attains product-specific Environmental Product Declarations (EPDs) that are made according to a transparent standard and verified by the external agency according to international standards. Through this, we aim to communicate the environmental impact of our products transparently to all our stakeholders.

#### HEALTH, SAFETY, AND ENVIRONMENT MANAGEMENT TEAM

At BSRM we have dedicated health, safety and environment management team for overseeing and implementing the environmental policy and initiatives.

#### COMPLY WITH LAWS, REGULATIONS, AND POLICIES

- Vigilant monitoring of environmental laws and regulations
- Regular updates to policies and procedures to ensure compliance with evolving regulations
- Conducting thorough environmental impact assessments (EIAs) to understand the potential impacts of plant
  operations on the surrounding environment
- Integration of EIA findings into decision-making processes
- Regular internal and external audits to assess compliance with environmental policies and regulations
- Corrective actions taken promptly to address any non-compliance issues
- Regular reporting of environmental performance to relevant authorities and stakeholders
- Establishing mechanisms for receiving and addressing public complaints or inquiries related to Environmental issues

#### ADVANCE TECHNOLOGY FOR AIR POLLUTION CONTROL

- · BSRM Implementated advanced pollution control technologies to reduce emissions of air pollutants and effluents
- Regular maintenance and monitoring of pollution control equipment to ensure optimal performance.

#### **OTHER PRACTICE**

- Adoption of resource-efficient practices, including energy and water conservation, waste reduction and material recycling.
- Evaluation of resource consumption data to identify areas for improvement.
- Training programs for employees to promote awareness of environmental responsibilities and safety practices.
- Development of emergency response plans to address potential environmental incidents or accidents.
- Regular drills and training to ensure that employees are well-prepared to respond effectively to environmental emergencies.

#### ENERGY EFFICIENT SYSTEM/USE OF RENEWABLE ENERGY

Energy efficiency and integrating renewable energy sources are crucial to sustainable industrial operations. These initiatives reduce environmental impact and enhance cost-effectiveness and long-term viability.

> Invest in energy-efficient technologies such as direct charging of hot billet from continuous casting to rolling reheating furnace, which consume less energy compared to traditional process of billet cooling to room temperature and then again heated for rolling.

Ordered for installation 3.35MW solar panel for BSRM Wires unit and soon after that approx. 10MW additional solar panels procurment discussion is going on for new rolling mill, existing two rolling mills and the balance warehouses.

Continuously optimizing the production processes to reduce energy consumption, minimize heat losses, and improve overall efficiency.

> Utilizing recovered heat for air preheating, reducing the need for additional energy inputs.

Implementation of energy-efficient lighting, motors, and HVAC systems throughout the plant.

11 X X

Disasters, whether natural or man-made, can devastate communities and industries. BSRM disaster response initiatives play a crucial role in ensuring the safety of employees, minimizing environmental impact, and expediting recovery efforts.

BSRM has implemented a comprehensive disaster response initiative encompassing the following key elements:

Implemented safety measures and equipment, such as fire suppression systems, emergency lighting, and first-aid stations, to mitigate risks.

Regular drills and

training exercises

conducted to ensure that

employees are familiar with

emergency procedures and

can respond effectively.

Stockpiling of essential resources,

including water, food, medical supplies, and emergency equipment, to

support employees

during a disaster.

Established a robust communication network to quickly disseminate information to employees, emergency services, and relevant authorities. Installed alert systems, such as sirens and lights, to alert employees and the community in case of an emergency.

Development of contingency plans for managing and mitigating environmental impacts in the event of a chemical spill or other environmental disaster. Collaboration with local emergency services and authorities to coordinate disaster response efforts.

>>>>

Developed of a detailed emergency preparedness plan that outlines procedures, roles and responsibilities, and communication protocols in the event of a disaster

>>>>

#### CLEAN AIR/CO<sub>2</sub> EMISSION

Activities like scrap melting, steel refining, casting, and rolling release pollutants such as particulate matter, sulfur dioxide (SO<sub>2</sub>), nitrogen oxides (NOx), and carbon monoxide (CO) into the atmosphere. These emissions contribute to smog formation and respiratory diseases, making air pollution reduction a priority for the industry.

#### Initiative Overview:

BSRM has undertaken a comprehensive air pollution reduction initiative to minimize emissions and improve air quality. Critical components of this initiative include:

BSRM Installed advanced pollution control equipment such as Primary Air pollution control system (APC), Secondary APC, baghouse filters which capture and remove particulate matter from exhaust gases.

Additional sub hood has been installed with existing secondary APC system to reduce spreading of smoke & dust and to improve performance of secondary APC.

Adoption of energy efficient practices/ technologies to reduce fuel consumption and associated emissions.

Implementation of waste heat recovery systems to optimize energy utilization.

Continuous process monitoring and optimization to minimize excess air and enhance combustion efficiency.

Adoption of best practices in steelmaking to reduce waste generation and emissions.

Training programs for plant personnel to ensure proper operation and maintenance of pollution control equipment.

Safety protocols for handling and storing hazardous materials.

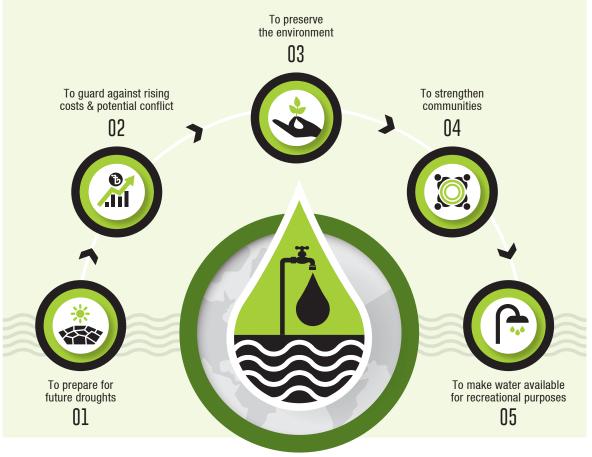

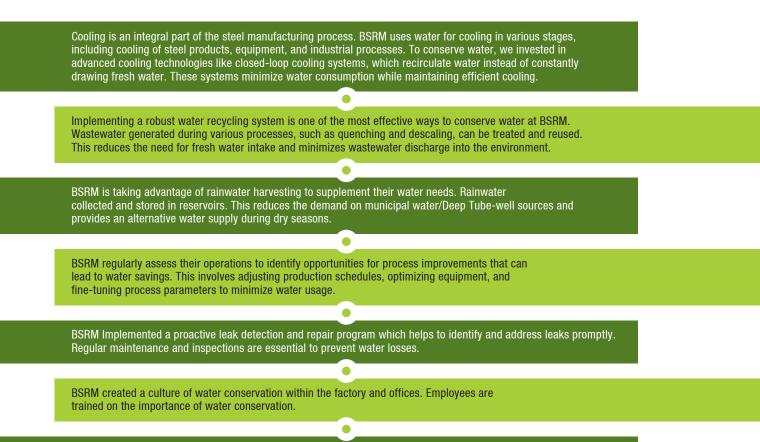

Regular communication with neighboring communities to address concerns and provide information on air quality and emission reduction efforts.

## WATER CONSERVATION

Water conservation is a crucial aspect of sustainable industrial practices and is particularly important in steel manufacturing. BSRM produces steel by recycling metal scrap and consumes significant amounts of water. Implementing water conservation measures at BSRM is not only environmentally responsible but also economically beneficial. The following strategies for water conservation are being practiced.

#### WHY IT'S IMPORTANT TO CONSERVE WATER

BSRM implemented a robust monitoring system to track water usage and efficiency metrics. Regular reporting on water consumption helps in identifying trends and areas that require attention.

## WASTE MANAGEMENT

Waste management is critical to responsible industrial operations and critical to ensuring sustainability. Proper waste management at BSRM is an environmental obligation and a cost-effective strategy that can enhance efficiency and reputation. Following strategies for waste management adopted by BSRM.

#### WASTE SEGREGATION AND COLLECTION

One of the first steps in efficient waste management is appropriately segregating and collecting waste materials, e.g., Slag, refractory materials, Mill scale, APC dust, Packaging materials, used hydraulic & cutting oil, etc. Segregating these materials at the source allows for easier recycling, reuse, or proper disposal.

#### **RECYCLING AND REUSE**

Recycling helps reduce reliance on landfills and improves sustainability through raw material and resource management. BSRM recycles substantial quantities of scrap metal and other steelmaking coproducts and byproducts every year.

We continually improve recycling practices by investing in advanced sorting and processing technologies.

#### **SLAG MANAGEMENT**

We are processing the induction furnace slag and recovering magnetic material, which is again recycled. The remaining slag is used to produce road dividers and pavement/hollow blocks, and some fraction is sold as aggregate for road/building construction. Ladle refining slag is used for cement production.

#### WASTE HANDLING

BSRM generates waste, such as refractories, oils, and chemicals used in various processes. Used refractory and APC dust are exported to India and China, respectively while other waste like packaging material, Plastic, used hydraulic, and cutting oil are sold for further use.

#### **EMPLOYEE TRAINING AND AWARENESS**

Creating a culture of waste reduction and responsible management among employees is vital. Regular training and awareness programs are helping to ensure that all personnel understand the importance of waste management practices, including waste segregation and proper disposal.

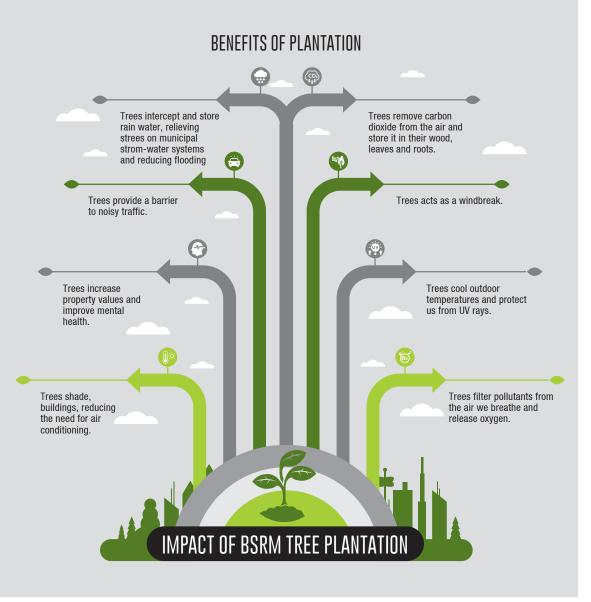

#### COMPLIANCE WITH ENVIRONMENTAL REGULATIONS

BSRM complies with environmental regulations regarding waste management. Staying up-to-date with these regulations and maintaining transparent reporting are ensured to avoid penalties and maintain a positive reputation.

## PLANTATION

BSRM enhances sustainability efforts by integrating plantation initiatives into operations. Plantation offers benefits in terms of sustainability and environmental responsibility.

We strive to reduce our environmental footprint and mitigate the impact of steel production.

Steel production are known for their carbon-intensive operations. However, the integration of plantation initiatives helps to offset carbon emissions. Strategically planting trees around the plant, we contribute to carbon sequestration, helping combat climate change.

Steel production releases pollutants and particulate matter into the air, which can have adverse effects on local air quality and public health. Trees play a crucial role in improving air quality by trapping airborne pollutants and releasing oxygen. Planting trees around the plant's periphery act as a natural air filter, making the surrounding environment healthier for both employees and nearby communities.

Steel production unit generate a significant amount of heat during their operations, which contributes to the urban heat island effect in the surrounding areas. Trees provide natural shade and helps in regulating temperatures by reducing heat buildup. This create a more comfortable working environment for plant employees and lower energy consumption for cooling systems.

By incorporating green spaces and planting native vegetation, these plants can contribute to biodiversity preservation. This not only enhances the overall ecological balance but also fosters a more attractive and sustainable industrial landscape.

BSRM planted approx. 2000 nos. in FY 2022-2023 and its active engagement in plantation initiatives demonstrates its commitment to environmental responsibility. This boosts the company's reputation and strengthens its relationships with local communities and regulatory bodies.

## **BSRM PLANTATION PROGRAM...**

## HUMAN RESOURCE Cultivating connections

BSRM strives to create a culture that embraces diversity, equity, and inclusion and continues to optimize the success of its employees at every stage of the employee journey through benefits, growth opportunities, and wellness initiatives.

#### HOW OUR APPROACH TO SOCIAL ISSUES SUPPORTS THE SDGS

#### GOOD HEALTH AND WELL-BEING

We aspire to ensure health and well-being for all ages through equitable access to medicines and vaccines.

GENDER EQUALITY

We aim to end discrimination against women and ensure equal leadership and workplace opportunities.

#### DECENT WORK AND ECONOMIC GROWTH

We promote inclusive and sustainable economic growth, employment, and decent and safe working environments.

REDUCED INEQUALITIES

We empower and promote the social and economic inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion, or financial or other status.

#### PARTNERSHIPS For the goals

We are working to create new partnerships to help attain relevant sustainable developmentgoals.

## **OUR PEOPLE**

PEOPLE are the center of BSRM Success. OUR PEOPLE POWER OUR PURPOSE. Our focus on people starts with our employees. They steward our beloved steel brands, fuel our innovation agenda, drive our sustainability priorities and programs and create a multiplier effect in local communities through partnerships with governments, nonprofits, industry peers and other stakeholders. We remain committed to caring for the people across our value chain who contribute to our success by respecting human rights across our operations and supply chain, empowering access to equal opportunities, supporting more sustainable agriculture practices, and giving back to communities through our philanthropic initiatives.

#### **OVERVIEW OF HUMAN RESOURCES**

BSRM has always sought dynamic, talented and ambitious people who can lead in an ever-changing world and also possess the mindset of taking on challenges. We aspire to align our people with our vision and values and make them valued partners in business transformation and change processes. We firmly believe our people are the ultimate reason for success and inspire us to advance. We empower our talent to explore, innovate and grow personally and professionally.

#### CULTIVATE BEST PRACTICE

BSRM provides opportunities to learn about modern technologies and best practices. In addition, working with a diverse workforce is always challenging and rewarding. We ensure a safe and productive workplace while maintaining a work-life balance. We ensure an environment where employees are free to express ideas and thoughts. We nurture our people to become future leaders.

#### **OUR WORKING CULTURE**

We are a structured organization where individuals are responsible for their unique roles and have clear guidelines for their reporting relationship. This helps to delegate responsibilities and achieve the organization's goals.

Our policies are formulated to give the best to our people and also at the same time guarantee the control and utilization of resources. Team HR continuously analyzes employee feedback to benchmark employee benefits and other related HR policies. Our well-defined policies help us to establish equal treatment/opportunity for our employees and their family members. Our policies are easily accessible to our employees through the HRIS portal.

#### PERFORMANCE BASED CULTURE

Our KPI-based performance management system helps people to be accountable for their roles and analyses their improvement areas that need further development. It helps us to identify high performers for more prominent roles within the group. HR team strives to maintain a performance-based culture, recognizing critical positions, finding possible successors, and helping them develop for future leadership.

#### SUCCESSION Planning program

We have a structured Succession Planning Program to identify and nurture the organization's talents systematically and have successors ready for critical roles to minimize risks in smooth operation and future business growth.

## **ENGAGE OUR EMPLOYEE**

Employee Engagement programs are rolled out to engage employees and develop employee ethics through positive motivation and promote a work environment characterized by fair treatment of staff, open communication, personal accountability, trust, and mutual respect. We engage our employees throughout the year in various activities, like Attitude of Gratitude, Team Huddle, Vision and Values celebration, Employees' Children Day celebration, Employees' Children Education Achievement Award celebration, Annual Mezban, etc.

#### **DIVERSITY, EQUALITY & INCLUSION**

BSRM is committed to promoting diversity and inclusion in our workforce and in the communities where we operate. We believe diversity and inclusion are essential to create a culture of respect and understanding and foster innovation and creativity.

BSRM promotes diversity and inclusion in recruitment and hiring processes, and always focuses on creating and embracing equity in the workplace.

BSRM provides support and development opportunities to the female employees including career progression, training, mentoring programs, etc.

BSRM engages with the communities where we operate to promote diversity & inclusion, and we work with local organisations to support the empowerment of underrepresented groups.

## WORKPLACE WELLBEING

A healthy workplace and employees are the first things to ensure productivity and efficiency. We care for our people's health by introducing Hospitalization and Domiciliary schemes. We have tie-ups with renowned hospitals and diagnostic centers nationwide and abroad. In BSRM, we have programs like Eye Camp, Heart Checkup, Diabetes Screening, Basic Life Support, etc. Also, for our employees, we have an Executive Health Checkup facility.

## WOMEN EMPOWERMENT

We believe gender diversity is equally essential for the growth of our organization and nation. BSRM is an equal-opportunity employer. We encourage female employees to join our esteemed organization. We ensure a workplace where women feel safe and motivated to work.

# INDUSTRY-ACADEMIA COLLABORATION

BSRM recognizes the importance of investing in the future workforce and is committed to providing training and development opportunities for young people in the local community. The organization has implemented several initiatives to support youth upskilling university students.

#### The industrial attachment has been given for **182 students from 34 institutes.**

Some of the institutes were from India and China.

#### Industry visited 298 students from different institutes as part of their academic purpose.

Seen our modern technology of steel manufacturing process.

## **INTERNSHIP PROGRAMS**

BSRM runs an internship program and this program is designed so that the students, during their tenure, can gain practical knowledge/experience through on-job training along with their project work, which they can utilize afterward in their professional lives. It helps us to identify potential candidates for our future requirements.

Attended an Internship Program **35 STUDENTS** from different universities

IUUENIS ifferent universities

## JOB FAIRS, WORKSHOPS AND SEMINARS

Workshops and career fairs are excellent opportunities to gain perspective on a future career, make contacts and meet with potential employers.

BSRM regularly conducts Job Fairs, Workshops, and Seminars to attract competent young freshers/professionals and recruit them at competitive compensation packages.

## BSRM HR attended in LEADING PARAGON - a Seminar organized by the Chittagong University HR Club

#### **HEALTH & SAFETY**

Health and Safety At BSRM, protecting the health, safety and well-being of colleagues and contingent workers, all essential to delivering our business objectives, is an integral part of our operations. BSRM is committed to achieving excellence in Health and Safety by providing and maintaining safe and healthy working conditions. Management is firmly devoted to the policy, enabling all work activities to be carried out safely and with all possible measures taken to remove (or at least reduce) risks to the health, safety and welfare of workers, contractors, authorized visitors, and all other stakeholders.

BSRM believes that all workplace injuries and occupational diseases are preventable. Therefore, we are committed to setting a culture of OHSMS (Occupational Health and Safety Management Systems) excellence in the organization, resulting in an accident-free and healthy workplace.

To exhibit conspicuous and energized leadership within Occupational Health and Safety Management Systems (OHSMS) we inspire proactive employee involvement in OHSMS enhancement endeavors. We prioritize compliance with all relevant legislation and requirements in our commitment to Occupational Health and Safety Management Systems (OHSMS). We actively equip our staff with the necessary information, training, and resources to ensure their well-being at work and to minimize workplace hazards and risks through continuous hazard identification and risk assessment. OHSMS is seamlessly integrated into our daily operations and project planning. We are dedicated to reviewing and enhancing our policies, setting objectives, benchmarking performance, and adopting best practices to ensure a continually improving safety culture at BSRM.

# CAMPAIGN AND DAY CELEBRATION NEAR MISS CAMPAIGN

The Near Miss Campaign is a vital safety initiative that focuses on identifying and reporting incidents that almost resulted in accidents but, fortunately, did not. This campaign is a crucial part of our commitment to safety at BSRM. By encouraging employees and stakeholders to report near misses, we create an environment where safety is paramount. The data collected from these near misses provides valuable insights into potential hazards and risks, allowing us to take proactive measures to prevent future incidents. At BSRM, we understand that avoiding accidents begins with understanding the close calls and near accidents that could have occurred. Our Near Miss Campaign helps us learn from these incidents, continuously improve our safety protocols and ensure the well-being of our workforce. Safety is our top priority and the Near Miss Campaign reinforces our dedication to keeping everyone safe.

## WORLD SAFETY DAY CELEBRATION

BSRM celebrated World Safety Day on April 28th, 2023, with engaging and educational activities reinforcing its commitment to workplace safety and health. Here are some key points highlighting the various events and competitions in the company.

~~~~

Quiz Competition: BSRM organized a quiz competition for both management and non-management employees as part of its World Safety Day festivities. This competition challenged employees' knowledge of safety protocols, procedures, and best practices. It served as a fun and interactive way to test and enhance employees' understanding of safety in the workplace.

Word Game Competition: Another engaging activity was the Word Game Competition, which not only provided entertainment but also encouraged participants to think critically about safety-related terms and concepts. This competition added an element of creativity to the event.

Best Safety Observation/Near Miss Observation: Recognizing the importance of near-miss reporting, BSRM rewarded and acknowledged employees who had made outstanding safety observations over the years in their respective units. This initiative encouraged a culture of vigilance and proactive reporting of potential hazards.

Slogan Competition: A Slogan Competition was held to encourage employees to come up with catchy and memorable safety slogans. These slogans can serve as powerful reminders of the importance of safety in the workplace and can be displayed prominently throughout the organization.

05

PPE Wearing Competition (Safety Harness): This competition highlighted the importance of correctly wearing personal protective equipment (PPE). Employees were encouraged to demonstrate their knowledge and skills in wearing safety harnesses properly.

Fire Fighting Competition: Fire safety is paramount in industrial settings. BSRM conducted a fire-fighting competition to assess employees' readiness and proficiency in responding to fire emergencies. This activity aimed to enhance their practical knowledge of fire safety measures.

Overall, BSRM's World Safety Day program for 2023 was a comprehensive and engaging effort to reinforce the importance of safety in the workplace. These activities educated employees and fostered a sense of ownership and responsibility for security, making it a memorable and impactful celebration.

World Safety Day celebrations in all our units

BEST PRACTICE SHARING

BSRM's commitment to safety is exemplified by its proactive approach to sharing security best practices across the organization. The company ensures that valuable safety insights and lessons learned are disseminated effectively by fostering a culture of open communication and knowledge sharing. Whether through regular safety meetings, internal newsletters, or online platforms, BSRM strives to provide employees with access to a wealth of information to enhance their safety awareness and practices. Sharing safety best practices from one unit of BSRM with other teams is a proactive and commendable approach to improving safety across the entire organization.

DRIVERS' AWARENESS WEEK

BSRM has taken a proactive step toward enhancing road safety by initiating its driver's awareness campaign. This campaign is a testament to BSRM's commitment to excel in its industry and prioritize the safety and well-being of its employees, stakeholders, and the broader community. By educating and raising awareness among drivers, BSRM aims to reduce accidents and promote responsible and safe driving behaviors. BSRM recognizes the importance of collective responsibility in road safety and, through this campaign, reinforces its dedication to creating safer roads for everyone.

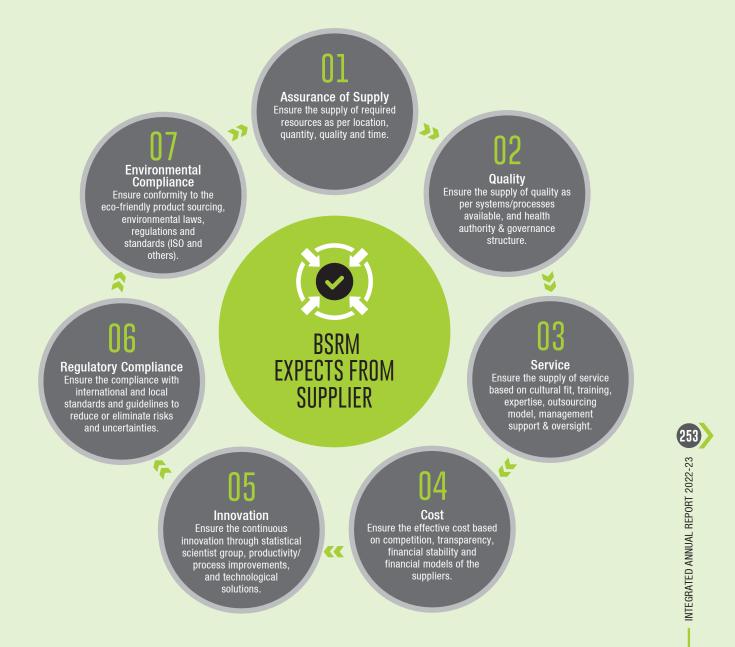

SUPPLIER DIVERSITY

Supplier diversity is a business strategy of BSRM aimed at developing a more inclusive base of suppliers when procuring goods and services.

Supplier diversity enables companies to encourage entrepreneurship in underserved, underrepresented communities, creating jobs, wealth, better health, and education in those disadvantaged communities. Moreover, a more diverse supply chain impacts the bottom line through innovation, competitiveness, and sustainability.

OUR EXPECTATION

Being at the forefront of the industry, BSRM consistently upholds the quality of its steel products through efficient and effective raw material sourcing. This achievement is made possible through the trust and strong partnerships we have cultivated with our suppliers. In line with this, BSRM seeks enduring relationships with reliable suppliers who can guarantee the delivery of high-quality materials on schedule.

CORPORATE Social Responsibility

CSR APPROACH

Corporate social responsibility (CSR) has become a standard business practice. Companies like BSRM incorporate CSR into their mission and vision, aiming to impact society while benefiting all stakeholders positively. CSR involves giving back to the community through programs that help those in need and promoting socially responsible business practices.

BSRM carries out CSR projects in a comprehensive way, including steps like analyzing community needs, forming projects with stakeholders, implementing them, monitoring progress together, and evaluating their social impact. This ensures that sustainability and social and ecological resilience principles are integrated for everyone involved.

BSRM CSR Focus Area

EDUCATION & SKILL DEVELOPMENT

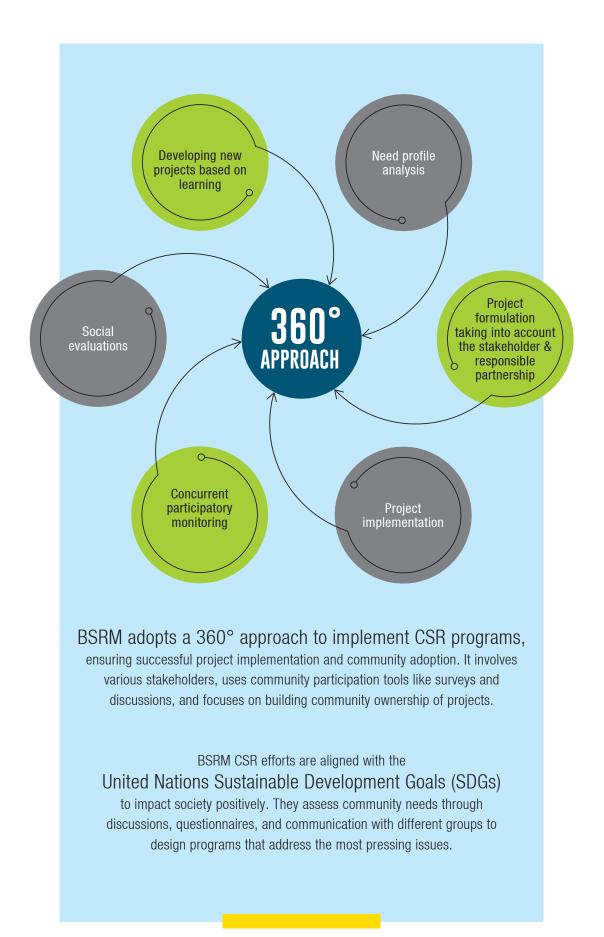

SUSTAINABLE LIVELIHOOD

ENVIRONMENT

ARTS, SPORTS AND CULTURE

RURAL INFRASTRUCTURE AND SOCIAL INCLUSION

The company follows a Triple Bottom Line (TBL) framework, considering environmental and community needs. It builds partnerships to promote sustainable development in the regions it operates. BSRM CSR activities provide leadership and support. It aligns business values with sustainability principles, emphasizing compliance, ethics, and academic rigor in CSR.

KEY OUTCOMES

PROJECT	LIVES IMPACTED
Burhani BSRM School	Over 600 underprivileged children in the slums have been taking education, with the involvement of 35 teachers and support staff.
Scholarship and stipend assistance for disadvantaged students.	 Over 5000 students have been recipients of scholarships and stipends for various categories of education through CSR. In the fiscal year 2022-2023, 300 students were granted scholarships and stipends of various educational institutions.
Assistance for children with special needs and livelihood training.	 3,000 children with disabilities received training, benefiting over 5,000 families indirectly through BSRM CSR. In the fiscal year 2022-2023, Nearly 300 individuals directly benefited from training and assistive devices provided by CSR.
"Nurturing Smiles: Cleft Lip Child Support Program	500 children underwent life-changing surgery, now their laughter fills the air. In the fiscal year 2022-2023, 130 more children received this transformative benefit
Guiding Transgender Individuals Toward Inclusion in the Mainstream	Two hundred transgender individuals have undergone job training and received a revolving fund from Unnayan Snagha potential partner of BSRM to kickstart their businesses. This support aims to help them become integral members of society and contribute to the nation's growth.
Sustainable Livelihood and women empowerment	Empowering 200 Dalit and Horizon women through skill training in Naksi Katha, Jute product handicraft making, and block batik, leading them to self-employment. Additionally, 500 underprivileged women from North Bengal have gained training in livestock management and shop operations, fostering financial independence.
Medical and health camp	Over 1,200 individuals from slum areas and underprivileged communities have received free medical treatment and support through organized medical camps. BSRM has also partnered with ICDDRB to assist ICU patients in Dhaka. Additionally, the BSRM Foundation Medical Center in Mirsari provides care to around 4,000 patients annually
Sports, Art and culture	 celebrated the Flamboyant 15th Anniversary Program of Burhani School, and Funded the establishment of libraries in four schools Sponsored the Bangabandhu Shishu Kishor Mela, supported the Youth- Led Innovation Lab organized by Save the Children,
BSRM-BRAC School Of Engineering	The BSRM School of Engineering within BRAC University stands as an exceptional hub for fostering education, research, and innovation in the field of engineering across the region. Our foremost goal is to cultivate technically proficient engineers who are not only adept I n their craft but also socially conscious, upholding the highest ethical principles and human values, while also possessing effective communication skills.
Plantation And Forest protection	 More than 20,000 community driven planation have been done. BSRM has its own Tree plantation project in each plant and warehouse environment friendly trees and fruits are planted.
Community infrastructure	 Contributed 1 crore taka worth of steel rods to support the construction of the multi-storied Autism School by FARE Foundation. Generously provided Physiotherapy equipment to enhance the facilities at Ashar Alo Autism School. Actively sponsored events and initiatives on the International Day of Persons with Disabilities organized by CRP. Extended a helping hand to individuals battling cancer and kidney diseases by assisting with their medical treatments. Made substantial contributions towards constructing mosques, Khanas, and Madrasahs. Supported education by donating books to multiple school libraries.

SKILLING FOR LIVELIHOOD OPPORTUNITIES FOR TRANSGENDER

BSRM-Unnayan Sangha to support 200 transgender persons

in the skill development program under Corporate Social Responsibility (CSR).

The Partnership Aims to Upskill Transgender at Jamalpur.

Unnayan Sangha provides comprehensive training and support to transgender individuals, including cow rearing, small entrepreneurship, screen printing, basic computer skills, tailoring, and beautification for brides. These diverse skills empower trainees to lead independent lives, relieve economic burdens, and boost self-esteem. By encouraging collaboration and offering livelihood opportunities, Unnayan Sangha helps break down societal barriers, allowing transgender individuals to participate confidently in public life and social events.

SUCCESS STORY

TOMA'S DREAM

Ripon Ahmed, also known as Toma, is a determined transgender individual from Jamalpur. Despite facing societal challenges due to his feminine nature, he excelled academically and pursued a diploma in civil engineering. Toma later joined Unnayan Sangha's program, which supported him in establishing a small business in Nandina Bazar, producing hand-printed clothing. He now employs part-time workers from the Hijra community and earns a monthly income of 15,000 to 18,000 Taka. Toma dreams of expanding this cottage industry to create more job opportunities for the Hijra community and is grateful for the support he received.

SUSTAINABLE DEVELOPMENT & WOMEN EMPOWERMENT

DECENT WORK AND ECONOMIC GROWTH

Promote sustained, inclusive, sustainable economic growth, full and productive employment, and decent work.

ZERO HUNGER Achieve food security & improve nutrition & promote sustainable agriculture.

SKILL BASED LIVELIHOOD

BSRM has been financing and partnering with several programs to promote women's livelihood and empowerment through the formation of SGH, skill-based training, capacity building, and backward and forward linkages to sustain income-generating activities.

BSRM-SARM (SOCIAL ADVANCEMENT OF RURAL MASS) LIVELIHOOD PROJECT

Dalit and horizon people of Nhilpahamarai are very neglected. They don't get access to govt and private jobs, even if they are inferior in the community. Considering their social status, BSRM and SARM arrange Nkashi katha making, Jute handicraft making, Block batik training, etc., and provide them revolving funds for starting their business. Two hundred women will come under this training and by engaging in decent jobs, they will be self-reliant and more confident. In such a way, they will contribute to the SDG as well as the GDP

BSRM-UDDAYOG FOUNDATION SELF-HELP PROJECT

Gaibandha district in Bangladesh is one of the poorest and most food-insecure areas. It consists of 7 Upazilas, with Sadullapur and Sundarganj Upazilas being the most vulnerable, including some char land areas. These regions face frequent natural disasters like floods, river erosion, storms, cold spells, and droughts, leading to significant losses in lives, income, livestock, crops, properties, and access to clean water facilities each year. Climate change also negatively affects agricultural production.

The UDDYOG Foundation (UF) is dedicated to improving the lives of marginalized and impoverished people through sustainable livelihood initiatives. To achieve this, BSRM has joined hands with UF and will provide financial support to implement a project aimed at helping the disadvantaged communities in these areas. The project will benefit 1,500 families who will receive training in livestock rearing (including goats and poultry), shop management, and nutrition education. They will also receive a revolving fund to kickstart their businesses.

ASHAR ALO - THE HOPE CENTER

Ashar Alo – Autism School works to rehabilitate and empower persons with disabilities. This initiative aims to enable persons with disabilities to be included and integrate into mainstream society. Ashar also has been providing state-of-the-art rehabilitation services, such as Physiotherapy, Occupational therapy, Speech therapy, Special education, and vocational training, through its center-based and community-based methodologies at Potenga Chattogram. In FY 22-23, BSRM partnered with Ashar Alo to support 90 special children.

BSRM-Ashar Alo aided partnership provides

- Physiotherapy for mobility improvement
- Special education to mentally disabled children for cognitive, social, and psychological development with appropriate life skills
- Special education for speech and deaf children and
- Creating opportunities for skill training to make them self-reliant

DISTRIBUTION OF ASSISTIVE AIDS AND APPLIANCES BSRM-HI SELF-HELP PROJECT

BSRM, along with Handicap International, is working together to support children and individuals with special needs. We've been running programs in Kurigram villages to provide training, medicine, and assistive devices to those with disabilities. In this project, we'll help 720 people with various types of disabilities by giving them different training and support to start their businesses.

WHERE THERE IS A WILL THERE IS A WAY FROM MISERY TO HOPE BABUL CHANDRA BARMON A PERSON WITH A DISABILITY AND HIS FAMILY!

Babul Chandra Barmon, a man with a disability in Kurigram, Bangladesh, faced financial hardship after a leg amputation following a work accident. His wife became a housemaid to support the family.

In 2019, they received help from BSRM and Handicap International, including a modified tricycle, a toilet chair, medical support, and business funding. They started making paper packets, earning a stable income.

The support allowed their children to continue their education without worry. Babul and his family thank BSRM and Handicap International for changing their lives.

EMPOWERING INDIVIDUALS THROUGH EDUCATION

BSRM SCHOOL OF ENGINEERING

BSRM and BRAC University have teamed up to rename their engineering school as the BSRM School of Engineering. They plan to bring top-class teachers, fund vital research in critical areas, and improve the curriculum. BSRM is also contributing money to the university's funds, which will be used to provide scholarships for five engineering students

Aameir Alihussain, the Managing Director of BSRM Group, said they're happy to support sustainable development in Bangladesh, a tradition they've followed for a long time. BRAC University, founded by Sir Fazle Hasan Abed, aims to train ethical leaders who can positively change society. Students and teachers there work together on various projects that benefit the community in many ways.

Tamara Hasan Abed, Chairperson of the Board of Trustees at BRAC University, welcomed the contribution from the BSRM Group of Companies. She mentioned that it will help the university lead discussions on innovation, development, and social progress worldwide while staying true to its founding values.

BURHANI BSRM SCHOOL

In 2006, the Burhani BSRM School was created in Depar Par, Shershah, Bangla Bazar, Chattogram. This area has many poor people who struggle to pay for their basic needs. Some work as rickshaw pullers, day laborers, or in small shops. Women often work as maids or in temporary jobs.

The school provides free education for kids from nursery to grade 10. As Nelson Mandela once said, "Education is the most powerful weapon you can use to change the world." We aim to help students succeed in their studies, prepare them for the future, and teach them to be responsible citizens. We give students free books, extra study help, computer lessons, and sports and art activities. Some students even get scholarships based on their excellent grades.

Currently, over 600 children from the slum areas go to our school. We have 35 teachers and staff working hard to provide a good education. This helps make our community safer and better.

We're happy we got permission to teach up to grade 9 this year. As Burhani BSRM School marks its 15th anniversary, we're proud to keep making a difference in the lives of many kids and their families in our community.

HEALTH

BSRM FOUNDATION MEDICAL CENTER

To alleviate the financial and mental distress experienced by underprivileged patients, who either lack access to quality healthcare or are burdened by exorbitant medical expenses, BSRM has established a diagnostic center in the South Sona Pahar area of Zorargonj, located within the Mirsarai upazila in Chittagong.

The primary objective of this diagnostic center is to offer Outpatient (OPD) services to approximately 5,000 families residing in the Mirsarai and Sitakunda upazilas, as well as to all BSRM employees and their families living in these areas. Inaugurated in June 2016, the center has expanded its range of services, including doctor consultations, diagnostic assessments, operating theater services, accident and emergency care, physiotherapy, dispensary services, and ultrasonography. A team of four doctors provides essential medical care to the patients.

HEALTH & HYGIENE PROJECT IN CHATTOGRAM

The project's primary objective is to provide curative and preventative healthcare services to support the economically disadvantaged residents of Chattogram. This is accomplished through the Health Camp service of the Chattogram Field Hospital Foundation, which aims to improve overall community health. Specific objectives include conducting health camps, offering medical support to marginalized individuals, providing comprehensive treatment and rehabilitation, raising awareness, early disease intervention, and ensuring institutional health service delivery. The campaign aims to reach 1,200 slums in total.

AGRICULTURE INITIATIVE

YPSA-BSRM INTEGRATED AGRO DEVELOPMENT PROJECT AT SITAKUNDA AND MIRSHARI

This agricultural project with YPSA targets 1,000 farmers to advance their skills and knowledge in sustainable farming. By embracing eco-friendly practices, including organic cultivation and reduced pesticide use, it aims to increase crop yields, preserve the environment, and reduce farming expenses. Ultimately, this initiative strives to empower farmers, improve their livelihoods, ensure food security, and promote a more resilient and sustainable agricultural sector.

RESPONSE TO CRISIS

SUPPORTING PEOPLE AFFECTED BY FLOODS

Every year, heavy rains and floods bring suffering to our country. Floods have hit many areas, including Sylhet, causing problems for people and animals. The situation was terrible in Sylhet, Sunamganj, and other northern districts like Kurigram.

These areas are still recovering from the first flood, and now they're hit by a second wave of flooding. The continuous rain and hilly terrain are causing water levels to rise, and many villages and areas are underwater. This year's flood is unlike any we've seen before.

To help, BSRM has joined hands with organizations like OBAT Helpers, GUK, SARM, and YPSA to assist people affected by the floods. They've provided essential items like medicine, materials for fixing houses, food, and clean drinking water to help 3,000 people in need.

SUPPORT DURING COVID-19 PANDEMIC

When COVID was at its peak, BSRM supplied high-flow nasal cannulas, oxygen cylinders, oxy flow meters, pulse oximeters, non-rebreathing masks and a central oxygen system. BSRM also distributed PPEs, masks, oxygen cylinders, hand sanitizers and other necessary health kits in public and private healthcare facilities. BSRM also stood by people with low incomes during any emergency or after any natural event amid the pandemic. For instance, during last year's countrywide lockdown, the company distributed relief materials to the urban poor in Dhaka and Chittagong. They were handed over food and hygiene packages. The contribution came when the Covid-19 crisis worsened and people lost employment. In such a situation, financial aid was a little reason to smile on the face of the beneficiaries.

CONTRIBUTION TO PEOPLE IN FLOOD-AFFECTED AREAS

BSRM supported flood-affected people in various areas by distributing emergency food items, daily necessities, medicines, and house-building essentials. This project provided food support to 250 families in the Sylhet area, 400 in the Kurigram area, and 235 in the Gaibanda area. Further, 50 families of Sylhet & Sunamgonj will receive house repairing materials, medicine, food and vegetable seeds. BSRM worked with several NGOs, i.e., YPSA, GUK, OBAT, and SARM, to reach out to people in flood-affected areas to implement the objective.

CANTONMENT PUBLIC SCHOOL AND COLLEGE - ENHANCING THE CAPACITY OF THE SCHOOL

Cantonment Public School and College was established in Bangladesh Military Academy premises in Bhatiyari Chattogram to facilitate elementary education primarily for BMA officers' children and partly for civilians. The institution is run by a Bangladesh Military Academy (BMA) governing panel. Initially BSRM was allowed to enhance the school's capacity by sponsoring the construction of a classroom. From 2015-2018, BSRM gave stipends to ten hard-working, deserving students from Iow-income families to help them complete their education up to the SSC level. Now, 30 students are given a grant to pursue their education.

CONDITIONAL CASH TRANSFER SUPPORT FOR CHILDREN WITH DISABILITIES

BSRM has partnered with the United Nations Children's Fund (UNICEF) to provide cash support to children with disabilities. The number of beneficiaries of the project is 160. The project lasts three years (October 2019 to October 2022).

KEEP SMILING (Cleft Lip project)

Cleft lip and cleft palate are congenital disabilities, according to medical science. In a low-income family, when a child is born with such defects, the child's treatment can't be ensured due to the parents' financial condition. Most often, the children's mother is blamed for the child's deformity, worsening the situation in their respective families. In most cases, these children are deprived of education as they are not welcome in school. Their life becomes more brutal when they grow up as they fail to make a better living because of their academic debacle. They are even neglected in the society. Keeping all these issues in mind, the Child Health Awareness Foundation (CHAF) signed a deal to raise funds, on a cost-sharing basis. As many as 900 children underwent surgeries under the project's first phase, with BSRM funding 85 surgeries at a local private hospital. In 2021, BSRM bear the expenses of 55 surgeries.

INTEGRATED AGRO DEVELOPMENT PROJECT AT SITAKUNDA AND MIRSHARAI

BSRM joined hands with Young Power in Social Action (YPSA) to support poor farmers with agriculture-based skill development training. The professional training program is planned to enhance the farmers' knowledge, upgrading their capacity in agriculture practices. This initiative ensures improved livelihood and family food security through sustainable integrated farming. Under this project, farmers are facilitated with free pesticides and fertilizers to ensure maximum success from integrated agriculture. Through this project, 800 farmers will be receiving benefits over time. In the first year, a total of 300 farmers will receive benefits.

ZERO CLUBFOOT PROJECT

BSRM has partnered with LMRF and SNADF since September 2015 to cure neglected club foot. This project has supported a scheme of modified PONSETI treatment comprising serial casting, TENOTOMY, and long-term wearing of special shoes for children born with clubfoot deformity. Under this project, 320 children of Chattogram have been supported so far.

SUPPORT AND EMPOWER THE DISPLACED LANDLESS IN THE REMOTE CHARS OF SIRAJGONJ DISTRICT

BSRM partnered with the National Development Program (NDP) to support poor people with no scope or access to microfinance to improve their living standards. Through this project, BSRM aims to enhance the livelihood of the disadvantaged people living in remote Chars of Sirajgonj district through better financial services. The focus area of this project is to ensure access to micro-credit services, reduce the char dwellers' dependency on the local money lenders that usually charge higher interest, and provide a friendly customized micro-finance model. BSRM will offer interest-free loans to scale up NDP's capacity. The project will facilitate about 1050 households or lives of about 5,000 people, including school-going children.

SUPPORT AND EMPOWER THE DISPLACED, LANDLESS AND HILL DEPENDENT PEOPLE IN THE MIRSHARAI AREA

BSRM in partnership with YPSA, has taken the initiative to Support and Empower the Displaced, Landless and Hill Dependent People in the Mirsharai Area to improve the livelihood of disadvantaged people. Through this project, marginalized people will have access to micro-credit services. Besides, the project will attempt to reduce the dependency of the community people on the forest by creating non-forest-based livelihood opportunities. It is expected that 1,219 households of 7 villages of 4 unions in Mirsharai Upazilla will benefit from this project.

SUPPORT FOR VULNERABLE WOMEN TO IRREGULAR MIGRATION AND TRAFFICKING

Women residing in border areas desperate to provide financial support for their families are regularly exploited and targeted by human traffickers. BSRM joined hands with ADORE to support marginalized women vulnerable to trafficking, sexual harassment, and high health risks. In association with the Alternative Development Organization for Research & Evaluation (ADORE), BSRM set up a skill training center to train these women in the Durgapur area of Bagherpara Upazila under the Jashore district. Initiated in September 2013, this project aims to teach women valuable skills to help them become self-reliant and support their children and families. The training center is equipped with the required tools and machines to facilitate training on tailoring, stitching cloths, embroidery, block printing, etc. It has changed the lives of many women vulnerable to irregular migration and trafficking, who can not only stay at home with their families now but also make enough money to live a decent life. Now, 250 women have been trained in sewing, block batik, and hand stitching. Some are now entrepreneurs, and some are engaged in income-generating activities.

BURHANI BSRM SCHOOL

Burhani BSRM School was established in 2006 in Depar par, Shershah of Bangla Bazar, Chattogram. The majority of the population in that area is impoverished and finds it challenging to manage daily basic living expenses. Many worked as rickshaw pullers, day laborers, or art menial jobs in small shops. The women who work get a job as maids or day laborers. Burhani BSRM School provides free education from nursery to grade 8 kids. This project aims to prepare students for academic success in their further education, enable students for future endeavors, and prepare them to be responsible and productive citizens. The school provides free books, extra coaching, computer training, sports/ art facilities and uniforms. The meritorious students get scholarships based on academic results. After grade 8, BSRM financially supports these students to continue studying in nearby schools to pursue higher education. BSRM takes the responsibility of providing all the funding for the school expenses. More than 500 slum children are taking instruction from the school.

STAKEHOLDERS RELATIONSHIP GRIEVANCE REDRESSAL

CUSTOMER'S PERSPECTIVE

At BSRM, we are committed to providing our customers with the highest level of satisfaction. However, we understand that issues and concerns may arise from time to time. This Customer Redressal Policy outlines our approach to promptly and effectively addressing customer grievances and ensuring a positive experience.

1. Accessibility

We provide multiple channels for customers to reach us and voice their concerns

- Online Ticketing System: Customers can raise problem tickets in the system.
- Email Support: Customers can email us at [email address] for written communication.
- Website Contact Form: An online form available on our website for submitting grievances.
- Physical Offices: Customers can also visit our offices for in-person assistance.

2. Prompt Response

We are committed to acknowledging customer grievances within 24 hours of receipt, regardless of the channel used for communication. This acknowledgment will include a reference number for tracking the status of the complaint.

3. Investigation and Resolution

Upon receipt of a grievance, our Customer Support team will initiate an investigation to understand the issue thoroughly. The resolution process will involve

- 1. Gathering relevant information and documents.
- 2. Evaluating the issue's validity and severity.
- 3. Identifying potential solutions or actions for resolution.
- 4. Communicating with the customer to keep them informed of progress.

4. Escalation

Customers can escalate the matter if dissatisfied with the initial response or resolution. The escalation process involves

- 1. Contacting a designated senior representative within BSRM.
- 2. A fresh review of the grievance.
- 3. Providing an escalated response.

5. Regular Updates

We keep customers informed of the progress of their grievances at regular intervals until resolution. If a complaint requires more time for investigation or solution, we will provide an interim update explaining the delay.

6. Privacy and Confidentiality

We treat all customer grievances with the utmost privacy and confidentiality. Customer information and complaint details are shared only with those directly involved in the resolution process

7. Customer Feedback

After resolving a grievance, we encourage customers to provide feedback on their experience with our redressal process. This feedback will help us continually improve our services.

8. Closure and Documentation

Once a grievance is resolved to the customer's satisfaction, we will formally close the case, documenting the details of the complaint, investigation, and resolution for future reference.

9. Continuous Improvement

BSRM is committed to continuously improving our products and services based on customer feedback and the lessons learned from handling grievances. We use this feedback to enhance our processes and avoid similar issues in the future.

At BSRM, we believe effective grievance redressal is essential to building and maintaining trust with our customers. This Customer Redressal Policy ensures that we are responsive, accountable, and committed to resolving customer concerns promptly and fairly. We value our customers' feedback and are dedicated to providing them with the best possible experience.

EMPLOYEE'S PERSPECTIVE

Employees are the human capital of the company. We are committed to providing a comfortable work environment to our employees to enrich their productivity. To resolve undesirable issues in the workplace and create a conducive working environment, we have a robust Grievance Handling practice where employees can raise the case through the SuccessFactors portal or drop it in the suggestion box. Our HR department takes necessary measures to redress if any adverse situation arises. In 2023, we received no significant complaints about our employees.

SHAREHOLDER'S PERSPECTIVE

BSRM strongly believes in maintaining smooth and interactive relationships with the stakeholders. We proactively pursue a high-quality stakeholder redressal policy to handle all types of grievances and complaints effectively and fairly. BSRM strongly believes in the equitable treatment of every shareholder. We resolve any shareholders' complaint on a priority basis and have committed to serve the appropriate mechanism to address the shareholders' grievance within the company's stipulated time frame.

REDRESSAL POLICY

BSRM redressal system covers the following issues

- Receiving complaints for non-receipt of dividend warrant, dividend intimation letter, cash dividend;
- Clarification of any price-sensitive information over the telephone;
- Grievance for not receiving the Annual Report, quarterly. Half-yearly financial information/ position within the timeframe.

Any Investors may lodge their complaint about their investment in the company through a formal letter, the Company's official e-mail ID, i.e., **investors@bsrm.com** and a phone call to the Company Secretary and Share Department. We focus on addressing those complaints within the shortest possible time.

REDRESSAL PROCESS OF BSRM

- Complaints raised by the investors/ shareholders dealt with courtesy and promptly
- Complaints are treated and solved efficiently and treated fairly
- We communicate to the shareholders to collect the dividend warrants, which have been refunded for non-delivery by the courier.
- Cheques are re-issued against expired dividend warrants upon demand.
- Dividend warrants are issued in case of failure to send dividends through the BEFTN system.
- We issue dividend notice (CDBL Shareholding report as on record date) after completing dividend disbursement and send dividend notice through e-mail/courier/direct as and when required.
- An E-mail or letter must be sent to all the investors who have submitted written complaints.

GOVERNANCE >>>

GOVERNING FOR AN AGILE, Resilient, and responsible BSRM

Strong governance is behind the culture of invention and curiosity that has driven our business across regions and industries. Today, we focus on implementing best practice governance principles to operate an ethical company that our stakeholders trust.

OUR GOVERNANCE

The Management of BSRM Group is committed to ensuring good corporate governance by following all applicable rules, regulations, and business ethics for sustainability and growth. Our corporate governance emerges from applying the best and sound management practices and compliance with all applicable laws and regulations. BSRM has been a business leader in the steel sector since its beginning in 1952. It earns a considerable reputation for its transparent and ethical practices. The management continuously reviews and updates its corporate governance framework and practices.

Environmental, social, and governance (ESG) matters are overseen and managed at multiple levels within BSRM.

The board of directors of the Company is involved in preparing and monitoring Company's strategy, its operational performance and effectiveness of internal control system.

FORMATION OF BOARD OF DIRECTORS & MANAGEMENT COMMITTEE

A five-member Board of Directors regularly reviews the operation of the Company. All those directors are elected in the Annual General Meeting. The directors periodically attend the board meeting after the board approves a detailed discussion agenda.

Inclusion of independent director

According to the Bangladesh Securities and Exchange Commission directive, one independent director has been included in the board. He is a non-executive director.

Formation of Audit Committee and some other committees.

Several committees have been formed to ensure good governance.

Management Committee with the following personnel:

Tapan Sengupta	Deputy Managing Director
Hasan Zafar Chowdhury	Chief Operating Officer, Steels
Shekhar Ranjan Kar FCA	Head of Finance & Accounts and Company Secretary
Md. Azizul Haque	Head of Manufacturing
Jamil Ahmed	Head of Human Resources
Mohammad Imtiaz Uddin Chowdhury	Head of Sales & Marketing
Sanjoy Kumar Ghosh	Head of Supply Chain Management

Audit Committee with the following personnel

Mr. Gobinda Chandra Paul FCA	Chairman
Mr. Aameir Alihussain	Member
Mrs. Sabeen Aameir	Member
Mr. Shekhar Ranjan Kar, FCA	Secretary

Nomination and Remuneration Committee with following personnel

Mr. Gobinda Chandra Paul FCA	Chairman
Mr. Aameir Alihussain	Member
Mrs. Sabeen Aameir	Member
Mr. Shekhar Ranjan Kar, FCA	Secretary

The scope and roles of these committees are clearly defined and approved by the Board of Directors.

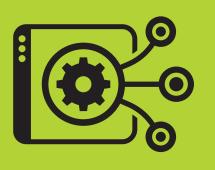

As per the Corporate governance guidelines of BSEC Mr. Sidhartha Barua FCA, partner of MM Rahman & Co, Chartered Accountants has been appointed to observe and certify Corporate Governance Compliance Report as the Compliance Auditor.

INTEGRATED MANAGEMENT SYSTEM

284

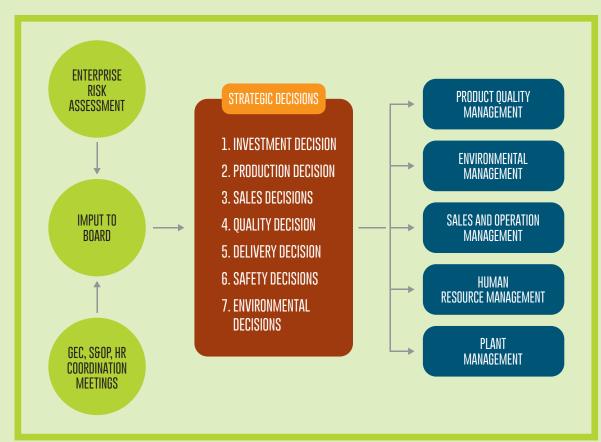

INTEGRATED ANNUAL REPORT 2022-23

BSRM implemented an integrated management system (IMS) combining various management systems (e.g., quality, environmental, occupational health and safety, information security, energy, and asset management) into a comprehensive, and harmonized management system.

The combined approach provides a valuable overview of essential business processes, creates significant synergies, and pools resources, forming a solid enterprise foundation. During management review, the top management of BSRM evaluates processes and makes changes needed to ensure that the methods achieve intended results and improve the IMS.

INTERACTION OF PROCESS AT TOP MANAGEMENT LEVEL

BOARD OVERSIGHT

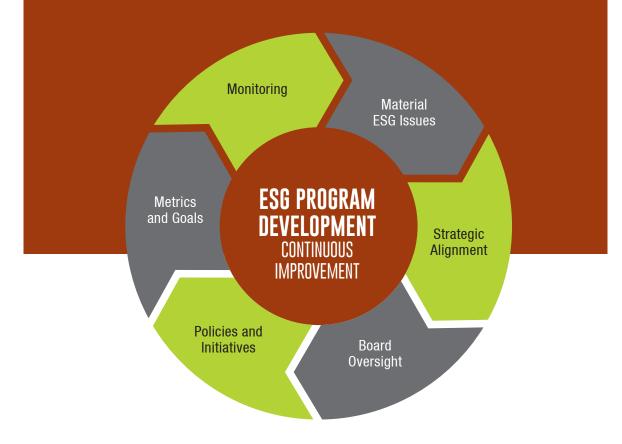

BSRM's Board, assisted by its sub-committees, oversees significant risks affecting the company's business, including environmental, social and governance matters. BSRM's Board and its committees exercise oversight of our values and our people through review and discussion with the management of progress relating to our values: Sustainable growth, quality, reliability, trust, leadership, social responsibility and customer satisfaction.

Matters that benefit from specialized attention are reserved for specific committees. For example, the Audit Committee oversees our Financial Reporting Process (see page 93), while the Nomination and Remuneration Committee (NRC) oversees our formulation of policy on Nomination and Remuneration (see page 95). The full Board also directly oversees specific issues such as BSRM's progress toward implementing the vision, essential procedures, SOPs etc.

MANAGEMENT OF ESG

Work on environmental and social initiatives is embedded across the business lines, with broad collaboration to drive forward initiatives that are important to BSRM. BSRM's management is responsible for the development, review, and execution of plans designed to minimize BSRM's impact on the environment. Management leads our efforts and progress in protecting people and the planet across our supply chain.

Across our business, BSRM has developed internal systems and procedures for managing environmental, social, and governance topics, including engaging with external stakeholders to learn about their priorities, get feedback, and coordinate relevant projects and initiatives.

CODE OF CONDUCT OF BOARD MEMBERS

OBJECTIVE

To maintain high standards of governance, to recognize the virtues of honesty and accountability, and to serve as a guideline for addressing situations involving ethical issues in all spheres of activities of the Company, the following code of conduct is required to be observed.

KEY REQUIREMENTS

The Board Members must act within the authority conferred upon them and in the best interests of the Company and observe the following code of conduct:

BSRM – ONE STEP AHEAD IN DIGITIZATION AND INFORMATION SECURITY

In a strategic move aimed at optimizing efficiency, enhancing collaboration and fortifying our information security, BSRM has successfully shifted the Enterprise Resource Planning (ERP) system to the cloud. This transition marks a significant milestone for the organization, as it empowers us to leverage the advantages of cloud technology while implementing robust security processes. By embracing this innovative approach, BSRM exemplifies the commitment to staying ahead in an increasingly digitized and interconnected business landscape.

BSRM's migration to the cloud has been accompanied by implementing of different security processes, ensuring our valuable data remains safe and protected. Recognizing the evolving nature of cyber threats, we have proactively strengthened our information security framework to safeguard against potential vulnerabilities and breaches.

Implementing SAP Success Factors (SF) modules provides BSRM's structured approach to measuring, managing, and improving performance, leading to increased productivity, efficiency, and effectiveness across various levels and functions. SF also provides a measurable framework for evaluating performance and progress by developing a culture of continuous improvement by identifying areas for optimization and innovation. By regularly reviewing performance metrics, BSRM can identify bottlenecks, streamline processes, and implement best practices to improve efficiency and productivity.

BSRM IT has successfully implemented various automation processes, such as transitioning from industry level 2 to level 4, adopting e-budgeting practices, sales process digitization, etc. These innovative processes leverage advanced technologies, automation, and data analytics to optimize processes, reduce manual work, and streamline operations. This increased efficiency translates into cost savings, faster turnaround times, and improved productivity for BSRM.

Investing in information security measures represents a forward-thinking approach to business operations by management and BSRM IT. This strategic move positions BSRM as an industry leader in embracing digital transformation and fortifying our information security framework for a resilient future.

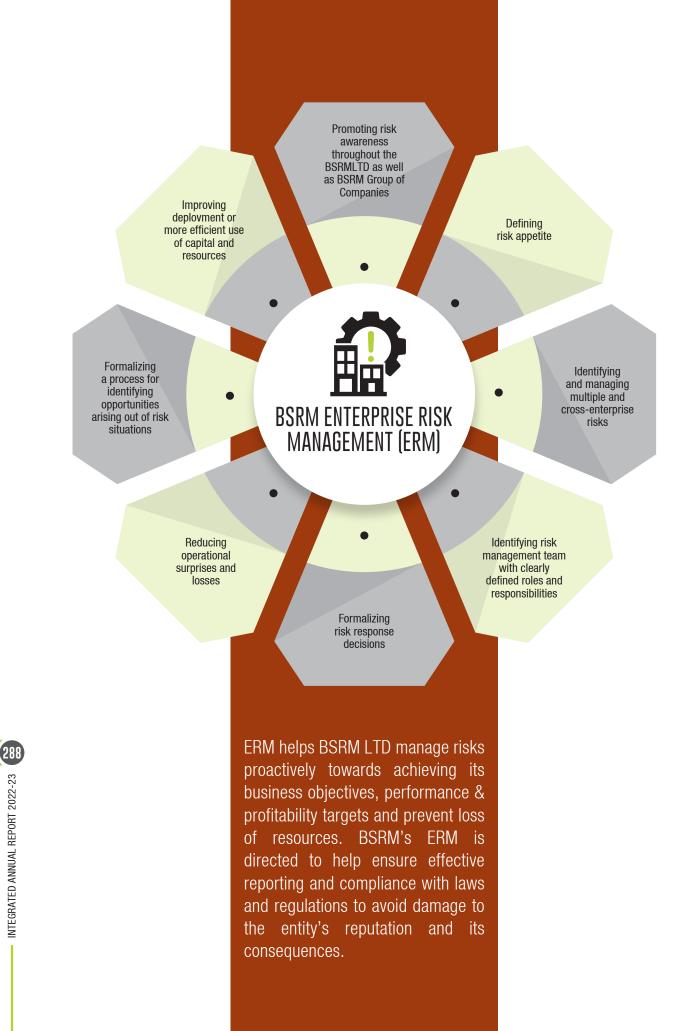

ENTERPRISE RISK MANAGEMENT

The Enterprise Risk Management framework (ERM) is a set of components that provide the foundation for designing, implementing, monitoring, reviewing and continually improving risk management throughout the BSRM Group of Companies. The ERM framework for the Group has been developed keeping in mind the needs of internal and external stakeholders

The BSRM Group's ERM framework is based on the 'Risk Management -Principles and Guidelines' developed by the International Organization for Standardization (ISO 31000:2009 – Risk Management Principles and Guidelines).

In addition, several good practices recommended by the Committee of Sponsoring Organizations (COSO) for ERM have been incorporated into BSRM Group's endeavor to build a world-class ERM framework and processes.

BSRM Enterprise Risk Management ("ERM") Framework guides implementation of a consistent, efficient, and economical approach to identify, evaluate, and respond to critical risks that may impact business objectives. BSRM's enterprise risk management framework enables management to effectively deal with uncertainty and associated risks and opportunities, enhancing the capacity to build value. The Steps are:

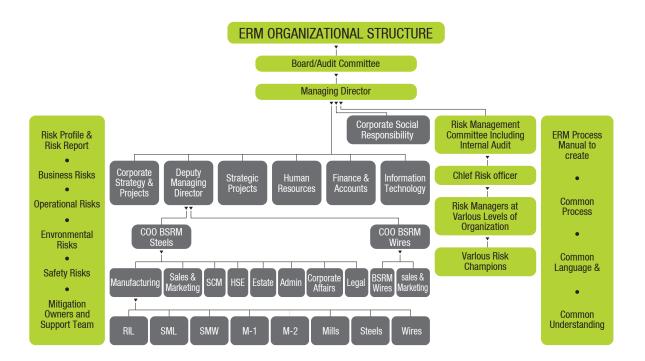

ENTERPRISE RISK MANAGEMENT STRUCTURE

The Group's Enterprise Risk Management (ERM) organization structure identifies key internal stakeholders responsible for creating, implementing and sustaining the ERM initiative in the Group. The ERM structure leverages the existing Organizational structure in the Group.

The ERM structure aligns individuals, teams and departments with the intent of establishing responsibility and accountability for:

- Integrating ERM into the Group's culture
- Facilitating and monitoring effective implementation of the ERM framework
- Ensuring that the ERM framework and its components are current

FUNDAMENTAL PRINCIPLES OF ERM FRAMEWORK

The guiding principles of BSRM's Risk Management Framework are as follows:

RISK MANAGEMENT METHODOLOGY OF BSRM

Risk

Stated risk is the possibility that an event will occur and adversely affect the achievement of objectives. Risks can be thought of as threats, uncertainty or lost opportunity.

Risk Management as a process

The process of Risk Management deals with how the organization

RISK MANAGEMENT GUIDELINES

The ERM guidelines provide supporting information to assist Management in the execution of the ERM processes. ERM process is the systematic application of management policies, procedures and practices to communicate, consult and establish the context for ERM in BSRM Group of Companies. The ERM process comprising risk identification & assessment, risk treatment and monitoring applies across the organizational lifecycle.

DISCLOSURE OF RISK REPORTING

We are following the below process for risk reporting in the BSRM Group of Companies:

Documentation	Description	Monitored by
Risk Register and Profile	Record identified Risks and detailed description of risk that needs to be prioritized	Designated Risk Manager
Risk response and mitigation	Detailed current risk response and details of Management actions with timelines	Designated Mitigation Owner and Risk Manager
Risk Report at Business unit and corporate level	A report/form of communication intended to inform particular stakeholders by providing information regarding the current state of critical risks and their management. It is represented by a "Heat Map" where key risks are plotted and supported by the detailed risk profiles	Risk Managers, Chief Risk Officer and Risk Steering Committee
Risk report at group level	Executive Summary Report with the selected top risks and responses at the group level	Chief Risk Officer.

REGULATORY COMPLIANCE REPORT

Corporate Governance Report

Corporate governance refers to the structures and processes for the direction and control of companies. Sound corporate governance is a fundamental part of the culture of the Company and ensures long-term success. Corporate governance concerns the relationships among the management, Board of Directors, controlling shareholders, minority shareholders and other stakeholders. Good corporate governance contributes to sustainable economic development by enhancing the performance of companies.

The Board of Directors of **Bangladesh Steel Re-Rolling Mills Limited** is firmly committed to upholding sound corporate governance principles. The main objective of corporate governance is creating lasting value for stakeholders.

Transparency in the business transaction and disclosure of information to regulatory bodies as part of its legal obligations constitute sound corporate governance. Good corporate governance also means conformity to sound ethical principles and a code of conduct in business dealings.

Board of Directors

The Board of Directors are the representatives and trustees of the shareholders of the Company. The Board of Directors of **Bangladesh Steel Re-Rolling Mills Limited** comprises five members including the Chairman, Managing Director, and one Independent Director in compliance with the Corporate Governance Code of BSEC. The Board of Directors performs its responsibilities, including setting the Company's strategic objectives, providing leadership, supervision, and safeguarding shareholders' interests.

Selection and appointment of new Directors

Directors should ensure that the Company is properly managed to protect and enhance shareholder value and to meet the Company's obligations to shareholders, to the industry and to the law. In carrying out this duty, the Board should always be mindful of the need for establishing a Board that enhances the efficient and effective running of the Company. In relation to the selection and appointment of new Directors (if any), the existing Board of Directors has the following duties and responsibilities:

- Regularly review the size and composition of the Board and the mix of expertise, skills, experience and perspectives that may be desirable to permit the Board to execute its functions.
- Identify any competencies not adequately represented and agree to the process necessary to be assured that a candidate nominated by the board members/ shareholders with those competencies is selected.
- Ensure that the Board maintains at least 5 Directors, with an independent Director and have a reputable standing in the industry.

The Directors are appointed by the shareholders in the Annual General Meeting (AGM). Casual vacancies, if any, are filled by the Board in accordance with the stipulations of the Companies Act, 1994 and the Articles of the Company.

Retirement and re-election of Directors

As per the Articles of Association of the Company, one-third of the Directors are required to retire from the Board every year, comprising those who have been in the office the longest since their last election. A retiring Director shall be eligible for re-election.

Audit Committee

Bangladesh Steel Re-Rolling Mills Limited has an Audit Committee as a sub-committee of the Board of Directors. This Committee assists the Board of Directors in ensuring that the Financial Statements reflect an accurate and fair view of the state of affairs of the Company and in providing a sound monitoring system within the business. The Committee reports to the Board of Directors. Its duties and responsibilities are clearly outlined in writing.

The Audit Committee holds regular meetings on the following significant issues:

- To review the financial statements (consolidated and separate) and reporting process and monitor the choice of accounting policies and principles;
- To review the financial statements of subsidiaries;
- To review the business risk management;
- To review the internal audit assessment;
- To oversee the good corporate practices;
- To review the adequacy of internal control systems/ audit functions, etc.

A separate report of the audit committee is included in this Annual Report.

Nomination and Remuneration Committee (NRC)

Bangladesh Steel Re-Rolling Mills Limited has a Nomination and Remuneration Committee (NRC) as a sub-committee of the Board of Directors. This committee will assist the Board of Directors formulate the nomination criteria or policy to determine the qualifications, experiences, remuneration, and independence of directors and top-level executives. The NRC is comprised of three members including one Independent Director.

A separate report of the Nomination and Remuneration Committee is included in this Annual Report.

Chairman of the Board and Managing Director

In **Bangladesh Steel Re-Rolling Mills Limited**, the Chairman and Managing Director are two separate individuals selected from the Board of Directors. Both are performing defined responsibilities and focusing on the strategic value addition of the company. The Managing Director performs the role of Chief Executive Officer.

Directors' Report to Shareholders

The Board of Directors reports the company's activities' performance, annual achievements, and status to the shareholders. They also convey the plan and outlook of the industry and company in their report.

Chief Financial Officer (CFO), Company Secretary (CS) and Head of Internal Audit & Compliance (HIAC)

The company has appointed qualified Professional Accountants designated as Chief Financial Officer, Company Secretary, and Head of Internal Audit & Compliance. The CFO and Company Secretary regularly advise and assist the Board on the regulatory bodies' financial strategy and compliance issues. The Chief Financial Officer, Company Secretary, and HIAC attend Board Meetings as per Corporate Governance notification of the BSEC. The company's internal audit department is headed by a Head of Internal Audit and compliance with professional expertise and long experiences in the field of internal audit and a degree in Information System Audit. The Board of Directors has clearly defined the roles, responsibilities, and duties of the Chief Financial Officer, Company Secretary, and Head of Internal Audit & Compliance.

Internal Audit and Control

Bangladesh Steel Re-Rolling Mills Limited has established an Internal Audit Department consisting of professional and knowledgeable employees headed by the Head of Internal Audit and Compliance. Internal Audit Department directly reports to the Board of Directors. The internal Audit department regularly conducts its audit based on a yearly Internal Audit Plan. It checks, verifies, and reviews the compliance of Internal Control Procedures, areas of risk, and other regulatory requirements.

External Auditors

External Auditors of **Bangladesh Steel Re-Rolling Mills Limited** are appointed in every Annual General Meeting (AGM) by the company's Shareholders as per the Companies Act 1994. The Company also conforms to the Bangladesh Securities and Exchange Commission (BSEC) requirements in appointing external auditors. External auditors are not engaged in tasks other than external /statutory audit.

Subsidiary Company

BSRM (Hong Kong) Limited is the Subsidiary Company of **Bangladesh Steel Re-Rolling Mills Limited**. As per the Corporate Governance Code of BSEC, the Minutes of the meeting of the subsidiary company are reviewed by the Board of the holding company. The Audit Committee of Bangladesh Steel Re-Rolling Mills Limited (holding company) also examines the Financial Statements of the subsidiary company.

Key Management Committee

There are other sub-committees to the Board of Directors to assist the Board in making and formulating the company's strategic objectives and policies, namely the Management Committee. The committee members regularly sit for discussing and reviewing the activities of the Company.

Certification in Compliance with the Corporate Governance Code of BSEC

A certificate regarding compliance with conditions of the Corporate Governance Code of the Bangladesh Securities and Exchange Commission issued by M M Rahman & Co., Chartered Accountants, is included in **Annexure-B** in this Annual Report

A company's culture is what transforms its people into a team. It sets expectations on how people behave and work together, and how well they function as a team. A strong, people-centric culture breaks down boundaries, guides decision-making and improves overall workflow.

STRONG ORGANIZATIONAL CULTURE

INDEPENDENT AUDITOR'S REPORT & AUDITED FINANCIAL STATEMENTS OF

Bangladesh Steel Re-Rolling Mills Limited

> FOR THE YEAR ENDED JUNE 30, 2023

Independent Auditor's Report To the Shareholders of Bangladesh Steel Re-Rolling Mills Limited

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of Bangladesh Steel Re-Rolling Mills Limited and its subsidiaries ("the Group") as well as the separate financial statements of Bangladesh Steel Re-Rolling Mills Limited ("the Company") which comprise the consolidated and separate statement of financial position as at 30 June 2023, and the consolidated and separate statement of profit or loss and other comprehensive income, consolidated and separate statement of changes in equity and consolidated and separate statement of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Company as at 30 June 2023, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of the consolidated and the separate financial statements of the current period. These matters were addressed in the context of the audit of the consolidated and the separate financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Main Office: Gulshan Pink City, Level: 7, Plot # 15, Road # 103, Gulshan, Dhaka-1212, Bangladesh; 🕿 +880-2-8881824-6, 🖬 aqasem@aqcbd.com Chattogram Office: Faruk Mahal (3rd Floor), Plot # 93, Agrabad C/A, Chittagong-4100, Bangladesh; 🕿 +880-31-715656, 718066, 📾 aqasemctg@aqcbd.com Tax & Company Affairs Office: Ivory Krishnachura (5th Floor), 3/1-E, Purana Paltan, Dhaka-1000, Bangladesh; 🕿 +880-2-9551103, 9584925, 📾 aqasemtax@aqcbd.com

The key audit matter	How our audit addressed the key audit matter
Accuracy and completeness of disclosure of related party transactions- see notes 8, 13, 26, and 46 to the financial statements	Our procedures in relation to the accuracy and completeness of disclosure of related parties' transactions included:
We identified the accuracy and completeness of disclosure of related party transactions as set out in respective notes to the separate and consolidated financial statements as a key audit matter due to the high volume of business transactions with related parties during the year ended 30 June 2023.	 Obtaining an understanding of the Group/Company's policies and procedures in respect of identifying related parties; approval and recording of related party transactions including how management determines all transactions/ balances with related parties are determined at arm's length and entered into in the normal course of business and further fully disclosed in the financial statement.
	 We tested, on a sample basis, related party transactions with the underlying contracts and other documents and for appropriate authorization and approval for such transactions.
	 We read minutes of shareholder meetings, board meetings and minutes of meetings of those charged with governance in connection with transaction with related parties effected during the year.
	 Evaluating the completeness of the disclosures through review of statutory information, books and records and other documents obtained during the course of our audit

The Key Audit Matter	How our audit addressed the key audit matter
Completeness and accuracy of deferred tax liabilities- see note 23 to the financial statements	Our audit procedures in relation to the completeness and accuracy of deferred tax liabilities included the following:
As at 30 June 2023, deferred tax liabilities amounted to BDT 3,848 million Deferred tax is recognized on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. The calculation of deferred taxes takes into account the expected point in time when, and the manner in which, the assets and liabilities are expected to be realized or settled. The applied tax rates correspond to those that are enacted or substantively enacted at the balance sheet date. Deferred taxes primarily result from Tangible and intangible assets (including revalued tangible assets), Investment in associate, employee benefits, and unabsorbed depreciation. These calculations are complex because of the applicable tax rules and the necessary subjective estimates and accompanying uncertainty. Therefore, we have defined the carrying amount of deferred tax liabilities as a key audit matter.	 We obtained an understanding, evaluated the design, and tested the operational effectiveness of the Group/Company's key controls over the recognition and measurement of deferred tax liabilities and the assumptions used in estimating the group/company's deductible temporary difference. We also assessed the completeness and accuracy of the data used for the estimations of the deductible temporary difference. We performed the mathematical accuracy of the deferred tax calculation. We involved tax specialties to assess key assumptions, controls, recognition, and measurement of deferred tax liabilities. We also assessed the appropriateness of presentation of disclosures against IAS 12 - Income Tax.

Other information included in the Company's 30 June 2023 Annual Report

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and the separate financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and the separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and the separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated

and the separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the remaining components of the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

- ii) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of these books;
- iii) The statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account and returns; and
- iv) The expenditure incurred was for the purposes of the company's business.

Notes to the Financial Statements (Continued)

2 Basis of preparation

2.01 Statement of compliance

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS) adopted by the Financial Reporting Council, Bangladesh, the Company Act 1994, the Securities and Exchange Rules 1987, and other applicable laws and regulations in Bangladesh. Cash flows from operating activities are prepared under direct method as prescribed by the Securities and Exchange Rules 1987.

The title and format of these financial statements follow the requirements of IFRSs which are to some extent different from the requirements of the Companies Act, 1994. However, such differences are not material, and in the view of management, IFRS format gives a better presentation to the shareholders.

Compliance with other laws and regulations of various government bodies are as follows:

- The financial statements are prepared also considering below laws and regulations:
 - i) The Income Tax Act, 2023
 - ii) The Income Tax Ordinance, 1984
 - iii) The Income Tax Rules, 1984
 - iv) The Value Added Tax and Supplementary Duty Act, 2012
 - v) The Value Added Tax and Supplementary Duty Rules, 2016
 - vi) The Customs Act, 1969
 - vii) Bangladesh Labour Law, 2006
 - viii) The Securities and Exchange Ordinance, 1969
 - ix) The Securities and Exchange Rules, 2020
 - x) The Financial Reporting Act 2015

2.02 Authorization for issue

These consolidated financial statements for the year ended 30 June, 2023 have been authorized for issue by the Board of Directors on 12 October 2023.

2.03 Reporting period

The separate financial statements of the company and the consolidated financial statements of the group cover twelve months from July to June and is followed consistently.

2.04 Functional and presentation currency

These financial statements are prepared in Bangladesh Taka, which is the functional currency of the Group and the Company. All financial information presented in Taka has been rounded off to the nearest integer except when otherwise indicated.

2.05 Basis of measurement

These financial statements have been prepared on accrual basis following the going concern concept under the historical cost convention. Property, plant, and equipment are measured following the revaluation model. Financial instrument items are measured at fair value.

2.06 Going concern

The Group and the Company have adequate resources to continue operation in foreseeable future (except otherwise stated). For this reason, management continues to adopt going concern basis in preparing the financial statements. The current revenue generations and resources of the Group and the Company provide sufficient fund to meet the present requirements of existing business and operations.

2.07 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of the financial statements as at and for the year ended 30 June 2023 are consistent with those policies and methods adopted in preparing the financial statements as at and for the year ended 30 June 2022.

2.08 Comparative information

Comparative information has been disclosed in respect of 2022 in accordance with IAS 1: Presentation of Financial Statements, for all numeric information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period's financial statements. Prior year's figures have been rearranged wherever considered necessary to ensure comparability with the current year.

2.09 Consolidation of Financial Statements

These consolidated financial statements comprise the consolidated statement of financial position, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the results of operations and total assets and liabilities of its subsidiary is included in the consolidated financial statements on a line by line basis.

i. Basis of consolidation

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Group's separate financial statements.

IFRS-10 "Consolidated Financial Statements" introduces a control model that focuses on whether the Group has power over an investee, exposure or rights to variable returns from its involvement with the investee and ability to use its power to affect those returns. An investor has power over an investee when the investor has existing rights that gives it the current ability to direct the relevant activities that significantly affect the investee's returns.

Power arises from rights. An investor is exposed, or has rights, to variable returns from its involvement with the investee when the investor's returns from its involvement have the potential to vary as a result of the investee's performance. An investor controls an investee if the investor not only has the power over the investee and exposure or rights to variable returns from its involvement with the investee, but also has the ability to use its power to affect the investor's return from its involvement with the investee.

ii. Investment in Subsidiary

Subsidiary is the entity, controlled by the Bangladesh Steel Re-Rolling Mills Limited (BSRM). Control exists when BSRM has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control power over the investee, exposure, or rights, to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect the amount of the investor's returns are taken into account. The consolidated financial statements of subsidiary have been included in the consolidated financial statements from the year when control is established until the date that it ceases.

iii. Loss of control

Upon the loss of control, the Group derecognizes the assets and liabilities of the subsidiary and other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognized in consolidated statement of profit or loss and other comprehensive income. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

iv. Investment in Associate

Associate is the entity in which the Group has significant influence, but not control, over the financial and operating policies. Significant influence is presumed to exist when the Group holds between 20% and 50% of the voting power of another entity. Investment in associate is accounted for using the equity method and are recognized initially at cost. The consolidated financial statements include the Group's share of the consolidated comprehensive income of equity accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

When the Group's share of losses exceeds its interest in an equity-accounted investee, the carrying amount of the investment, including any long-term interests that form part thereof, is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee.

v. Intra-Group transactions

Intra-Group balances and transactions, and any unrealized income and expenses arising from intra-Group transactions are eliminated in preparing consolidated financial statements.

vi. Non-controlling interest

Non-controlling interest is the net assets of consolidated subsidiary consists of the amount of equity attributable to the noncontrolling shareholders at the time on which investments were made by the Group in its subsidiary company and further movements in their share in equity, subsequent to the dates of investment. However, the Group is holding 100% share of subsidiary companies, so no non-controlling interest is presented in the consolidated financial statements.

vii. Companies considered in consolidated financial statements

Name of Company	% holding	Relationship with the group
BSRM		
(Hong	100%	Cubaidion
Kong)	100%	Subsidiary
Limited		
BSRM		
Steels	31.19%	Associate
Limited		

3 Use of estimates and judgements

In preparing these consolidated and separate financial statements, management has made judgements and estimates that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

Judgements, assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at 30 June 2023 that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the next twelve month period is included in the following notes:

Note	5.00	Property, plant and equipment
Note	7.00	Intangible assets
Note	11.00	Inventories
Note	12.00	Trade and other receivables
Note	20.00	Defined benefit obligations-gratuity
Note	22.00	Current tax expenses
Note	23.00	Deferred tax liability
Note	30.00	Other liabilities
Note	31.00	Lease
Note	47.00	Contingent liabilities

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values as per below, and reports directly to the Chief Financial Officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Significant valuation issues are reported to the Group's Audit Committee.

When measuring the fair value of an asset or a liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Notes to the Financial Statements (Continued)

- 4.23 Events after the reporting

4.01 Property, plant and equipment

I. Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation except Land & land development and Factory Building which are carried at revalued amount, being fair values at the date of revaluation less subsequent accumulated depreciation and subsequent impairment losses, if any.

Cost includes expenditures that are directly attributable to the acquisition of an asset. The cost of selfconstructed/installed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to the working condition for its intended use and the cost of dismantling and removing an item and restoring the site on which they are located.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

II. Subsequent costs

The cost of replacing part of an item of Property, plant and equipment is recognized in the carrying amount of the item, if it is probable that the future benefit embodied within the part will flow to the Group and its cost can be measured reliably. The costs of the day to day servicing of Property, plant and equipment are recognized in Statement of profit and loss as incurred.

III. Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other property, plant and equipment, depreciation is recognized in statement of profit or loss and other comprehensive income on straight line method over the estimated useful lives of property, plant and equipment.

Depreciation is charged on addition when it is ready for use and no depreciation is charged in the month of disposal. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. The depreciation charge for the year is recognized as an expense unless it is included in the carrying amount of another asset.

The principal annual rates and useful lives under straight line method were as follows:

Category of assets	Useful lives (years)	Rates
Plant and machinery	7-25	4% - 15%
Motor vehicle	6-15	6% - 16%
Furniture and fixtures	5	20%
Office equipment	5	20%
Factory buildings	20	5%
Roads and pavements	20	5%
Computer & IT equipment	5	20%

Depreciation method, useful lives and residual values are reassessed at the reporting dates. Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

IV. Non-current asset held for sale

Non-current assets that are highly probable to be recovered primarily through sale rather than through continuing use are classified as held for sale. Immediately before classification as held for sale the assets are remeasured in accordance with the Group's accounting policies. Thereafter, the assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses on initial classification as held for sale are recognized to revaluation reserve to the extent of revaluation surplus, in excess of revaluation surplus and subsequent gains or losses on remeasurement are recognized in the Statement of profit or loss. Gains are not recognized in excess of any cumulative impairment loss.

If criteria for an asset to be classified as held for sale are no longer met, then the asset or disposal group ceases to be held for sale.

In this case, the asset or disposal group should be valued at the lower of the carrying amount before the asset or disposal group was classified as held for sale (as adjusted for any subsequent depreciation, amortization, or revaluation) and its recoverable amount at the date of the decision not to sell.

V. Capital work-in-progress

Property, plant and equipment under construction/acquisition is accounted for and measured at cost as capital work-inprogress until construction/acquisition is completed and it is ready for use.

VI. Capitalisation of borrowing costs

As per the requirements of IAS 23 Borrowing Costs, directly attributable borrowing costs are capitalised during construction period for all qualifying assets. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale. The borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are those borrowing costs that would have been avoided if the expenditure on the qualifying asset had not been made. All other borrowing costs are recognised in profit or loss in the year in which they are incurred.

4.02 Intangible assets

I. Recognition and measurement

Intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are recognized when all the conditions for recognition as per IAS 38: Intangible Assets are met. The cost of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

II. Subsequent costs

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in the Statement of profit or loss as incurred.

III. Amortisation

Amortisation is recognized in profit or loss on a straight line basis over the estimated useful lives of intangible assets, from the date that they are available for use. The estimated useful lives and rates of amortization are as follows:

Category of assets Oracle eBS software Useful life 10 years

iv. Derecognition

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from the derecognition of intangible assets, measured as the difference between the net disposal proceeds and the carrying amount of the assets, are recognized in profit or loss.

4.03 Right of use assets

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised and lease payments made at or before the commencement date less any lease incentives received.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in- substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company presents right-of-use assets and lease liabilities in the statement of financial position.

iii) Short-term leases and leases of low-value assets

The Company is not applying the recognition and measurement requirements of IFRS 16 to short-term leases (leases of less than 12 months maximum duration). It is also not applying the recognition and measurement requirements of IFRS 16 to leases for which the underlying asset is of low value (i.e. less than USD 5,000 when new). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.04 Investment Property

Investment property is land or a building (including part of a building) or both that is:

- · Held to earn rentals or for capital appreciation or both;
- Not owner-occupied;
- · Not used in production or supply of goods and services, or for administration; and
- · Not held for sale in the ordinary course of business.

Investment property may include investment property that is being redeveloped. An investment property is measured initially at cost. For subsequent measurement an entity must adopt either the fair value model or the cost model as its accounting policy for all investment properties. Under the cost model, investment property is measured at cost less accumulated depreciation and any accumulated impairment losses. Fair value is disclosed. Gains and losses on disposal are recognised in profit or loss.

4.05 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on weighted average cost method, and includes expenditure incurred in acquiring the inventories, production or conversion costs, and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. Stores and spares are measured following weighted average cost method (subject to impairment review) and material in transit are measured at cost.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

4.06 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Non-derivative financial instruments comprise deposits, trade and other receivables, cash and cash equivalents, trade and other payables, intercompany payables, share capital and interest-bearing borrowings.

(i) Financial assets

The Company initially recognises receivables and deposits on the date that they are originated. All other financial assets are recognised initially on the date at which the Company becomes a party to the contractual provisions of the transaction.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

The Company's financial assets comprise trade and other receivables, deposits and cash and cash equivalents.

a) Trade and other receivables

Trade and other receivables consist of unpaid bills receivable from customers and other parties. Trade and other receivables are recognised initially at original invoice amount and subsequently measured at the remaining amount less expected credit loss at the year end, which is made at the discretion of the management.

Measurement of Expected Credit Losses (ECL)

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. BSRM uses Lifetime Expected Credit Loss method for Trade receivables.

b) Deposits

Short-term investment consists of fixed deposits with original maturity of more than three months. The Company has the positive intent and ability to hold FDR to maturity, and such financial assets are carried as financial assets at amortised cost. Held-to-maturity financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, held-to-maturity financial assets are measure at amortised cost using the effective interest method, less any impairment losses.

C) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and all cash deposits with maturities of three months or less that are subject to an insignificant risk of changes in their fair value, and are used by the Company in the management of its shortterm commitments.

d) Advances and prepayments

After initial recognition advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory and expenses etc. Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges for the period."

(ii) Financial liabilities

All financial liabilities are recognised initially on the transaction date at which the Company becomes a party to the contractual provisions of the liability. The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. Financial liabilities include trade and other payables, loans and borrowing etc.

(a) Trade and other payables

The Company recognises trade and intercompany payables when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits.

(b) Loans and borrowings

The Company derecognises loans and borrowings when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises loans and borrowings when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

(iii) Offsetting a financial asset and a financial liability

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

4.07 Impairment

i. Financial assets

The Company recognises loss allowances for ECLs on:

- Financial assets measured at amortised cost;
- Debt investments measured at FVOCI; and
- Contract assets.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and

- Other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

iii) Reversal of impairment

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets' carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

4.08 Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits with maturity of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value, and are used by the company in the management of its short term commitments.

4.09 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects. Paid up capital represents total amount contributed by the shareholders and bonus shares, if any, issued by the Company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

4.10 Dividend to the equity holders

The Company recognises a liability to make cash dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in Bangladesh, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

4.11 Employee benefits

i) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

The Group maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

ii. Defined contribution plan (Provident Fund)

A defined contribution plan is a post employment benefit plan under which the company pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further amount. The company maintains the Recognized Provident Fund for all permanent employees to which both the company and employees contribute @ 10% of basic salary. The Employees' Provident Fund was obtained recognition from Income Tax Authority on August 05, 1975 which was effective from September 30, 1973 and is considered as defined contribution plan as it meets the recognition criteria specified for this purpose in IAS 19: Employee Benefits.

Obligation for contribution to a defined contribution plan is recognized as provident fund contribution expenses in the Statement of profit or loss in the period during which services are rendered by employees. Advance against PF is recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

iii. Defined Benefit Plan (Gratuity)

The Group maintains an funded gratuity scheme and provision in respect of which is made annually for the employees. Gratuity payable at the end of each year is determined on the basis of following rules and regulations of the group.

Service length Less than five (5) years

For five (5) years and more

Payment basis Nil Two (2) times of last month's basic salary multiplied by year of service.

iv. Workers' Profit Participation and Welfare Funds

The Company operates fund for workers as workers' profit participation and welfare fund ("the Fund") and provides 5% of its profit before tax as per provision of the Bangladesh Labour Act 2006. The Company recognises the contribution to the fund as short term employee benefits.

The Fund is governed by Bangladesh Labour Act, 2006 as amended up to 28 September 2015 and the trust deed.

4.12 Accruals

Accruals are liabilities to pay for goods or services that have been received or supplied but have not been paid, invoiced or formally agreed with the supplier, including amongst due to employees. Accruals are reported as part of trade and other payables.

4.13 Provisions

A provision is recognised in the statement of financial position when the Company has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate thereof can be made. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits are required to settle the obligation, the provisions are reversed.

4.14 Contingencies

i) Contingent liability

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognised in the statement of financial position of the Company. Moreover, contingencies arising from claims, litigations, assessments, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

ii) Contingent asset

Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognise contingent asset.

4.15 Foreign currency transactions

Transactions in foreign currencies are translated to Taka at the foreign exchange rates prevailing on the date of transaction. All monetary assets and liabilities denominated in foreign currencies at reporting date are translated to Taka at the rates of exchange prevailing on that date. Resulting exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognized in the consolidated statement of profit or loss and other comprehensive income as per IAS 21 The Effects of Changes in Foreign Exchange Rates.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transactions.

4.16 Revenue from contract with customers

The Company recognises as revenue the amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer. To achieve that core principle company follow IFRS 15 five-step model as follows:

- · Identify the contract with a customer;
- · Identify the performance obligations in the contract;
- · Determine the transaction price;
- · Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Considering the five steps model, the Company recognises revenue when (or as) the Company satisfies a performance obligation by transferring a promised good to a customer. Goods are considered as transferred when (or as) the customer obtains control of that goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of Value Added Tax (VAT). Gross turnover comprises local sales of M.S. Rod, M.S. Billet, By-products, export of M.S. Rod and includes VAT paid to the Government of Bangladesh.

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers:

Type of products	Nature and timing of satisfaction of performance	Revenue recognition under IFRS
Local sales	Customers obtain control of products when goods are shipped out at factory gate. Invoices raised as per management approved price list are generated at that point in time. Invoices are usually paid in cash as advance before getting delivery of the goods or customers are	Revenue is recognized when (or as) the entity satisfies a
Export sales	point in time. Invoices are usually paid in cash as advance	transferring the promised good or
	before getting delivery of the goods or customers are allowed a credit period of 30 to 60 days.	service to a customer.

4.17 Income tax

Income tax expense comprises current and deferred taxes. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

i) Current tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Provision for corporate income tax is made following the rate applicable for companies as per Finance Act 2023 i.e 22.5%

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

4.18 Finance income and finance expense

i) Finance income

Finance income comprises interest income on funds invested and is recognised as it accrues in profit or loss using the effective interest method.

ii) Finance cost

Finance costs comprise interest expense on borrowings and foreign exchange gain or loss. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

4.19 Current versus non-current classification

Current versus non-current

The Group and the Company presents assets and liabilities in the statement of financial position based on current/noncurrent classification.

An asset is current when it is:

- a. Expected to be realized or intended to be sold or consumed in the normal operating cycle, or
- b. Held primarily for the purpose of trading, or
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is current when:

- a. It is expected to be settled in the normal operating cycle, or
- b. It is held primarily for the purpose of trading, or
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group and the Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

4.20 Statement of cash flows

Statement of cash flows is prepared in accordance with IAS 7: Cash Flow Statement and the cash flow from operating activities have been presented under direct method.

4.21 Materiality and aggregation

Each material class of similar items is presented separately in the financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial.

4.22 Earnings per share

The Company presents its basic earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any. However, dilution of EPS is not applicable for these financial statements as there was no potential dilutive ordinary shares at the reporting date.

4.23 Events after the reporting

Events after statement of financial position date that provide additional information about the Company's position at the statement of financial position date are reflected in the financial statements. Events after statement of financial position date that are non-adjusting events are disclosed in the notes when material.

18.01	General reserve			

18.01 General reserve

The general reserve is created from time to time by transferring profits from retained earnings for appropriation purposes and to meet future known or unknown requirements. There is no policy of regular transfer. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

CREDINGS

1

47.02 Corporate guarantee

The company has a policy to extend corporate guarantee for the financial arrangements of the sister companies within the Group. The guarantee is issued to sister companies without any fee or premium. In addition, there is no interest rate benefit for the borrower as a result of the said guarantee. At the reporting date, status of such guarantees were as follows:

Maximum limit in million			
BSRM Steels Limited	L/C liability	13,233	15,290
BSRM Wires Limited	L/C liability	3,000	1,100
H. Akberali & Co. Limited	L/C liability	-	300
BSRM Steel Mills Ltd.	L/C liability	-	7,298
		16,233	23,988

The company has not recognized a liability in respect of the financial guarantees as no liability is expected to arise, hence disclosed as a contingent liability where there is a present obligation but payment is not probable. The associated companies are in strong position to settle their financial obligations with the banks and financial institutions with no history of defaulting on their respective obligations. This is further supported by their respective credit ratings which is as follows: Condit antime

	Credit	Credit rating	
	30 June 2023	30 June 2022	
BSRM Steels Limited	AA+	AA+

Total liabilities	185,693,386	367,022,330
Total equity & liabilities	296,861,622	516,586,410
Revenue	2,162,420,297	3,069,580,735
Expenses	(2,136,012,232)	(2,931,797,090)
Profit for the year	26,408,065	137,783,645

51-A Events after the reporting period

The Board of Directors of the Bangladesh Steel Re-Rolling Mills Limited at its 444th meeting held on 12 October 2023 recommended a final cash dividend amounting to **BDT 746,461,565** being 25% of the paid up capital (i.e. **BDT 2.50** Per Share) for the year ended 30 June 2023. These dividend is subject to final approval by the shareholders at the forthcoming annual general meeting of the Company.

51-B Minimum amount to be distributed as dividend as per tax law

As per Section 22 of ITA 2023, as a listed company, BSRM Limited shall declare and distribute at least 30% of its net profit after tax as dividend (as per section 22 stock and cash) to its shareholders, otherwise 10% tax shall be imposed on the total amount of retained earnings, fund, reserve or surplus transferred during the period.

Distributable Profit

Net profit after tax Un-realized share of profit from Associates under equity method Realized profit from Associates as dividend received during this year Distributable profit for the year	2,913,565,175 (933,221,045) 351,760,770 2,332,104,899
Rate Minimum dividend on current year's profit	30%
Minimum Dividend payable during the year u/s 22 of the ITA 2023 Interim dividend paid during the year Net Minimum dividend payable Paid up share capital Applicable Minimum Rate of Final Dividend	699,631,470

The Net Profit after tax of Tk.2,913,565,175 includes Tk. 933,221,045 which is "share of profit of equity accounted investees". This Tk. 933,221,045 is an unrealized gain but included in the profit and loss statement as per International Accounting Standards-28: Investments in Associates and Joint Ventures. As dividend cannot be declared and distributed from the unrealized gain/profit, hence Tk. 933,221,045 has been excluded in computing distributable profit for this year. Again dividend declared and received from associate company of Tk. 351,760,770 is not included in profit of Tk. 2,913,565,175. As this declared and distributable profit for the year.

52.00 Segment Reporting

Determining Reportable Segments:

The Company is based in Bangladesh and produces and distributes M.S. products. The company has a branch office in India and a 100% owned subsidiary in Hong Kong. None of these units/any other brands contributes more than 10% of the total operating performance in the group in terms of revenue, profit, or assets.

Information about Profit or loss, assets, and liabilities:

The Company generates its revenue from the domestic and export sale of M.S. products. In 2023, the total revenue amounted to BDT 114,537 million, while in the previous year, it was BDT 77,449 million. It's worth a very insignificant portion of non-current assets outside of Bangladesh

The Company achieved revenue from a single external customer was BDT BDT 1,399.37 million in 2023 and BDT 965.86 million in the previous year.

The main focus of the Company's business is manufacturing and selling M.S Rod in Bangladesh, although the Company has a variety of differentiated SKU in M.S Rod that are included below:

- 1) Xtreme 500W
- 2) Xtreme 500W-Stirrup
- 3) Xtreme 500W-Bend Cut
- 4) Xtreme 500W Trading
- 5) ULTIMA 420D-Bend Cut
- 6) MS Square Bar
- 7) M.S Angel-Manufactured
- 8) Ribbed Wire Rod
- 9) M.S Channel-Manufactured

The internal reporting system and operations are not tracked any grade/ brand wise. As a result, company does not allocate any assets, liabilities, interest expense, tax expense, or non-recurring gains and losses etc. separately to any reportable segments. Hence, it is difficult to accurately segment the company's financial results by grade /brand.

In addition to manufacturing M.S Rod, the Company also exports APC Dust (Zinc Ash) outside of Bangladesh. However, this contributes to less than 10% of the gross and net turnover. Further, details on the breakdown of sales, including M.S Rod and export sales, can be found in Note 33.00

Information about Geographical Areas (BDT in Million):

Particulars	Country of domicile	Foreign countries	Total
Revenue-External Customer	113,693	844	114,537
Non-Current Assets	46,530	81	46,611

53.00 Tax calculation of the Kolkata Branch:

As of June 30th, 2023, the income tax expense for the Kolkata operation has increased compared to the previous year. Under the Indian Income Tax Act, a return is to be submitted based on the Financial Statement for the year ended on March 31st of every year, starting from April 1st. But being a branch office, we have to add financial information based on July to June to the accounts of Bangladesh. During the financial year ended on March 31st, 2023, the net profit of the branch office amounted to BDT 12,14,52,977, on which income tax was calculated at BDT 5,36,94,852. However, the last three months (Apr'22 – Jun'22) carried a significant revenue compared to revenue of (Apr'23 – Jun'23) in the branch office resulting significant reduction in profit to BDT 3,41,20,704 at the end of June 2023. Nonetheless, the tax was required to be calculated on the profit of BDT 12,14,52,977, determined based on the April'22 – March'23 accounts to comply with the tax law of India. That's why the tax amount has increased and exceeded the profit shown in the Financial Statement as of June 30, 2023.

54.00 Financial risk management

International Financial Reporting Standard IFRS 7: Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the Group's policies for controlling risks and exposures.

The Group and the Company management has overall responsibility for the establishment and oversight of the group and the Company's risk management framework. The management policies are established to identify and analyze the risks faced by The Group and the Company to set appropriate risk limits and controls and to monitor risks and adherence to limit. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. The Group and the Company has exposure to the following risks from its use of financial instruments:

a) Credit risk	54.01
b) Liquidity risk	54.02
c) Market risk	54.03

54.01 Credit risk

Credit risk is the risk of a financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables and investments.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts receivable are related to sale of steels (MS Rod and allied products).

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

54.01.01 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	Note	30-Jun-23	30-Jun-22
Investment in non-tradable shares	9.02	211,103,121	211,103,121
Investments in FDRs (Short term & long term)		1,721,402,667	4,427,337,321
Advances and deposits	14.00	16,133,048,372	7,583,683,739
Trade and other receivables	12.00	5,433,526,873	2,238,938,860
Due from sister companies	13.00	4,236,181,646	3,531,088,122
Cash at bank	15.03	1,822,167,833	5,232,579,917
		29,557,430,512	23,224,731,081

54.01.01.a CONSOLIDATED EXPOSURE TO CREDIT RISK

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	Investment in non-tradable shares	211,103,121	211,103,121
	Investments in FDRs (Short term & long term)	1,721,402,667	4,427,337,321

	Dues over 6 months	133,676,572	77,349,932
		5,174,443,128	1,888,405,288

54.02 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial assets. The Company's approach to manage liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of financial obligations and accordingly arrange for sufficient liquidity/fund to make the expected payments within due dates. Moreover, the Company has short term credit facilities with scheduled commercial banks to ensure payment of obligation in the event that there is insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines with banks are negotiated accordingly.

54.02.01 Exposure to Liquidity risk

The followings are the contractual maturities of financial liabilities:

			C	ontractual cash flo	ows

54.03 Market risk

54

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

54.03.01 Currency risk exposure and its management

The Group and the Company is exposed to currency risk on sales, purchases, borrowings, payables, bank balances and investments that are denominated in a currency other than the functional currencies of the company. To manage this exposure, the company has adopted direct risk reduction methods based on matching receipts and payments on assets and liabilities.

As at 30 June 2023, The Group and the Company was exposed to foreign currency risk in respect of financial assets and liabilities denominated in the following currencies:

54.03.02 Basis of consideration of foreign currency rate

Foreign exchange loss refers to the loss that occurs as a result of converting foreign currency liabilities, mainly comprised of UPAS loan liabilities. According to IAS-21, the closing rate must be used to convert foreign currency assets and liabilities. During the financial year 2022-23, the value of BDT has significantly deteriorated against foreign currencies such as USD and EURO. As a result, it is advisable to make a forward booking, which has also indicated a record rise in the USD to BDT conversion rate that extended up to Taka 118/USD in a transaction that occurred with us. To minimize the risk, we have converted our outstanding foreign currency liabilities and assets using the forward booking rate of BDT 118/USD1 as a base mark, in accordance with the principle of conservatism. This was done to ensure maximum risk coverage by the end of the reporting period, which is 30th June 2023

54.03.01.02 Sensitivity analysis

A reasonably possible strengthening/weakening of foreign currencies against the Bangladesh Taka at the reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

54.03.02 Transaction risk

GBP (2% movement)

Transaction risk is the risk that the Company will incur exchange losses when the accounting results are translated into the home currency.

54.03.03 Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the Company.

54.03.04 Interest risk

Interest rate risk arises from movement in interest rates. The Company needs to manage interest rate risk so as to be able to repay debts as they fall due and to minimize the risks surrounding interest payments and receipts.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Fixed-rate instruments	30 June 2023	30 June 2022
Financial assets	5,957,584,313	7,958,425,443
Financial liabilities	(53,871,900,939)	(68,097,101,170)

DIRECTORS' REPORT

The directors present their report and the annual financial statements of the Company for the financial year ended 30th June, 2023.

PRINCIPAL ACTIVITIES

The Company's principal activity is trading of steel products, procurements and inspection of raw materials.

SHARE CAPITAL Details of the movements in share capital are set out in note 8 to the financial statements.

PROPERTY, PLANT AND EQUIPMENT Particulars of movement in property, plant and equipment are set out in note 15 to the financial statements.

DIRECTORS

The names of persons who were the directors of the Company during the financial year are as follows:-

Alihussain Aameir Ali Zohair Taher Jangbarwala Fatema Yusuf

PERMITTED INDEMNITY PROVISION

The Schedule 2 (Model Articles) of the Companies Ordinance, which forms part of the Company's Articles, provides that every director for the time being or former directors of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in relation to the Company in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in connection with any application under the Companies Ordinance in which relief is granted to him by the Court. This permitted indemnity provision is in force during the financial year and at the time of approval of this report.

MANAGEMENT CONTRACTS

No other substantial contracts concerning the management and administration of the Company were entered into or existed during the financial year.

BUSINESS REVIEW

The Company falls within reporting exemption for the financial year. Accordingly, the Company is exempted from preparing a business review.

EQUITY-LINKED AGREEMENTS

During the financial year, the Company has not entered into any equity-linked agreement. At the end of the financial year, the Company subsisted of no equity-linked agreement.

RECOMMENDED DIVIDENDS

The directors do not recommend the payment of dividend for the financial year.

ISSUE OF SHARES

During the financial year, the Company did not issue any shares.

DIRECTORS' REPORT (CONTINUED)

ISSUE OF DEBENTURES During the financial year, the Company did not issue any debentures.

APPROVAL OF DIRECTORS' REPORT This report was approved by the board of directors on 11 SEP 2023

On behalf of the Board of Directors

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS OF BSRM (HONG KONG) LIMITED (Incorporated in Hong Kong with limited liability)

OPINION

We have audited the financial statements of BSRM (Hong Kong) Limited (the "Company") set out on pages 6 to 18, which comprise the statement of financial position as at 30th June, 2023, and the income statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of the Company are prepared, in all material respects, in accordance with the Hong Kong Small and Medium-sized Entity Financial Reporting Standard ("SME-FRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") and with reference to Practice Note 900 (Revised) Audit of Financial Statements Prepared in Accordance with the SME-FRS issued by the HKICPA. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the information included in the directors' report set out on pages 1 to 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT - CONTINUED

TO THE SHAREHOLDERS OF BSRM (HONG KONG) LIMITED (Incorporated in Hong Kong with limited liability)

RESPONSIBILITIES OF THE DIRECTORS FOR THE FINANCIAL STATEMENTS

The directors are responsible for the preparation of the financial statements in accordance with the SME-FRS issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

It is our responsibility to form an independent opinion, based on our audit, on those financial statements and to report our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

INDEPENDENT AUDITORS' REPORT - CONTINUED

TO THE SHAREHOLDERS OF BSRM (HONG KONG) LIMITED (Incorporated in Hong Kong with limited liability)

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The financial statements on pages 6 to 18 were approved and authorized for issue by the board of directors on <u>11 SEP 2023</u> and are signed on its behalf by:

Alihussain Aameir Director

Jangbarwala Fatema Yusuf Director

The notes on pages 8 to 18 form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30TH JUNE, 2023

1. GENERAL

a. Definition

In these reporting documents, the following terms shall have the following meanings:-

The Company	BSRM (Hong Kong) Limited
The Directors	All the directors of the Company
Hong Kong Companies Ordinance	Hong Kong Companies Ordinance (Cap. 622), including all amendments made under the Companies (Amendment) (No. 2) Ordinance 2018
HKICPA	Hong Kong Institute of Certified Public Accountants
SME-FRS	Revised Small and Medium-sized Entity Financial Reporting Standard issued (and revised in September 2022) by the HKICPA
Cash equivalents	Short-term, highly liquid investments those are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value
Fair value	The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between a knowledgeable, willing buyer and a knowledgeable, willing seller in an arm's length transaction
Related company	A company in which one or more related parties have beneficial interests thereon or are in a position to exercise significant influence

b. Corporate information

The Company is a company incorporated in Hong Kong under Hong Kong Companies Ordinance with limited liability. At the date of issue of these financial statements, the registered office and principal place of business of the Company is located at Suite No. 9, 29th Floor, Pacific Plaza, 410 Des Voeux Road West, Hong Kong. The principal activity of the Company is trading of steel products, procurements and inspection of raw materials.

 Presentation currency and level of rounding Unless stated otherwise, all currency figures in these financial statements are presented in Hong Kong Dollars (HK\$) rounded to the nearest one dollar.

d. Parent company

In the opinion of the directors, the immediate holding company is Bangladesh Steel Re-Rolling Mills Limited which is a non-Hong Kong registered company. The sole shareholder, Bangladesh Steel Re-Rolling Mills Limited, owned 100% shares of the Company. The total number of shares as at 30th June, 2023 was 3,920,000 shares. The total issued share capital as at 30th June, 2023 was HK\$3,920,000.

2. BASIS OF PREPARATION

a. Statement of compliance

These financial statements comply with all applicable sections of SME-FRS and have been prepared under the accrual basis of accounting and on the basis that the Company is a going concern.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

FOR THE FINANCIAL YEAR ENDED 30TH JUNE, 2023

2. BASIS OF PREPARATION (CONTINUED)

b. Basis of measurement The measurement base used in preparing these financial statements is the historical cost convention; the specific measurements of the elements in the financial statements are set out in note 3 to the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company qualifies for the reporting exemption as a small private company under sections 359(1)(a) and 361 of the Hong Kong Companies Ordinance and is therefore entitled to prepare and present its annual financial statements in accordance with SME-FRS. These financial statements have been prepared in accordance with SME-FRS.

The followings are the specific accounting policies that are necessary for a proper understanding of the financial statements.

a. Revenue

Revenue consists of revenue generated from the principal activities of the Company and other revenue but excludes the reversal of impairment and/or provisions.

Revenue is recognised as income when it is probable that the economic benefits associated with transaction will flow to the Company and when the amount of revenue as well as costs incurred for the transaction can be measured reliably.

Sale of goods is recognised when the goods are delivered and the significant risks and rewards of ownership have been passed to the buyer and the Company retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.

Interest income is recognised on a time proportion basis taking into account the principal outstanding and the interest applicable.

Dividend income is recognised when the shareholder's right to receive payment is established.

Revenue from consulting income is recognised when service is rendered to customers.

b. Income taxes

Current tax is recognised as income or expense, except to the extent that the tax arises from a transaction or event that is recognised other than in the income statement, based on estimated taxable profit using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Current tax for current and prior reporting periods is, to the extent unpaid (or refundable), recognised as a liability (or an asset).

Deferred tax is not recognised.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

FOR THE FINANCIAL YEAR ENDED 30TH JUNE, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

c. Employee benefit

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued during the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present value.

d. Impairment of assets

An assessment is made at the end of each reporting period to determine whether there is any indication of impairment or reversal of previous impairment, including items of property, plant and equipment, intangible assets and long-term investments. In the event that an asset's carrying amount exceeds its recoverable amount, the carrying amount is reduced to recoverable amount and an impairment loss is recognised in profit or loss. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount, however not to an amount higher than the carrying amount that would have been determined (net of amortisation or depreciation), had no impairment losses been recognised for the asset in prior years.

e. Foreign currency transactions

The reporting currency of the Company as well as the presentation currency of these financial statements are Hong Kong dollars. Foreign currency transactions are translated into the reporting currency at the approximate rates of exchange ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are translated at the approximate rates of exchange ruling at that date. Exchange differences arising on the settlement of monetary items or on translation of foreign currency monetary assets and liabilities are recognised as income or expenses.

f. Related parties

Two parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

g. Components of cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are also included as a component of cash and cash equivalents.

h. Current assets and liabilities

Current assets are expected to be realized within twelve months at the end of the reporting period or in the normal course of the Company's operating cycle. Current liabilities are expected to be settled within twelve months at the end of the reporting period or in the normal course of the Company's operating cycle.

i. Trade and other receivables

Trade and other receivables are stated at estimated realisable value after each debt has been considered individually. Where the payment of a debt becomes doubtful a provision is made and taken in the income statement.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

FOR THE FINANCIAL YEAR ENDED 30TH JUNE, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

j. Leases

Leases that transfer substantially all the risks and rewards incidental to ownership of leased assets to the lessee are classified as finance leases; all other leases are classified as operating leases.

Act as a lessee

Lease payments under an operating lease are recognised as expenses on a straight-line basis over the lease term. All incentives for agreement of a new or renewed operating lease are recognised as an integral part of the net consideration agreed for the use of the leased assets. The aggregate benefit of incentives is recognised as a reduction of rental expenses over the lease term.

Act as a lessor

Assets subject to operating lease are recognised in the statement of financial position according to the nature of the assets and are measured at cost. The depreciation and impairment policies of the leased assets follow the same policies used by property, plant and equipment. Lease payments from operating leases are recognised as income on a straight-line basis over the lease term. The initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased assets and are recognised as expenses over the lease term of the subject lease.

k. Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The depreciable amount of an item of property, plant and equipment is allocated on a systematic basis over its estimated useful life using the straight-line method. The estimated useful lives used for depreciation are as follows:

Furniture, fixtures and equipment	20%
Leasehold improvement	20%

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of the reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

I. Trade and other payables

Trade and other payables are initially measured at fair value and, after initial recognition, at amortised cost, except for short-term payables with no stated interest rate and the effect of discounting being immaterial, that are measured at their original invoice amount.

m. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and comprises cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. In arriving at net realisable value an allowance has been made for deterioration and obsolescence. Inventories are recognised as cost of sales or expenses when they are sold or written-down to net realisable value. A reversal of any write-down of inventories arising from an increase in net realisable value is recognised as a reduction in the amount of inventories recognised as cost of sales or expenses in the period in which the reversal occurs.

Business expansion has many benefits: expanding into new markets or offering new products/services can diversify revenue streams and reduce a company's dependence on a single market, leading to economies of scale, improved bargaining power, and enhanced brand recognition.

BUSINESS EXPANSION

INTEGRATED REPORTING CHECKLIST

Particular	Page No
anisational overview and external environment	
An integrated report should disclose the main activities of the organisation and the environment of which it operates	41, 136
An integrated report should identify the organisation's mission and vision, and provides essential context by identifying matters such as:	
The organisation's: culture, ethics and values	34, 35,40
ownership and operating structure including size of the organisation, location of its operations)	13, 14, 41,
principal activities and markets	41, 111, 1
competitive landscape and market positioning (considering factors such as the threat of new competition and substitute products or services, the bargaining power of customers and suppliers, and the intensity of competitive rivalry)	186, 187, 1
position within the Our Value Creation Process	129-137
Key quantitative information	16,36,103,
e.g. The number of employees, revenue and number of countries in which the organisation operates highlighting, in particular, significant changes from prior periods	148, 103 58, 203
Significant factors affecting the external environment and the organisation's response (include aspects of the legal, commercial, social, environmental and political context that affect the organisation's ability to create value in the short, medium or long term)	189-193 187-188 211-212
Eg:	
The legitimate needs and interests of key stakeholders	166-179
Macro and micro economic conditions, such as economic stability, globalization, and industry trends	120-124
Market forces, such as the relative strengths and weaknesses of competitors and customer demand	186-188
The speed and effect of technological change	284, 286
Societal issues, such as population and demographic changes, human rights, health, poverty, collective values and educational systems	160
Environmental challenges, such as climate change, the loss of ecosystems, and resource shortages as planetary limits are approached	227-238
The legislative and regulatory environment in which the organisation operates	13, 14
The political environment in countries where the organisation operates and other countries that may affect the ability of the organisation to implement its strategy	91, 190
. Governance	
An integrated report should show how does the organisation's governance structure support its ability to create value in the short, medium and long term.	194, 210
An integrated report needs to provide an insight about how such matters as the following are linked to its ability to create value:	
The organisation's leadership structure, including the skills and diversity (e.g., range of backgrounds, gender, competence and experience) of those charged with governance and whether regulatory requirements influence the design of the governance structure	195
Mandatory and voluntary code of corporate governance adopted by the Company	195
Code of ethical conduct adopted by the Company in relation to ethical business	195

Particular	Page No
Specific processes used to make strategic decisions and to establish and monitor the culture of t organisation, including its attitude to risk and mechanisms for addressing integrity and ethical issue	
Particular actions those charged with governance have taken to influence and monitor to strategic direction of the organisation and its approach to risk management	^{ne} 199
How the organisation's culture, ethics and values are reflected in its use of and effects on the capitals, including its relationships with key stakeholders	^{ne} 199
Whether the organisation is implementing governance practices that exceed legal requirement Key Policies	^{:s/} 199
The responsibility those charged with governance take for promoting and enabling innovation	199
How remuneration and incentives are linked to value creation in the short, medium and long terr including how they are linked to the organisation's use of and effects on the capitals.	m, 200
3 Stakeholder Identification/ relationships	
An integrated report should identify its key stakeholders and provide insight into the nature ar quality of the organisation's relationships with its key stakeholders, including how and to wh extent the organisation understands, takes into account and responds to their legitimate need and interest.	at 166-179
Stakeholders are the groups or individuals that can reasonably be expected to be significan affected by an organisation's business activities, outputs or outcomes or whose actions can reasonably be expected to significantly affect the ability of the organisation to create value	
An entity may disclose the following in their integrated reports in respect of stakehold relationships:	er 166-179
How the company has identified its stakeholders	166-179
Stakeholder engagement methodology	166-179, 213
Identification of material matters of stateholders	177-179, 205
How the Company has applied such matters.	166-179
"How the stakeholders are engaged in assessing impacts, implications and outlook unrespect of Company's business model."	^{ts} 166-179
Capitals	137-165
An integrated report needs to provide insight about the resources and the relationships use and affected by the organisation, which are referred to collectively as the capitals and how th organisation interacts with the capitals to create value over the short, medium and long term	ne 137-165
An integrated report need to identify the various forms of capitals which are essential for the success of its business operations.	^{ne} 137-165
Eg:	
Financial Capital -The pool of funds that is available to the organisation for use in the production of goods or provsion of services	^{ne} 137
Manufacturing Capital -Manufactured physical objects that are available to the organisation f use in the production of goods and provision of services	or 140
Intellectual Capital -Organisational Knowledge based intangibles	146
Human Capital -People's competencises, capabilities and experience, and their motovations innovate.	to 148
Social and Relationship Capital -The institutions and the relationships within and betwee communities, groups of stakeholders and other networks and the ability to share information to enhance individual and collective wellbeing	

Particular	Page No
Natural Capital -All renewable and non-renewable environmental resources and processes that provide goods and services that support the past, current and future prosperity of the organisation.	158
Note: However an entity can do its own classification of capitals based on its business activities. An entity needs to ensure that it does not overlook a capital that it uses or affects	
Business Model	127-136
An integrated report should describe the organisation's business mode	128
An integrated report need to describe the business model, including key:	128
Inputs	128
Business activities	128
Outputs	128
Outcomes	128
Features that can enhance the effectiveness and readability of the description of the business model include:	
Explicit identification of the key elements of the business model	128
A simple diagram highlighting key elements, supported by a clear explanation of the relevance of those elements to the organisation	133-134
Narrative flow that is logical given the particular circumstances of the organisation	135
Identification of critical stakeholder and other (e.g., raw material) dependencies and important factors affecting the external environment	128
• Connection to information covered by other Content Elements, such as strategy, risks and opportunities, and performance (including KPIs and financial considerations, like cost containment and revenues).	-
Inputs	128
An integrated report shows how key inputs relate to the capitals on which the organisation depends, or that provide a source of differentiation for the organisation, to the extent they are material to understanding the robustness and resilience of the business model	134-135
Business activities	128
An integrated report describes key business activities. This can include:	-
How the organisation differentiates itself in the market place (e.g., through product differentiation, market segmentation, delivery channels and marketing)	
How the organisation approaches the need to innovate	
How the business model has been designed to adapt to change.	134-135
When material, an integrated report discusses the contribution made to the organisation's long term success by initiatives such as process improvement, employee training and relationships management	
Outputs	128
An integrated report identifies an organisation's key products and services. There might be other outputs, such as by-products and waste (including emissions), that need to be discussed within the business model disclosure depending on their materiality.	

	Particular	Page No
	Outcomes	128
	An integrated report describes key outcomes, including:	-
	Both internal outcomes (e.g., employee morale, organisational reputation, revenue and cash flows) and external outcomes (e.g., customer satisfaction, tax payments, brand loyalty, and social and environmental effects)	-
	Both positive outcomes (i.e., those that result in a net increase in the capitals and thereby create value) and negative outcomes (i.e., those that result in a net decrease in the capitals and thereby diminish value).	-
1.5	Performance	
	An integrated report needs to explain the extent to which the organisation has achieved its strategic objectives for the period and what are its outcomes in terms of effects on the capitals? An integrated report should contain qualitative and quantitative information about performance	
	that may include matters such as:	
	Quantitative indicators with respect to targets and risks and opportunities, explaining their significance, their implications, and the methods and assumptions used in compiling them	
	The organisation's effects (both positive and negative) on the capitals, including material effects on capitals up and down the Our Value Creation Process	
	The state of key stakeholder relationships and how the organisation has responded to key stakeholders' legitimate needs and interests	16, 36, 10 104, 166-1
	The linkages between past and current performance, and between current performance and the organisation's outlook.	211-212
	KPIs that combine financial measures with other components (e.g., the ratio of greenhouse gas emissions to sales) or narrative that explains the financial implications of significant effects on other capitals and other causal relationships (e.g., expected revenue growth resulting from efforts to enhance human capital) may be used to demonstrate the connectivity of financial performance with performance regarding other capitals. In some cases, this may also include monetizing certain effects on the capitals (e.g., carbon emissions and water use).	
	Include instances where regulations have a significant effect on performance (e.g., a constraint on revenues as a result of regulatory rate setting) or the organisation's noncompliance with laws or regulations may significantly affect its operations.	
1.6	Risks, opportunities and internal controls	
	"An integrated report should explain what are the specific risks and opportunities that affect the organisation's ability to create value over the short, medium and long term, and how is the organisation dealing with them? and effectiveness of the system of interna controls"	
	This can include identifying:	
	The specific source of risks and opportunities, which can be internal, external or, commonly, a mix of the two.	
	The organisation's assessment of the likelihood that the risk or opportunity will come to fruition and the magnitude of its effect if it does.	202-208
	The specific steps being taken to mitigate or manage key risks (e.g: Risk Management Framework, Risk Management review process and reporting structure) or to create value from key opportunities, including the identification of the associated strategic objectives, strategies, policies, targets and KPIs.	
	Risk Management Report (Which includes details about risk, root course, potential impact, repsponse to risk, risk rating)	
	Response on the effectiveness of the internal controls and the board's responsibility for the disclosures on internal controls to safeguard stakeholder interest	

	Particular	Page No
1.7	Strategy and Resource Allocation	
	An integrated report should describe its strategic direction (Where does the organisation want to go and how does it intend to get there)	
	An integrated report needs to identify:	
	The organisation's short, medium and long term strategic objectives	
	The strategies it has in place, or intends to implement, to achieve those strategic objectives	
	How the entity has positioned in the wider market.	
	How the long term strategies relate to current business model	
	The resource allocation plans it has to implement its strategy	
	How it will measure achievements and target outcomes for the short, medium and long term.	
	This can include describing:	
	The linkage between the organisation's strategy and resource allocation plans, and the information covered by other Content Elements, including how its strategy and resource allocation plans:	209-211
	relate to the organisation's business model, and what changes to that business model might be necessary to implement chosen strategies to provide an understanding of the organisation's ability to adapt to change	
	are influenced by/respond to the external environment and the identified risks and opportunities affect the capitals, and the risk management arrangements related to those capitals	
	What differentiates the organisation to give it competitive advantage and enable it to create value, such as:	
	the role of innovation	
	how the organisation develops and exploits intellectual capital	
	the extent to which environmental and social considerations have been embedded into the organisation's strategy to give it a competitive advantage	
	Key features and findings of stakeholder engagement that were used in formulating its strategy and resource allocation plans.	
1.8	Outlook	
	An integrated report should explain what challenges and uncertainties is the organisation likely to encounter in pursuing its strategy, and what are the potential implications for its business model and future performance?	
	The organisation's expectations about the external environment the organisation is likely to face in the short, medium and long term	120-124, 212
	The external environment, and risks and opportunities, with an analysis of how these could affect the achievement of strategic objectives	
	The availability, quality and affordability of capitals the organisation uses or affects (e.g., the continued availability of skilled labour or natural resources), including how key create value over time.	
1.9	Basis of preparation and presentation	
	A summary of the significant frameworks and methods used to quantify or evaluate material matters	
	(e.g., the applicable financial reporting standards used for compiling financial information, a company-defined formula for measuring customer satisfaction, or an industry based framework for evaluating risks).	212-215
2.0	Responsibility for an integrated report	
	An acknowledgement of their responsibility to ensure the integrity of the integrated report	
	An acknowledgement that they have applied their collective mind to the preparation and presentation of the integrated report	183
	Their opinion or conclusion about whether the integrated report is presented in accordance with the Framework	

ICAB CORPORATE GOVERNANCE CHECKLIST

	Particular	Page No
1	BOARD OF DIRECTORS, CHAIRMAN AND CEO	
1.1	Company's policy on appointment of directors disclosed.	63
1.2	Adequate representation of non executive directors i.e. one third of the board, subject to a minimum of two	45
1.3	At least one independent director on the board and disclosure / affirmation of the board on such director's independence.	63
1.4	Chairman to be independent of CEO	294
1.5	Responsibilities of the Chairman of the Board appropriately defined and disclosed. Disclosure of independence of Non Executive Directors	69
1.6	Existence of a scheme for annual appraisal of the boards performance and disclosure of the same	95

TASK FORCE ON CLIMATE-RELATED FINANCIAL DISCLOSURES (TCFD)

	Disclosure	Guidance for all sectors	Page No
	Disclose the company's governance aro	und climate-related risks and opportunities.	
Governance	a) Describe the board's oversight of climate-related risks and opportunities.	 "In describing the board's oversight of climate-related issues, organizations should consider including a discussion of the following: processes and frequency by which the board and/or board committees (e.g., audit, risk, or other committees) are informed about climate-related issues; whether the board and/or board committees consider climate-related issues when reviewing and guiding strategy, major plans of action, risk management policies, annual budgets, and business plans as well as setting the organization's performance objectives, monitoring implementation and performance, and overseeing major capital expenditures, acquisitions, and divestitures; and how the board monitors and oversees progress against goals and targets for addressing climate-related issues. 	282-286

- INTEGRATED ANNUAL REPORT 2022-23

	Disclosure	Guidance for all sectors	Page No
Governance	b) Describe management's role in assessing and managing climate-related risks and opportunities.	In describing management's role related to the assessment and management of climate-related issues, organizations should consider including the following information: • whether the organization has assigned climate-related responsibilities to management-level positions or committees; and, if so, whether such management positions or committees report to the board or a committee of the board and whether those responsibilities include assessing and/or managing climate-related issues; • a description of the associated organizational structure(s); • processes by which management is informed about climate-related issues; and • how management (through specific positions and/or management committees) monitors climate-related issues.	
		bacts of climate-related risks and opportunities on the nancial planning where such information is material.	
	 a) Describe the climate-related risks and opportunities the organization has identified over the short, medium, and long term. 	 a description of what they consider to be the relevant short-, medium-, and long-term time horizons, taking into consideration the useful life of the organization's assets or infrastructure and the fact that climate-related issues often manifest themselves over the medium and longer terms; a description of the specific climate-related issues potentially arising in each time horizon (short, medium, and long term) that could have a material financial impact on the organization; and a description of the process(es) used to determine which risks and opportunities could have a material financial impact on the organization. Organizations should consider providing a description of their risks and opportunities by sector and/or geography, as appropriate. 	
Strategy	b) Describe the impact of climate-related risks and opportunities on the organization's businesses, strategy, and financial planning.	Building on recommended disclosure (a), organizations should discuss how identified climate-related issues have affected their businesses, strategy, and financial planning. Organizations should consider including the impact on their businesses, strategy, and financial planning in the following areas: Products and services Supply chain and/or value chain Adaptation and mitigation activities Investment in research and development Operations (including types of operations and location of facilities) Acquisitions or divestments Access to capital Organizations should describe how climate-related issues serve as an input to their financial planning process, the time period(s) used, and how these risks and opportunities are prioritized. Organizations' disclosures should reflect a holistic picture of the interdependencies among the factors that affect their ability to create value over time. Organizations should describe the impact of climate-related issues on their financial peformance (e.g., revenues, costs) and financial position (e.g., assets, liabilities). If climate-related issues on their financial peformance (e.g., revenues, costs) and financial position (e.g., assets, liabilities). If climate-related issues on their financial peformance (e.g., revenues, costs) and financial position (e.g., assets, liabilities). If climate-related issues on their financial peformance (e.g., revenues, costs) and financial position (e.g., assets, liabilities). If climate-related issues on their financial peformance (e.g., revenues, costs) and financial position (e.g., assets, liabilities). If climate-related issues on their financial peformance (e.g. the endition commitments, operate in jurisdictions that have made such commitments, or have agreed to meet investor expectations regarding GHG emissions reductions should describe their plans for transitioning to a low-carbon economy, which could include GHG emissions targets and specific activities intended to reduce GHG emissions in their operations and value chain or to otherwise	115-117 227, 228

	Disclosure	Guidance for all sectors	Page No
Strategy	c) Describe the resilience of the organization's strategy, taking into consideration different climate-related scenarios, including a 2°C or lower scenario.	 Organizations should describe how resilient their strategies are to climate-related risks and opportunities, taking into consideration a transition to a low-carbon economy consistent with a 2°C or lower scenario and, where relevant to the organization, scenarios consistent with increased physical climate-related risks. Organizations should consider discussing: where they believe their strategies may be affected by climate-related risks and opportunities; how their strategies might change to address such potential risks and opportunities; the potential impact of climate-related issues on financial performance (e.g., revenues, costs) and financial position (e.g., assets, liabilities); and the climate-related scenarios and associated time horizon(s) considered. 	
	Disclose how the company identifies, as	ssesses, and manages climate-related risks.	
Risk	 a) Describe the organization's processes for identifying and assessing climate-related risks. 	Organizations should describe their risk management processes for identifying and assessing climate-related risks. An important aspect of this description is how organizations determine the relative significance of climate-related risks in relation to other risks. Organizations should describe whether they consider existing and emerging regulatory requirements related to climate change (e.g. limits on emissions) as well as other relevant factors considered. Organizations should also consider disclosing the following: • processes for assessing the potential size and scope of identified climate-related risks and • definitions of risk terminology used or references to existing risk classification frameworks used.	287-292
management	b) Describe the organization's processes for managing climate-related risks.	Organizations should describe their processes for managing climate-related risks, including how they make decisions to mitigate, transfer, accept, or control those risks. In addition, organizations should describe their processes for prioritizing climate-related risks, including how materiality determinations are made within their organizations.	
	c) Describe how processes for identifying, assessing, and managing climate-related risks are integrated into the organization's overall risk management.	Organizations should describe how their processes for identifying, assessing, and managing climate-related risks are integrated into their overall risk management.	
	Disclose the metrics and targets used to opportunities where such information is	to assess and manage relevant climate-related risks and material.	
	 a) Disclose the metrics used by the organization to assess climate-related risks and opportunities in line with its strategy and risk management process. 	 a) Disclose the metrics used by the organization to assess climate-related risks and opportunities in line with its strategy and risk management process. 	-
Metrics and targets	b) Disclose Scope 1, Scope 2, and, if appropriate, Scope 3 greenhouse gas (GHG) emissions, and the related risks.	Organizations should provide their Scope 1 and Scope 2 GHG emissions independent of a materiality assessment, and, if appropriate, Scope 3 GHG emissions and the related risks. All organizations should consider disclosing Scope 3 GHG emissions. GHG emissions should be calculated in line with the GHG Protocol methodology to allow for aggregation and comparability across organizations and jurisdictions. As appropriate, organizations should consider providing related, generally accepted industry-specific GHG efficiency ratios. GHG emissions and associated metrics should be provided for historical periods to allow for trend analysis. In addition, where not apparent, organizations should provide a description of the methodologies used to calculate or estimate the metrics.	-

	Disclosure	Guidance for all sectors	Page No
Metrics and targets	c) Describe the targets used by the organization to manage climate-related risks and opportunities and performance against targets.	Organizations should describe their key climate-related targets such as those related to GHG emissions, water usage, energy usage, etc., and in line with anticipated regulatory requirements or market constraints or other goals. Other goals may include efficiency or financial goals, financial loss tolerances, avoided GHG emissions through the entire product life cycle, or net revenue goals for products and services designed for a low-carbon economy. In describing their targets, organizations should consider including the following: • whether the target is absolute or intensity based; • time frames over which the target applies; • base year from which progress is measured; and • key performance indicators used to assess progress against targets. Organizations disclosing medium-term or long-term targets should also disclose associated interim targets in aggregate or by business line, where available. Where not apparent, organizations should provide a description of the methodologies used to calculate targets and measures.	-

SUSTAINABILITY ACCOUNTING STANDARDS BOARD (SASB)

Topic	Code	Accounting metric	Page No
Greenhouse gas emissions	EM-MM-110a.1	Gross global Scope 1 emissions, percentage covered under emissions-limiting regulations The entity shall disclose its gross global Scope 1 greenhouse gas (GHG) emissions to the atmosphere of the seven GHGs covered under the Kyoto Protocol – carbon dioxide (CO2), methane (CH4), nitrous oxide (N2O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), sulfur hexafluoride (SF6) and nitrogen trifluoride (NF3). The entity shall disclose the percentage of its gross global Scope 1 GHG emissions that are covered under an emissions-limiting regulation or program that is intended to directly limit or reduce emissions, such as cap-and-trade schemes, carbon tax/fee systems and other emissions control (e.g. command-and-control approach) and permit based mechanisms.	
	EM-MM-110a.2	Discussion of long-term and short-term strategy or plan to manage Scope 1 emissions, emissions reduction targets, and an analysis of performance against those targets The entity shall discuss its long-term and short-term strategy or plan to manage its Scope 1 GHG emissions. The entity shall discuss its emission reduction target(s) and analyze its performance against the target(s). The entity shall discuss the activities and investments required to achieve the plans and/or targets, and any risks or limiting factors that might affect achievement of the plans and/or targets. The entity shall discuss the scope of its strategies, plans, and/or reduction targets, such as whether they pertain differently to different business units, geographies or emissions sources. The entity shall discuss whether its strategies, plans and/or reduction targets are related to, or associated with, emissions limiting and/or emissions reporting-based programs or regulations (e.g. the EU Emissions Trading Scheme), including regional, national, international, or sectoral programs.	229
Air quality	EM-MM-120a.1	Air emissions of the following pollutants: (1) CO, (2) NOx (excluding N2O), (3) SOx, (4) particulate matter (PM10), (5) mercury (Hg), (6) lead (Pb), and (7) volatile organic compounds (VOCs). The entity shall disclose its emissions of air pollutants, in metric tons per pollutant, that are released into the atmosphere.	234
Energy management	EM-MM-130a.1	(1) Total energy consumed, (2) percentage grid electricity, and (3) percentage renewable. The entity shall disclose (1) the total amount of energy it consumed as an aggregate figure, in gigajoules (GJ). The entity shall disclose (2) the percentage of energy it consumed that was supplied from grid electricity. The entity shall disclose (3) the percentage of energy it consumed that is renewable energy.	232

Торіс	Code	Accounting metric	Page No
Water management	EM-MM-140a.1	EM-MM-140a.1. (1) Total fresh water withdrawn, (2) total fresh water consumed, percentage of each in regions with High or Extremely High Baseline Water Stress.	
		The entity shall disclose the amount of water, in thousands of cubic meters, that was withdrawn from freshwater sources.	
		Fresh water may be defined according to the local statutes and regulations where the entity operates. Where there is no regulatory definition, fresh water shall be considered to be water that has less than 1000 parts per million of dissolved solids per the U.S. Geological Survey.	
		The entity shall disclose the amount of water, in thousands of cubic meters, that was consumed in its operations.	235
		The entity shall analyze all of its operations for water risks and identify activities that withdraw and consume water in locations with High (40–80%) or Extremely High (>80%) Baseline Water Stress as classified by the World Resources Institute's (WRI's) Water Risk Atlas tool, Aqueduct. The entity shall disclose its water withdrawn in locations with High or Extremely High Baseline Water Stress as a percentage of the total water withdrawn. The entity shall disclose its water consumed in locations with High or Extremely High Baseline Water Stress as a percentage of the total water withdrawn.	200
	EM-MM-140a.2	Number of incidents of non-compliance associated with water quality permits, standards, and regulations. The entity shall disclose the total number of instances of non-compliance, including violations	
		of a technology-based standard and exceedances of quality-based standards.	
Waste and	EM-MM-150a.4	Total weight of non-mineral waste generated	
hazardous materials	EM-MM-150a.5	Total weight of tailings produced	
management	EM-MM-150a.6	Total weight of waste rock generated	
	EM-MM-150a.7	Total weight of hazardous waste generated	236
	EM-MM-150a.8	Total weight of hazardous waste recycled	
	EM-MM-150a.9	Number of significant incidents associated with hazardous materials and waste management	
	EM-MM-150a.10	Description of waste and hazardous materials management policies and procedures for active and inactive operations	
Biodiversity	EM-MM-160a.1	Description of environmental management policies and practices for active sites	
impacts		The entity shall describe its environmental management plan(s) implemented at active sites.	
		The entity shall disclose the degree to which its policies and practices are aligned with the International Finance Corporation's (IFC) Performance Standards on Environmental and Social Sustainability, January 1, 2012, including specifically: Performance Standard 1 – Assessment and Management of Environmental and Social Risks and Impacts. Performance Standard 3 – Resource Efficiency and Pollution Prevention. Performance Standard 4 – Community Health, Safety, and Security. Performance Standard 6 – Biodiversity Conservation and Sustainable Management of Living Natural Resources.	
Biodiversity impacts	EM-MM-160a.1	Description of environmental management policies and practices for active sites The entity shall describe its environmental management plan(s) implemented at active sites. The entity shall disclose the degree to which its policies and practices are aligned with the International Finance Corporation's (IFC) Performance Standards on Environmental and Social Sustainability, January 1, 2012, including specifically: Performance Standard 1 – Assessment and Management of Environmental and Social Risks and Impacts. Performance Standard 3 – Resource Efficiency and Pollution Prevention. Performance Standard 4 – Community Health, Safety, and Security. Performance Standard 6 – Biodiversity Conservation and Sustainable Management of Living Natural Resources.	238
	EM-MM-160a.2	Percentage of mine sites where acid rock drainage is: (1) predicted to occur, (2) actively mitigated, and (3) under treatment or remediation. The entity shall disclose the percentage of its mine sites (by annual production output from mines in metric tons) where acid-generating seepage into surrounding surface water and/or groundwater is: (1) predicted to occur, (2) actively mitigated, and (3) under treatment or remediation.	

Торіс	Code	Accounting metric	Page No
		Acid Rock Drainage (ARD) is predicted to occur if, based on computer simulations, chemical evaluations, and/or acidbase accounting, it is biochemically likely that ARD could form at the mine site. ARD is considered to be actively mitigated if the entity is preventing the formation of ARD through methods that include, but are not limited to: storing or covering sulfite-bearing minerals to prevent oxidation, flood prevention and mine sealing, mixing of acid buffering materials with acid-producing materials, or chemical treatment of sulfide wastes (e.g. organic chemicals designed to kill sulfide-oxidizing bacteria). ARD is considered under treatment or remediation, if the acidic water discharged from the mine area is captured and undergoes a wastewater treatment process (active or passive).	
	EM-MM-160a.3	Percentage of (1) proved and (2) probable reserves in or near sites with protected conservation status or endangered species habitat.	
		The entity shall disclose the percentage and grade (in percentage metal content) of proved reserves in sites with protected conservation status or in areas of endangered species habitat.	
		The entity shall disclose the percentage and grade (in percentage of metal content) of probable reserves in sites with protected conservation status or in areas of endangered species habitat.	
Security,	EM-MM-210a.1	Percentage of (1) proved and (2) probable reserves in or near areas of conflict.	
human rights and rights of Indigenous		The entity shall disclose the percentage and grade (in percentage metal content) of proved reserves that are located in or near areas of active conflict.	
peoples		The entity shall disclose the percentage and grade (in percentage metal content) of probable reserves that are located in or near areas of active conflict.	
		Active conflict is defined according to the Uppsala Conflict Data Program (UCDP) definition.	
		Reserves shall be considered to be in or near an area of active conflict if it is located in the same country as the active conflict.	
	EM-MM-210a.2	Percentage of (1) proved and (2) probable reserves in or near indigenous land.	
		The entity shall disclose the percentage and grade (in percentage metal content) of proved reserves that are located in or near areas that are considered to be indigenous peoples' land.	
		The entity shall disclose the percentage and grade (in percentage metal content) of probable reserves that are located in or near areas that are considered to be indigenous peoples' land.	
		Indigenous lands are considered those occupied by people who self-identify as indigenous per Article 33 of the United Nations Declaration on the Rights of Indigenous Peoples and the International Labour Organization Convention No. 169.	
		For the purposes of this disclosure, "near" is defined as within 5 kilometers of the recognized boundary of an area considered to be indigenous land to the location of the entity's proven and probable reserves.	148, 160 240-252
	EM-MM-210a.3	Discussion of engagement processes and due diligence practices with respect to human rights, indigenous rights, and operation in areas of conflict.	
		The entity shall describe its due diligence practices and procedures with respect to indigenous rights of communities in which it operates or intends to operate.	
		The entity shall describe its due diligence practices and procedures with respect to human rights.	
		The entity shall discuss its practices and procedures while operating in areas of conflict.	
	EM-MM-210b.1	Discussion of process to manage risks and opportunities associated with community rights and interests. The entity shall discuss its processes, procedures, and practices to manage risks and opportunities associated with the rights and interests of communities in areas where it conducts business. The entity shall disclose the following, where relevant: Lifecycle stages to which its practices apply, such as: pre-bid (when the entity is considering acquisition of a site), exploration and appraisal, site development, mineral production, and during closure, decommissioning, and restoration. The community rights and interests (enumerated above) specifically addressed by the practices. The underlying references for its procedures, including whether they are	
		codes, guidelines, standards, or regulations and whether they were developed by the entity, an industry organization, a third-party organization (e.g. a non-governmental organization), a governmental agency, or some combination of these groups.	

Торіс	Code	Accounting metric	Page No
		The entity shall disclose the degree to which its policies and practices are aligned with the International Finance Corporation's (IFC) Performance Standards on Environmental and Social Sustainability, January 1, 2012, including specifically: Performance Standard 4 – Community Health, Safety, and Security Performance Standard 5 – Land Acquisition and Involuntary Resettlement Performance Standard 8 – Cultural Heritage	
		The discussion shall include how practices apply to business partners such as contractors, sub-contractors, suppliers, and joint venture partners.	
	EM-MM-210b.2	Number and duration of non-technical delays.	
		The entity shall disclose the total number and aggregate duration (in days) of site shutdowns or project delays due to non-technical factors.	
		The scope includes shutdowns and project delays including, but not limited to, those resulting from pending regulatory permits or other political delays related to community concerns, community or stakeholder resistance or protest, and armed conflict.	
		The scope of disclosure excludes delays due to strikes and lockouts that are disclosed according to ${\rm EM}\xspace{-}{\rm MM}\xspace{-}{-}{\rm S10a.2}$.	
Labor relations	EM-MM-310a.1	Percentage of active workforce covered under collective bargaining agreements, broken down by U.S. and foreign employees.	
		The entity shall disclose the percentage of U.S. employees and the percentage of foreign employees in the active workforce that are covered under collective bargaining agreements during any part of the reporting period.	
	EM-MM-310a.2	Number and duration of strikes and lockouts.	
		The entity shall disclose the number of work stoppages and total duration, in worker days idle, of work stoppages involving 1,000 or more workers lasting one full shift or longer.	
		The scope of disclosure includes work stoppage due to disputes between labor and management, including strikes and lockouts.	
		The scope of disclosure excludes work stoppages due to other non-technical reasons that are disclosed according to EM-MM-210b.2.	
Workforce health and safety	EM-MM-320a.1	(1) MSHA all-incidence rate, (2) fatality rate, (3) near miss frequency rate (NMFR) and (4) average hours of health, safety, and emergency response training for (a) full-time employees and (b) contract employees.	
Business ethics and	EM-MM-510a.1	The scope of disclosure includes all employees regardless of employee location. Description of the management system for prevention of corruption and bribery throughout the value chain.	
transparency		The entity shall describe its management system and due diligence procedures for assessing and managing corruption and bribery risks internally and associated with business partners in its value chain.	40,001
	EM-MM-510a.2	Production in countries that have the 20 lowest rankings in Transparency International's Corruption Perception Index.	40, 221
		The entity shall disclose its net production from activities located in the countries with the 20 lowest rankings in Transparency International's Corruption Perception Index (CPI). The entity shall use the most current version of the CPI. Production shall be disclosed in saleable tons of minerals.	
Tailings storage facilities management	EM-MM-540a.1	Tailings storage facility inventory table: (1) facility name, (2) location, (3) ownership status, (4) operational status, (5) construction method, (6) maximum permitted storage capacity, (7) current amount of tailings stored, (8) consequence classification, (9) date of most recent independent technical review, (10) material findings, (11) mitigation measures, (12) site-specific EPRP.	-
	EM-MM-540a.2	Summary of tailings management systems and governance structure used to monitor and maintain the stability of tailings storage facilities	-
	EM-MM-540a.3	Approach to development of Emergency Preparedness and Response Plans (EPRPs) for tailings storage facilities	-
Activity metrics	EM-MM-000.A	Production of (1) metal ores and (2) finished metal products	
	EM-MM-000.B	Total number of employees, percentage contractors	-

GLOSSARY OF TERMS >>>

Terms	Brief Description
The Company/BSRMLTD	Bangladesh Steel Re-Rolling Mills Limited
Subsidiary Company	BSRM (Hong Kong) Limited
Associate Company	BSRM Steels Limited
Revenue	Turnover or Sales
Profit	Income
Profit attributable to the shareholders'	Net profit after tax
Basic EPS	Basic Earnings per Share (Profit attributable to the Ordinary shareholders divided by weighted average number of Ordinary Shares)
Diluted EPS	Diluted Earnings or Income per Share
Deferred Tax	Difference between the carrying value of property, plant & equipment as per financial statements and tax written down value and financial position liability method for gratuity obligation.
Equity	Shareholders' Fund or Owners' Fund
Net Current Assets	Current Assets Less Current Liabilities
Capital Employed	Non-Current Assets plus Net Current Assets
Revaluation Reserve	Reserve created from assets re-valuation
EBITDA	Earnings before Interest, Tax & Depreciation Allowance
Return on Shareholders' Equity	Net Profit after Tax divided by Shareholders' Equity
Return on Capital Employed	Net Profit after Tax divided by Capital Employed
Current	Ratio Current Assets divided by Current Liabilities
Quick / Acid Test Ratio	Current Assets less Inventories divided by Current Liabilities
Inventory Turnover Ratio	Revenue divided by Inventories
Total Assets Turnover Ratio	Revenue divided by Total Assets
P/E Ratio	Market value per share as at reporting date divided by EPS
Price/Equity Ratio	Market price divided by face value per share
Dividend Payout Ratio	Yearly dividend per share divided by EPS
Dividend Covered Ratio	Net Profit after Tax divided by declared Dividend
Debt-equity Ratio	Current plus long term liabilities divided by shareholders' equity
Interest Coverage Ratio	EBIT divided by Interest expenses
Market Capitalization	Market price per share multiplied by Ordinary number of Shares

Leaving a legacy means having a lasting impact on people's lives. It is about caring what happens next – to the business, the team and the clients. Leaders and businesses are increasingly respected, not because of the amount of wealth they have, but because of how they treat people.

ANNUAL GENERAL MEETING

No. of AGM : 61st AGM Date

: December 28, 2023

Venue Time

: Digital Platform : 11:30 am

RECORD DATE

The record date is November 08, 2023

FINANCIAL CALENDAR

Financial Period: 1st July 2022 to 30th June, 2023 During the year 2022-23 operational results of the company were announced on:

DIVIDEND RATE

The Board in its 444th meeting held on 12th October, 2023 recommended dividend 25% cash per share for the year ended 30th June, 2023.

LISTING: The Company's shares are listed at the Stock Exchanges at Dhaka and Chattogram of Bangladesh. FACE VALUE PER SHARE: Tk. 10/-

PLANT LOCATION

Re-Rolling Unit: 147-149, Nasirabad I/A, Baizid Bostami Road, Chattogram. Steel Melting Works: 78/79, Nasirabad I/A, Baizid Bostami Road, Chattogram. Melting Unit-2 (SML): Sonapahar, 03 No. Zorargonj, Mirsharai, Chattogram.

INVESTOR CORRESPONDENCE

Mail to: Bangladesh Steel Re-Rolling Mills Limited, Ali Mansion, 1207/1099, Sadarghat Road, Chattogram, Bangladesh Voice: +88 02333354901-10, E-mail: investors@bsrm.com, Fax: +88 02333360301 Web: www.bsrm.com

NOTICE OF THE 61TH ANNUAL GENERAL MEETING \gg

Notice is hereby given that the 61st Annual General Meeting of shareholders of **Bangladesh Steel Re-Rolling Mills Limited** will be held on **Thursday, December 28, 2023 at 11:30 am** by using **Digital Platform** in accordance with the Bangladesh Securities and Exchange Commission's Order No- SEC/SRMIC/94-231/91, Dated: March 31, 2021 to transact the following business and to adopt necessary resolutions.

Agenda

- 1. To receive, consider and adopt the Audited Financial Statements, Consolidated Financial Statements, Report of the Board of Directors and Auditors' Report on Financial Statements for the year ended 30th June, 2023.
- 2. To re-elect the Director(s) of the Company.
- 3. To confirm the appointment of Independent Director.
- 4. To approve dividend for the year ended 30th June, 2023.
- 5. To appoint Statutory Auditors and fix their remuneration.
- 6. To appoint Professional Accountant to certify compliance status of Corporate Governance code.
- 7. To approve the Inter Company Ioan/ business transactions/ Corporate Guarantee for the year ended on 30th June, 2023 as per Notification No- SEC/CMMRRCD/2006-159/Admin/02-10, dated: September 10, 2006.

By order of the Board

Chattogram November 28, 2023

Shekhar Ranjan Kar FCA Head of Finance & Accounts and Company Secretary

NOTES

- Shareholders whose name appears in the Depository Register as on the "Record Date" i.e. November 08, 2023 are entitled to attend/participate and vote in the Annual General Meeting (AGM) and receive the dividend.
- The shareholders will join the virtual AGM through the link https://bsrmltd.bdvirtualagm.com. The shareholders will be
 able to submit the questions/comments electronically before 48 hours of commencement of the AGM through this link and
 also during the Annual General Meeting. Please contact at 01730700596 for any queries in accessing the virtual meeting.
- A shareholder entitled to attend and vote at the meeting may appoint a proxy or proxies in his/her stead and scanned copy of the proxy form, duly stamped must be mailed to the email at **investors@bsrm.com** not later than 48 hours before the meeting.
- The Annual Report 2022-23 and Proxy Form will be available at the Company's Website www.bsrm.com.
- Soft copy of the Annual Report will be sent to the individual email address of the shareholder's mentioned in their respective BO account.

Bangladesh Steel Re-Rolling Mills Limited Registered office: Ali Mansion, 1207/1099 Sadarghat Road, Chattogram.
